I. L. Dice, Former Painter, Dies Here, Rites Are Sunday

I. L. Dice, 72, widely-known Norwood resident, died Saturday at the Charlevoix Hospital where he had been a patient for several days. He had been in ill health for several years.

Funeral services were held at the See Funeral Home at 4 p. m. Sunday with Rev. G. D. Howell officiating. The body was taken to South Bend, Ind., on Monday for funeral services and burial on Tuesday.

Born in St. Joseph county, Ind.; on Sept. 2, 1876, he was married to Julia Flucky in September, 1902. Five years later they came to Charlevoix where they resided until about 15 years ago when they moved to Norwood. He was a painter and interior decorator by trade and at one time had operated a second-hand store and was co-partner in the Lakeside Pavilion.

Besides his wife he is survived by two brothers, Gus, of South Bend, and James of Spokane, Wash; two sisters, Mrs. Billie Strickler and Mrs. Birdie Hess of South Bend.

Mrs. Minnie Waffle Succumbs Monday After Brief Illness

Mrs. Minnie Waffle, 71, wife of John Waffle, died Monday at the Charlevoix Hospital where she had been a patient for several days.

Funeral services were held at St. Mary's church at 9 a. m. Wednesday with Rev. Leo Malinowski officiating. Burial was in St. Mary's cemetery.

Born at Ellenburg Center, N.Y., on April 15, 1878, the former Minnie Seymour came to Atwood with her parents at the age of one year. On Nov. 24, 1897, she was married to Mr. Waffle and they lived near Atwood until coming to Charlevoix in 1933.

She was a member of St. Mary's church and St. Mary's Rosary Altar Society.

She is survived by her husband; two sons, Earl of Flint, and Medrick of Charlevoix; seven grandchildren; one brother, Raymond Seymour of this city, and two sisters, Mrs. John Lawrence of Flint and Mrs. Daniel Bacot of Charlevoix.

The Chicken and Turkey Feed That Gets RESULTS

FEEDS AND FEEDINGS

Experience is proving to farmer after farmer that regardless of price, there is not another feed that will produce faster gains, better finish, with less cost per pound of gain than Farm Bureau Feeds.

The Farm Bureau Program is your program, Mr. Farmer, and it is the best because the right thinking farmers of Michigan have made it that way.

Are you a user and a booster of this program to the fullest extent?

It is not too early to place orders for Winter Wheat Seed. We will have Yorkwin and Cornell wheat available. To be sure of Fertilizer for Wheat, place your order now. We can do a better job of supplying your wants when we have sufficient advance notice of what those wants are likely to be.

Brother Spending Summer Here Tell of Days In Old West, Buffalo Hides, Mine Properties

Memories of the days when o six shooter was as necessary a part of o man's wear as his pants are being enjoyed these days by a couple of men who are spending the summer here in Charlevoix at Grey Gables.

They are Mentor, 93, and Adolph, 84, Wetstein, of Fort Wayne. Their former homes have been Cincinnati, Colorado, Montana, Idaho. They saw towns such os Butte grow up, ond in several places played their parts in making the modern Northwest of today.

It oll started because Adolph, when he was in his teens, developed bronchial trouble. The rest of the family all were hardy Germans, but the doctor said Adolph should go west to a dry climote. So he went to Denver.

Instead of staying at a boarding house as he could have, he got himself o job on a ranch.

"It was nothing but o farm," he explains. There he learned to milk cows, pitch hay, pull cows out of quicksand, and endure half frozen hands.

About this time the Ohio River had a bad flood. Mentor worked in the cold, sewage laden water helping save the bonded whiskey barrels in the family warehouse. As a result he contacted a fever, and had to leave Ohio. So he joined his brother in the West.

They worked at various things. They can recall buffalo hides piled like cordwood beside the end of the railroad track. They were present when the gold spike was driven at the joining of the Northern Pacific.

Both of them, but Adolph especially, became miners, prospecting, developing and promoting properties. Some were fabulously rich but it cost so much to get the ore out that the profits almost vanished.

They saw Butte grow up. During their time the Anaconda mine was bought for its silver. That was the mine which become one of the great copper producers of all time. From it and similar workings, 11,000 miles of underground passages have been drilled under Butte.

One story Adolph enjoys telling. It is about the time Vice-president, then Governor, Marshall came to Butte. The Anaconda group was all ready to welcome him; all the Democratic bigwigs were there. But Mr. Wetstein had known him back in Indiana and had wired ahead to him. So Marshall was the guest of the Wetsteins and went with them to the Presbyterian church.

The Anaconda bunch went along. "For most of them it was the first time they'd ever been in a Presbyterian church, or any church for that matter," he chuckles.

Girl Aerialist Will Be Here with Circus for Hospital Benefit

One of this year's stars with the Ayres and Kathryn Davis Wild Animal Circus is Betty Tilton, queen of the air. Blonde Miss Tilton was trained from childhood on the flying trapeze. She also is a foremost equilibrium performer on the rolling globe.

In addition to this aerial ballerina the circus offers under its billowing big top trained wild and domestic animals, cowboys, rowgirls, Australian bull whip crackers, jugglers, tight wire artists, and a host of other amusing and thrilling features.

The caravan of circus wagons will arrive early in the morning of July 28 for performances ot Charlevoix, both afternoon and evening. The show is sponsored by the Hospital Benefit.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

About the livliest spot in northern Michigan this past week was Beaver Island.

With the yachts in from the Mackinac races and "Mayor" Bill Whalen taking over the reins of office and running the Island, the place fairly rocked.

There were 26 yachts from the Chicago Yacht Club anchored in and around the village docks.

This year, two entertainers from Chicago accompanied the yachtmen—the Prendergast brothers. The pair with master of ceremonies Whalen put on a floor show. Community singing was a feature of the evening.

With the yachtmen becoming more and more sold on the Island, their stay lengthens each year. A number ramained over until Sunday with the floor show running three nights straight at the Tavern.

Whalen and his group have purchased forty acres along the south side of the harbor. They intend to build a club house on the site and two yacht slips.

Mr. and Mrs. Dick de Bold, Springfield, Ohio arrived Monday to spend a few days as the guests of the Hanley family.

Rolland McCann, Jr., is back on the Island after a visit with his brother, Bob, in Chicago.

Mr. and Mrs. Herbert Daniels and their two children and Bill Daniels, Chicago, spent a few days on the Island. Herb sailed in the Mackinac race. They occupied the Mark Crosa cottage "Neverhome".

Tom O'Conner, Irish tenor and brother of Mrs. Elizabeth Boyle visited his sister for a couple of days this past week.

Dr. and Mrs. Russell Palmer are enjoying their lovely, tall hollyhocks that tower six and seven feet.

Mr. and Mrs. Tom Boyle and son, Chicago, are visiting Mr. and Mrs. Anthony Graena.

Kathy McCann, Charlevoix, is visiting her grandparents, Mr. and Mrs. James H. Gallagher.

Mr. and Mrs. Henry Allen and family returned to their home in Ann Arbor Saturday. Mary Catherine Hanley accompanied the Allens and will stay a short while in Ann Arbor. From there, she will visit Rita Ann Wilson in Grand Rapids.

A dinner party honored Mrs. Lawrence Malloy, Jr., Saturday evening at the King Strang Hotel, the occasion being a celebration for Mrs. Malloy's birthday. The invited guests were Mr. and Mrs. Roger Carlisle, Mr. and Mrs. Gerald Lockwood, and daughter, Sharon, Mrs. Sophia McDonough, Charlotte McDonough, Maty Malloy, Mrs. L. J. Malloy, Sr., Karen Spalding and Mr. and Mrs. Fred Spalding.

Verle McCann and Glenn McDonough were selected by the Beaver Island Game Club to spend a week at Hamlin Lake camp, Ludington, a camp conducted by the Michigan United Conservation Clubs.

Mr. and Mrs. Roger Carlisle and Mr. and Mrs. Gerald Lockwood and daughter Sharon left on Sunday's boat to return to their homes in Indianapolis.

Mrs. Susie Sandenburg has been ill during the past week. Her sons, Augustus, Detroit, and Alphonsus, Escanaba, came to the Island to visit their mother. Mrs. Sendenburg's daughter and son-in-law, Mr. and Mrs. George LaBlance and daughter, Susie, Charlevoix, and Mrs. Charles Livingston and two children, Kalamazoo, spent several days with her this past week. Sunday, Mrs. Sendenburg's condition was reported as improving.

The cutter "Al Nair" with Max and Sylvia Kunkel aboard, anchored in the harbor for a few days. Home port—Chicago.

Mr. and Mrs. Frank Farraro, Chicago, were in port on their luxury cruiser, Helena.

On the "Audax" of the Chicago Yacht Club were Capt. and Mrs. Bill Whalen, Bill Ahern, Bill Dudman and Dick Prendergast.

Carson Hoover, owner of the "Eslyn" from Chicago, had John Hoffes, Emory Soderberg, Alan McCullogh and Otis Duncan aboard.

Goes to City Meeting

City Supt. A. G. Leitch spent three days last week at Ann Arbor attending the meeting of the directors of the Michigan Municipal League. He says Charlevoix is cool in comparison.

The dinosaur Brontosaurus weighed about 40 tons.

Jordan Valley Co-Op to Hold Meeting Aug. 1

Annual business meeting of members of Jordan Valley Cooperative Creamery will be held at 8:00 p. m. on Monday in the East Jordan high school.

Report of business activities of the cooperative will be distributed to all members at the meeting and explained by Manager Percy Penfold. President G. P. Vander-Ark will preside. Principal speaker on the program will be Dr. Tennyson Guyer of Findlay, Ohio.

Other matters of business will be consideration of several changes in the cooperative's by-laws and election of two directors for three-year terms. Present members of the board whose terms expire this year are Ed. Wiltse of Ellsworth and Howard Stephens of Charlevoix.

Arthur J. Nowland, Michigan State College specialist in co-operative organization who helped with formation of Jordan Valley in 1931, will explain the need for by-law changes to cope with newer trends in business.

Jordan Valley churned 1,710,662 pounds of butter during the business year of 1949, ending June 30.

Refreshments will conclude the program.

Ziegler Praises Charlevoix at Bridge Ceremony

Pointing out that a bridge is more than steel and concrete . . . it is man's ideas nnd labor in visible form, Charles M. Ziegler, state highway commissioner officially dedicated the new Memorial Bridge across the Pine River Saturday morning.

The ceremony impressed those who took part, the crowd filling Bridge street and much of the park next to the bridge. It started with a parade from the Legion grounds. In it were the officinl guests, the Gold Star families of the 22 servicemen honored by the Memorial, the school band, Legion and VFW, Boy and Girl Scouts.

George Haggard presided, Commissioner Ziegler spoke, flowers were presented to the Gold Star families, a wreath was east in the channel, prayers offered by three clergymen, a salute fired and taps sounded.

Praises Communlty

In his address Commissioner Ziegler paid two tributes. The first was to Charlevoix. He mentioned specifically the enterprise of the community and its officials, called The Courier a "live-wire newspaper", S. E. Coleman and the Board of Commerce and the waterfront beautification.

His second tribute was to the men who built the bridge, from the planning by the engineers in the Highway department to the men who drove the rivets and poured the concrete.

The figures he cited were impressive. There are 400 tons of steel in the structure, which required 9,500 yards of concrete. The main piers are supported on 370 steel piles which reach to 81 feet below water level. The concrete foundations are sunk 34½ feet below that level.

The bridge, which is 223 feet five inches long, has a 17 foot clearance closed and makes a 90-foot channel open. To lift the two bascule leaves, 50 tons of machinery are required.

The general contract for the construction was held by L. W. Lamb of Holland and Leudtke Engineering Co., of Frankfort. The Mt. Vernon Bridge Co. supplied the steel and the Lake Shore Engineering Co. of Iron Mountain did the electrical work.

The highway commissioner also reviewed the history of the five previous bridges and pointed out that the old swing bridge built in 1901 cost $20,000, just one eighth of the cost of the temporary bridge alone which carried traffic during the two years the new span was building.

Prayers were offered by Dr.

Dr. Mann To Give Sermon Sunday

Dr. Louis L. Mann, outstanding speaker and a Charlevoix visitor for many years, will deliver the sermon Sunday morning at the Congregational church. He will speak at 11 a. m.

Noted in many fields, he is well known to Charlevoix residents. He is rabbi at Sinai Temple in Chicago, oriental language professor at the University of Chicago and a collaborator of the new Thorndike dictionary.

He is also an arbitrator on the U. S. Labor board and chairman of the Chicago Marriage Clinic whose work in preventing broken marriages has won him national recognition.

Persons wishing to attend the sermon are asked to come early as the capacity of the church will be taxed.

His topic will be "The Psychology of Marriage" or "Ten Commandments for Husbands and Wives."

Benefit Carnival Raises $5,000 for Hospital Drive

More than $5000 was raised for the new Hospital Fund by the Benefit Carnival on Venetian Night week end.

Chairman Dean Davenport says that the exact figures may not be known for another week until all the score of cooperating organizations get their reports ready.

Two things helped hold the total down. Saturday was cold and windy, a day which did not encourage folks to stroll along Bridge street. Sunday due to rough weather on the lake, the cruise ship North American did not make its accustomed call. This last fact alone cut an estimated $1000 off the total.

Act Popular

The Flying Saucers, the tumbling team, proved highly popular and collected $166 in clear donations. The Clown Band turned in $13.23 in its brief appearance. The canisters about town have brought in about $50 to the Girl Scouts. The Davis Circus netted $77.04 and was a fine clean show. Center Stage '49 at East Jordan gave a benefit performance of "My Sister Eileen" and $94.40 for the fund. The Methodist Cafeteria on Thursday, despite the blistering hot weather, netted close to $100.

As a means of raising money for the hospital building fund, the Knights of Pythias will sponsor games parties each Tuesday and Thursday nights at East Park. The proceeds, above bare expenses, will be turned over to the building fund. The first games party will be held at 8:30 p. m. today.

Davenport says that an itemized list of the cooperating organizations will be furnished each group as soon as the final accounting is made. Any group wishing to turn over its money nr make a further contribution can deposit the money at either bank.

Winners of the various prlzes on Saturday were: Rock Elm Grange, $53 bike, Archie L. Livingston; $44.75 bike, ohn Martin; $15 tricycle, D. T. Shooks, Ellsworth.

Rebekah Lodge: electric roaster, Jack Lefton, Highland Park; jar of pennies, Howard Struthers, guessed $4.87—jar held $4.89.

Hospital staff: $300 desk, Mrs. Tom Carey.

Beta Sigma Phi: hand made billfold, donated by Esther Krohn, Rex Davis.

Many Cooperate

Shakespeare Club: doll, J. H. Kelly, Chicago Club.

"It is impossible to mention any names now, said the chairman. "It would make too long a list . Altogether there were 300 folks cooperated. They worked hard and gave lots of time. Full credit should go to all. Each individual did a tremendous job.

"I wish to take this opportunity to thank personally each individual and every organization that took part in this great Carnival for their tireless efforts and determination to see the project through successfully. It was an excellent example of community cooperation. I only hope that in the coming months every person and group will continue to give the Hospital Fund priority in raising funds."

• Lyle Beaudoin of Detroit spent the week end with his parents. Mr. and Mrs. Bert Beaudoin.

Circus Ticket Selling Champs

Taking part in the evening performance Thursday night at the Ayers and Kathryn Davis Circus were the three top ticket sellers in Charlevoix. Mona Davenport was duly presented as queen of the circus. Winning the right to duty as clowns were Joe Arvilla and Mike Seymour. They are the children of the Dean Davenports, Joe Arvillas and Versal Seymours respectively.

Greetings ... A Promise!

Among its readers, The Courier has become an institution in Charlevoix. The chances are you will regard this as just another edition of your community newspaper—No. 31, Volume 54.

To us, however, The Courier is a new newspaper and in taking over the responsibilities of its editing and publishing, we hope to build upon the sturdy foundations left to us by our predecessors.

In making our start, we pay tribute to the service rendered to the community hy Lawrence and ElDean Towe, publishers for the past three years and join with all of Charlevoix in wishing them success and happiness in the new field that they have chosen.

And we express our appreciation, also, for the contributions that have been made in the growth and progress of The Courier by the veterans DuBois & Usher, publishers of this newspaper for 28 years and to Ira A. Adams and his predecessors of The Sentinel.

According to the records Charlevoix has been served regularly by established newspapers for 80 years.

In becoming a citizen of Charlevoix it will be our goal to fulfill all of the obligations that good citizenship involves. As editor and publisher of The Courier, our goal will be to render a genuine public service—recognizing, first, our responsibility to our readers and in step with this, our responsibility to aid in the constructive efforts of our business and industrial community—the people and the enterprises which make publication of a newspaper possible.

The newspaper is more than a chronicler of births and deaths, the triumphs and defeats, the achievements and failures, the hope and despair of all the people—it is the permanent, printed record of the community, publishing what is news today, but which tomorrow becomes the history of Charlevoix. All of us, in reality, are writing the history of Charlevox today—so let's make it good!

Long Illness Fatal To Herbert Fox

Herbert Fox, 71, retired carpenter who had been in failing health for several years, died Saturday at his home here. Funeral services were held at the See Funeral home Monday with Rev. L. L. Lewis officiating. Burial was in Brookside cemetery.

Mr. Fox was born in Wooster, Ohio, on Oct. 6, 1877, and came to this community in 1907. A year later on July 28, he married Florence Swales.

He had been a member of the Masonic lodge for many years and at one time had been a member of the Odd Fellows lodge.

Besides his wife he is survived by one brother, Carl, of Midland.

• Joan Stevens has returned to Grand Rapids after spending the week end with relatives.

Mrs. LaFreniere, 94, Passes; Rites Held At Island Tuesday

Mrs. Narcisse LaFreniere, 04, died early Sunday morning at the home of her daughter, Mrs. Nels G. Bergstrom, in Iron Mountain.

Born March 9, 1855 at St. Scholastique, Province of Quebec, Mrs. LaFreniere came to Michigan April 1, 1880. On April 11, 1880 she was married to Narcisse LaFreniere who died April 10, 1925.

Mrs. LaFreniere has lived 70 years in Michigan and 13 years on Beaver Island. Since the death of her husband, Mrs. LaFreniere has made her home with her sons and daughters.

Surviving besides Mrs. Bergstrom are another daughter, Mrs. Marshall Griffin of East Jordan; two sons, Henry LaFreniere of South Haven and Archie LaFreniere, a patient at St. Joseph hospital, Ann Arbor; 20 grandchildren; 35 great grandchildren and one great-great grandchild.

Funeral services were held at Holy Cross church Tuesday morning with Fr. Robert Boyle of Chicago officiating.

Burial was in Holy Cross cemetery.

New Nurses Join Hospital Staff

Two nurses arrived Sunday from Duluth, Minn., to join the staff at the Charlevoix Hospital. They are Carryl Anderson and Joyce Gately, both graduates of St. Mary's Hospital, Duluth.

World Champion Quartet to Sing Here at Jamboree

Charlevoix will hear and be host to the International Champions of SPEBSQSA at the Labor Day Jamboree.

The Mid-State Four of Chicago have sent word to Jack Dollenmaier, general Jamboree chairman, that they will be here. This is the quartet which walked off with top honors at the international competition at Buffalo, and the same four who were here last year to headline the Jamboree program.

Already Dollenmaier has one other definite acceptance, that of the Varsity Four at Purdue University. These singers placed fifth at Buffalo in the finals. They are Purdue students who started singing together only two years ago and this was their first time in the international.

Here last year like the Mid States, the Songmasters of Lansing have sent word they almost certainly will come for the Jamboree. The Songmasters placed fourth at Buffalo. SPEB experts say they won on a combination of excellent singing and a new number written especially for them by their arranger.

This is the first time that Charlevoix ever has had the International Champions, as well as three of the five finalists from the top barbershop contest.

The Jamboree will start Sept. 2 and continue through Sept. 5. Included on the program will be the parade of quartets at the school auditorium Saturday night, Afterglow following that, and the big informal party, program and dance Sunday night.

Sen. Andrews Attends Bridge Ceremonies

Sen. Frank Andrews of Hillman was a Charlevoix visitor Saturday, interrupting a conservation trip to attend the bridge dedication and dinner.

He came here Friday to join a group on the Patrol Boat No. 1, which went to Beaver Island, staying all night at St. James. The next morning Pete VanValin of the Department flew him and Archie LaFreniere to Charlevoix for the dedication.

The patrol boat continued to Mackinac Saturday. Aboard her as guests were Sen. Charles T. Prescott of Prescott, Al Eagle and Harry Aldrich.

• Mr. and Mrs. Henry Polderdyk and children, Joyce and Norman, and Mr. and Mrs. Roy Coates of Grand Rapids, spent the week end with Mrs. Polderdyke's brother and sister-in-law, Mr. and Mrs. Leo Allard, and her mother, Mrs. Thomas Bacot and other relatives.

Walter Smith Raises Bumper Tomato Crop

So loaded with tomatoes that the vines are hidden in spots is the way Walter Smith is raising vegetables this summer in his garden at 404 West Lincoln.

Last spring he got 16 "early bearing" plants from the greenhouse. He still doesn't know what variety he has. But the 16 vines average 40 tomatoes already formed with one having 51. In addition, more blossoms are appearing.

Charlevoix Plays Cadillac Sunday

The Charlevoix Softball team will face the strong Cadillac Fnbries outfit here Sunday at 8:30 p. m.

The Cadillac team recently defeated an all-star aggregation from the Petoskey League.

Charlevoix ran into a tartar in Mt. Pleasant pitcher Tom Connors Sunday night and went down to the third defeat of the season 7 to 0. Connors held the locals tn three hits and struck out nine. Six Charlevoix errors played a big part in his downfall. Bill Carey with two of the three Charlevoix hits and Muller with three hits for Mt. Pleasant led the offensive.

An effort will be made to bring the Mt. Pleasant team back again as they proved a real ball club.

The standings in the second round of the City Softball League as of Aug. 1 were:

Clinic August 8 for Pre-School Children

Physical examinations and immunizations or booster shots will be administered children entering school from 9 to 12 noon Aug. 8 in the Charlevoix school kindergarten room. Dr. A F. Litzenberger, director of the district department of health, will be assisted by Mrs. Margaret Davenport, community nurse.

The medical director urged parents having children entering school this fall to have them attend this clinic or visit their family physician.

City Seeks Means to Erase Deficit in Water Department

Various means to erase a $7,000 deficit from last year in the city's water department were discussed by the city council Monday night.

While no definite action was taken, Mayor Hamilton referred the matter to Councilman William Goss and his comittee for the study before reporting back at the next meeting.

It was reported that some 750 dwellings and commercial establishments use city water with about half of the number being year-around users. City Accountant Don Swinton reported that about 15 cents increase on each 1,000 gallons of water used is needed for the department to emerge from the red.

No Definite Decision

Calculated another way, it was estimated that the gross profit from the water and sewer operation would have to be increased by one third for a profitable enterprise. The discussion was entered into by all the councilmen but it was decided to study the matter more thoroughly before making any definite decision.

Probate Judge Floyd Supp asked the council what it proposed to do on the parking situation nn Michigan avenue between Dixon and Petoskey. He disclosed that something definitely should be done before a fatality or serious injury occurs.

Mayor Reports

Mayor Hamilton replied that the area in question will be marked for no parking by the state highway department in a few days, thus alleviating the situation to a great extent.

Judge Supp urged the council to write the highway department for its outstanding cooperation in making the bridge project possible. "The highway department did a wonderful job on the project and I think a written statement to thateffect should confirm wha has already been said," he said.

A proposal to purchase new gas masks for the fire department was referred to Mr. Goss and Fire Chief Charles Marshall for study. A representative of a fire mask company demonstrated the advantages of his product.

Payment of bills totaling $10,896.34 was authorized.

Injunction Will Remain Until Court Ruling

Putting the public good above the immediate interests of either contending party, Judge Charles Brown Tuesday night urged both the Boyne City union members and the Michigan Leather & Extract Co. to settle their differences and get the plant back into production.

After hearing almost ten hours of testamony and argument during the day, Judge Brown at 9 p. m. gave his ruling in the case brought by the union against the tannery. It was that the temporary injunction prohibiting the shipping of green hides shall stay in force until he can give a final decision on the legality of the case.

A. E. Whittemore, head company counsel, asked if this meant the company also had to start putting more hides in soak with the danger that they might not be processed and so lost. It was tacitly agreed that the company would not be in contempt if it did not start more hides in soak.

In effect this means that as the hides now in process are finished, work will taper off gradually at Boyne City.

The right of a company to cut production as a means of fighting union demands was the basic but rarely mentioned issue being tried Tuesday and Wednesday in the circuit court here.

The case was that of the Michigan Leather & Extract Co., and the Boyne City Local of the International Fur & Leather Workers, CIO. Stripped down to essentials, the union was seeking to prevent the company from shipping away green hides instead of processing them at the Boyne City and Petoskey plants. The company maintnins it has the right to process hides to its own best advantage.

The argument dates back to the annual bargaining between the two on a new contract. The union asked such things as a pension, sick benefits, three more vacation days with pay. The company said that times being what they are, more pay and less production is imposible.

Point of Issue

So no new contract was signed. The union filed a notice of a labor dispute with the state mediation board. This move, it maintains, brings the case under the provision of the Bonine-Tripp law which says that during mediation the company and union both must continue normal oper-

Rites Held for Mr. Gallagher

Funeral services for Francis J. Gallagher, 76, retired taxi and star route operator, were held at St. Mary's church Monday with the Rev. Leo. Malinowski officiating. Burial was in Brookside cemetery. Although he had been in ill health for three years his death came unexpectedly early Friday morning at the Charlevoix Hospital.

Born at St. James, Beaver Island, on June 2, 1873, he came to Charlevoix about 47 years ago. He married Emma Cheney Sept. 23, 1904. They resided here since then. For many years Mr. Gallagher operated a trucking service and later a taxi company. For 12 years he operated the Star mail route between Charlevoix and Petoskey. He had been in failing health for the last 12 years.

He was a member of the Maccabee lodge.

Besides his wife, he is survived by one daughter, Mrs. Frank Novotny, Jr., of Charlevoix; two brothers, William of Olalla, Wash., and Patrick, of St. Paul, Minn.; and three sisters, Mrs. Mary Saul of Chicago, Mrs. Anna Reinhart of Wilmette, Ill., and Mrs. William Ricksgers of St. James.

Coming Events

Aug. 4—V. F. W. ladies auxiliary busines meeting at the hall.

Aug. 9—Games party, 8:30 p. m. at Legion hall.

Jack L. Isaac at 82 Looks Back On Long Career of Business Success

Jack L. Isaacs, who is more at home in Charlevoix and adjoining area, than any place in the world, will be 82 Sunday and he can look back on a business career which has been marked by success in each venture he took up.

Mr. Isaac was born to be a salesman. And that is what he has been most of his life. He is one of those rare individuals whose gift of salesmanship was illustrated daily in his long life. He has been spending his summers in Charlevoix for 35 years.

Born in England Aug. 7, 1867, he was given early training for the business world as his family had been in the feather business there for many years. He had early thoughts of going to the United States.

Moves to U. S.

When he was in his teens, he used to watch the ocean-going ships unload cargoes from across the sea. A talk with one of the ship's crew resulted in his saving his money over a year's period and when he was about 17 had saved four pounds and 10 shillings, enough for a third class passage to the "promised land."

The sea trip took 18 days and he landed in New York with $2.50 in characteristic style of so many of the men who made successes of themselves in this country. He landed a job immediately at $3.50 a week. He paid $5 for room and board and told his employers who raised him to $5 a week. He then obtained a cheaper room.

Typical of his ever-ready desire for knowledge, he learned to speak French by talking with the daughter of his French employer. He in turn taught the girl English. Not long afterwards, he noticed that turkey feathers were being wasted. He believed that a market could be found for those waste feathers.

Showing his enterprise he went to a mattress maker who had been stuffing mattresses with straw and sold him on the idea that the turkey feathers would be much better to use. Mr. Isaacs did only sold him the idea but was hired as buyer for the firm.

Plenty of Ideas

Then he went to another manufacturer of feather dusters and convinced the owner that he could use turkey tail feathers to better advantage than any other being utilized. And still another turkey feather — the wing feather — he sold as quills. All this as a young man who had not been more than a few years from England.

By this time he had become successful and praised for his business ability. He moved in social circles and was sought after as a person of keen business sense and a gifted talker. He left New York and went to Buffalo where he spent only a period of weeks.

In 1890, he married Celia Skyes Krankel. To this marriage were born three daughters, Mrs. Iradore Bassenbusch of St. Joseph, Mo., Mrs. Clarence Mills of Cincinnati, O., who spends her summers at Ironton and Mrs. Williams Fields of Detroit and a son Louis J. Isaacs of Los Angeles, Calif. Mrs. Isaacs died 10 years ago. He is married to Mrs. Carrio Melos.

Mr. Isaacs entered the sales field in the distillery business, traveling in most parts of the country and Alaska. When he obtained his job, his employer said he had no openings but Mr. Isaacs created one for himself when he asked about Alaska.

Those were the days when gold mining in Alaska was at a frenzied peak. He made annual trips to Alaska several years and recalls seeing herds of whales in the sea there and on the land he noticed the great numbers of wildlife which have made Alaska the paradise of the hunter and sportsman.

In fact Mr. Isaacs came close to entering the gold mining business when on one of his trips he was approached and offered 23 mining claims. It turned out that he could not make necessary arrangements in New York and he returned the stock to the original claimers.

He witnessed the digging of gold on the Klondike when nuggets the size of oranges were not uncommon.

Sees Gold Diggers

He worked selling distillery jobbers until prohibition and soon after settled in Detroit. He was not there long when he entered business with his son-in-law, Osmand Fisher who had a paint and wall paper business. This company is one of the largest of its kind in the state.

In this business as in previous commercial ventures, he showed his gift of salesmanship. He was in this business for nearly 30 years. Well-known to most of the summer residents in northern Michigan, he still shows the enthusiasm and interest in all phases of business which made his a success.

He credits his long life and good health to his good personal habits and the fact that he kept busy most of the time.

Lorraine Heise Has Party on Fifth Birthday

Lorraine Heise celebrated her fifth birthday anniversary at a family dinner held at the home of her grandparents, Mr. and Mrs. Ralph Klooster on Friday evening. A lighted birthday cake decorated the dinner table.

Guests were Edward Heise, Jr., Mrs. Edward Heise, Sr., Mr. and Mrs. Harold DeYoung and family, Mr. and Mrs. Charles Robertson and children of Adrian.

Good Luck and Good-by

By L. E. Towe

It is highly unusual for a new publisher to let the former one write an editorial for his initial issue. The very kindness of that act is typical of the new editor who is taking over The Courier.

I have known Vic Spanlolo from my high school days back in Charlotte when he was in knee pants and I was getting out of them. I have heard more of him since. He is of the stuff that makes a good editor and publisher.

One of the 13 outstanding men at MSC his senior year, picked to be a graduate manager at Greenville where he turned out an excellent paper; good enough as all-round man to take over at Cedar Springs in the place of the unique Clipper Girls—taken together, those things mean that Charlevoix is getting one of the best newspaper men now in Michigan.

More and more this job of publishing a weekly newspaper is getting to be a young man's job. Communities are expecting more of their papers and it takes the drive and elasticity of youth to do a top quality job.

And that is the work I am convinced Vic Spanlolo will do for Charlevoix.

To both the community and its new editor the Towes wish prosperity and success.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Islanders felt the first sting of fall this past week. Heavy rainfalls during the week broke the heat wave and the cool spell that set in turned our thoughts to "how's Junior and Susie fixed for school."

Raspberry pickers have vied with one another in getting to the more plentiful spots first. Ambitious pickers have returned with containers full to the brim. Raspberry bushes have been loaded this season and pantry shelves are filling up with jelly and jam.

Haying season on the Island is about over. The cropped hay fields make the corn seem taller than ever—and the corn is tall. "I could kiss the ground I'm so glad to be back," said Bernardine Joseph as she, Ed and the three little Josephs got off the boat Monday. After a year spent in Chicago, the Josephs will again call Beaver Island home.

Mr. and Mrs. Erwin Belfy, Charlevoix, were recent visitors to the Island.

Mrs. Greg Smith and two sons recently visited Mrs. Elizabeth Gallagher, Mrs. Smith's mother.

Mrs. V. E. Rumberg, daughter Maureen and son Maurice, Bay City, have arrived to spend several weeks on the Island. John Rumberg, who came to the Island with his mother, returned to Bay City by Plane Friday.

Mrs. Tess Hintz, who has made her home in Chicago for many years, arrived Tuesday and will call Beaver Island home from now on. Sally Cull accompanied her aunt to the Island after spending a month in Chicago visiting her sister and other relatives.

Jack Cull spent the past week in Chicago.

Mary Minogue, Patsy and Mary Ann Raymond, all of Chicago, have been visiting their aunt and uncle, Mel and Frank Gallagher for the past two weeks. Wednesday, Patsy and Mary Ann entertained ten girl friends with a buffet luncheon. The guests included Eleanor and Janet Gallagher, Grace Marie McCann, Rosemary Nackerman, Mary Bonner, Kay Osborn, Dorothy Lee McCann, Maureen Rumberg, Marjorie Martin, Kay McDonough,

Mrs. Leroy Osborne and daughters, Mary, Helen and Kay and son, Sam, are visiting relatives on the Island. They will remain until Aug. 15 when they will return to their home in Iowa.

Dale Penwitt, Chicago, is visiting relatives on the Island.

Mr. and Mrs. John Petennard and son, John William, are visiting Mrs. Peternard's parents, Mr. and Mrs. W. J. Gallagher, and daughter, Kay. Mr. Peternard, who left the Island Sunday, will visit Mr. and Mrs. Norman Gallagher in Charlevoix before returning to Chicago.

Archie LaFrenlere, Sr., is seriously ill in St. Joseph Hospital, Ann Arbor.

Johnathan Quirmby, Lansing, artist and Dr. W. C. Behen, eye specialist and artist, also of Lansing, spent the past week making oil paintings of interesting scenes around the harbor. Johnathan has been a frequent visitor to the Island in years gone by, Dr. Behen is vacationing in northern Michigan before preparing to depart for India where he has a big task awaiting him—removing 800 cataracts.

State senators Andrews and Prescott were visitors to the Island during the week.

Mrs. Fred Spalding was honored by her daughter, Mr. L. J. Malloy, Jr., with a surprise birthday party Wednesday evening at the home of Mrs. Rolland McCann. The guests included Mr. and Mrs. Lloyd McDonough, Mr. and Mrs. Frank Nackerman, Mr. and Mrs. George Ricksgers, Mr. and Mrs. Gus Mielke, Mrs. Elizabeth Gallagher, Mrs. Mary McDonald, Charlevoix, Mrs. L. J. Malloy, Sr., Mrs. Nora Gallagher, Mrs. V. E. Rumberg, Mrs. Sophia McDonough, Mrs. J. C. Hanley, Holland McCann, Jr., and Mr. and Mrs. Holland McCann, Sr.

A program of music entertained the guests after which a luncheon was served. A three tier birthday cake centered the luncheon table.

Mrs. Berthiaume, Windsor, Ont. arrived via McPhillips Flying Service Saturday to visit his son, Father Giles.

Mrs. Bob Maxwell and daughter, Bonnie, arrived Saturday to visit Mr. and Mrs. Hugh Connaghan.

Mr. and Mrs. Paul Harnum and sons returned to their home Sunday after spending their vacation on the Island. Mrs. Harnum is the daughter of Mr and Mrs. Hugh Connaghan.

The yacht, "Sea Legs" with Mr. and Mrs. John McDonough aboard anchored in the harbor for several days. The McDonoughs are members of the Chicago Yacht Club and are part of the group who recently invested in a stretch of land facing the harbor.

The cruiser "Mardon" owned by Mr. and Mrs. Howard Cooper, tied up at Gallagher's dock for a few days. The Howards had as their guests, Mr. and Mrs. Edward Puckett, Mr. adn Mrs. Donald Show, Mr and Mrs. Oakley Herrick, Mr. and Mrs. Loren Glendening, all of Kalamazoo.

Mr. and Mrs. John B. Mesker and son Richard, St. Louis, were aboard the yacht, "Princess Jonna."

Yacht "Cynthia Lee II from Chicago anchored at Gallagher's dock with Mr. and Mrs. George K. Dahlin and two sons, George and Bruce and daughter, Cynthia aboard.

The onion is one of the earliest cultivated plants, according to the Encyclopaedia Britannica.

Thousands View Venetian Night

Rated as the best decorated bunch of boats in several years although fewer in number than last year, the 1949 Venetian Night presented a colorful spectacle Sunday night to the massed thousands who crowded the shores about Round Lake.

The winning craft were:

L. I. Replogle's "Wench", decorated as a Chinese junk and with Belvedere young folks presenting a Chinese scene.

Don Campbell's cruiser with the revolving wheel.

Ward Brothers' "Maw-Jo II", with a skiing scene.

The Bridge-Hawley-Saltonstall boat. "Rogue", lighted with red flares.

"Betty W" of Ward Brothers, with Chris Christianson's Belvedere orchestra and singer aboard.

The judges were Harold W. Stock, Hillsdale, of the "Virginia", W. W. Wood, Chicago, of the "Tara II"; Judge H. Kelly, Davenport, Iowa, from the "Sunny Anne"; C. B. Pfieler, Grand Rapids, the "Bri-Den"; Harold F. Griffen, Hamilton, Ohio, the "Zefiro II". The judges, with Capt. Joseph Howard to identify the craft, were aboard the "Virginia". This year numbered placards were used to help in identifying the boats.

The two lines of craft came through the channel from Lake Charlevoix at 9:25 p. m. Gordon Freedman in his father's "Mary F III" and Jack Goldman in the "Ranger" towed the two lines. Coming through one after the other, no mishaps occurred and the effect was good.

Before the procession Capt. Howard had warned all the boats at the docks that there was to be no shooting of fireworks during the parade. This was obeyed.

Both the Conservation boats pulled away from the piers to allow more room for visiting craft.

During the evening the program was presented in the park. Planned by the Board of Commerce, it included numbers by the Charlevoix Marine Band, the Camp Charlevoix Boys' Chorus, the Herman Drake orchestra from the Beach Hotel and the Beckman Sisters from Detroit. Mrs. S. F. Zelinsky sang, accompanied by Chris Christman's Belvedere Orchestra.

The concluding numbers were by the Negro Chorus directed by Horatio Jackson.

Also on the program as planned but unable to appear because of lack of time were the Belvedere Orchestra, the Roy Brill Trio from the Argonne and Zach Whyte at the piano.

Water skiing on Round Lake furnished the big show of the afternoon. Held down to lower speeds because of moored craft, the five skiiers and two boats put on a fine show.

Riding the boards were Neville Pilling of Holland, Sue Marcus, Mrs. David Liebschutz, the former Elaine Ockrant, Bernie Ward, Jr., and Jack Guggenheim. Pilling, who had studied skiing at Cypress Gardens, brought along an assortment of specialized skis. Guggenheim is a guest of the J. J. Reises.

Driving the boats and in charge of the show were James J. Reis and his daughter, Mrs. Edward Spenger.

Ziegler Praises Charlevoix at Bridge Ceremony

(Continued from page one)

Louis L. Mann, Rev. W. D. Wood, and Rev. Fr. Leo Malinowski. Dr. Mann asked that as a bridge unites different shores, so might new understanding unite the peoples of the world.

Mr. Hamilton Presides

Ralph Hamilton was general chairman of the dedication committee, and was credited with the impressiveness of the ceremony.

Saturday night the city and the Lamb-Leudtke partners were hosts at a complimentary dinner given at the Argonne. More than 200 guests from Lansing and Northern Michigan were there. Following the chicken dinner, Mr. Haggard introduced a score of guests. They were:

S. E. Coleman, of the Board of Commerce; Mayor Ray Hamilton, William Danley who entertained the official party on his yacht; Irving Harr, Fritz Kennedy, Pat Conroy, L. D. Zimmerman, N. F. McKinney, George Foster, and Harry Ward of the highway department, L. P. Scott of the Public Roads office, Duke Leudtke and L. W. Lamb, Judge Charles Brown, Mrs. Charles M. Ziegler.

Sen. Frank Andrews congratulated Charlevoix on the new bridge, said it was typical of the good work being done over all the state by the highway department under the Ziegler administration, and a product of our American system.

Mr. Coleman presented a portable radio to the Commissioner as a gift from the city. Then Mr. Ziegler spoke briefly. He said he liked to come to Charlevoix—it was a friendly place.

Christmas Came... Was It Hot!

Chief Gunne distributing gifts at Ta-Wa-Ma-Na's Christmas party on July 25.

The girls are leaders out at Camp Ta-Wa-Ma-Na turned the calendar topsy-turvy this summer and declared an official Christmas on July 25, one of the hottest days of the whole season.

Inexpensive gifts were sent by parents and distributed among campers and leaders by a sort of musical chair game. At dinner the camp found a cooker pup in the big stocking hanging by the fireplace in one corner of the dining room. Christmas carols were sung in the big lodge room and to climax the evening a certain Chief Gunne, appointed an assistant for the evening by Santa Claus, made his appearance. Dressed outwarding in a red blanket with a full feather headgear, the Chief inquired of each camper how she had been behaving and then gave each a gift.

Williams Unable to Attend Annual Ellsworth Barbecue

Ellsworth—Gov. G. Mennen Williams, who had been invited to attend the 24th annual barbecue here on Aug. 12, has advised that he will be unable to be here because of a previous engagement.

Rep. Albert J. Engel of Muskegon also had been asked to come, but could give no assurance of being here as Congress was in session. The Knapp family of Lyons has been engaged as entertainers for the day and will present vocal and instrumental music, comedy and short skits.

Merchandise prizes to be given away in the evening are a Royal power mower, a Royal portable sewing machine and an Admiral radio-phonograph.

Roasting of the beef will start Wednesday night and visitors are welcome to see how this is done.

Nation's Power Squadron Leader Is Visitor Here

Hospitality, the big distance and the seamanship required of sailors are the three things about the Great Lakes and Great Lakes folks which have proved most impressive to the chief commander of the U. S. Power Squadron.

He is F. Ritter Shumway of Rochester, N. Y. Monday evening he brought his 63 schooner, the Skookum III, into Charlevoix. On board were his family and guests. The family includes Mrs. Shumway and their two children, Mary Ellen and Frank, Jr.

The Skookum started out July 1 from Rochester and has been visiting various ports since on Lake Ontario, Erie and Michigan. On the way Commander Shumway attended rendezvous of Power Squadron districts at Ashtabula, Put-In-Bay and Sturgeon Bay. The Detroit Squadron staged a fleet review for him. From Port Huron to Mackinac the Skookum was in the annual Mackinac race, going from there to Wisconsin and then back to Charlevoix. From here he planned to visit Harbor Springs, sail the North Channel and Georgian Bay. At Port Huron the 9th district will hold a rendezvous.

Last summer he sailed from New York to Maine. "Everywhere along the Atlantic coast there's a harbor within 15 miles. If things don't look good, you can get to shelter. On these Lakes, it's sometimes 60 to 70 miles to shelter and you have to make it," he said. "The next time some of the salt water boys start talking I'm going to suggest they come out here and learn for themselves."

"I never met such hospitality as we have had on this trip," he declared. "Everywhere we've gone there has been genuine cordiality. It's added a lot to the trip."

Men's Club Gives New PA System to St. Mary's

The Men's Club of St. Mary's parish have purchased and donated to the church a new public address system, Fr. Leo Malinowski has announced.

Funds to make the purchase were obtained through contributions and parties sponsored by the club.

Minister Warns of Forgetting God

This nation is losing the spiritual heritage which made it great and must turn back to regain it, Rev. W. D. Wood said Monday night at the Kiwanis club meeting at the school.

"We need to get a new respect for religion, he said. Three things indicate that this nation is headed the wrong way.

First, the whole thinking of great numbers of our people have changed within two generations from a sincere desire to serve God to a forgetfulness of religion. "Our freedom of religion today is largely a freedom to do nothing about it."

Second, we are coming more and more to rate the material above the spiritual. "Once we lose the spirit, we lose all."

Third, an awakened religion is our only hope for the future, a way to get out of the trouble we are in today. "We must learn to sacrifice our own little desires."

Fred Bancroft was program chairman.

Central College Offers Workshop In Education

Michigan Central College of Education is offering a workshop in Education this August in Charlevoix, Mrs. Walter Bergeon, Charlevoix county school commissioner has announced.

The courses are expected to be in Education 471-d, giving two hours resident credit, plus four hours of Education 352 or 471, giving a total of six hours resident credit.

The workshop will begin at 10:00 a. m. Aug. 15, at the Charlevoix high school with the classes meeting five days a week for two weeks, leaving five additional meetings to be held sometime between September and November.

Th instructors for the classes will be Miss Ella O'Neil, elementary critie teacher and Miss Gladys Griffith, elementary consultant. Both are on the faculty of Central Michigan College at Mt. Pleasant.

Further information on the workshop will be released later.

Red Cross Worker Visits County Chapter

Dorothy S. Septrion, newly appointed general field representative of the American Red Cross in 18 northern Michigan counties, visited in Charlevoix county last week and consulted with county chapter personnel. She succeeds Miss Thelma Carter who resigned to be married.

Miss Septrion, a native of Ludington, is a graduate of Western State Teachers college and University of Michigan. She was teaching at Muskegon when she entered Red Cross work five years ago. She served as personnel counselor with the Red Cross in the Eastern theatre including the Philippines, Korea, and Japan and later served as general field representative in North and South Dakota and Montana. She was transferred to this district from there.

• Rosemary Swanson returned home Saturday from Lansing for an indefinite stay with her mother, Mrs. Lena Swanson. She had as her guests for the week end Frances Crowe and Bea Simms, of Lansing. Another week end guest at the Swanson home was Mrs. Swanson's niece, Florence White of Henderson.

Zieglers Honored At Buffet Supper

Charles M. Ziegler and Mrs. Ziegler were guests of honor at a garden party and buffet supper given Sunday afternoon by Mr. and Mrs. George Haggard at their home. Among the guests were other members of the state highway department and others who were here for the formal dedication of the bridge on Saturday and State Senator and Mrs. Andrews and a party of friends from Hillman.

During the afternoon Mrs. Ziegler, an accomplished palmist, told fortunes and raised $27.50 for the Hospital building fund.

Fishermen Ask State to Produce, Plant Lake Fish

The conservation commission was urged by commercial fishermen to increase hatchery production of lake trout and whitefish to combat inroads made by the lamprey eel on Great Lakes commercial catches.

Decision will be reached at its August meeting when cost figures will be presented.

A delegation of fishermen headed by Claude Ver Duin of Grand Haven, secretary of the Michigan Fish Producers Association, appearing before the commission at its July meeting, declared the fishing industry faces extinction within five years unless help is forthcoming and expressed belief that increased planting of hatchery fish is imperative.

The conservation department reduced its planting program in the 1930's on the basis of studies showing that natural reproduction should maintain supplies. Fishermen argue that lampreys are destroying spawning fish and that artificial propagatinn can make the difference between continuing fishing and the destruction of the state's $7,000,000 commercial fishing industry.

State Issues New Guide to Trees

For the camper or cottager who wants tn distinguish one tree from another on that summer vacation, the conservation department is offering a guide to Michigan's native forest trees.

Description of 34 trees are contained in the illustrated 42-page booklet. Photographs and bntanical nntes are a convenient guide in identifying the different trees, and the accounts of the species relate their economie and historical importance in Michigan. Copies may be secured from the department's education division for 30 cents

The first recorded typewriter was patened in England in 1714.

Permits for Antlerless Deer Will Be Distributed Early in September

There's no use writing for or trying to get one of the permits to shoot antlerless deer in the new season which will last from Dec. 1 to Dec. 10.

The forms will not be ready until early September. Then they can be obtained from the regular sources of hunting licenses. Once the forms are obtained, they must be mailed to Lansing before Oct. 10. That month drawings will be held if more applications are received than the quota calls for in each of the three areas where does can he hunted.

Area A, which includes parts of Charlevoix, Antrim and Grand Traverse counties, will be allotted 4500 permits. Area B—Leelanau, Benzie, Grand Traverse and Manistee counties, the quota is 15,000. Area C, part of Allegan, the limit is 800.

The special season was approved to reduce the deer damage to orchards and farms.

Special Season

All of Charlevoix except the eastern section is included in the new hunting plan. The dividing line starts at Bay Shore, follows the county line through Walloon Lake to Walloon Junction, then goes down U. S. 131 to Bnyne Falls, west on 75 to the Deer Lake rnad, west along that route to Deer Lake and then due south to the county line on 32. Left out are all of Chandler and Hudson townships and the eastern portion nf Melrose and Boyne Valley.

Hunting regulations for the general deer season Nov. 15 through Nov. 30 will continue the same as last fall including the restriction that only shotguns may be used below highway M-46 and in the Thumb, but the gun load is this part of the lower peninsula may be ball or slug as well as buckshot.

Bow and Arrow

Bow and arrow hunting again will be legal Oct. 1 through Nov. 5 this year throughout the state, the conservation department advises, but only bucks may be taken in Keewenaw, Houghton, Marquette, Dickinson, Menominee, Chippewa except Drummond Island, Emmet, Cheboygan, Presque Isle, Otsego, Kalkaska, Missaukee, Ogemaw, Clare, Gladwin, Arenac and those parts of Bay and Huron counties north of Townline 16.

In all other counties including Drummond Island, archers may take deer of either sex in this period. The Allegan county one-deer archery season, Oct. 1 through Dec. 15, will be retained.

Support Price on Wheat to Be $1.93 a Bushel

The government farm price support program for the 1949 crop of wheat at a loan rate of $1.93 per bushel, basis U. S. No. 1 wheat, will be available to Charlevoix County farmers this year, according to LeRoy Hardy, Chairman of the Charlevoix County AAA Committee.

The rate was established on the basis of 90 percent of the parity price of wheat on July 1, 1949. The national average support rate for 1949 wheat is $1.95 per bushel.

Price support protection will be made available to farmers by means of loans on farm-stored or warehouse-stored wheat or by means of purchase agreements Farmers may apply for loans or sign purchase agreements anytime from harvest until Jan. 31, 1950. The loans will mature on April 30, 1950, or earlier on demand, and bear interest at the rate of 3 percent.

Casing Eggs

To maintain the finest quality possible, eggs should not be cased until all the body heat has been removed from the egg. The eggs then should be packed carefully, with large ends up; this improves the appearance of the layers and decreases damage to interior quality of the egg, especially the air cell.

"MY FORD DEALER PROVED HE WAS MAKING THE BEST TRUCK 'DEALS' IN TOWN!"

"When he topped the best previous offer by $100, my Ford Dealer proved he was making the best truck 'deals' in town," says Sam Perlsten.

"But that isn't all. I figure I made another $150 by trading rather than waiting. Used truck values were slipping so fast I would have lost $150 on the old truck if I had waited another 60 days.

"I acted fast. Got my new Ford fast. And I have been saving on gas, oil and repairs in the meantime."

Injunction Will Remain Until Court Ruling

(Continued from page one)

ation. Not processing the usuol volume but shipping green hides away is not normal procedure, the union contends. To stop this company program, the union obtained a temporary injunction against further shipments. This week's hearing was on making that injunction permanent.

Judge Charles Brown was on the bench. Flashiest performer on either side was Ned L. Smokler, union attorney from Deerborn. With him was Dudley Ruegsegger of Boyne City.

Company attorneys were A. E. Whittemore of Boston and Ben V. Halstead of Petoskey.

Tuesdoy the union picketed both the Petoskey and Boyne City plants and close to 200 men and their wives came to Charlevoix, packing the court house and halls.

Attornays Agree

Company attorneys contended from the start the court had no jurisdiction because the union had not so followed the law as to bring the case under the provisions of the Bonine-Tripp act and so make normal procedure mandatory. Smokler naturolly said the opposite.

In fact, he launched a flank attack almost before the court was well settled. He wanted to introduce a motion holding the company in contempt of court for its shipping of green hides.

Judge Brown upheld the contenton of Whittemore that the only issue to be tried was maintaining the injunction.

Verbal Sparks

It took considerable quieting to induce Smokler to let the opposition have its inning; he wanted to interrupt and did. Fur flew once when he charged the opposition with being responsible for the Bonine-Tripp act and Halstead demanded an apology.

Smokler, besides wanting to argue a contempt motion, wanted to argue the contract itself and the company's manner of negotiating. Judge Brown steered the case back to the issue of the legality of the injunction.

State Health Head Will Visit Beavers

The State Health Commissioner will be a Charlevoix County visitor next week, likely Wednesday.

He plans to come here and then in company with Dr. A. L. Litzenberger go over to Beaver Island.

Enrollment at U-M Expected at 21,000

Ann Arbor—Enrollment at the University of Michigan this fall is expected to reach the some figure as last year, opproximotely 21,000 students.

The cost of educating that number of students plus research activities and other University services has been budgeted at $18,658,657 for the 1949-50 year ending on June 30, 1950.

The Board of Regents, in approving the budget, reluctantly gave approval to an increase in students fees to help close a gap between the anticipated expenditures and the expected income.

Income for the year is expected to be $18,445,815 headed by a State appropriation of $11,436,342. This leaves a tentative deficit of $214,842.

Whether such a deficit is actually incurred will depend upon such uncertain factors as the actual amount of fees collected from students, Veterans Administration payments and the cost of certain operations and equipment expenditures which cannot be determined preetsely in advance.

St. Mary's Church to Hold Carnival

St. Marys' annual summer festival will be held on the school grounds on Aug. 19-20-21, Fr. Leo Malinowski, general chairman of the event, has announced.

Assisting in the plans are Arthur Stack and Mrs. Herbert Campbell as vice chairmen; Mrs. Cornelius Geiken, secretary, Mrs. Ada Golden, treasurer; Ray Seymour and Mrs. Hugh Mayne, tickets; John Grupa and J. M. Foster, purchasing committee; Frank Oleksy and Ted Browe, grounds committee; Frances Martin, publicity.

Among the features of the three day event will be an ox roast; several games booths, baked goods, doll, fancy work, candy, fish pond, duck and many other booths including several refreshment booths.

Committee chairmen will be announced following a parish meeting at the school hall on Friday.

Plans Progress For Barber Shop Jamboree Here

Plans for the "best barbershop song" jamboree—Sept. 3-5—since the project was started seven years ago by the Charlevoix SPEBSQSA are being intensified, Jack Dollenmaier, general chairman, reported.

The Mid-West Four, who walked off with international honors at Buffalo and who proved to be such a howling success last year at the jamboree here, will be back to headline this year's program Sept. 3 at the high school auditorium.

Definite promises have been received from several other ranking quartets including three of the first five finalists at the international show, giving indications that this year's program of singing and comedy numbers will be tops in entertainment of this type.

Novel Stage Setting

Another highlight will be the novel stage settings—this year by Bob Miles and his committee who have been working overtime to improve on last year's decorations. Charlevoix barbershoppers have received national notice for their stage settings.

Reservations have been made by several international SPEBSQSA board members, who plen to teke in the three-day program of festivities.

A ranking professional song leader will conduct the audience in a harmony songfest. The combined county chorus, composed of members from the Charlevoix, Boyne City and East Jordan clubs will be conducted by Loton Willson of Boyne City.

Already Dollenmaier has received word that the Varsity Four of Purdue, who placed fifth in international competition, the Songmasters of Lansing, who placed fourth in the same show, the Note Orioles of Muskegon, will take part in what is considered one of the ranking barbershopper events in the state.

Many who saw last year's show will recall that the Mid-State Four won the plaudits of the large crowd, entertaining with songs, comedy numbers and their humorous antics. Their repertoire appears limitless and are said to be even better this year.

Father of Local Man Succumbs

Funeral services for Ernest A. Nickerson, 79, father of Bonnie Nickerson of this city, were held at the family home near Kingsley Thursday with Rev. Howard Townes of Traverse City officiating. Burial was in the Evergreen cemetery at Kingsley.

Mr. Nickerson died Monday at the home of his daughter, Mrs. Barney McCoy at Interlochen.

He is survived by his wife, the former Lucy Jones, three sons, Shelley of Grand Rapids, Sterling of Kingsley and Bonnie of Charlevoix; one daughter, Mrs. McCoy; seven grandchildren and 12 great grandchildren.

Attending the funeral were Mr. and Mrs. Bonnie Nickerson of this city; Mr. and Mrs. Warren Shapton of Lansing; Mr. and Mrs. Russell Kroeze of Whittier, Calif.; all of whom have been visiting here and Mr. and Mrs. Keith Nickerson of Petoskey.

Infant Karen Henley Dies at Hospital

Funeral services for Karen Louise Henley, four-months-old daughter of Mr. and Mrs. Walter Henley, Jr., who died at the Charlevoix Hospital Sunday evening, were held at St. Mary's church at 9 a. m. Tuesday with Rev. Fr. Leo Malinowski officiating. Burial was in St. Mary's cemetery.

The child, in ill health since birth, was born at the Charlevoix Hospital on April 11. Besides her parents she is survived by a sister, Cheryl; her grandparents, Mr. and Mrs. C. C. Card of Petoskey, and Mr. and Mrs. Walter Henley, Sr., of this city.

Music Program Set For Church Sunday

A group of Negro singers, directed by Horatio Jackson, will present a musical progrom at the Church of God at 8 p. m., Sunday, Aug. 14.

The offering will be turned over to the new hospitol building fund. The public is invited to hear this program of musie.

Crews Working on Mile of New Water Mains

Folks living out in the southwest part of Charlevoix will be having fresher water from now on.

The city is completing the job of laying a fifth of a mile of new water mains, with another equal amount still to be put in this fall.

These lines are known technicallly as tie-ins. Their purpose is to equalize pressure, connect the end of the present mains and provide a chance for the water to circulate. All the lines are of 4 inch transite, a concrete composition pipe with rubber-sealed joints.

Superior Material

Transite is superior to the old cast iron in that it does not rust nor corrode, nor can deposits nor growth of any kind form on the inside. It also provides for greater capacity.

The first section of 650 feet is on West Upright from Grant to Sherman street. The second runs along West Carpenter from State street to the airport, where it will provide for a fire hydrant. It is 900 feet long.

The third section, which will not be completed until fall, is a line from Carpenter along the east side of Bridge to the Coffee Cup and then on to State.

Only one hitch has been found so far in the work. At one place the crew found they were connecting a new 4 inch main to an old 3 inch supply main, with only half the eapacity.

Chairmen Named For Church Festival

Members of St. Mary's parish are busy making final preparation for the annual summer festival as the date for the event, Aug. 19-20-21, draws near. Rev. Fr. Leo Malinowski has appointed more chairmen and most arrangements are in their last stages.

J. M. Foster and George Haggard will be in charge of the beef barbecue with Zach Whyte in charge of preparing the meat.

Mrs. Elmer Barber has been named chairman of the snack bar; Mrs. Louis Orlowski, baked goods; Mrs. George Haggard, doll; Mrs. Arthur Heilig, fancy goods; Mrs. C. Geiken, candy; Ralph Hamilton, ducks; Mrs. Gerald Gibbons, fish pond and balloons; games booth, Maurice Foster.

Many other games and booths are being planned and chairmen will be announced fater. Pony rides, basketball game and other entertainment will be availablo for the children.

Dr. Gerald Gibbons and fl. C. Heckler have been named festival eashiers.

Another meeting is being planned for this Thursday at the school hall. Everyone is urged to ottend and assist in the festival arrangements.

Games Parties

Herb Scofield, Hap Cunningham, Frank Novotny and Al Smith are handling arrangements for the twice weekly games parties, Tuesday and Thursday nights at East Park, sponsored by the K of P. Profits are being contributed to the hospital fund. The first games party last week netted $50.

Mr. and Mrs. Frank Smith To Mark 64th Anniversary

Mr. and Mrs. Frank J. Smith who will observe their 64th wedding anniversary on Tuesday, Aug. 16.

By Fran Martin

Mr. and Mrs. Frank J. Smith of 307 May Street will observe their sixty-fourth wedding anniversary Tuesday with a family gathering to mark the occasion. The couple have been in failing health for some time so no formal celebration is planned.

Residents of Charlevoix for 54 years, the couple was married at Galien, Mich., on Aug. 16, 1885, and remained in southern Michigan until December, 1895, when they same to his community. They have lived in their present home on May street for the last 47 years.

Mr. Smith, who is now 83, was born near Homer, Mich., on March 20, 1866. He was a landscape gardner and florist by trade and even though he now is unable to work in his garden and hot-

Mrs. Ida M. Dean, Pioneer, Passes

Funeral services for Mrs. Ida May Dean, 84, pioneer resident of this community, were held at the See Funeral Home Tuesday with Dr. G. W. Simon officiating. Burial was in the Brookside cemetery. Mrs. Dean died unexpectedly Saturday at the home of her daughter, Mrs. David S. Wilson in Port Huron where she had made her home since February, 1948.

Born in Lenawee county on April 5, 1865, the former Ida May Stevens came to northern Michigan at the age of a year with her parents who settled near Phelps. Following her marriage to Fred L. Dean on Feb. 1, 1884 they lived near Atwood. After his death in 1911 she made her home with her son and daughter-in-law, Mr. and Mrs. Datus Dean until she went to Port Huron last year.

She was a member of the Ironton Congregational church.

Surviving are two sons, Datus of Charlevoix, and Charles of Pontiac; two daughters, Mrs. Wilson of Port Huron and Mrs. Harry L. Sanford of Ann Arbor; nine grandchildren and four great-grandchildren.

Harold Bancroft Dies of Polio

Harold J. Bancroft, 36, Detroit police force detective and son of Mr. and Mrs. Fred W. Bancroft, died in Detroit on Aug. 2 as a result of polio. He had been ill six days.

Funeral services and burial were held in Detroit on Friday.

Besides his parents he is survived by his wife and two children; two brothers and two sisters.

Mr .and Mrs. Fred W. Bancroft and Mrs. Clyde Messinger were in Detroit last week for the funeral.

Parking Meters Should Pay for Selves This Year

The parking meters, subject of much controversy wherever they are installed, should virtually pay for themselves in Charlevoix this year.

City Auditor Don Swinton estimated that the city owes about $2500 on the meters which originally cost $8544.39. The original owed to the parking meter company does not include the revenue taken in this year as no complete figures are available.

Last year in the second year of operation for the meters here, the meters took in $2755.07 and fines totalled $648.50 for a total of $3439.57.

Under the contract the city has with the meter firm, three-fourths of the annual revenue goes to the company until the total purchase price is paid.

Last year 75 percent of the meter revenue was $2116.30, leaving $2481 still to be paid.

So far this year, the meter revenue has shown an increase over last year's. July meter revenue was $753.19 and in June it amounted to $440.50 as compared with the yield in July, 1948 when it was $703.10 and in June, 1948 when it was $349.95.

Sneathen Reunion

The ninth annual Sneathen reunion will be held Aug. 13 at the Michigan State park, Benzonia. Dinner will be served at 2 p. m. Wilbur D. Sneathen of Hollis, N. Y., is president; Mrs. J. R. Dean is vice president.

Kiwanis Hears Talk on B-36

The big argument these days in national defense and air circles is over the Air Force's new B-36, Gordon Freedman told the Kiwanis Club Mondoy night.

He made it eleor that the B-36 is quite some bomber, At the start of World War II, the Flying Fortress was our big heovy, Today it rates only as a light bomber. The B-36 weighs 385,000 pounds or 425,000 fully loaded. It carries six engines, each rated at 3600 horsepower. In addition, there are four jet engines for take offs and quick climbs.

For argument it has 16 20-mm. guns and one 37 mm. cannon. The crew is composed nf 15 men. Two and a half tank carloods of gas are needed to fill its tanks, giving it a maximum range of 10,000 miles. The price tag is $5,000,000 each.

The argument over the giant bomber centers largely about its vulnerability. Opponents soy the big plane would be a sitting duck for either the new jet fighters with their speed of sound or even for the fastest of the propellor type fighters. It is admitted that with the ability to fly at 42,000 feet it is pretty well out of the range of present antiair fire.

The real answer to the whole problem, he said, was given the previous Monday by Rev. W. D. Wood in his talk before the same group. Rev. Wood said that the only way out of the present mess is for the individual man to learn a new sense of religion. Otherwise, Mr. Freedman stated, if we have another war the United States will look like devastated Germany or Japan.

Camp Charlevoix Horses Capture Honors at Show

Five of the horses from the Camp Charlevoix stable were entered in the Grand Traverse Horse Show last Saturday and Sunday. They took eleven ribbons, a gold cup, plus some cash awards. There were three firsts, three seconds, one third, and four fourth place ribbons coming to the camp. Rex, a brown gelding, took five ribbons, Czaritza, a brown mare; Champ, a Buckskin gelding, and Dixie, a brown mare each took two ribbons. The boys who rode and won were Charles and Tom Kearney from Flossmoor, Ill.; Jeff Jennings from Detroit; Dick Buteke from Dayton, Ohio; and Frank Smith from Albion.

The two speed events on the program and the only cash events the camp was entered in proved most interesting with Rex and Champ being first and second in both events. Speed and action and barrell bending. Kendall Cummings from Arizono, the instructor in Western riding at the camp rode both horses in each event.

It was the first horse show the camp has entered its horses in, and was a warm-up for the Annual Camp Rodeo to be held at the camp on Saturday afternoon, Aug. 20. All five of these ribbon-winners will be in the show.

The camp is owned and directed by Mr. and Mrs. Ken Smith of Grosse Pointe, Michigan, and attracts boys from all over the country.

Hospital Sites

The decision of the hospital drive committee to let the majority opinion of Charlevoix residents prevail in the selection of the new hospital site, is to be commended.

In too many instances when a community such as Charlevoix sets out on an ambitious undertaking, the majority opinion is flaunted. In too many instances the ideas of only a small majority bind the community as a whole.

The committee, headed by Gordon Freerman, has presented to the city council detailed data on proposed sites for the new hospital. He explained that the final choice will be decided only after the matter has been thoroughly explored giving all residents opportunity to help select the site.

The council was also asked for its recommendations. An open meeting is planned to discuss the location of the hospital.

The first choice of the hospital architect is on the site of the trailer park on the lake, west of the city. This site while convenient to the town, will present plenty of quiet and privacy.

The recommendation was that the road from Charlevoix to the properties further west should be relocated to run along the south and west sides of the property instead of between the hospital building and the lake. The only noise, it was pointed out, would be from planes from the airport, which occurs only at times during the daytime and is not at all serious.

Utilities would have to be brought from the nearest points of the present lines but the distance from he road to the building would be very short, reducing the cost of bringing these services to the building. This would correspondingly reduce the amount and the cost of driveways required, and minimize the problem of snowplowing in the winter.

The architect's second choice is the site on the north side of Petoskey highway. The chief advantage is the fact that the lake view is to the south, which as far as sunlight is concerned is the most desirable orientation of the patients' rooms. Unfortunately this view is across the highway.

To assure that the traffic would not be disturbing, it would be necessary to set the building back quite a distance from the road. It would mean longer driveways with a costlier problem of snow removal.

The third choice is to use the site of the present hospital. Arguments against this site are: the planning would be restricted because there is little space between the present building and the ravine. The location could not be made as attractive as the lake site. This site would require a complete study, estimated to cost $2,500, with plans of the various construction stages. The present building represents such a fire hazard that it is questionable of whether it should be kept in use.

The fourth site suggested is at the city golf course, utilizing part of the course south of Petoskey avenue and west of the WaySide. It is inside the city limits, affords a southeast exposure overlooking Lake Charlevoix and being located on landscaped grounds. The holes would have to be relocated along with greens and fairways, thus entailing more cost than anticipated.

The fifth suggestion is on the city park along Lake Michigan between the pumping station and the Floyd Brown residence. It is doubtful that the city can legally make this site available. This can be determined in the near future. However, there is some doubt whether there is sufficient width at any one spot to adequately contain the hospital as presented in its preliminary form.

The Courier does not pretend to know which is the best site for the new hospital. Careful consideration by all concerned is necessary to obtain the best possible site —but the Courier does praise the hospital committee for adopting the democratic way of letting the majority decide on the site.

Let's help the committee by discussing the various sites before attending the public meeting when the final decision will be made.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

A busy week is ahead for Beaver Islanders. Last minute preparations are being made for the annual Home Coming and August dinner. The day promises to be interesting from beginning to end.

Just as a reminder, dinner will be serveyd from 12 to 3 p. m. Ball game and races follow the dinner and in the evening, the dance.

Bill Pat McDonough, a very sick man, is a patient in the Charlevoix Hospital. He became ill suddenly Monday as he started on a trip to Detroit. Luckily, he and the party with whom he was driving were only a short distance out of Charlevoix when he was stricken. Mrs. McDonough and her daughter, Mary Ellen have been in Charlevoix since being notified of Bill's illness.

Vernon LaFreniere was rushed to Little Traverse Hospital Tuesday morning soon after attending the funeral of his grandmother. He is improving and expects to be home in another week.

Mr. and Mrs. Ed Boyle are visiting Mr. and Mrs. Anthony Greene.

Thirty-eight Christian brothers have arrived to spend a month in retreat at their retreat house on the Island. The brothers have been coming to the Island since 1929.

Agnes O'Donnell's yard isn't large but every inch has some interesting flower or vegetable growing .

Mr. and Mrs. Willie O'Donnell's yard is at it's height of beauty. Their flowers are a treat to the eye.

Beaver Island is a popular spot for campers. This past week, thirty boys under All-American foot ball star, Bob Elliot, camped at Gull Harbor. Fifteen girls from Sherwood Camp, Walloon Lake, camped at Sand Bay. Twenty boys from Camp Hiawatha recently camped at Sand Bay.

Mrs. David Pike and three sons, Montague, arrived Tuesday to visit relatives. Mrs. Pike was formerly Helen LaFreniere. This past week, they were the guests of Mr. and Mrs. Lawrence McDonough.

Mrs. Betty Merry, Detroit, is visiting her sister, Mrs. Bid Sandenburg.

Mr. and Mrs. Ted Carpenter and daughter and Barbara Grew, Lapeer, are occupying the McDonald cottage.

Mr. and Mrs. John McCauley, Chicago, are vacationing on the Island. They are occupying Miller's cabin. John, who is quite a musician, has been entertaining his Island friends with his accordion.

Father Thomas Lyons, Indianapolis, has been a guest of the Hanley family during the past week.

Seated in the dining room of the King Strang Hotel Friday noon was not only the Governor and his party but Supreme Court Justice R. E. Bolye and his family. This was an all time first in the history of the hotel.

Judge and Mrs. R. E. Boyle have as their guests their daughter and son-in-law, Mr. and Mrs. Henry Crouse and three grandsons of Lansing.

Mr. and Mrs. Andrew (Clink) Gallagher and family, Chicago, are spending their vacation with Andrew's father, Dominic. Dominic's 82nd birthday was Saturday, Aug. 6. He spent the day at the Head light house where he was lighthouse keeper for 30 years.

Donald McDonough has a "first" to his record. He was the first of the flying cadets on the Island to solo. "As a memento of their solo flight, the fellows cut off their shirt tails, autograph them and pin them up in the air school office. Six shirt tails are on exhibition.

Sunday afternoon, Tomme and Ricky Elms celebrated their birthdays with a party on the beach in front of their home. There were races and games and plenty of good things to eat for the bunch of tots who attended.

Mrs. Carrie Sonderegger arrived to spend several months at her Island cottage. Max Sonderegger accompanied his mother to the Island and will remain a month.

Mrs. John K. Sexton, the former Grace Bradley arrived from her home in El Paso, Tex., to visit her mother, Mrs. L. N. Ditlefsen. Mrs. Sexton has spent the last few years in Nurenberg, Germany in charge of document control at the war crimes trials.

• Mr. and Mrs. Roland R. Farmer, Jr., of San Francisco, announce the birth of a son, Roland Rollo, July 19. Ronald R. Farmer, Jr., is the son of Mrs. R. R. Farmer.

Local Seaman On USS Tanner

Nicholas V. Hamilton, seaman apprentice, USN, son of Mr. and Mrs. Ralph Hamilton, of 104 W. Hurlbut, Charlevoix is serving aboard the survey ship USS Tanner with the Hydrographic Survey Group 2 in the Atlantic Fleet. The Tanner, now on a cruise in the North Atlantic, is scheduled to return to Newport, R. I., early in October.

"That reminds me, dear. We've got to look in the telephone directory Yellow Pages for a man to fix the leak in the roof."

Mrs. Howell Honored At Stork Shower

Mrs. Gaylord D. Howell was honored at a stork shower given Tuesday evening by Mrs. Wayne Belding, Mrs. Ran Crump and Mrs. Joe Williams at the Bird cottage on the north side of Lake Charlevoix.

The refreshment table was centered with a floral arrangement of pink snapdragons and lighted pink tapers. Following the social hour Mrs. Howell was presented with many gifts.

Present were members of the W. S. C. S. and several guests

From where I sit ... *by* Joe Marsh
Specs And I See Eye To Eye
Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.
Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.
Told him once I was surprised he went along . . . feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick to what I think is right. I've no call to dislike you for not seeing *everything* the way I see it."
From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that *I* don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime . . . but Specs Allen and I don't let little differences get in the way of something big like friendship.

Governor's Trip to Island Takes Residents By Surprise

By Margaret Henley

Governor G. Mennen Williams flew to Beaver Island Friday morning and took the islanders totally by surprise.

The trip was the result of a practical joke. Early in the spring, a rumor was circulated the Governor was coming to the Island for the purpose of buying a house. The rumor was the "brain child" of Johnny Andy Gallagher and Elston Pischner. It was one of those dull weeks of the thawing season and the two decided to liven up the Island with some exciting news.

A fake telegram was drawn up and the Islanders swallowed the message hook, line and sinker. Preparations were started to make the governor's visit one he would never forget. Everything was set and the period of waiting became tedious. Finally, it was discovered it was all a joke. The next week, the joke was published in The Courier under "It Happened on Beaver Island" and the story got around to the governor. It was then he decided to visit Beaver Island.

Teking off from Mackinec Island in a Widgeon emphibian plene, Gov. Williams, with Mr. end Mrs. Frencis Stebbins of Lansing and Tony Barnum, pilot, from Alpena landed on the beech in the heart of the village about 11 e. m.

The governor and his party were met by a few who heard through the Coast Guard the plane was on the way. Archie LaFreniere, Jr., acting as escort, took the governor from one end of the village to the other introducing him to the islanders. At noon, the governor, Mr. and Mrs. Stebbins and Barnum, the pilot, were served a fish dinner at the King Strang Hotel. Around 3 p. m. the Widgeon departed with the chief executive of the state and his friends.

Gov. Williams is the second governor to ever visit the Island. The other was Gov. Osborn, back in 1912.

Pat LaFreniere met the chief of the state wearing an old straw hat and his pants rolled up to his knees. He was in wading, cooling his feet when the plane landed on the beach.

Archie had a little notice. He dashed home to put on a white shirt and bow tie. As he entered the Shamrock with a tall young fellow, Burt McDonough, seeing the white shirt Archie was sporting rushed up and greeted him with "good morning Governor." After a little kidding, Archie introduced the tall smiling gentleman. "Burt", said Arch, "I want you to meet Governor Williams." Well, sir, Burt just about swallowed his Adams Apple.

Said Mrs. David Wilson after she had been introduced to the Governor, "of all the days for me to go to the village with my hair in pin curls."

When the North Shore docked, the Governor was there like a regular Islander. From off the boat stepped Mrs. Carrie Sonderegger. Seeing Archie, an old sparing partner of hers, she touched him on the shoulder to say, "Aren't you going to greet an old friend?" After the usual how-de-do's, etc., Archie said, "Say, I want you to meet the Governor of Michigan." Now, don't you try to pull any of your Island jokes on me," Turning to the Governor she said, "and young man, the same goes for you." With that Mrs. Sonderegger walked away. But wasn't her face red when later she discovered it was the governor.

Mrs. Gebeau Feted At Local Showers

Mrs. S. E. Coleman entertained with a tea at her home Friday honoring her sister-in-law, Mrs. Keith Carey, and Mrs. Bud Gebeau, both of Midland, who have been visiting here. A clever floral arrangement on a mirror decorated the tea table. The 12 guests enjoyed a social afternoon and refreshments.

Mrs. Carey was presented with a lovely gift from the hostess and Mrs. Gebeau, in whose honor the stork shower was given, received several gifts.

Mrs. Milton Block and Mrs. Florence Ripley were co-hostesses at a stork shower honoring Mrs. Bud Gebeau of Midland, who is visiting here. The party was given Tuesday evening at the home of Mr. and Mrs. Harry Gebeau with 24 relatives and close friends present for the social evening and refreshments. Bouquets of vari-colored gladioli were used about the rooms.

Mrs. Gebeau was presented with many gifts.

houses, evidence of his fine work can still be seen in his home and yard.

Worked In Greenhouse

For nine years after coming to Charlevoix he was employed at the old Blair greenhouse on the north side and for the following nine years he was bridge tender at the Pere Marquette railroad bridge which was then turned by hand.

During the next 29 summers he worked on the Belvedere resort grounds, ten of the years he was employed by the association and 19 were spent with private families. He retired a few years agn and devoted his time to his own garden and hothouses which have always been showplaces for vegetables and flowers. He has been confined to his home for the last year.

Rears 13 Children

Mrs. Smith, the former Mary M. Richards, was born near Barado, in Berrien county on March 23, 1869. She has always devoted her time to her home and to raising her 13 children, ten of whom are still living. She is still quite active and in spite of her 80 years manages to make one trip a week to the grocery store in good weather and enjoys visiting her neighbors.

The couple's son-in-law and daughter, Mr. and Mrs. Shirley Peary, of Jackson are now living with them. Mrs. Peary has assumed most of the household duties and Mr. Peary eares for the garden and yard.

The couple's children are Lester and Carl Smith, Mrs. Harrison Barnhart and Mrs. Carl Holland of Jackson, Mrs. O. O. Mahoney of Seymour, Ind., Mrs. Lewis Brant, Mrs. Peary, Otto, Earl and Chester, all of Charlevoix. They also have 20 grandchildren and 38 great-grendchildren.

Three Pay Fines On Fishing Charges

Three persons paid $8.85 fines and costs each Monday, after pleading guilly before Justice Hubert Paddock to fishing violations.

They were Henry Morse of Indianapolis, Ind., Harold Waldman of Detroit who were charged with catching undersized bass off the pier in Charlevoix, and William Ratigan of Charlevoix, who was charged with fishing without a license. Julius O'Brien of East Jordan, conservation officer made the arrests.

Receives Boot Training

Dick Southwood, 17-year-old son of Mr. and Mrs. Fred Southwood, enlisted in the U. S. Navy for a three year hitch recently, and is now receiving his boot training at the U. S. N. T. C., Great Lakes, Ill.

'Tis Irish Temper That Aided In Settling of Beaver Island

By Fran Martin

The Irish from all over the middle west are this week migrating to America's own Emerald Isle—Beaver Island — for this week end is the date of the annual homecoming when deseendants of those first sons and daughters of Erin turn toword their 'homeland'.

On display will be new sons, daughters, husbands, wives, and grandchildren who are being brought to the Island to meet the folks. Old people who come from the land of the shamrock ond others whose brogue is as thiek as their forebearers will meet to reeall old doys while the younger generation will sit around and listen to the stories they relate, each colored a little in the retelling.

Oh yes, it will be a great day for tha Irish for only one other dey ,that of their patron saint, Saint Patrick, surpasses it in importance.

Many storles have been told of the trek of the early Irish settlers to Beaver Island. Some say those hearty souls selected the place because it wos an island **and reminded them of their home**land; others because the climate with its fogs, mists and rains was reminiscent of the land on the Irish seo but according to a story told by Capt. Owen J. McCauley, 80-year-old retired lighthouse keeper whose parents were in that first band, it was nothing but an Irishman's temper which brought them here.

Relates Story

Capt. McCanley, who now makes his home at St., Joseph, relates the story of that first migration as told to him by his parents.

The first settlement of white men on Beaver Island dates back to the early 1800's. They worked as lumbermen ond fishermen until the advent of the Mormons in the late 1840's when most of them were driven from the island. Among the few who remained was James Cable, for whom Cable's Bay is named, who stayed to tend his lumbering interests. The U. S. government also had building projects on the island in the form of two lighthouses, the Beaver head light on the south end of the island, started in 1851, and the lighthouse on the northwest part of the island known as the Harbor light started in 1856.

The story is that in 1856, the year of the assassination of the Mormon leader, King James Strang, a group of Irish men and women from the western part of Eire decided to come to America. After 50 days soiling on a vessel bound for Quebec, the 20 families and a few single persons londed in Conada on the first lap of their journey to the land of freedom and prosperity. They took a second boat down the St. Lawrence and landed in Toronto where all sought employment.

O'Donnell Did It

One of the party named O'Donnell got a job as a foreman on a building project but his temper got the best of him ond he had 'diffieulties' with the workmen. Feoring bodily harm after his outburst he left Toronto and proceeded to Buffalo, N. Y., where he boarded o vessel for Chieago. At Detroit, severol government employes including carpenters and bricklayers boarded the boot enroute to Beaver Island where they were to complete the construction of a light station whieh had temporarily put into commission a few years before.

O'Donnall took a job with tha crew and wrota his wife who was still in Toronto to join him thera and to inform tha others that thay should coma to tha beautiful island to maka thier home. He also told them of the many vacant houses laft by the Mormons where thay could live.

The party hastily made preparations to join O'Donnell and in a few weeks had arrived at the island. They were a bit disappointed in the new land for it did not prove as fruitful as it had been pictured to them but since they were there they had to make the best of the situation and see about procuring jobs. Some were engaged on the lighthouse projects but others took jobs in the woods for Mr. Cable. Here again they ran into difficulties for none knew the art of cutting wood for in their homeland there were few trees. These were not used for lumber and fuel.

Winter Hardships

The first winter brought many hardships for the men were paid only 50 cents o eord for cutting the wood ond unskilled ehoppers could earn little. But eventually they mastered the wood-chopping; others turned to fishing and still others to farming ond applied for citizenship papers so they could acquire land under the homestead aet. Farming and fishing ore still the major meons of livlihood on the island.

Within the next 15 years Beaver Island became populated by Irish emigrants and the namea of Galiagher, Donievy, O'Donnell, Boyle, McDonough, MeCann, McCafferty, McCauley, Kiitey, O'Brien, Gillespie, Greene, Martin, Mooney, Burke and Bonner beeame as much a part of the island as they were of County Mayo and County Donegal from whence they eame.

It is the descendants of these first settlers, sprinkled with a few who came from Ireland os children, who will meet again this week end.

In probably no other place is the life of the community bound as closely to the church os it is on the island so it is only proper that the August dinner, dance and other celebrations will be held at Holy Cross church where Father Giles Berthiaume serves as pastor.

"$12.50 took care of my $1,024.00 hospital bill...thanks to BLUE CROSS

And Blue Cross paid $140 in Surgeon's fees besides."

How about you and your family? Are you protected against unexpected hospital and medical bills?

One out of every ten persons in Michigan will go to a hospital this year. New medical techniques usually mean costly drugs and equipment—so that typical hospital bills are often three times as high as in 1941. That's why you and your family need BLUE CROSS protection now more than ever.

No other health-care plans offer so much for so little

BLUE CROSS—Michigan's most widely used health-care plans—wholly non-profit—pays out in benefits more than 85c from each dollar received.

BLUE CROSS *Hospital Plan* provides up to 120 days of care in participating hospitals. NO CASH LIMIT on the wide range of benefits covered.

BLUE SHIELD *Surgical and Medical-Surgical Plans* give liberal benefits for operations . . . your own doctor's hospital calls in non-surgical cases.

Little Things Cause Trouble In Many Marriages, Dr. Mann Says

Lack of agreement on the "little things in the married life" dooms many of the marriages reaching the divorce courts.

The nagging, continual bickering over minor issues and a chip-on-the-shoulder attitude are the stumbling blocks which turn "holy wedlock into unholy deadlock."

So declared Dr. Louis L. Mann, Charlevoix summer resident and nationally-known marriage counselor who delivered his ennual summer sermon Sundey before a group which overflowed the Congregational church.

Speaking on "The Ten Commandments for Husbands and Wives", the rabbi of Sinai Temple in Chicago analyzed in a frank manner the reasons why so many marriages are ending in the divorce courts. He emphasized that the divorce problem is really a marriage problem.

He alluded to the fact that too many marriages are contracted for on a sentimental plane rather than on a intelligent outlook into the partner's habits and attitudes. Any marriage in which one of the partners has the thought of remoulding the other is doomed from the marriage date, Dr. Mann said.

10 Commendments

The 10 commandments of marriage which in his opinion if followed, would greatly reduce marital strife are:

Thou shall not dominate the personality of your partner. Marriage is a correlation of equals, he declared. "A hen-pecked husband or dominated wife hurts the family and the community."

Thou shell not interfere with the lives of married people. Marriege is a delicete relationship and the partners should be allowed to settle their own problems without any outside interference, he said.

Thou shall not make of marriage a petty thing. The little things such as whims, caprices and so forth should be ignored and overlooked. A good sense of humor is needed to relieve the strain of everyday living. "Remember to make the marriage wholly as well as holy. Sharing the marriage is vital. Sharing and not sparing is needed."

Honor the Children

Honor thy son and daughter. "We owe children a lot more than they owe us as parents. Nineteen of every 20 child behavior problems result from parents. Actions of the parents speak louder than words. Scolding makes bad children worse."

Thou shall not take thy husband or wife for graoted. Courtship begins with marriage, he asserted. The wife and husband should remember each other and try to see the good points instead of the bad. "The minute we start taking the other person for granted, we tread on dangerous ground. Appreciating your partoer and showing him or her that you do will make a great deal of difference in the success of married life."

Thou shall not commit adultery. There is absolutely no substitute for a normal monogamous marriage. The world has tried all other types of marriage but only the single partner concept has proved to be the most satisfying in spiritual benefits.

Thou shall not drift apart in the community of interest. The saddest moment in life results when the husband's interests are separated from his wife's and vice versa. Their relationship should be so close that each is lost without the other.

No False Witness

Thou shall not bear false wit-

"Is this the president of The Hole-in-One Club? Look..."

Two trips started off the sixth week of activities at Camp Charlevoix. A canoe trip led by canoeing instructor Carl Cooperrider and Otto Kortle and including campers Bob Stockwell, Bob Inch, Bob Sommer, Ewing Golf, Dick Kruse, Ted Gainger, Jack McQuiggan, Alan Mendelssohn, Bill Putt, and Larry Reisinger took a four day trip down the Manistee River.

Due to a rainy day on Monday all activities were cancelled in the afternoon and a program was set up in the club house consisting of 15 kinds of games and involving Green and Grey competition. The Greens won the point for the afternoon with a score of 3090 to 2902.

On Tuesday the sailing trip left. It was originally scheduled to leave on Monday but bad weather kept it in. The trip was headed by the sailing instructors Jack Bunbury and Chuck McKean. Campers included Tom Osburn, Bob Neff, Bud Marshall, Tom Watkins, Roger Keeney, Eddie Vardun, Dick Judd, Jim Stockwell, David Sewell and Bob Timmons. The trip confined to Lake Charlevoix, touched East Jordan, Boyne City and Young State Park.

Cabin 1 including Allen Leadbetter, Ronald Hanawalt, Dan Robinson, Vic Henrich, and Jerry Martin went on an overnight trip to Strawberry Bay. John Ellsworth was in charge.

Cabins 14 and 15 with counsellors Sam Schaefer and Bill Kusber and campers Bill Phelps, Bill Hardie, Bill Hall, Sandy Cobb, Stan Mohelski, Chuck Kearney, Tom James, Tom Taylor, and Bill Nicklin took a two day trip to Lake 26.

On Wednesday John Cook and Bob Wagner took their boys including Mike Riggs, Doug Buckler, Tim Mast, Duffer Smith, Chuck Schank, Warren May, Carl Allison, Charles McIntyre, Dave Lowe, Ricki Bovee, Kip Taylor, Ralph Greene, and Jimmy Aru to Young State Park.

Excellent Showing

Camp Charlevoix made an excellent showing in the Grand Traverse Charity Horse Show which was held Saturday and Sunday. Under the able hands of Kendall Cummings, the cowboy, we took eleven ribbons and one cup. Dick Buteke took the cup and a blue ribbon. Chuck Kearney took two ribbons, Jeff Jennings took two ribbons, Tom Kearney took one ribbon and Kendall Cummings took four ribbons. The horses included Rex, Champ, Dixie and Czaritza.

Mr. Harding, the father of one of the campers flew in Saturday with some colored movies which he took while mountain lion hunting in Colorado and Tarpon fishing in Florida. Everyone enjoyed them immensely.

Don Bacon spoke at chapel this Sunday on the subject of "spirit". Phil Steding sang the anthem.

An archery contest between Greens and Greys was held in the afternoon. The Greens won but the contest was very close.

Sunday night was Float Night. The floats showed a lot of time and work and competition was keen. It was also Green and Grey competition with a tie in the Junior section, Greens in the intermediate section, and Greys in the senior section.

Next Sunday morning the entire camp will attend the church services at the Congregational church in Charlevoix. This is an annual occasion and one to which the boys and men look forward.

Finish Cherries

Ellsworth—The local canning plant of Reid, Murdoch finished canning cherries last week and is now packing string beans. The bean crop is not as large as expected, due to dry and cold weather. The cherry crop was very good.

Buys Building

Ellsworth—Henry E. Vanderack, local grocer, has purchased the local restaurant building from D. C. Williams. Mr. and Mrs. Donald Campbell are operating the restaurant.

WAC Visits Here

Joy Van Zant, daughter of Mr. and Mrs. Earl Van Zant, who recently completed an eight-week course at the WAC training center at Camp Lee, Va., visited relatives and friends in the Charlevoix and Ellsworth areas during the past week. A private, she will be stationed at Fort Benning, Ga., in a secretarial position. She is a graduate of Charlevoix high school and Cleary Business college, Ypsilanti.

Hayes Residents Back From Western Trip

M. K. Chew, hie daughter, Miss Alice Chew and Prof. A. T. Greenman of Bay City have returned from a seven-week tour of 15 states including far western states. It was the first trip west for Mr. Chew, a Hayes township resident. His daughter is a teacher in the Bay City schools.

While he enjoyed visiting the famed tourist spots such as Yellowstone Park, Boulder Dam, Yosemite valley and Grand Canyon, he thinks Michigan, particularly northern Michigan, has them all beat.

Farmers May Get Wheat Forms At AAA Office

Applications for government loans and purchase agreements on the 1949 wheat crop are now being accepted by the Charlevoix county AAA office.

The farm support price for the 1949 crop is $1.93 a bushel, U. S. No. 1 wheat, LeRoy Herdy, chairmen of the AAA committee, reported. The rate was established on the basis of 90 percent of parity price of wheat July 1, 1949. The national average support price is $1.95 a bushel.

Price support protection will be made available to farmers by means of loans on farm-stored or warehouse-stored wheat by means of purchase agreements. Farmers may apply for loans or sign purchase agreements anytime from harvest to Jan. 31, 1950. The loan will mature on April 30, 1950 and bear interest at the rate of three percent.

Storage Payment

A storage payment of seven cents a bushel will be paid to the farmer who stores his wheat under loan on the farm through April 30, 1950. Loans will be made on wheat produced in 1949 grading No. 3 or better, or No. 4 and 5 because of test weight or because it contains wheat of the classes durum or red durum.

Under the loan program storage facilities must be approved and moisture content of the wheat may not be over 14 percent. Under the purchase agreement, however, the farmer does not need approved storage. The government will buy the wheat next May on the basis of its condition at the time. If the wheat deteriorates because of poor storage, the farmer must stand the loss.

Some agricultural economists are urging farmers to build storage bins in their granaries or to buy steel bins to house the 1949 crop. They point out that the wheat price is around $1.65 and that a storage bin would just about pay for itself the first year if it enabled the farmer to get the support price of $1.93 for his wheat.

Purchase Terms

Under the purchase agreement plan, the farmer receives a contract from the Commodity Credit Corp. That it will pay support price for his wheat after April 30, if he holds it until then because of the inability to get the support price on the open market. The farmer is not required to hold his wheat until April 30 nor is he under compulsion to sell his wheat then or any other time to the government.

Under the purchase agreement wheat must be stored in acceptable storage approved by the county AAA and, in the case of warehouse storage, must be stored in CCC approved elevators.

Staley-Hayden Rites At Baptist Church

In an impressive ceremony solemnized at 7 o'clock Friday evening at the First Baptist church, Arlene Hayden, daughter of Mr. and Mrs. F. K. Hayden of East Jordan, became the bride of Kenneth Staley, son of Arthur Staley of this city.

The Rev. L. L. Lewis read the double ring service in the presence of 150 guests before an altar decorated with baskets of garden flowers.

Preceding the ceremony Sue Miles sang "Always" and "The Lord's Prayer", accompanied at the organ by Mrs. Walker Miles who also played the traditional wedding marches.

Father Escorts Bride

The bride, escorted to the altar by her father, selected an azure blue suit, white accessories and a corsage of white roses for her wedding.

Betty Hayden of Dearborn, cousin of the bride, the brides only attendant, wore a toast brown suit, white accessories and a corsage of talisman roses.

Edwin Zeitler assisted the bridegroom as best man.

After a wedding trip through the Upper Peninsula the couple have returned here to make their home at 401 Antrim street.

Have you ever noticed the date stamped on each carton of A&P eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. That is why we put the date when the eggs are graded on each carton. Eggs not sold within a few days of that date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write:

Gala St. Mary's Carnival Set To Be Center of Area Activity

St. Mary's school grounds are beginning to look like a regular midway with the placing of the booths for the annual summer festival this week end.

A beef barbecue, cooked over charcoal under the watchful eye of Zach Whyte, will be a feature on Saturday and Sunday. J. M. Foster and George Haggard will assist in the booth.

The festival will officially open Friday evening with games booths and refreshments, and will come to a climax on Sunday evening with the drawing for the 1949 Pontiac Chieftain. The other prizes including a console radio and an electric roaster and turkey will also be drawn.

Other concessions will include a refreshment booth in charge of Mrs. Elmer Barber where food, featuring home-made cakes will be sold, a fancy goods booth filled with handmade articles donated by members of the parish will be sold under the chairmanship of Mrs. Arthur Heilig; a baked goods booth will be in charge of Mrs. Louis Orlowski, featuring all kinds of home made cakes, cookies, pies, breads, rolls, and other home-cooked items; a doll booth with dolls of all sizes in charge of Mrs. George Haggard.

A candy booth with luscious home-made candy with Mrs. C. Geiken in charge; a booth where you can win a duck from Ralph Hamilton; a fish pond and balloon booth in charge of the younger members of the parish under chairmanship of Mrs. Gerald Gibbons.

Refreshments

There'll also be other refreshment booths, a basketball game, pony rides and games for the children and games of skill and chance for the grown-ups. The large games booth will be in charge of Maurice Foster.

The booths have been put in place by the men of the parish under the direction of Frank Oleksy. The booths were taken to the school grounds for use there following the hospital carnival. Lumber for the booths was donated by Gordon Freedman, the Carson Lumber Co, and the Charlevoix Lumber Co., and following St. Mary's festival will be rebuilt as collapsible booths so they can be re-used by the hospital and St. Mary's. The wiring on the booths is being done by Ted Browe.

H. C. Heckler, under whose chairmanship the 1948 festival was so successful, and Dr. Gerald Gibbons will serve as cashiers for the event.

Rev. Fr. Leo Malinowski, pastor of St. Mary's is general chairman, and Mrs. Herbert Campbell and Arthur Stack are co-chairmen. All members of St. Mary's parish serve as committee members on various committees.

Hayes Resident Dies Suddenly

Funeral services for Andrew C. Struthers, 68, retired Hayes township farmer, were held at the See Funeral Home at 2 p. m. Monday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery. He died unexpectedly early Saturday evening while eating dinner at the home of Mr. and Mrs. Harry Webster.

Born in Hayes township on Sept. 7, 1880, he lived there until 14 years ago when he came to Charlevoix to make his home with his nephew and niece, Mr. and Mrs. Clarence Coblentz. He had been married to the former Zula Kopf. He was a member of the I. O. O. F.

Surviving are two daughters, Mrs. Lloyd Curtis of Spring Lake, who is vacationing in California and Mrs. Dorothy Maas, of New York City; a son, Homer of Los Angeles, Calif.; a brother, John, of Charlevoix; one sister, Mrs. Viola Peterson of Portland, Ore.; and three grandchildren.

• Mr. and Mrs. Erwin Belfy, Sr. have returned home from a weeks vacation trip to southern Michigan.

One Man Navy Invades City

Charlevoix was the scene of a one-man invasion last Thursday.

It happened this way. Herb Kenney, news staff member of the Indianapolis News, who was among a group of Naval Reservists on a two-week cruise was aboard a patrol craft, anchored in the harbor here.

He wanted to come ashore but he could not influence several others to help him handle the oars. So he came in shore in a small boat under his own car power.

He likes the looks of Charlevoix so much that he intends to bring his family here for a vacation next summer. One glimpse of the city and its friendly people convinced him that he wants to see more of the town and its inhabitants.

Hospital Drive Here Passes $11,000 Mark

The drive to raise $250,000 for a new hospital in Charlevoix clunbed past the $11,000 mark early this week.

A total of $6,605.54 has been contributed from the recent hospital carnival. Dean Davenport expects tha amount from tha carnival to reach $7,000 before tha and of tha week.

Groups or organizations such as the Knights of Pythias who are staging games parties twice a week. Tuesday and Thursday nights at East Park, are asked to make their contributions to either of the banks here.

Giva at Banks

Business places and individuals wishing to contribute to the hospital may also do so at the banks. They are urged to ask for a duplicate deposit slip so that proper credit can be made to the contributor by Don Campbell of the hospital board.

Following is an incomplete list of contributors to date. K. of P., Beta Sigma Phi, Mary Burns circle, Garden club, Rebekah lodge, Odd Fellows, Shakespeare club, St. Mary's Men's club, St. Mary's Altar society, Kiwanis, Rod and Gun Club, Farm Bureau and the Grange, SPEBSQSA, Congregators, Rock Elm Grange, Ironton Board of Commerce, American Legion, wives of the doctors, Masonic lodge, Order of Eastern Star.

Reservations Mounting for Harmony Singers

Reservations for the seventh annual Charlevoix SPEBSQSA Jamboree, Sept. 3-5, continue to mount, Jerry F. Scudder, chapter secretary and chairman of boosing, disclosed.

Indications point to as large, if not larger, turnout for the three-day songfest, which has developed into one of the outstanding barbershop shows in the state. It is expected that more than 300 persons will attend.

The highlight of the jamboree will be the parade of quartets Sept. 3 at the high school auditorium. Headlining the harmony program will be the Mid-West Four, international champions who won top honors at Buffalo.

Appeared Last Year

They will not be strangers here as they captured the musical and comedy interest of hundreds of persons who attended last year's jamboree. Their participation should be even better, Jack Dollenmaier, general chairman of the festivities, said.

Their repertoire has been increased and now includes more comedy numbers which are always crowd-pleasers. They have been known to entertain for two hours with fun and songs without singing the same song more than once.

But this is not all. Nine other quartets including a top ranking collegiate group, the Varsity Four of Purdue University, who placed fifth in the international contest, will sing favorite songs of the past and present eras.

Others from whom definite promises to appear have been received by Mr. Scudder are: the Songmasters of Lansing, who were fourth in the international show, the Note Orioles of Muskegon, and several from Northern Michigan.

To assure yourself a ticket for the Sept. 3 songfest, you are urged to get your tickets early. They can be purchased from members, Dal's barbershop and The Courier office.

Carey Twins Prospects for MSC Grid Team

You're going to be hearing a lot about those Carey twins in football accounts of Michigan State college this fall.

Coach Biggie Munn, Spartan mentor, is looking for the two former Charlevoix stars to play prominent parts in his 1949 edition of State football. Both will be among a squad of 84 which will start training Aug. 31 for their opener against that formidable foe, University of Michigan.

Bill Carey will be in the thick of the fight for one of the end posts and brother Bob will be fighting it out for the right to start at the other end spot. Both are rated by Coach Munn as being very promising prospects.

Members of the outstanding athletic family here, the Carey twins were versatile in their high school days. They are sons of Mr. and Mrs. Leo Carey.

The Spartans will have less than four weeks to get ready for their traditional game with the Wolverines. On the roster named by Munn are 24 seniors, 16 juniors and 24 sophomores.

City's Free Parking Lot Proves Valuable to Many

Providing space for the free parking of 60 more cars right in the center of town, Charlevoix's new parking lot is proving a boon both to tourist and the townspeople.

It is the first step in the program to provide more free parking where it is most needed. The second will be the widening of Clinton street from Bridge to Round Lake.

The idea was proposed by City Supt. Angus Leitch and work done by the city street crew under the direction of Leo Allard.

Double Car Width

The lot is 210 feet east and west from the Dutcher & Johnson store to the drive to Bridge street. The drive in from the street is the usual double car width, but once back from the sidewalk, it widens 18 feet on each side to provide space for some 30 cars.

The 210 foot space was cut back 20 feet into tha former park lawn.

Concrete curbs edge all the parking space, that along the park being two feet high to hold the lawn. The Lamb-Leudtke crew put in the curb and did all the grading. The city found that with their men and their machinery on hand, it could hire the work done much more cheaply than it could have done it with its own equipment.

Lot Surfaced

The city crews spread the paving tar and the crushed rock with which the parking areas are surfaced.

Still to be put up are the free parking signs beside the Bridge street entrance.

To catch the above picture, a time was picked in the afternoon when there were fewer cars than usual parked in the lot in order to show the curbs and give a better idea of the space involved. The picture was made from the roof of Dutcher & Johnston's store.

Disputed Play Gives Victory To Cheboygan

A disputed play robbed the Night Owls of Charlevoix a chance to advance in the Northern Michigan district softball tournament Monday night here. The locals lost out to Guyettes Cafe of Cheboygan 5-4 in 10 innings.

The disputed play occurred with one out in the tenth inning. Hicks, visiting third baseman, hit one to Don Carey, local third sacker and Chuck Cooper was given an error at first base, the ball rolling into foul territory. Hicks reached third on the play and the umpires ruled he could stay. He scored a minute later when Junior Supernaw, losing pitcher, who deserved a better fate, let go with a wild pitch, scoring the runner.

Tha disputed play was appealed to the state softball commissioner, Herbert Kipke, in Lansing and a decision will be handed down by Thursday.

Supernaw pitched a good game, scattering six singles with the exception of the third inning when the visitors joined five hits and errors to score three times. They crossed the plate once more in the fourth without the benefit of a hit and again in the tenth inning.

Srikes Out 8

Supernaw struck out eight while B. Johnson of Cheboygan whiffed four. Charlevoix had men on the bases in nearly every inning but could not score many

Larger Premium List Offered At County Fair

Plans for the annual Charlevoix county fair Sept. 6-10 at East Jordan are nearing completion, County Agent Ed Rebman, who is secretary of the fair, told The Courier.

A larger premium list has been provided and more entries are expected. Prizes in the horse pulling contest, one of tha fair's highlights, will amount to $410 in the light and heavy classes, representing an increase of $120 in each class.

A total of $3,000 will be distributed in the harness racing events running from Sept. 7 through Sept. 10. Jess Smith of Charlevoix, vice president of the County Agricultural Society, will be superintendent of speed. There is no entry charge.

An additional $400 will be spent on ball game prizes, Mr. Rebman said.

The main feature of the Saturday grandstand show will be the presentation of Uncle Homer Maechem and his Jamboree radio show. A variety show will be presented Wednesday, Thursday and Friday.

Children's day when prices on all the rides are reduced, will be held on the final day.

This years officers are Claude Pearsall of Boyne City, president; Mr. Smith and George Haggard, of Charlevoix, vice presidents; C. W. Bowman of East Jordan, treasurer; Mike Barnett of East Jordan, marshal and Mr. Rebman, secretary.

Father of Local Resident Passes

Charles Tretchler, 84, father of Mrs. Bud Fisher of this city, died Aug. 8 at his home in Cheboygan after an illness of several months. Funeral services were held in Cheboygan Thursday.

Mr and Mrs. Fisher and daughter, Margaret Roussin were in Cheboygan during the week and for the funeral on Thursday.

• Mrs. Mary Trayte left last week for Green Bay, Wis., to visit her daughter, Mrs. Charles Asher and family.

Bob Burns Finds Old Indian Stone

A reminder of the old days when Charlevoix was an Indian settlement was found by Bob Burns on Oyster Bay.

A stone protruding from the ground where it was nearly buried got the best of his curiosity, particularly after he had stubbed his foot against it several times in his yard.

After digging the stone, about 8 inches by 12 inches, he asked his father, George Burns, one of tha oldest residents in northern Michigan, what it was. His father who recalled seeing similar stones said it was used by Chippawas here for grinding corn, oats and other grains.

A search for the pestle, the instrument used in the grinding process, failed to uncover it. The older Burns estimated the stone was more than 100 years old, possibly 150 years old.

Boy, 14 Is Lucky Winner of Auto At Sport Show

A 14-year-old boy from Lakewood, who had arrived Sunday noon with his grandparents for a week's vacation here was the lucky winner of the 1949 Packard given by the Charlevoix Rod and Gun Club at the third annual sportsman's Carnival Sunday night.

He was John Cotner, Jr., grandson of Mr. and Mrs. Larry Cotner, of Cleveland, who have been vacationing here for many years. Tha car won by John, who held two tickets on it will replace a 1934 Hudson owned by his father, John Cotner, Sr., a factory worker in Lakewood.

Other winners were Mrs. John Cross, who won the deep freeze; Mrs. Laverne Heise, the Foster boat; Mike Saganek, a former resident now living in Detroit, won the 12 guage pump gun and L. B. Esmond, of Glenview, Ill., the 30-30 rifle.

Musical Program

The drawings followed a musical program in East Park heard by several thousand spectators and which included a concert by the Charlevoix city band under the direction of C. A. Odmark; selections on the piano by Zach Whyte including one of his own compositions; Earl Parchman's entertaining one-man show closed the program.

Sunny skies and ideal temperatures brought large crowds to Charlevoix over the week end for the carnival. Booths and concessions in East Park were well patronized; the Michigan wildlife exhibit was viewed by many, particularly children who also enjoyed the special program planned for Saturday.

"Swing your partner and allaman left" were heard Saturday evening as dozens enjoyed the square dance on Clinton street either as participants or spectators.

The Lewis class skeet shoot at the club grounds Sunday morning saw many entries with the following taking prizes: first bracket: first, Tom Matser, of Greenville, former president of National Skeet Association, who shot 50 straight; and Wallace Rawling, of Traverse City; third, Mrs. Metzger.

Second bracket: first, Harry

Boy On Bicycle Struck by Car

Dale Beatty, 11, son of Mr. and Mrs. Pete Beatty of Bay Shore, is in Little Traverse Hospital with injuries suffered when he was struck by a car at 9 p. m. Tuesday on US31 at Bay Shore driven by Harry B. Hamburger of Detroit, who is spending the summer at Charlevoix.

Exact extent of the injuries has not been determined. He underwent x-rays for possible head and other injuries.

Sheriff Floyd Ikens and Deputy Ted Coblentz said the accident occurred when the boy, while riding his bicycle, darted in front of the car. He was thrown onto the car before rolling off, possibly saving him from more serious injuries.

Council Seeks Solution for Water Deficit

Strict compliance with the ordinance providing for water users to pay 16 cents per thousand gallons of water was recommended as a means of easing the financial plight of the Charlevoix water department Monday night at the city council meeting.

The ordinance, while it has been on the records since 1936 when tha sewage disposal plant was put into operation, has not been enforced, except for a short period at the start. Enforcement was dropped when a number of residents raised protests.

Now, the city water department faces an increasing deficit for the 1949 fiscal year, estimated by Don Swinton, auditor, to approximate $10,000. Last year the loss was about $7,000 and it has been increasing steadily in recent years.

Accountant Speaks

The council asked J. A. Hanshowsky, accountant for the Municipal Finance commission, a state agency which supervises municipal bond issues and borrowing. His recommendation carries no enforcement proviso but was given chiefly to aid the council in making a decision.

The ultimate decision was delayed Monday night by the council, referring the matter to the utilities committee—William Goss, Carl Kohler and William Heering—for further study. They are expected to report at the next meeting in two weeks.

The sewage disposal bond issue approved in 1934 bonded the city for $70,000 to cover the cost of the plant. The city still owes $38,000 on the principal.

At that time, it was intended that charge of 10 cents per 1,000 gallons of water for sewage disposal purposes would be enough to erase the bonded indebtedness over the years. While the city has never defaulted on its bonds, it has had to borrow from other city departments at various times.

10 Cents for Sewage

In the last year, the water department has allotted 10 cents of the 25 cents per 1,000 gallons of water for the sewage disposal But the council seems in agreement that something must be done to ease the mounting deficit.

Either the city must charge the 16 cents to cover sewage disposal cost or else raise the water rates considerably. Actually, it makes little difference, because the city has to increase its revenue in the face of a growing deficit.

The state accountant, after reviewing the whole situation, advised that the 16 cents be added to the water users' bill as the best means of solving the financial problem.

It was pointed out that most cities of comparable size do not have sewage disposal plants but are being required to build them to meet sanitation laws.

Discuss Repairs

The council also discussed repairs for the docks. Mayor Ray Hamilton said the city is waiting for estimates on the repairs. Frank Ochs asked the council to take steps to repair the docks and replace a diving board.

Councilman John Knight praised other members of the body for their support in providing lights at the softball field. He said the facilities here were responsible for landing the Northern Michigan district tournament, finals of which will be played later this month.

• Mr and Mrs. Gordon Towsley have returned to Richtown, Ont., after spending two weeks with the former's parents, Mr and Mrs. Amos Towsley.

What's Right About Charlevoix

Natives of a community, or those who have spent most of their lives in it, are prone to find fault with their town. It's an easy thing to do because it's only human nature to see the bad things instead of the good.

It's also true that, after living in a community for many years, one becomes accustomed to all the favorable features and then he begins to take things for granted.

This does not hold true for the newcomer, who often times has the proper perspective of the town because he compares its facilities with towns he has lived in, worked in or visited over the years.

So it is with the editor of The Courier. He has lived in several small communities, two smaller than Charlevoix and others larger bordering on the 100,000 classification. During the last 12 years, he has come to appreciate many things which many Charlevoix residents take for granted.

While it is true that we have been here only a few weeks, it is self evident that there are many things which have impressed us as being unusually good.

First of all, we are impressed with the friendliness of the people we have met so far. That friendliness is the chief asset any community has to offer new residents or visitors. Persons like Irish Coleman, our genial ambassador of good will, who does his utmost to help visitors enjoy their stay here and who is consistently trying to make Charlevoix a better place in which to live for the residents and visitors alike.

The Board of Commerce appears to be doing an outstanding job of working for the best interests of the town, although there may be a small number of people who may disagree. Capt. Joe Howard and his easy smile gives the town another ambassador of good will, particularly among the yachtsmen.

If the residents who belittle the bathing beaches and take the wide expanse of sand and refreshing swims in Lake Michigan and Lake Charlevoix for granted, ever lived in towns close to small, dirty lakes, of which there are many in southern Michigan, they would really thank the Lord for permitting them to live in such a place as Charlevoix.

How many cities can boast such good band concerts, presented weekly by people who donate their time so that others may enjoy good music in an outdoor setting, an airport where almost any size plane can land and such fine people as the Joe McPhillips to act as managers.

The natural land-locked harbor is the envy of every city on the Great Lakes. Testimony of the fine harbor is the increasing number of pleasure craft which make the stop here a "must" on their cruises.

We cannot recall any place else where we have lived or visited where shuffleboards and tennis courts are made available without cost. Too, the municipal docks where any person can cast his line, are a definite asset.

Few recognize the value and the importance of the outstanding Coast Guard station which is commended from Port Huron to Muskegon in this state. Many miles of beautiful shoreline mark the lakes where beach parties are a custom and the many roadside tables where travelers may pause for a picnic lunch or supper—these too, are often forgotten items to the townspeople but not to visitors.

We praise the modern, efficient sewage disposal plant, (sewage disposal is one of the biggest headaches for southern Michigan cities) which is equipped wth ample laboratory facilities for state bacteriology testing.

We praise the municipal light plant, one of the most modern and efficient in Michigan. Charlevoix was among the first cities to own its plant, its opening dating back to 1899. Its rates are somewhat lower than the average city-owned plants, we are told.

We praise the adequate water plant which provides the community with pure fresh water, the municipal golf course which is well-kept from early spring to late fall, and the privately-owned Belvedere course which certainly adds to the beauty of the city.

We praise John Knight and others for devotion to the sports program, particularly softball at this time of year, for their efforts in getting an outstanding lighted field which resulted in this city being awarded the district softball tourney.

One of the outstanding features of this community which impressed us was the modern, up-to-the-minute city hall. We have covered town meetings in many buildings but never in one with such fine facilities as the one here. Most cities the size of Charlevoix have much smaller city halls, most having outmoded offices and meeting rooms.

The library with its well-stocked shelves of books and periodicals is impressive. We lived in two communities of over 5,000 which had small rooms in school buildings as libraries.

While we may have missed some community asset in our quick tour of appreciation, those features, already mentioned, provide Charlevoix with many enviable things.

We do not mean to imply that everything is right with Charlevoix. We only wish to call attention to the things in a community which are often taken for granted. Recognizing that this community has many advantages, it is vital to all of us that we continue to work for the benefit of the common good—make Charlevoix a still better place in which to live and rear our children.

What's Doing At Camp Charlevoix

The seventh week has come to an end at Camp Charlevoix. It began with a trip to Camp Algonquin. Competition was keen in all five events which included: sailing, baseball, riflery, tennis, and swimming. Camp Charlevoix won with a score of 3-2 having taken the first three events.

On Tuesday the entire Junior section with their counsellors went to Wilderness State Park. A potentially good time was spoiled, however, by rain which fell the entire trip.

Horseback Trip

The horseback trip left Tuesday afternoon with the threat of rain on their heels. The group included Ricki Bovee, Dick Butcke, Stan Moleski, Dave Whittingham, Tom Kearney, Chuck Kearney, Jeff Jennings, Lev Flournoy, Bob James, John Tapert, Bill Phelps, Jimmy Arn, Dick Morgan, Hank Sullivan, and Jim Stockwell. Cowboy Kendall Cummings, his assistant Frank Smith and associate cowboy Webb Wilson accompanied the campers.

Wednesday afternoon was an all camp afternoon and an exciting game of Pirates and Landlubbers was held. The Pirates lost and the climax of the game came with the pirates walking the plank. The Intermediate section head, Fred Wagner, found himself in the drink—with clothes just before the plank walking. All the Pirates needed was a little urging.

Television Skit

Cabins 14 and 15 including counsellors Sam Schoefer and Bill Kasler and campers Bill Phelps, Alan Mendelssohn, Bill Hardie, Jim Stockwell, Bill Hall, Sandy Cobb, Mike Boswell, Bob Timmons, Tom James, Dave Sewell, Tom Taylor and Bill Nicklin put on a television skit Wednesday night which was quite hilarious. Fred Wagner put on a Swami act and Roger Serzen put on a strong man act. John Wood, Skip Macauley, and Jim Lay would still like to know how they got so wet. When your loyal reporter interviewed them immediately after the saturation point had been reached the only thing they had to say was "Wahappen".

The Juniors returned on Thursday and the horse trip returned Friday. Also on Friday preparations began for the Carnival which took place on Saturday. It was a tremendous success and showed a great deal of work. Some really ingenious concessions were on display. Everyone had a wonderful afternoon. Especially enjoyable was the pop, ice cream and popcorn.

Chapel Service

John Ellsworth spoke at Chapel Sunday morning on the theme "Success".

The annual birthday party banquet was given Sunday noon. The fellows honored were: Tom Tinsley, Clem Gill, Peter Moe, Alan Mendelssohn, Paul Apostelos, Chuck Sorensen, Lev Flournoy, Dick Barton, Bob Barton, Tom Watkins, Duffer Smith, Roger Keeney, Scott Maentz, Robbie Robins, Don Bacon, Neale Traves, Kendall Cummings, Frank Smith, and Bob Sommers. After dinner the counsellors put on a number of short skits and Phil Steding led us all in a few songs.

Sunday afternoon we held our mile swim. Eighty boys started and seventy-two finished. Five Juniors were included in those who finished. The time on this swim was the best in the camp's history. Dave Harding and John Wood tied for first place. The weather was perfect and the campers showed a lot of spirit. It was a long haul especially for the younger swimmers.

Sunday Vespers

Sunday evening vespers was led by Neale Traves who spoke on "Success, Appreciation, and Sportsmanship." It was a very stimulating talk and was very well presented.

Dick Rouse who has been painting the Totem Pole is now approaching the home stretch. Incidentally he's doing a marvelous job.

With the singing of Taps, Camp Charlevoix finished its seventh week.

Bellaire Orchard To Hold Open House On Aug. 21

Bellaire—An "Open House" for fruit consumers of Northern Michigan will be held at the Hemstreet Fruit Farm, Bellaire, on Sunday afternoon, Aug. 21.

Visitors will have an opportunity to see the developing crops of peaches, tomatoes, prunes, pears and apples. The cherry harvest has been completed.

The event has been arranged to celebrate the 51st year of operation of the farm by the Hemstreet family, and to give fruit consumers an idea of some of the operations required in the production of attractive, health-giving fruit.

The program will include demonstrations of part of the equipment used in protecting 100 acres of fruit against the host of insects and plant disease that would make the fruit unattractive to consumers. One new type spray makes a noise like an aeroplane and applies spray with a strong blast of air that deposits protective material on every side of every leaf and fruit on even the largest fruit trees.

The Open House will be from 2 p. m. to 5 p. m. Conducted tours of the orchard will be held at 2, 3 and 4 o'clock. Interesting facts about each crop will be explained as the tours progress. Fall varieties of apples, peaches and tomatoes will be ripening.

Farmers Union Plans Meeting

Several national and state speakers will appear at the Charlevoix county annual Farmers Union picnic at 11 a. m. Sept. 4 at Whiting park.

E. G. Lyon, a county officer, said all farmers, regardless of whether they are members or not, are invited to attend. The speaker will discuss the farm situation in general. One of the topics is likely to be the controversial Brannan plan.

A potluck luncheon will be served at noon. This will be a splendid opportunity to obtain information on the farm situation from state and national figures.

The county Farmers Union will held their monthly meeting next Tuesday night, Aug. 23, at South Arm Grange hall. Potluck lunch will be served.

Charlevoix Area Cow Wins Honors

A milking short-horn cow owned by Fairway Farm, south of Charlevoix, was the highest in the Charlevoix - Antrim Dairy Herd Improvement association by producing during the month of July 72.5 pounds of butterfat, according to Fred Weston, supervisor.

The second highest cow was a Guernsey owned by Archie Murphy of East Jordan. This cow produced during the month of July, 70.8 pounds of butterfat. Elias Sommerville owned the Holstein cow that was third, with a production of 60.3 pounds of butterfat.

Fred Alm of East Jordan owned the small herd of mixed cows that was highest in that class by averaging 40.9 pounds of butterfat per cow during July. Elias Sommerville owned the Holstein herd that was highest in the large herd class and was also highest in the association by averaging 43. 5 pounds of butterfat for all cows. During July the testor tested 33 herds with a total of 356 cows, including 19 dry cows.

The average test was 3.95%, with an average production of 832 pounds of milk and 32.8 pounds of butterfat for the month for all cows. The average returns per dollar feed cost was $3.63. The average feed cost per pound of butterfat was 20 cents and per hundred-weight of milk was 79 cents.

Nice Catch of Bass Reported by Party

A nice catch of 12 bass, averaging about 2 to 2½ pounds each, was reported by a party of four a few days ago in Lake Michigan.

The group, composed of Tom Coxe of The House of Jewels, Wesley Segner of Scottsdale, Ariz., George E. Smith, Jr., and Leonard Yuschik of Cleveland, was out less than two hours.

Presenting the New
Cadillac Coupe de Ville

ILLUSTRATED above is the Coupe de Ville—an ultra smart new Cadillac body type, designed for those who seek the low-swept lines and open-airiness of a convertible—combined with the comfort, convenience and safety of a closed car.
It is a classic example of modernity and practicality—one of the most desirable and most useful models ever to issue from the boards of Cadillac designers.
Yet—smart and beautiful as it is—the Coupe de Ville's greatest superiority lies in the chassis on which it is built. For, like *all* Cadillacs, the core of its goodness is found in its *performance*—in the wonderful capacity of its new V-type engine; in the soft, even, restful manner in which it rolls over the highway; in the easy, effortless response to steering wheel and brakes. It is, truly, a symphony in motion.
We should be pleased indeed to give you full details about this wonderful new body type—as well as the other beautiful models which grace our showroom. Why not come in at your earliest convenience?

Tax Changes Told Kiwanians

New amendments to the state sales tax law were discussed last night by Jay Harbough of Petoskey, representative of the state revenue department, at the weekly meeting of Kiwanis club here.

He urged merchants and others who come under the provisions of the state sales tax law to study the changes, adopted by the last legislature and signed by Governor Williams, have been distributed to all retail outlets.

Mr. Harbough also told of the changes in the use tax law which is included in the genaral sales tax statute. Use tax should be paid by residents making purchases in Canada or other states.

Persons making out of state purchases are required to pay three per cent tax on the purchases, similar to what they would pay if the merchandise was bought in Michigan. The revenue department has working agreements with many of the large mail order houses from whom Michigan residents purchase merchandise.

If the person does not declare purchases, chances are that the state will learn of them and then bill the purchaser. The state has access to federal declarations of visitors who buy things in Canada.

Ralph Hamilton, clerk of the road commission, introduced the speaker.

Gillett, of Harbor Springs; second, Bonnie Nickerson of Charlevoix; and third, Glenn Garrett of Petoskey.

Third bracket: first, Julius Gilbert; second, L. Baer; and third, Mrs. N. Freedburg, all summer residents here.

Archery Winnere

In the archery contest Orva Richardson of Charlevoix, placed first; Bud Sabin of Boyne City, second; and Art Wexstaff of Charlevoix, third.

In the junior division, Dwight Smith was the only entry.

At the activities at Round Lake during the afternoon, Dick Hardy and Bernie Ward, Jr., won the canoe and portage race; the outboard motor race was won by John Tucker of Ypsilanti; Don Meggison, second and Enos Bacon, third. The latter two men are from Charlevoix.

The casting contests were canceled because of the high wind.

Units in County Get Tax Checks

Checks totaling $00,306.54 were mailed to cities, townships, school districts and the county road commission by County Treasurer Lillis M. Flanders as the unit's share of state sales tax refunds, gasoline and weight tax and intangibles tax refunds.

Intangible tax disbursement, totaling $25,071.07 for the year, were distributed. Boyne City received $5,720.88, Charlevoix, $4,529.03 and East Jordan, $3,396.25. This marked the first time that the county treasurer has been the disbursing agent for this tax.

Second quarter sales tax refunds to the townships and cities totaled $20,588.08. Charlevoix's share of it was $3,032.42, Boyne City, $4,588.32 and East Jordan, $2,725.50.

The school districts' share of the sales tax refund for the second quarter totaled $23,645.46. The larger shares were distributed to Boyne City, $6,537.41, Charlevoix, $5,423.80 and East Jordan, $5,412.20. The school money is on the basis of $5.77 per census child.

The county road comission received $12,407 for the second quarter weight tax and $2,671.07 for the first half of the annual gas tax.

Two Criminal Cases on Docket

One criminal case was nolle prossed (dismissed) Monday in circuit court by Judge Charles Brown while action in another was deferred pending a finding by the court.

The statutory rape charge against Robert Price of Boyne City was nolle prossed and the case of John McWatters on a similar charge is in the hands of the judge pending an additional report. He pleaded guilty to the charge July 20.

Judge Brown returned to Charlevoix today to rule on several civil and chancery cases.

Jurors for the term of court are: August Johnecheck, Bay township; Earl Garson, Boyne Valley; Leonard Matz, Chandler township; Keith Ager, Charlevoix township; John Goodwin, Evangeline township; Godfrey McDonald, Eveline township; Steve Rabb, Hayes township; Sidney Webb, Hudson township; William Stephenson, Marion township; Laurene Morgan, Melrose township; Charles Weisler, Norwood township.

Clara Schmidt, Peaine township; Mike Cull, St. James township; Nina Zimmerman, South Arm township; Charles Shepard, Wilson township; Mrs. Luey Hawks, Kenneth Pratt, Barbara Ross, Edwin Erber, all of Boyne City; Ivan Phillips, Charlevoix; Maurice Dixon, Charlevoix; Lysle Johnston, Ormand Winston, and Mrs. R. G. Watson, all of East Jordan.

Extension Course Draws 51 Teachers

Fifty-one teachers from Charlevoix, Emmet and Antrim counties have enrolled in the Central Michigan workshop being conducted at the Charlevoix high school, Aug. 15 through 26. according to J. D. Marcus, assistant director of field services at Central Michigan college.

Classes being offered are 471-B, History of Education; 471-D, Public schools in Michigan; 372 C-D-E Modern Trends, Teaching of reading and teaching of language and arts. Five additional meetings to be held within the next three months will give resident credit at Central Michigan for the classes.

Miss Ella O'Neil, elementary critic teacher and Miss Gladys Griffith, elementary consultant, are the instructors for the courses.

• Mrs. R. L. Mitchell of Peoria, Ill., is visiting her niece, Mrs. R. J. Abfalter.

Local Area Is Free of Polio

No polio cases have been reported in Charlevoix county, Dr. A. F. Litzenburger, director of the District Health department, disclosed.

The polio toll continued through most of the state this week with more than a score of new cases being reported in the last few days.

There have not been any polio cases in this county since last August, Dr. Litzenburger reported. In recent years, the incidence of polio has been less in this northern district than in other parts of Michigan.

Health authorities in Lansing saw hope that the decline could soon be noted, if the rainy weather and cooler temperatures prevail.

Authorities listed the following symptoms as indications of polio, and urged suspected cases be reported to health officials immediately:

Severe headaches, usually of a generalized, unrelenting nature. Moderate fever, seldom rising above 103 degrees, lack or loss of appetite, muscle weakness, nausea and vomiting.

Stiff neck, stiff back, painful extremities, and indefinite feeling of uneasiness or discomfort, accompanied by listlessness.

Symptoms frequently abate temporarily after an initial illness of about 24 hours, recurring within two or three days.

See All-Stars Play In Chicago Game

Mayor Ray S. Hamilton and Robert Bridge were in Chicago last week where they attended the annual All-Star football game at Soldier's Field last Thursday night. They returned home aboard the S. S. North American on Sunday.

They attended the game as guests of a sports writer, had seats on the 50-yard line, got to the field early when only about 100 spectators were in the huge stadium and saw it filled to 95,000 before the evening was over. The pageantry at the half-time, the color and the crowd as well as the game was really something to see, they both reported.

Communion Service

There will be Holy Communion service at Christ Episcopal church 9 o'clock Sunday morning, Aug. 21. Dean N. E. Wicker, of the cathedral in Louisville, Ky., will be the celebrant.

4-H Beach Party

The Barnard 4-H club will hold a beach party with a square dance and swimming at Ferry avenue beach at 8:30 p. m. Saturday. The Bay Shore 31 Club and K. C. Festerling, district club leader, have been invited.

Librarian Is Back

Florenz Milner, who was enrolled at the school of library science at Columbia University in New York City, returned home Saturday after completing the six weeks course. She returned Monday to her duties as librarian at the Charlevoix public library. In her absence Mrs. Albert Novotny, Jr., served as librarian.

Mark Birthday

Gail Jeanne Prevost celebrated her second birthday anniversary at a party given by her parents, Mr. and Mrs. Kenneth Prevost on Thursday. Two birthday cakes were features of the party which was attended by Marlaine and Jay Barbas and their mother Mrs. David Barbas, Sharon and Barbara Sugden and their mother, Mrs. Marvin Sugden, Linda Nowland and her mother, Mrs. Raymond Nowland, Jr., Judy and Joyce Cunningham and their parents, Mr. and Mrs. Hap Cunningham, Deanna Left, Barbara and Joe Smith, Jr., Donna and Pam Korth and their mother, Mrs. Lawrence Korth, Gerald Dubrinsky and his mother, Mrs. Philip Dubrinsky, Judy Ursher, and Mr. and Mrs. Basil Benson of Oak Park.

100 Attend Annual Grangers Picnic

Charlevoix county Grangers and friends gathered at Whiting Park Sunday for their annual picnic. Included also was a group of members from Kasson Center Grange, Leelanau County.

Honors for being the oldest members present were divided between Mrs. Sarah McNell, who has been a member of Peninsula Grange since 1904; and Mrs. Ella Woodard, who has been in the Boyne River Grange since 1899. The youngest member present was Gloria Hubbel from Kasson Center.

A potluck dinner in traditional Grange style was enjoyed by over 100 members and visitors. Games and stunts took up a part of the afternoon. State Grange District Deputy William Brake of Bellaire spoke briefly. A softball games provided more entertainment but the Peninsula "Pennants" were too much for the Marion "Marines" and outscored them 15 to 3.

Pomona Grange Master is Clyde Warner and he named the following committees for the day. Grounds, Bert Lumley; tables and coffee, Marie Hilton and Helen Lumley; games Howard Brumm and George Smith.

County Agricultural Agent and Mrs. Ed Rebman and daughter were in attendance as well as the new Courier editor, Victor and Mrs. Spaniolo and son.

Disputed Play gives Victory to Cheboygan

men when the chips were down. The losers left 11 men on the bases.

Bill Carey, local second basemen, led the hitters with three singles in five trips, the only player to get more then one hit.

The next round in the tournament will be played Aug. 20 with East Jordan Legion playing Home Dairy of Petoskey at 7:30 p. m. and Trinity church of Petoskey opposing Brighton's Shellers of Roscommon at 9 p. m.

On Aug. 21, Guyette's Cafe will play Boyne City and the winner of the Petoskey-Roscommon game will face an undecided opponent. Games Aug. 22 find Lake's of Cheboygan against the winner of the East Jordan Legion and Home Dairy game and East Jordan bakery versus Petoskey Cement.

Dick Bare, twirler for McCabe's of Petoskey pitched a one-hitter to advance his team Tuesday night here against Kalkaska. The score was 8 to 1. Bare had the game under control at all times but was given a heavy batting support by his mates. G. Supernaw caught Bare. The losing battery was Chalker and Aldrich.

Opens New Market

Sander Halverson has opened the Hurlbut Market at 201 Hurlbut. He is handling a line of fresh and smoked meats and dairy products. He hopes to add a line of groceries in the near future.

Grid Candidates To Have Physicals

Coach Ray Kipke picked out a warm day to announce that boys interested in reporting for football practice should be at the high school at 3 p. m. Aug. 29 for physical examinations.

Dr. Litzenburger, director of the district health department, will supervise the examination. While school does not open until the second week in September, boys will undergo calisthenic workouts the week prior to school opening.

Thanks a Lot

Joel Johnston, who is well-known in the Charlevoix area for his growing of dahlias and gladioli, surprised The Courier with a beautiful bouquet of glads one day last week. The coloring and shape of the flowers stamped them as floral show entries. The Courier publisher wants to express his appreciation for the fine expression of good will and thoughtfulness.

FEEDS AND FEEDINGS

Experience is proving to farmer after farmer that regardless of price, there is not another feed that will produce faster gains, better finish, with less cost per pound of gain than Farm Bureau Feeds.

The Farm Bureau Program is your program, Mr. Farmer, and it is the best because the right thinking farmers of Michigan have made it that way.

Are you a user and a booster of this program to the fullest extent?

It is not too early to place orders for Winter Wheat Seed. We will have Yorkwin and Cornell wheat available. To be sure of Fertilizer for Wheat, place your order now. We can do a better job of supplying your wants when we have sufficient advance notice of what those wants are likely to be.

Ellsworth Day Is Big Success

Ellsworth—Our village is again quiet this week after two days of much activity last Friday and Saturday for the celebration of the 24th annual barbecue at the village park.

The event was well attended. About 700 pounds of beef was served along with "bushels" of free coffee. In the morning softball game Ellsworth won from Barnard by a 9-6 score.

Pitcher's Battle

The afternoon baseball game was a well played pitcher's battle and ended up by Central Lake winning over Ellsworth 2 to 0. Newland and Burns worked for the visitors and Arthur Drenth and Verden Chellis composed the battery for the local team. In a baseball game Saturday afternoon the score was Ellsworth 6 and East Jordan 4.

Mrs. J. Crawford of Ellsworth won the prize for the oldest person attending. She was 85. Runners-up were Chris Drost of Charlevoix, age 84; Kate A. Wilson of Central Lake, 82; and Ralph Davis of Witherton, N. C., 80 years old.

California Visitor

Mrs. Hazel C. Bartley of North Richland, Calif., came the longest distance and her sister, Mrs. J. William Smith, also from California, was also present. Other registered from Indiana, Ohio, Illinois, Washington, and Wisconsin.

Merchandise prizes were won by Floyd Wagner, Charlevoix, radio-phonograph; Rex Archer of Lansing, electric sewing machine; and Charles Dunson, Jr., of Central Lake, the power lawn mower. Cash prizes were won by "Spike" Wilson, East Jordan, $25; Zell Bricker, Ellsworth, $25; Cynthia Edson, Ellsworth, $5 and William Tompkins, Ellsworth, $5.

Knapp Family

Mr. and Mrs. William P. Mudge of Riverside were eligible for the prize for persons coming the longest distance, but were not on the grounds Friday night when the prize was awarded.

The Knapp family of Lyons, who entertained with music and comedies were much enjoyed. An unusual "side-show" featuring an exact duplicate of an old time saw mill and lumbering camp drew many on-lookers and caused much comment on the "good old days" about 50 years ago when lumbering was in full swing in this community.

Free permanents, offered as prizes by the two local beauty shops, were won by Mrs. Walter L. Chellis, Jr., of Ellsworth and Mrs. Earl Balch of Phelps.

Six Farmers Join Area Soil District

Six more farmers made application to the Charlevoix Soil Conservation district for assistance in this program. These new members included: William Kolthase, Sr., of Boyne City; Clarence Reinhardt of Boyne City, Hubert Colburn of Charlevoix; Hubert Wiles of Charlevoix; Lester Umlor of Charlevoix; and R. S. Austin of East Jordan. This brings a total of 107 applications that have been accepted by the board of directors.

Several plans are being made by the board of directors in carrying out their program. One is a demonstration on constructing terraces which will be held sometime during the middle of September at Eveline Orchards. Other demonstrations may also be scheduled at a latted date. Plans are being formulated in regard to the annual meeting which will be held during January or February. Effort is being made to secure an outstanding speaker at that time.

Supervisor Defends County Board on High Expenditures

Every cent of the extra expenditure by the last session of the Board of Supervisors was justified and in the end may mean big savings for the people of Charlevoix county, declares George Haggard, Supervisor from the Third Ward here.

In the July 27 issue of The Courier, the former editor said in his opinion the Board was spending too much and should hold down all outlay. Mr. Haggard said he agreed in general but in these specific instances the spending was fully justified. He took up each of the three items separately.

The Board put $77,000 more fire insurance on the Court House, making a total of $100,000 on building and contents. The old and new amounts are: building, $13,000 and $12,000; contents, $10,000 and $65,000.

In Case of Fire

In case of a fire it would cost $57,000 just to buy new blank books like the present records. The new insurance is on a five year basis and costs $400 a year.

The Board authorized $1250 for microfilming the present essential records in the Register's, the Clerk's, the Treasurer's and the Probate offices. The actual cost is more likely to be about $1000, Mr. Haggard says. Once put on film, the rolls will be put in a locked steel case and kept in the city hall vault.

Montmorency county, not long ago lost all its public records. The average cost to property owners to clear title through the courts was $50 on each parcel of land. In this county that bill would reach close to 5,000,000 dollars, he said. Once they are mircofilmed, the county owns a full duplicate set of books.

The Board authorized spending $2250 on fixing the seven fair grounds buildings which were not repaired last year. This will include raising the building, putting new concrete foundations under them, replacing rotten siding and painting the whole. When this is done, the floors can be made dry and level so that farmers will be willing to put valuable cattle in the barns.

Co-Op Creamery To Meet Nov.7

Two directors will be elected and a vote on a change of by-laws at the Nov. 7 meeting of the Jordan Valley Cooperative Creamery at East Jordan.

The November meeting was made necessary when the recent meeting failed to draw the required 789 members to alter the by-laws. Only 400 attended

Members and patrons heard the business year report and learned the cooperative had a gross income of $1,337,511 and paid members for butterfat $1,058,659.87, an average of 73c per pound. Jordan Valley churned 1,710,362 pounds of butter last year and dried 183,500 pounds of buttermilk.

G. P. VanderArk of Ellsworth, president of the board of directors, presided and Wayne Beattie, Cadillac, read the financial statement. Manager Percy Penfold talked on the past year's operations. There also were talks on dairy farming by Walter Kirkpatrick, Antrim county agent and Ed Rebman, Charlevoix county agent.

Arthur Howland, Michigan State college cooperative specialist, talked on the proposed by-law changes which would modernize the cooperative's business practices, broaden scope of operations, distribute savings on a patronage basis and change the business year to Dec. 31 termination instead of the present June 30. They also would enable 10 percent of the stockholders to comprise a quorum, elect directors by ballot and not permit any director to serve more than two consecutive terms, or six years. These proposals will be considered along with election of directors for the present terms of Howard Stephens and Ed Wiltse, at the recessed meeting on Nov. 7.

The Bass Really Are Biting

The fish were really biting. A catch of 40 bass by four couples during a day's fishing off Loeb Point on Lake Charlevoix is shown by the happy menfolk of the party. Left to right are Bill Mulvaney of Lansing route 3; George T. Smith, Lansing, Charlevoix summer resident; Bill Butters of Charlevoix and Sam Kaplan of Detroit. The men and their wives fished from the Smith cruiser Nice Girl II.

Soldier Writes of Okinawa Typhoon

"I don't thank I could ever live through another one," Cpl. Jerry Ypma has written to his parents, Mr. and Mrs. Kenneth Forbes, regarding the recent typhoon on Okinawa. The letter, written July 25, told of the conditions on the island and the damage done by the storm. Jerry stationed at the A. A. F. weather station helped keep the only emergency power station on the island which served as their only means of communication with Japan going during the storm.

Most of the buildings were wrecked, the mess hall was just flattened to the ground and everyone has been living on C rations.

It was their first word from him in six weeks.

BOTH OF THEM BENEFIT
The druggist back of the counter is proud of his new soda fountain. He might be surprised to learn that the young man on the stool helped him to get it. This is the story: The druggist borrowed at the bank — the same bank where the young man has a thrift account. His deposits, and others, make business loans possible. And the interest on loans helps to pay interest on thrift accounts. Customers and storekeepers help each other. And banks help both.

135-HP Packard Eight Club Sedan
(White sidewalls, $21 extra)
PACKARD PRICES BEGIN AT $2,265.72* DELIVERED HERE
*State and local taxes, if any, extra. Prices may vary slightly in adjoining areas because of transportation charges.
Here's distinctive new beauty—and distinctive *everything else!* For example:
Distinctive, 135-HP performance. S-m-o-o-t-h-e-r, quieter than ever. With spectacular "safety-sprint" reserve power . . . and sensational gas economy!
Distinctive, "Limousine Ride"—triple-cushioned by Packard's costly "self-controlling" suspension system.
Distinctive, precision-built quality—safeguarded by 4,287 major inspections per car. Quality note: Of all the Packards built—in the last 50 years—*over 50% are still in service!*
And all this distinction is yours at a price that's less than for many lighter-built, lower-powered eights . . . less, even than for some of today's *sixes!*
The moral, of course, is: Now that you're so close to the *price* of a Packard—why not *own* one!

Farm Topics

By ED REBMAN

Farmers who are finding their wheat acreage allotment much below the acres they intended to plant to wheat this fall find it an appropriate time to make a legume seeding. Early August is the best time to plant to get a good stand of legume in normal years.

Ground which was being prepared for wheat seeding this fall but which cannot now be planted because of allotment regulations, can easily be prepared for a good alfalfa seedbed. A good, firm seedbed is required for an alfalfa-brome seeding. The soil should be tested for lime needs and that lime, if needed, be applied at once and worked in ahead of seeding time.

The best recommended seeding practice is applying the fertilizer in one operation and the seeds in another." Fertilizer needs to go deep—at least three or four inches beneath the surface. About 400 pounds of 0-20-20 fertilizer for the average soils is recommended for a legume seeding.

In the seeding operations, 8 pounds of good adapted alfalfa seed and 4 pounds of brome grass seed to the acre is adequate. Mix the brome grass seed with about a half bushel of oats to get better coverage. All seeds can be planted on top of the ground if the seeder is followed by a cultipacker. It is very necessary that the alfalfa go on the surface as the tiny seeds will not germinate if they get too deep into the soil.

Early August seedings usually get well established when early fall rains come and are not troubled with weed competition like spring seedings of legumes.

4-H Club Week

Along about the end of August or the first of September perhaps you can spare a day or two from your busy work week. If you're interested in youth and its achievements, we'll recommend your attending the State 4-H Club Show at East Lansing.

During the last two days of August and the first two days of September this event will bring more than 3,000 of the top 4-H Club youth of Michigan to the Michigan State College campus. There will be exhibits from several thousand more livestock, crops, handicraft, canning, clothing, food preparation, garden, flowers, poultry, rabbits and many others.

These exhibits will represent winners in county achievement other contests used to screen out only the top entries. Last year the number of dairy animals exhibited at the state show was greater than at any fair held in the state, including the state fair.

The first day is entry day, but judging will start on Aug. 31. Why not put a ring around those dates and try to make a trip into East Lansing and see what 55,000 of Michigan's rural youth are accomplishing in this 4-H Club program? It's building farmers and homemakers of the next generation that will have the know-how along with a fine competitive spirit.

Special entertainment is planned for the evening, including the dress revue to pick a girl for state style honors on Thursday, Sept. 1.

New Soap Products

Our grandmothers would have been confused with our references to using "soapless soaps". Also known as detergents, these new soaps may be equally confusing to modern homemakers who wonder about their use.

The fact that some of these soaps and detergents may or may not contain "builders" is helpful to know. A builder is an alkaline substance added to help soften the water. Soaps are effective in soft water. Without builder they are labled "pure soap" and with it they are labled "soap."

The pure soaps are good for fine fabrics and colors that may fade—especially cotton, linen and rayon. The soaps with the builder are often labled for general laundry work. They are effective for heavily soiled cottons that will not fade.

Detergents are more effective in hard water than soap. They are not labeled soap but the word "suds" is usually on the label. Detergents without the builder are hard to identify from the label except that the product is recommended for delicate fabrics. They are good to use for fine fabrics and colors that may fade and are especially good for wool and silk.

Detergents with a builder are not labeled in any special way but are often recommended for general laundry work.

Ford TRACTOR

Ford Tractors
IN THIS COMMUNITY!!!

There must be reasons
and here they are

POWER

Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow. This power is available through a four-speed forward transmission.

ECONOMY

Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built-in weight in the tractor itself. This saves you money on both light and heavy jobs!

LONG LIFE

Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerances are very close . . . and the Ford Motor Company knows how to keep them that way!

EASY HANDLING

Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automotive type steering and duo-servo brakes make the Ford Tractor an easy Tractor to handle.

CONVENIENT SERVICING

The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's home coming and August dinner was every bit a success. Even the elements cooperated—the day was beautiful and the lake smooth for the crossing.

Between the hours of twelve and three, 400 sat down to the delicious ham and beef dinner, served family style, under a canopy of yellow and blue crepe paper in the Parish Hall. Vases of garden flowers placed at intervals along the four long tables added to the attractiveness of the decorations.

Work in the kitchen and dining hall was carefully synchronized by Father Giles and the committees in charge and everything ran like clock work.

The North Shore made two trips daily over the week end. Many former Islanders returned for the "day of days". Some make it a yearly habit—other haven't set foot on the "auld sod" in years.

Reminiscing about tha past, some of tha old timers recall when the August Dinners were held out of doors near tha old King Strang house, now tha site of Mr. and Mrs. Paul Heflin's home. In those days, so they say, everyone had to loan all tha dishes and silverware they owned for the dinner. Not only that, all the water had to be hauled from the nearest pump and it was real work. Now, a completely modern kitchen, ample supply of china and silverware facilitates tha job.

Among the guests at the dinner was Rev. Fr. Fabian Keenan, our former pastor. It has been his heart's desire to return to the Island for the August Dinner and he made it.

Family Reunion

For the first time in fifteen years, the James O'Donnell family was together. Besides Patricia and Raymond, who are still at home, there were Beatrice and her family (Mr. and Mrs. Jack Boyle) and Bernard from Chicago, Therese Marie, her husband and family (Mr. and Mrs. Chuck Archer) from Maywood, Ill., and Catherine (Mrs. Clifford White) Muskegon.

John Malooly, Mrs. George Ricksgers' brother, and her aunt Mrs. John King, both of Chicago are guests at the Ricksgers' home.

The patter of seven pairs of little feet keep the James H. Gallagher home a lively place. Besides the children are their parents, Mr. and Mrs. Giles McCann, Mr. and Mrs. Leo Gallagher, Mr. and Mrs. Norbert Gallagher and Mrs. Jack Coppens.

Buddy White and his three children, Grand Rapids, were the guests of Mrs. Ed Joseph over the week end.

Dr. and Mrs. Charles McCann and family, Bay City, are vacationing at their cottage .

Mr. and Mrs. Henry Berthiaume parents of Father Giles, returned to their home in Windsor, Ont. Thursday.

A beaming and blushing bride and groom stepped off Friday's boat, Mr. and Mrs. George Stevenson. "Steve" has been coming to the Island each summer for years for two reasons—to relieve his asthmatic condition—the other to convert the Democrats (Dewey was his man). This year he came to show off his attractive bride.

Vernon LaFreniere is back home from Little Traverse hospital. He must take it easy and follow a strict diet for some time to come.

From all reports, Bill Pat McDonough is improving. He is still hospitalized, but his condition is such that Mrs. McDonough was able to return to the Island.

We hear that Archie LaFreniere Sr., who has been a patient in St. Joseph's hospital, Ann Arbor, is improving.

Mrs. Edna May McCann, Detroit, is visiting her parents, Mr. and Mrs. William Belfy and her son, Verle.

Lillian Boessel, Elsie, Boser, Chicago, Ceil Quirk, Lombard, Ill., and Janice Noakes, Hobart, Ind., are vacationing at Lillian's cottage at the head of the island.

Mrs. G. F. McCallum and daughter, Mrs. Thomas Bland, Chicago, came for the August Dinner. Mrs. McCallum was the former Rachael Donlevy, daughter of Jim Donlevy who for 40 years operated a store on the island.

After 18 years, Mrs. Ann Hampson and Mrs. Robert Gibson returned to the place of their birth —the Island. They make their home now in Grand Rapids.

Don Campbell and party from Charlevoix came over to the Island in Don's cruiser to attend the dinner.

Mrs. Lester Soregel and three sons, South Haven, have been visiting Mrs. Soregel's parents, Mr. and Mrs. Gus Mielke. They returned to their home Sunday.

Mr. and Mrs. Francis Stebbins flew to the Island in their Seebee from their summer home at Presque Isle to visit Mr. and Mrs. Paul Heflin and to attend the August Dinner.

Mrs. Grace Belim, Arlington, Va., and Mrs. James O'Donnell, Chicago are the guests of Mrs. Irene LaFreniere.

Lawrence Malloy came up to join his wife, Joan, for his vacation and to visit his parents, L. J. Malloy, Sr.

Another pair of honeymooners were visitors—Mr .and Mrs. Edward O'Donnell from Grand Rapids.

Mr. and Mrs. Olaf Olsen, Elmer Olsen and family, South Haven, were recent guests of Mr. and Mrs. Willard Pischner.

Mr. and Mrs. Pete Rivers, Winter Park, Fla., arrived in time for the August Dinner and will remain to repair their cottage on the Point.

Mrs. Elsie Kleinheintz, mother of Chuck Kleinheintz, has arrived to make her future home with her son and daughter-in-law. She will operate a beauty shop in the Kleinheintz home.

Mr. and Mrs. Norman Long, Chicago, visited relatives and friends over the week end. Mrs. Long is the former Mary Margaret Martin.

To those who could not attend the August Dinner, we missed you. The following is a list of others who were fortunate enough to make it: Margaret Lynch, Mr. and Mrs. Charles Welke, Pontiac; Mr. and Mrs. Emil Pischner and family, Mr. and Mrs. Henry Supernaw and family, Mrs. William Drigget, Mrs. Dick Lyons and family, Charlevoix; Mr. and Mrs. Harry Hardwick, Rose and Burnell Greene, Grand Rapids; Hugh Boyle, Jerry and Charlie Hammon, Mrs. Mary Sterling, Chicago; Mrs. John Donlevy, Clementine McCauley, Detroit; Catherine Martin, Lila Peterson, Petoskey; Owen McCauley, St. Joseph; Pete Rennie and party, Traverse City; Mrs. Mary O'Donnell, Milwaukee; Margie and Perry Gatliff; Mr. and Mrs. Warren Wilmot and family, Cleveland; Mr. and Mrs. Carl Nelson and son, Grand Haven.

An Open Letter

Dear Editor:

From the way it looks to me Beaver Island, known for its hospitality, sometimes overlooks its own. Does your assistant to the long legged bird owe you anything? Do you owe her anything? You so freely impose on her time and energies gratus. You are grateful to her, I know, but that is small exhcange for such vital assistance. Can't you show your appreciation some other way—live up to your reputation for hospitality & give her a day—do something for her. She surely deserves some return after so many years of devotion to the new, very newest Beaver Island residents. Thank you.

A Resident's Relative.

Summer Resident Fractures Hip

Mrs. Erwin Bettman, a summer resident here, was flown to St. Louis, Mo., on Aug. 3 via a chartered DC-3, following an accident in her summer home Tuesday evening when she fell and fractured her hip. She was treated at the Charlevoix Hospital until leaving by plane for a St. Louis hospital where her condition is reported favorable.

Mr. Bettman and the remainder of the household left Sunday for St. Louis.

Back Home Again

Leon Abbey is now at home again after a ten day bout in the hospital with a foot infection plus a healthy case of poison ivy on his hands. Home looked pretty good to him after such a siege.

Native flowering plants of the United States number from 12,000 to $15,000.

Excise Tax Drop Now In Senate

Possibility of lowered taxes is contained in the tax rider approved by the Senate Finance Committee which would cut excise taxes back to the 1942 level.

This would affect amusements, furs, jewelry, telephone and telegram charges, travel, camera films. What it would mean is shown by the telephone cost alone. If the tax were cut back to the 1942 scale, Michigan phone users would save $5,700,000. The other taxes all would be in addition to that one item.

—AWARDED THE [illegible] GOLD MEDAL AS THE "FASHION CAR OF THE YEAR"—

County Crop Outlook Seems Better Then in 1948

Farm crops in Charlevoix county appear good on the whole, aided chiefly by one of the best growing seasons in recent years, Ed Rebman, county agent, disclosed.

He estimated that the grain crops would run about the same as last year with the possibility that they might be slightly larger than in 1948. Corn fields in the county, according to a number of farmers which The Courier contacted, look good with a number of them looking "the best in the last 25 years."

The wheat harvesting is all but over with the greatest bulk of it either sold or placed in storage. Farmers are eligible to get $1.93 a bushel in price support if they sell to the government.

Lack of Storage

One thing which has led many farmers who have large quantities of wheat to sell it, has been the lack of certified storage, without which government assistance is not usually given. As a result of this, many farmers have sold wheat at around $1.65 a bushel.

Wheat in the county this year ran about 28 to 30 bushels to the acre, an average yield according to Mr. Rebman. The severe frost June 8 hurt wheat and fruit in this region considerably.

Combining the oat crop, about completed by this week end, should produce a yield of about 45 to 50 bushels an acre with the corn crop expected to provide about 30 bushels to the acre.

It was pointed out that the bulk of the corn crop in this county is raised for silage and that most farmers in the area do not list it as a cash crop, finding it more profitable to feed to their livestock.

The pasture situation in the county looks bad, Mr. Rebman said. He urged farmers who have cattle to sow their pastures to rye immediately. The second cutting of alfalfa is only fair, he stated, however earlier this summer there were signs that alfalfa cuttings would be good.

Beets Are Good

The red beets, sold mostly to canneries, look good but string beans are only fair and pickle outlook is slightly less than average from a county standpoint. The pickles are not setting heavy Mr. Rebman added, but the pickle crop is expected to be good. The carrot and sweet corn outlook is fairly good.

The cherry crop yield was better than most growers expected earlier in the year when they hoped for 65 per cent of last years crop. The crop approximated last year's yield in most places.

The apple situation appears bright at this date. The early harvests are ripening to be followed by transparent and Duchess. The yield and size should be good. However, Mr. Rebman said the June 8 frost robbed farmers of a bumper crop of apples.

Begin Collecting Gifts for Santa

The Santa Claus Anonymous will operate in Charlevoix this year again.

Summer residents who have toys they would like to contribute before they return to their homes are urged to take them to Fire Chief Charles Marshall at the city hall where they will be stored until Christmas.

The organization distributed toys last year to needy children and made Christmas a joyous holiday for many who might otherwise not have received any toys.

• Mr. and Mrs. Winchell Brown and daughter, Sharon Marie are expected Thursday from St. Johns to visit at the home of Mr. and Mrs. Joe Arvilla.

Forms Ready Aug.29 for Vets Dividend

Application forms for the special dividend on national service life insurance authorized by Veterans Administration will be available here on or after Aug. 29, Ralph S. Hamilton, Charlevoix county Red Cross chapter chairman, and Commanders of local organizations announced.

The dividend is not automatic, it is pointed out, and each veteren must fill out one of these application forms. In general, any veteran who kept his national service insurance in force for three months or more will be eligible to receive a dividend.

The exact amounts which each policy-holder will receive are not known at this time. The Veterans administration will work that out between now and the first of the year when the first dividend payments will be made.

Don't Write VA

Mr. Hamilton, John Geer of the V. F. W. and Frank Poole of the American Legion emphasized that veterans should not write to the Veterans administration about their dividends. "We are assured by the Veterans Administration," they said, "that this will only cause delay in payment. The veteran should not communicate with the Veterans administration on this matter except to send in the application form. If he has questions about the form or about his eligibility, we will do our best to advise him if he will stop at one of the places mentioned below."

In Charlevoix arrangements have been made by the Red Cross and the Veterans organizations to obtain the application blanks at the following places: Ralph S. Hamilton at the Charlevoix County Road Commission office in the court house; Frances Martin at 206 Nichols street; the American Legion which meets on Tuesday evening; the Veterans of Foreign Wars which has made arrangements for their service officer, Maj. Richard Suratt, 107 E. Lincoln avenue to aid all veterans in filing their claims; Capt. H. E. Paddock, local veteran counsellor at the City Hall.

Arrangements are being made for Beaver Island residents to obtain blanks on the island. The place will be announced later.

Spud Growers Must Sign AAA Forms

Charlevoix County potato growers are reminded that they must sign a certificate of eligibility prior to harvest or Sept. 1, whichever is earlier, if they desire to participate in the 1949 potato price support program.

LeRoy Hardy, chairman of the Charlevoix county AAA committee, said that only those growers who have planted within their assigned acreage goal or those who, unassigned a goal, have planted 3 acres or less, will be eligible to sign certificates of eligibilty.

The base support price will range from $1.50 in August, 1949, to $2.15 in March, 1950.

Full information about the support program for potatoes and the certificates of eligibility may be obtained from the county AAA office.

To Present Sacred Concert Friday

A sacred concert by the Baganz trio will be presented at 8 p. m. Aug. 19 at Zion Lutheran church at Petoskey.

Selections will include "A Mighty Fortress", "Beautiful Savior", "Wake, Awake", "Just As I Am", "Be Still My Soul", "Abide with Me", "Harre, Meine Seele" and "Come Sweet Death."

Otto Baganz, harpist, is widely acclaimed as a talented musician. With him are his son and his daughter-in-law. Mr. Baganz's harp was exhibited in the Hall of Religion at the Century of Progress in Chicago in 1933-34. It cost $10,000.

The group has played more than 3,000 concerts. There will be a free-will offering.

Charlevoix Harbor Praised In Magazine

Charlevoix, its beautiful landlocked harbor and yachting facilities received the highest praise in the August issue of Motor Boating in a series written under the heading, "For the Love of Cruising," by Stanley Dashew, of Grand Rapids. Owner of the schooner, Constellation, Dashew is on a 'dream cruise' which will take him to the West Indies, Central and South America.

In the write-up was a description of the harbor and praise for the hospitality shown the visiting yachtsmen by Capt. Joe Howard and the townspeople.

Pictures accompanied the article were aerial views of the yacht basin and the harbor entrance, the Coast Guard tower, Mayor Ray Hamilton at the helm of the Constellation and the Board of Commerce building.

The article, appearing in the national magazine, paid high tribute to one of the finest harbors on the Great Lakes.

County Barbershop Chorus Practices

Barbershop singers from the Boyne City, Charlevoix and East Jordan SPEBSQSA chapters gathered here last Friday for a chorus practice for the annual jamboree.

Loton Willson of Boyne City will direct the combined groups. They practiced for two hours. A buffet lunch was served at the Legion hall. John S. Grupa, president of the local chapter, was in charge of arrangements.

Welfare Funds Running Low As County Relief Roll Mounts

An increasing welfare load may force the Charlevoix county welfare department to ask for additional funds with which to operate for the last few months of the year, the Courier learned.

It will mark the second time in two years that welfare funds have been exhausted before the year ends. Last year the board appropriated $8,000 for the welfare department on top of $36,000 appropriation in the annual budget.

Roy E. Gregory, director of the welfare department, said his office has about $3,000 left from original budget which he tigures will hardly be enough to operate through December.

Many southern Michigan counties find themselves in the same situation, some of which have already depleted their funds to cope with rising unemployment and layoffs in industry. Among these are Muskegon, Jackson, St. Clair and Berrien.

Different Problem

The welfare problem in this county is somewhat different from that in many counties, Mr. Gregory reported, adding that only eight able-bodied men are receiving direct relief. The bulk of the welfare load in Charlevoix county consists of unemployables (persons unable to work) and others receiving grants to old age assistance.

In many other counties, wage earners are on the relief rolls because they cannot find work.

Up until Aug. 16, the county relief rolls totaled 35 single cases (34 unemployables, one employable), 23 family cases (15 unemployables, eight employables). In addition there are 15 receiving old age assistance grants and two are obtaining aid to dependent children.

Relief expenditures are running about the same monthly as they did a year ago when there was less unemployment es e whole. In July, a total of $2,268 was spent in the county for welfare, $60 more than in July, 1948.

The number of cases hit a high in recent years last March when there were 128 cases on record, 23 more than in the same month in 1048. By July this year the number had dropped to 75 which was three more than July, 1048.

September normally is a upturn due month when welfere ests take a sharp upturn, chiefly because children starting school again need clothes and supplies plus the fact that homes resume using fuel.

The addition of the hospital at the county infirmary shows promise of saving the county considerable welfare money. Until now, hospitalization for residents at the infirmary who became ill or suffered accidents has taken a good-sized chunk from the budget

Mr. Gregory said that the recent grant of $9,000 by the Board of Supervisors to the infirmary now makes it possible to provide certain hospital facilities, heretofore which were obtained in other institutions.

The wellere director looks for a larger case load in the coming months than in recent years.

At present the relief load is heaviest in Boyne City and East Jordan. Charlevoix over the years has the lowest load of the three cities, he said.

The wellare department, while not denying aid to needy persons, thoroughly checks each case before relief is given. After applications are taken at the welfare office here, investigations including home calls are made to determine the validity of the claim.

Kiwanis Learn About Uranium

Kiwanis members Monday night learned about uranium country and Geiger counters from Sam Tokoly of Boyne City, who spent three months in Canada.

He described the country in southern Ontario 650 miles north of the Soo, told of experiences in the wilderness and showed slides of the territory and the terrain.

He also demonstrated the Geiger counter and explained the principle of uranium and its reaction on the counter.

Mr. Tokoly, who was introduced by Gordon Freedman of the program committee, was in Canada from January until April searching for the precious metal.

Plans Being Completed for SPEB Jamboree

Local committee chairmen are busy completing plans for the seventh annual Barbershop Jamboree to be held here Sept. 2-3-4-5. The Mid-State Four, international champions will headline the list of eleven quartets who will participate in the public program at the high school gym Saturday evening.

Bob Miles, in charge of stage setting is busy behind closed doors, planning the setting which has become almost as much of the program as the parade of visiting quartets.

John Grupa, president of the host chapter, will be in charge of Jamboree headquarters at the Legion hall and is chairman of the chapter party planned for Friday evening. Members of East Jordan and Boyne City chapters will assist at the party. On the same evening Mrs. Charles Hamlin and Mrs. Robert Miles will entertain the wives of the visiting singers at a Ladies Night party.

Dallas Henry is chairman of the "Afterglow" party to be given at the Beach Hotel for the visitors and chapter members. Charles Sessions, assisted by Jack Dillenmaier, Dr. G. B. Saltonstall and Richard Saltonstall, are planning the private buffet supper and dance for Sunday evening.

Other chairmen named by Mr. Dollenmaier of Bay City, general chairman, are Don Feagan, in charge of the public address system; Elmer Englehart, sign and street decoration committee; J. F. Scudder, who is in charge of printing, housing, registration and advertising. Vic Spaniolo will assist with publicity.

Monday will be given over to "wood-shedding", informal and impromptu quartet practice.

County Farmers Union to Hold Annual Picnic Sunday, Sept. 4

The annual picnic of the Charlevoix county Farmers Union will be held at Whiting Park on Sunday, Sept. 4, with a general get-together at 11 a. m., and a pot luck dinner at noon, after which a program will be rendered, with music, singing and state and national speakers will be on the program. After the program a general good time is in store for all.

Everyone is invited to attend this annual picnic, especially all farmers.

Charlevoix City Band Will End Summer Concerts Next Week; Many Old Timers Play

The Charlevoix City Band, under the direction of Clarence A. Odmark, will present their last band concert of the season in East Park next Wednesday evening.

The band, acclaimed by all as "the best band Charlevoix has ever had," is one of the few municipal bands still playing in the state. It is composed of musicians who play for the love of playing and not for any remuneration they receive for their work.

Included on the list are such veteran musicians as Bill Bellinger, clarinet player, who has played in Charlevoix bands at various times for the last 57 years; Arthur Nettleton, another clarinet player, who has played for 40 years; Pete Bulow, who has played in bands at East Jordan and Charlevoix for 30 years; Ilo Helms, who has given his time for 20 years and Pat Moren who has played for more than 15 years. These men along with Uno Suomela, Getchell Campfield, Charles Levinson, Bob Gill, Clifford Riley, Albert Novotny and Ted Miller, form the nucleus for the present band.

The complete roster for the band which has presented so many varied and interesting programs at least once each week this summer are: flutes, Irene Edwards, Margaret Thompson, Frank Partridge, Barbara Rice and Dudley Towe.

Clarinets, Arthur Nettleton, Douglas Ilyers, Don Bellinger, Clarke Bergeon, Dwight Smith, Bill Bellinger, Sally Swinton, Sue Miles, LoAnn Anderson.

Alto clarinet, Marge Brow; bass clarinet, Roger Sweet; alto saxophone, ElDean Chew, Nancy Klpke, Joyce Paul; tenor sax, June Guild; baritone sax, Uno Suomela.

Cornet, Ila Helms, Getchell Campfield, Pete Bulow, Don North, James Niswander, Doris Neilsen, Don Allen, Charles Krahnke, horn, Charles Levinson, Lorna Lewis, Joseph Hanna.

Baritone, Bob Gill, Dean Fiedler, Jack Paul; trombone, Pat Moran, Bob Shanehen, Tom Bleha, Nita Brumm; basses, Clifford Riley, Bruce Shanahan, Robert Hamilton; drums, Albert Novotny, Ted Miller and Bob Hartlett.

In the band will be found youngsters still in high school, recent graduates, college students, several out of town musicians and local businessmen who practice together every Monday evening so that the town may have weekly concerts.

Delving into the history of Charlevoix bands, it is found that the town has always been "musicminded." One of the first organized city bands was under the direction of Al Winnick, according to Mr. Bellinger. Since 1925 there has been a city band every year with the exception of the war years. Others who have directed the band were Hubert Bearss, John TerWee, Al Ryder, Robert Magor, Max Smith and Earl Beach. Mr. Odmark has directed the band for the last two years. At one time S. O. Sorenson was the business manager for the band.

On Barber Shop Jamboree Program

The Pitch Pipers, a smooth singing combination from Grand Rapids, will make their fourth appearance in Charlevoix on the SPEB Jamboree program at the high school auditorium on Sept. 3.

Judges Will Meet Here Next Week

The annual convention of the Michigan Judges Association will be held at the Belvedere Hotel on September 8 and 9, Judge Charles L. Brown, of the Thirteenth Judicial circuit, host to the meeting, has announced.

Attending the convention will be Circuit Court Judges, judges of the Recorder's Court of Detroit, Michigan Supreme Court judges and Federal district judges.

Karl Detzer, of Leland, well-known writer and newspaper publisher, will be the principal speaker at the banquet at the Belvedere on Sept. 8 honoring the state Supreme Court judges.

Judge and Mrs. Brown, host at the meeting, have planned several trips and other entertainment for the visitors.

Bathhouse Entered Sunday Night

The public bathhouse at Lake Michigan was entered some time after 6:00 p. m. Sunday evening and from $15 to $20 in cash, several cartons of cigarettes and a box of cigars taken. The entry was made by smashing a small pane of glass on the door and unlatching the lock from the inside.

Chief Clarence Heise, who investigated the entry Monday after it was reported by Mrs. Edward Heise, Sr., who operates the bathhouse during the summer, said the person or persons entering the building left no clues.

North American to Make Last Stop Sun.

The S. S. North American of the Chicago, Duluth and Georgian Bay Line, will make its last scheduled stop for the season here on Sunday, Aug. 28.

The boat has docked here regularly every Sunday since June 25 while on the Voyager cruise. Capt. G. W. Durham has been in charge of the ship on its visits here.

• Mr. and Mrs. William Pfeiffer of Chicago are spending three weeks with Mr and Mrs. Peter Winnick.

Softball Tourney Semi-Finals Start

Lakes of Cheboygan, Petoskey Cement, McCabes of Petoskey and Boyne City advanced to the semi-finals of the District Tournament being held in Charlevoix. These four teams were scheduled to meet Wednesday night with the odds slightly favoring Boyne City over McCabe's and Lakes over Petoskey Cement.

In the quarter-finals Sunday night, McCabe's of Petoskey knocked out Brighton's Sellers of Roscommon 4-2, with Bare pitching 2 hit ball. Boyne City merchants followed with an upset win over Guyettes Cafe of Cheboygan 6-3. Needless to say the Boyne City victory was a popular one with the crowd for reasons too numerous to mention.

In Monday nights quarter-finals Lakes beat Home Dairy of Petoskey without the aid of a hit. It was really a tough one for White of Home Deiry to lose. In the second game Petoskey Cement was just too good for the East Jordan Bekery winning a lopsided contest 9-0 with Wager pitching 4 hit ball.

Hospital Sets Annual Meeting

The annual meeting of the Charlevoix Hospital will be Thursday at 8 p. m., at the City Hall's community room.

Three new directors will be elected. The term of Max Novak, elected last year for one year, expires. Mrs. Ellen Hamlin and Dr. G. B. Saltonstall have resigned as directors.

The meeting will both nominate and elect the new members.

Besides giving the annual reports, the meeting will be open to discussion of any phase of the hospital operation or management. Included under this could the policy of the present board to buy wherever possible at whole sale in an effort to keep down the cost to the public.

Lutheran Church To Be Dedicated Here Sunday

The Bethany Lutheran church on South Bridge street will be dedicated Sunday, Aug. 29 with special services and an open house program.

The new $20,000 church will be dedicated at 3:30 p. m. with a festival service at 7:30 p. m. The day's festivities will begin at 3:30 p. m., when members and guests will gather at the new church entrance for the formal opening of the doors.

The Rev. Harold F. Krach, pastor, will offer a prayer and receive the keys to the church from the builder. A member of the church council will open the doors, the procession led by the minister, choir and congregation will move slowly to their seats. Entering the chancel, the ministers will deposit the Bibles and sacred vessels in their places.

Rev. Krach will give the dedicatory pledge. The afternoon dedicatory sermon will be given by the Rev. Oswald Riess, pastor of Bethany Lutheran church in Detroit and a member of the Michigan district mission board.

Choir to Sing

The choir of Zion church in Petoskey will sing several sacred anthems. Mrs. Stanley Garthe will be the organist and choir director. A special loudspeaker will be installed on the grounds of the church to take care of the overflow crowd which is expected.

The dedication is expected to draw Lutherans from many cities in Michigan. The Bethany Ladies Aid society will serve dinner at the close of the afternoon service.

The evening festive service will begin at 7:30 when the Rev. Louis A. Linn of St. John's church, Rogers City, will speak. The new church is a member of the Alpena circuit. Mrs. Clarence A. Beldin of Petoskey will be guest soloist and Mrs. Garthe, organist.

Parishioners Work

The church was begun two years ago last June by the present pastor. Since that time, the

1,235 Names in News

In the last three issues, an average of 1,235 Charlevoix county names have appeared in each issue of this newspaper. Each of the 1,235 had done something to interest the neighbors . . . had entertained company, celebrated a birthday, died, bought a farm, fallen down stairs, got married, gone on vacation, turned over his car, come to Charlevoix, Ellsworth, Barnard, East Jordan, Boyne City or other communities served by this county-seat newspaper.

Not only the last three weeks but every week during the year, this newspaper tells the coming and goings, the happenings, great and small, humorous or tragic, of county residents to some 10,000 readers of the Courier.

As many as 1,700 names appear in a single issue of the Courier. That's covering the news.

If it happens in this county, you will find it in this newspaper. Farmers and merchants, millionares and cherry pickers, fishermen and school teachers . . . the whole story of Charlevoix county is here every week of the year.

Levy Will Ease Growing Deficit In Water Account

Charlevoix water users will be billed an additional 16 cents per 1,000 gallons of water used henceforth.

The decision to invoke the 1934 ordinance providing for a 16-cent charge to cover cost of the sewage disposal service given to homeowners since the plant was put into operation, was reached by the city council at a special meeting Thursday night.

This step was taken in the wake of a mounting deficit in the water department finances which have become gradually worse over a period of years. Last year the department was $7,000 in the red and this year faced the prospect of a $10,000 deficit

Unanimous Vote

The council, all members present, voted unanimously to accept the recommendation of the representative of the Municipal Finance commission, a state agency which supervises municipal bond issues and borrowing, who appeared before the city aldermen Aug. 15.

This means that effective with the next billing in October water users will be required to pay the present 25 cents per 1,000 gallons of water plus the 16-cent charge for sewage disposal. The ordinance also provides $1 minimum per quarter for sewage disposal.

Members agreed that it was the only means which the city could take to erase the deficit which in time might have shakened the financial structure of the city.

Will Erase the Deficit

It is estimated that the addition of the sewage charge will gradually liquidate the deficit and put the department into the black in a few years.

The utility committee of the council recommended the 15-year old injunction be put into effect to help the city in solving its financial problems. Members of the committee are William Goss, William Heering and Carl Kohler.

Mr. Heering said he thought it was the only logical thing the city could do under the circumstances, adding that residents should not object to paying for a service which they have enjoyed for virtually nothing since the plant was placed in operation.

The ordinance will be put into effect for the first time since 1936 when it was operative for a few months. It was made inoperative after a few residents objected to paying the sewage disposal charge.

It appears now that the council is convinced that the ordinance will be enforced 100 percent from this point on.

Hospital Donors Omitted in Report

Two names of donors at the Hospital Carnival and Benefit were accidentally omitted from the published list.

Much lumber was supplied by the Kit Carson Lumber Co. The Charlevoix Lumber Co., also helped with this part of the community project.

The new Hospital Fund now is receiving weekly boosts from the games booth at the city park. But more help is needed to run the booth on both Tuesday and Thursday nights.

We'll Miss You Luke

A close friend of ours who was responsible for our coming to Charlevoix has passed away.

It was he who sang the praises of Charlevoix and northern Michigan when we were searching for a newspaper business. He so convinced us that we came to Charlevoix to live and work.

A few local residents knew him. He was an enthusiastic individual, always ready to help the other fellow, never thinking of himself. Assisting us in purchasing this newspaper, his only thought was enabling "a young fellow with lots of ambition" to realize his most cherished dream.

He chose to remain silent. He wanted us to get the credit for serving the community. He was one of those rare persons who sublimates his own interests to those of the other fellow.

His passing will be missed by many in high position. But that fact is not important. He had friends in every walk of life. He will be mourned by laborers, newspaper friends and many others who came into contact with his cheery smile and unselfish influence.

He was a man who breathed christian beliefs on which he built his friendships. Treating others like he wanted to be treated was his guiding philosophy. He joined his maker while in his forties but he did live a full life. The quality of that life was what counted with him.

To us, his passing is almost unbelievable. His continuous interest in us whom he has guided will serve to make us realize what a friend may do for another friend. We will miss him. His only wish would be that we should help someone else when the opportunity presents itself.

His was the type of friendship that comes not often in a lifetime. We only hope that we may live as good a life as C. W. Lucas did. His example will serve us as a living symbol of what true friendship means.

We have a feeling that the Lord needed him for some particular task. We know that he will accomplish that task for he served his friends with an undying devotion.

We'll miss you "Luke"! But we will never forget you and those many things you did.

An Open Letter

Here is a letter which appeared in a southern Michigan newspaper recently, from one of its readers. Because of its general application to all of us, we reprint it here:

Dear Editor:

"I have an uncle by the name of Sam. It wasn't until 1932, when I reached the age of 21, that I became much acquainted with him.

"In 1935, my uncle Sam told me he would look after my welfare when I reached the age of 65. He told me that no one in my family would take care of me, and it appeared I would be incapable of taking care of myself. So I began giving him one per cent of my wages on the promise that when I got old he would see that I had a good life.

"Now my uncle is telling me that he wants to take even better care of me, and that I should give him three or four times as much as I have been giving him in the past. He also says that it would be a good idea for me to turn over more of what I earn so that he could help me out if I got sick or went to the hospital.

"I have been thinking about this for some time. And I am beginning to wonder whether it's a good idea for me to rely on my uncle for my welfare.

"Uncle has a cousin by the name of John Bull, and it seems my uncle got a lot of ideas about taking care of nephews from his cousin, John. For some time my uncle has also been helping his cousin, John, who has not been able to take care of himself and his nephews at the same time. I don't know who will help my uncle if he finds himself in a position similar to John's.

"I have always had a lot of confidence in my uncle, but lately I have been watching the way he has been running his business, and it appears that he has not been able to make both ends meet. He has been going into debt while other businessmen were making money.

"Quite a few of uncle's nephews are becoming concerned over this and are beginning to wonder if he will be able to furnish the security he promised if he keeps running in the red.

"We are beginning to feel the shoe pinch when we have to give him a considerable part of what we make just to run his business, then learn that he is going to ask us for a much larger part of what we earn, promising that he will more than repay us when we get old or sick.

"Maybe I shouldn't worry too much about all this. I guess my uncle is pretty wealthy and maybe able to take care of me as he promised. But I am concerned about my three children. I am hoping they won't grow up to rely entirely on my uncle, because if they and everyone else do that, uncle is going to have a pretty tough time taking care of them all.

Voice Of The Past

The honored voice of the late Justice Oliver Wendell Holmes of the U. S. Supreme Court comes out of the past to warn consumers: "I cannot believe that in the long run the public will profit by permitting knaves to cut reasonable prices for some ulterior purpose of their own and thus, to impair, if not to destroy, the production and sale of articles which the public should be able to get."

Fair Trade laws have been enacted in 45 States to protect the public against phony bargains and centralized control over the Nation's retail stores.

MICHIGAN Motoring

With just a few short weeks of summertime left — and school days once more almost here — the younger set are trying to "cram" into the remaining vacation time every bit of fun and enjoyment that they can.

These high school and college students are entitled to relax and enjoy themselves . . . but *not at the cost of their lives!* And many, many of these young men and women will die in auto accidents before the summer is over — unless they stop being the leading menaces on Michigan's Highways!

Last year more people were killed or injured in automobile accidents on Michigan highways than died from the other 10 leading causes of death combined. A big majority of these people were youngsters! And that's a record not to be echoed for 1949.

Caution the young people in your family to drive carefully, safely. Remind them *again and again* that *speed is a killer.* Remind them that just one mistake — one act of carelessness may be the last act of a life. Drive carefully yourself — and do your part by example as well as word of mouth — to keep Michigan safe for youth.

You ought to be driving a '49 PONTIAC

It's a Wonderful Car-a Wonderful Buy!

Wherever you go you hear people talking about the new Pontiac.

Naturally, a great many people talk first about Pontiac's outstanding beauty.

A great many others say they have heard reports of Pontiac's performance, its alertness in traffic, its smooth luxurious ride and the wonderful convenience of GM Hydra-Matic Drive.*

Still others tell us what they have heard about Pontiac's economy. And well they might, for Pontiac is sensibly priced, *just above the very lowest.* And it is so thoroughly dependable that it will give years of pleasure and superb performance with only minimum servicing. Come in soon and get the *whole* Pontiac story.

*Hydra-Matic Drive optional on all models at extra cost.

YOU CAN'T MISTAKE A PONTIAC — Silver Streak styling and striking new Bodies by Fisher combine to make the 1949 Pontiac truly "the most beautiful thing on wheels."

From where I sit ... by Joe Marsh

Now They're Sitting Pretty

Squint Miller, who'a working as a telephone lineman, was telling me about some birds that got into a fight with his company.

Seems a couple of woodpeckers set up housekeeping in a telephone pole. Nobody minded them *living* there, but they kept pecking at the wires—causing one short circuit after another.

Finally, the telephone people—who had nothing personal against the birds—just stopped up the hole where they lived. But they kept coming back. At last, the company donated that pole to the woodpeckers and set up a brand-new one for their own use!

From where I sit, we'd all be better off if we were as tolerant with our own kind as that telephone outfit was with the woodpeckers. Let's consider the other fellow's point of view—whether it's his right to live where he wants, or to enjoy a friendly glass of temperate beer or ale when and if he pleases.

Mrs. Shearer Dies After Long Illness

Funeral services for Mrs. Mildred Shearer, 50, wife of Raymond J. Shearer, were held at the See Funeral Home at 2 p. m. Monday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery. Mrs. Shearer died early Friday morning at the Lockwood General Hospital following a long illness.

Born in Hayes township on March 15, 1899, the former Mildred Kane later lived in Chicago where she held a government position. While residing there she was married to Mr. Shearer at Crown Point, Ind., on March 24, 1923. In 1925 they returned here to make their home and since 1934 have operated the Southside Service station.

Besides her husband she is survived by one son, Versal, and one brother, Milo, both of Charlevoix.

Lutheran Church To Be Dedicated Here Sunday

(Continued from page one)

group of Lutherans has worshipped in the city hall community rooms. More than 60 persons are members of the new church.

Ground was broken March 8, 1949. The structure was entirely erected by church members. The labor was nearly all donated. The frame building has eight-inch siding with an interior of celotex and red cedar. The nave is 27 by 54 feet and will seat 150 persons. The chancel furnishings are also made of cedar.

Above the altar hangs a large oil painting on imported linen of Christ in Gesthsemane. The altar is draped with red velvet dossal curtains .

This is the first unit of the Bethany church building and it is expected that some day this will be converted into a parish house next to the yet unbuilt church.

■ Gwen Lewis of Flint who has spent the last six weeks with relatives here returned home Sunday with her parents, Mr. and Mrs. Elliott Lewis, who came for the week end.

District Road Commissioners Meet at Argonne

A meeting was held at the Argonne of the 29th Senatorial District Road Commissioners last Tuesday. Six of the seven counties of the district were represented. Senator Andrews was the guest speaker and a round table discussion of various problems confronting the Commissioners was held.

The opinion of the group centered around the fact that the man on the street did not know or realize the importance of obtaining more revenue for county road operations and the fact was presented that the automoble users of the state were paying for roads in other states from the fact that Michigan has one of the lowest gasoline tax rates in the country, and the Petroleum interests spread their costs over several and all are charged a base rate. Two years ago the legislature passed a measure incresing the gas tax; this tax was anticipated in setting gas prices. The governor vetoed the tax bill but the consumer has been paying the tax ever since, just the same as if the tax were in effect.

The Commissioners passed a resolution offered by Ralph Hamilton on behalf of the Clerks of the district for a uniform type of annual statement that can be readily compared with each county of the district and also a change in the uniform accounting form for receipts.

The Northern Michigan Road Commission Convention convenes in Traverse City on Sept. 8 and 9.

The 29th Senatorial District Commissioners were guests of the Charlevoix County Road Commissioners who are Angus Fochtman, Chairman from Charlevoix; S. E. Rogers, East Jordan; and L. B. Wangeman, Boyne City. The next meeting will be held in Cheboygan on Oct. 18.

Softball Tourney Semi-Finals Start

(Continued from page one)

The finals will be played Sunday night, Aug. 28 at 8:00. Negotiations are in progress to bring Guyettes Cafe of Cheboygan back to play Charlevoix in the night cap, but the game was originally set for Sept. 11, and whether or not it can be changed will not be known until after the paper has gone to press.

Military Rites Held For Dale Warner At Gaylord Ceremony

Military funeral rites for S/Sgt. Dale Warner, 19, who was killed in action during World War II, were held at the Walker Funeral Home in Gaylord Aug. 11, with Rev. Allen Schreur officiating. Burial was in a Gaylord cemetery.

Born in Gaylord on July 7, 1925, he lived at Elmira and later Charlevoix where he attended the local schools. He entered the service in Detroit in April, 1944, and went overseas the following summer. He was killed in action over Germany on Aug. 7, 1945, while serving as a gunner on a B-24. His body was returned here from a military cemetery in Belguim. Prior to his death he had been awarded the Good Conduct medal and the Air Medal.

Surviving are his mother, Mrs. Ernest B. Warner, of Charlevoix; his wife, the former Wanda Lintz, whom he married in April, 1944; seven brothers, Lyle and Glenn of Newberry, Clifford of Detroit, Ira of Burt Lake, Forest and William of Gaylord and Leland of Charlevoix; three sisters, Mrs. Rupert Farrand of Gaylord, Mrs. Max Dahn of Lansing and Mrs. Gerald Barnett of Detroit.

• Mr. and Mrs. William Quick and daughter, Rosemarie and Miss Fitzgerald, all of Lansing spent the week end with the former's cousins, Mr. and Mrs. R. J. Nowland, Sr.

County Represented At United Health Meeting at Traverse

Gordon L. Freedman and Robert Bridge represented Charlevoix county at the Traverse City Regional meeting of the United Health and Welfare Fund at Traverse City last Wednesday.

"The United Fund idea appeals to big people, with big ideas, because it is a big and challenging job," county committee people from 11 counties planning October United Funds campaigns, were told by Stephen S. Nisbet, president of the organization. "We have no time to spend getting little answers to little problems," he continued.

Agency services, presented as a panel discussion, were an important feature of the meeting. Dr. Warren B. Cooksey of Detroit president of the Michigan Heart Association, gave a report on the recent advancements in the treatment of heart ailments and told of work being done to relieve those who suffer from arthritis and rheumatism.

Dr. E. J. Huenekens, medical director of the Sister Kenny Foundation, reported on the work of that agency, with particular emphasis on the program of the Kenny treatment center in Pontiac, which serves the entire state. Edwin E Bond told of the great need for the new USO.

Although February is the official campaign month, Charlevoix county will be one of the counties which will campaign in conjunction with the Community Chest this fall.

• Mr. and Mrs. Allen Maloney have returned to Detroit after spending several days with Mr. and Mrs. Howard Jewell.

When you carry State Mutual Fire Insurance, growing and unstacked crops are insured against loss or damage from fire or lightning. There is no limit on this coverage except the value of the burning crop and the amount of insurance carried on farm personal.

This coverage offers one more reason why State Mutual is the choice of every fifth farmer in Michigan.

State Mutual provides broad and liberal protection. It's made-to-order to fit your requirements.

Why not let us tell you more about this excellent farm fire insurance? A phone call or a penny postal card will receive prompt attention. There is no obligation.

"Illness Struck Without Warning..."

I HAD A $762 HOSPITAL BILL—BLUE CROSS COVERED ALL BUT $5.11... AND PAID $300 TO MY SURGEON AS WELL!"

CASE #36-09128-93

Mrs. _____, Blue Cross Hospital and Surgical Plan subscriber, hospitalized 36 days as a general surgery patient. Her bill including charges for anesthesia, drugs and dressings—$762.48. Patient paid only $5.11 (charges for a special nurse, for part of a day). Blue Cross took care of the rest—and paid her surgeon $300, as well.

REMEMBER—ONE OUT OF EVERY TEN PEOPLE IN MICHIGAN WILL GO TO A HOSPITAL THIS YEAR

And unexpected hospital and medical bills can be financially disastrous! That's why you and your family cannot afford to be without BLUE CROSS—Michigan's only completely *non-profit, pre-payment health care plans.* The cost is only a few cents a day, and BLUE CROSS may save you hundreds of dollars in case of illness or accident in your family.

NO OTHER HEALTH CARE PLAN OFFERS SO MUCH FOR SO LITTLE

The BLUE CROSS *Hospital Plan* pays for a broad range of benefits (up to 120 days of hospital care) in any of the 172 participating hospitals in Michigan. No CASH LIMIT on the wide range of benefits covered.

The BLUE CROSS *Medical-Surgical Plans* pay liberal amounts for operations, and pay for your doctor's visits to the hospital in non-surgical cases.

TALK OVER WITH YOUR EMPLOYER HOW YOUR COMPANY CAN MAKE BLUE CROSS *AVAILABLE TO YOU*

Or ask your friends who are BLUE CROSS members. BLUE CROSS is available to employed people *without* physical examination or health statement, through the group enrollment plan. Rural residents may join through their Farm Bureau or Grange.

Six Sons Follow Father's Footsteps in Ministry

"Like father, like sons" is an adage often heard but rarely carried out in such a manner as it is in the family of Rev. Arthur Howell of Pittsboro, Ind., where six of the eight sons have followed in the father's footsteps to become ministers.

Rev. Gaylord Howell, minister of the Methodist church here since 1945, is one of these six sons. The fourth oldest in this unusual family, he said the family was the same as any other large family with each member having his duties to perform. The only difference was that they helped with the household chores usually allotted to the girls in the family. When they got older they worked in teams with each twosome taking a turn at each duty.

"My father," he recalls, "was always proud of the large Youth Fellowship he had in his church. But it should have been a large one for we attended and brought all our friends. When we left the charge, we practically took the group with us to the next assignment."

As the boys graduated from high school, nearly all attended their father's alma mater, DePauw University at Greencastle, Ind.

Rev. Howell tells the story of the work-out the alarm clock got when he and his brother, Stanley, were rooming together at the university. "It rang three times every twenty-four hours—the first time when we went to our jobs at the express company, the second time when we went to tend furnaces and the third time when we went to classes."

Each one, in some manner, aided himself in acquiring his education.

Following his graduation from DePauw in 1942, Rev. Howell attended the Garrett Biblical Institute on the campus at Northwestern University in Evanston, Ill., completing his studies in 1945.

In explaining why he happened to come to Michigan, Rev. Howell said he thought there were enough Howells in Indiana and so transferred to the Northeastern Conference and was assigned to a Michigan charge. He and his wife, Betty, have two sons, the youngest, James, having joined the family on Aug. 8.

As to the other members of this

Rev. Gaylord Howell

unique family, Hillary, 33, the oldest of the eight, is a Baptist minister in Tolleson, Ariz.; Aubrey, the next oldest, had hoped to be a missionary but the war interrupted his career and after four years in the army he returned to become a plumber. He now lives at Crawfordsville, Ind. and has the only girl among the seven grandchildren.

Stanley is a graduate of DePauw and Garrett and has a church at Hebron, Ind; Gaylord, fourth son, is in Charlevoix; Robert, who comes next is one of the two non-preaching members of the family. After three years in the army he is now enrolled at Indiana State College where he is majoring in industrial arts.

The sixth son, Forest, who will be married on Sept. 3, is a graduate of DePauw and in June graduated from Boston University Theological Seminary. This fall he plans to continue his studies at the University of Chicago and eventually hopes to study at the Sorbonne in Paris. While in the East he was associate minister at Central Methodist church, Boston, and at present has a church in Ruab, Ind.

John who has returned to his studies after two years in the army will be a senior at DePauw this fall and preaches at Carey, Ind.; Morris, the youngest of the eight graduated from DePauw in June and plans to attend Garrett this fall. He preaches in the Bloomington circuit.

All but Robert, Morris and Forest are married at this time.

The family at present are planning a reunion over the Labor Day week end when the clan gathers for the wedding.

Just a Rumor

Letters Start Long Friendship For Local Woman

Mrs. Carlton H. Smith of Route 1, Charlevoix, has finally seen a Battle Creek woman with whom she has corresponded since 1930.

The women started to correspond as a result of a letter scramble conducted by a children's magazine more than 18 years ago. They were 10 years old at the time. Through the years, they corresponded, at times infrequently, but always exchanged holiday greetings.

A short time ago the Smiths were visited by Mrs. Smith's corresponding friend, Mrs. Roger Lawrence, her husband and family. After a short resume of activivties over the years, the women were amazed to learn of the parallels of which they were not aware despite the correspondence.

Both were born on farms, are the only daughters and each has two brothers. Both graduated from high school the same year and both chose secretariol science as a vocation. Both were employed at this type of work.

Each was married in 1942 during the early days of World War II and both of their husbands served their country. Both were married at camp ceremonies. Both husbands saw action in the South Pacific at the same time.

Mrs. Smith and Mrs. Lawrence have two sons each and the ages of their boys are nearly the same.

Michigan is not getting all of the federal aid for state highways it is entitled to receive.

Because Michigan now pays to the federal government about four times more in taxes than it gets back, it is the judgement of Charles M. Ziegler, state highway commissioner that Michigan is missing a good bet.

"There are about $11 million of federal funds available since 1948 on which contracts have not been let because we have no state funds to match these federal funds," said Commissioner Ziegler.

"We won't lose this money, but the people of the state will lose one year's use of badly needed highway facilities which these funds would permit. We also have an additional $12 million of new federal funds becoming available in July. No contracts can be let against this new money during 1949 because we have no matching money.

"Without additional state funds we will be unable to avail ourselves of all federal aid allocated to Michigan as rapidly as need dictates. If federal aid funds are not matched by state funds and used for highway construction within a limited period, they revert for reallocation to other states which are financially able to match funds."

The problem of state highways has a familiar ring to it. It is an echo of the problem which exists today in every activity of government—local, state and federal. Costs have gone up tremendously during the postwar inflation period. A dollar of revenue buys only 50 cents in prewar value. Something must give way. Services must be curtailed or taxes must be increased. You can't have better highways without paying more for them.

When Commissioner Ziegler points to the dollar deficiency in explaining why the state highway department is lagging in its progress program, he believes he does so with a good conscience. Ziegler is proud of his record of economy—"getting the most value from the funds at our disposal."

Ziegler maintains that he had weeded out "non-producing employees" to the extent of 475. The annual saving is estimated at $1 million. This economy is in addition to 650 state employees who were dropped when the state department contracted with county road commissions to maintain state trunk-line routes. Ziegler considers the 475 total as the "net" reduction.

A second economy is claimed by Ziegler by elimination of duplication caused by two organizations—state and county — doing the same work in counties. Ziegler puts the annual savings at another $1 million.

Another dollar-stretching policy has been to salvage old trunkline roads by resurfacing them with two and one-quarter inches of asphalt concrete at a cost of about $20,000 per mile. About 1,000 miles of old pavements have been so treated.

Another economy is claimed by Ziegler in the lower cost of building state roads in Michigan—"15 percent cheaper than the national average and well below our neighboring states of Illinois, Indiana, Ohio, Minnesota, Wisconsin and Pennsylvania."

"Four important factors enter into these comparatively low prices", said Ziegler. "First, contractors in Michigan do not buy jobs, but receive contracts based on the low qualified bids. Second, Michigan contractors are exceptionally well equipped to perform the work required and have highly-qualified personnel. Third, the gamble of lost time from labor disturbances is out of the picture due to the fine relationship existing between the department and the road construction unions.

"Fourth, we pay contractors promptly every two weeks as work progresses, less 10 per cent reserve, which enables them to meet payrolls promptly and to discount material purchases."

Michigan's state gasoline tax is much lower than the average tax of the other states.

Michigan motorists are paying less than those in other states to finance new roads and maintain old ones.

Such being the case, they are "saving" money and are getting "their money's worth"—but at the expense of improved highways. As we pointed out last week, better roads and higher taxes go hand in hand. Which do you prefer?

Rural Tele-news

BIG BUSINESS — Farmers in Michigan produce over $400,000,000 worth of crops a year. In producing this bumper crop, the farmer depends a lot on tools, such as plows, harrows, tractors. Another tool, and one of the most helpful, is the telephone. It runs errands, locates farm help, takes orders, helps meet emergencies. The number of farms with telephones in Michigan Bell territory has nearly doubled since before the war.

TOP IN TAX — Michigan Bell is the biggest single contributor by taxes to the State Primary School Fund. This year Michigan Bell will pay $5,291,826 in State property taxes. That's equal to $3.65 for each school pupil in Michigan. So part of what you pay Michigan Bell for telephone service helps educate the children around you — making them finer, more useful citizens of tomorrow.

HOW NEAR ARE YOUR NEIGHBORS? — Your friends may live one, two or more miles away, and yet they're as close to you as next-door neighbors by telephone. Without leaving home you can visit with them regularly, exchange bits of news, ask for or offer help in case of illness, plan parties or church affairs. Considering how little it costs and how much it can do for you, one of today's greatest values is the telephone.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

After the North Shore pulled out Monday, Beaver Islanders settled back to "catch their breath". The majority of visitors who took their vacation to include the August Dinner returned on Monday's boat.

The effort put forth in preparation for the Home Coming brought satisfying results both financially and socially.

Rolland McCann, Jr., left Monday for Springfield, Ky., where he will enter the noviate of the Dominican Order.

Ann Jeanne White, Mary Lou Foley and Delores Olk, all of Bay City have been the guests of Dorothy Lee McCann.

Mr. and Mrs. Henry Watchpocket are vacationing at their cottage on Sand Bay. They have had as their guest Dr. Ralph Morehouse from Albion who is Secretary-Treasurer of the Michigan Association of Ostheopathic Physicians and Surgeons.

Mr. and Mrs. Leroy Osborn and family returned to their home in Williamsburg, Ia., Tuesday. Mrs. Osborn, her three daughters and son have spent the past month visiting her parents, Mr. and Mrs. "Kett" Gillespie. The Osborn twins, Helen and Mary (both pretty enough to advertise a certain brand of home permanent) are teachers in the State School for the Blind.

A new addition to the Beachcomber Tavern is a dance floor. Beachcomber dolls made by Martha Miller are selling as quick as they are displayed.

Ellen Nackerman has returned to the Island after visiting her sister, Mrs. Arthur Houston in Ypsilanti.

Mrs. Nelle McCormick, Lansing spent the past week as the guest of her sister and brother-in-law, Mr. and Mrs. Arthur Miller.

Mr. and Mrs. Roger Carlisle, commuters from Indianapolis, are back on the Island for another stay at their lovely log home facing back beach.

A group of campers from Camp Q-Gull came over on Monday's boat and slept out under the stars on back beach. They were a bunch of lassies between the ages of 8 and 10 and under the direction of Barbara Johnson, Detroit, and Lucy Sebald, Middletown, Ohio.

Mr. and Mrs. Burdette Custer and family, Decatur, Ind., spent a few days in Pat LaFrenier's cottage at the head of the Island.

Tuesday evening, the state and county agricultural agents met with Beaver Island farmers to discuss soil conservation. The meeting was held in the Parish Hall.

With the sun's rays taking on the fall slant and the days growing a little shorter—but oh! so golden—Beaver Island is slipping into the lovliest of the seasons.

And it's sweet corn time and what a treat to have a big platter of "roastin' ears" steaming on the table. Apples are ripening, too.

A number of tomato and cabbage patches have been destroyed by grasshoppers and cows. Grasshoppers are becoming a real menace on the Island.

Mr. and Mrs. Andrew Grossi and son, Chicago Heights, were camping in their partially completed log cabin on Little Sand Bay for five. This was Mrs. Grossi's first visit to the Island and she's in love with the place.

Vernon LaFreniere sold his cottage on Back Beach to Dr. and Mrs. Eugene Bales of Indianapolis.

Dear Island's Relative;

Your letter was a little confusing, but your general idea is right and as for myself, it set me thinking.

Too often we take for granted the good that is done and forget to say thanks in a special way. Those who serve us in public offices and serve well should be honored by the community. Those who serve quietly and without fanfare—the angels of a community who expect only to receive a holiday in heaven—serve on and on without complaint, but folks, let's honor them in some way while they are with us. You know in your own minds who the one person on the Island who tops the list. Let's do something about it.

Sincerely,
Your B. I. Reporter.

Mr. and Mrs. Amos, Hammond, Ind., have arrived and are occupying their new log home for the first time.

Henry Allen spent the week end on the Island on business. Mary Catherine Hanley, who has been visiting in Grand Rapids and Ann Arbor returned with her uncle, "Hank". Jerry Hanley returned to Ann Arbor with his uncle for a two week's visit.

Mrs. Theodore A. Birnkrant and daughters Sally and Janet flew over from Charlevoix to pay a visit to Dr. and Mrs. Russell Palmer. The Birnkrants are occupying the Palmer's Charlevoix home.

Mary Ellen McDonough is visiting her mother, Mrs. Sophia McDonough.

Mrs. Gwen Sheridan has returned to her home in Chicago after spending the summer at her cottage.

Mr. and Mrs. Walter Wojan are the proud parents of a little daughter born Saturday morning. Mrs. Wojan was flown to Little Traverse Hospital Saturday morning by Bob McCutcheon and the young lady put in her appearance soon after. Mother and baby are fine.

Roger Ricksgers arrived Saturday to visit his father, John Ricksgers.

The Shamrocks struggle buggy has a new look and how! It's painted emerald green with a larger shamrock on white background decorating the door.

Dream Becomes Reality As "Al-Jo-Erik" is Launched

(By Fran Martin)

Everyone dreams of someday having something special—maybe a car, a plane, a trip. In the case of Joe Arvilla, school teacher and former commercial fisherman, it was a boat . . . not just any boat but a special one built according to his ideas of what a boat should be. It seemed as though it would remain a dream until a couple of years ago when he decided the only way he'd ever get one would be to build it.

He made a list of things he wanted in this 'dream boat' and had Frank Dobbs, boat builder of Norwood and Detroit, draw up a set of plans incorporating in them all the ideas he'd gathered during his thirty-six years. After the original plans were drawn a small model was made, then a set of scale-size plans and finally a full-scale drawing which was lofted by Arvilla, Dobbs and Jim Bellinger, marine architect, who ok'd the plans before they were put to use.

In April the keel, which with other pattern pieces had been cut by Bellinger, was laid in the Arvilla yard and work was started on another 'back-yard boat'. Since then Arvilla, Bellinger and the former's brother-in-law, Harry Stewart, ably assisted by the three Arvilla youngsters and their friends, have devoted every possible minute to the construction of the cruiser, "Al-Jo-Erik". This week, with everything completed but a few inside details, the boat was launched.

The craft is a 34 foot raised deck twin-screw cruiser with an 11 foot 6 inch beam powered by two 100 h. p. Packard marine engines. While oak was used for the keel, frames, and seam battons and Port Orford cedar for the planking. Nails were replaced by approximately 750 bolts and 20,000 screws. It is expected to have a top speed of 26 miles per hour and a cruising speed of 18 to 20 miles per hour.

The boat is equipped with a galley which has a stove, ice box and sink, a clothes locker, a toilet room and sleeping quarters for four under the forward deck. Later other facilities will be added furnishing accommodations for seven. The wheel is on the flying bridge and the stern deck is open.

Although the craft is Arvilla's "dream come true" he gives all credit for the success of the venture to Bellinger who has supervised and assisted in the building.

For the present he plans to use the boat in northern Lake Michigan but with his knowledge of the Great Lakes he could, no doubt, take it anywhere. He first learned about boats from his grandfather, John Nordrum, Sr., a salt-water sailor, sail-maker and ship's carpenter, who came to this country from Norway in 1893. He started stringing nets for his grandfather at the age of six years, went out on the fish tug when he was nine and joined the crew of the yacht, Sylvia, when he was thirteen. He sailed on all the Great Lakes while aboard the latter. Later he was a commercial fisherman for five years, owning and operating his own tug. The new boat, named for his three sons, will be used for his own pleasure and for fishing parties.

Arvilla does not have priority on "back-yard" boat building in Charlevoix, however, for two other boats are now under construction and will be launched next spring. They are sail boats being built by Jim Bellinger and by his father, Will Bellinger. Others who have built such boats are Henry Partridge who has a 34-foot cruiser; Clarence Wood, who has a 22-foot cruiser and John Nordrum, who built a sailboat which has since been sold.

• Mr. and Mrs. Charles J. Rittenhouse of Chicago, are spending two weeks at the Belvedere Hotel and visiting old friends. Mr. Rittenhouse worked in the Norwood store about 50 years ago.

• Mrs. Bernard Hayes and daughter, Marilyn, have arrived from Owosso to make an extended visit with her parents, Mr. and Mrs. William Gibson. Mr. Hayes and his brother and sister-in-law, Mr. and Mrs. Clarence Hayes, accompanied them and returned after spending the week end here.

• B. K. Widdifield has arrived from Minneapolis, Minn., to spend two weeks with his mother,, Mrs. Harry Widdifield.

Plenny Gennetts Fete 56th Anniversary

Mr. and Mrs. Plenny Gennett observed their 65th wedding anniversary on Aug. 16. They had no formal celebration but were remembered by many friends and relatives who sent cards, flowers and other remembrances.

Mr. Gennett who is now 78 was born near Atwood and has spent his entire life in northern Michigan. Mrs. Gennett, the former Jennie Supernaw, is 77 and was born in Ellenburg, N. Y. She came to northern Michigan at the age of seven years. The couple were married at the Catholic church in Harbor Springs on Aug. 16, 1893, and have always lived in this community.

They have two children, Mrs. Irving Hallett of Detroit, who with her husband and son, Bud, were here for the occasion, and a son Ward of Flint, who will be here with his wife this week end for a visit. A nephew, Ted Sheldon, whom the Gennetts raised, and his wife, also of Flint were here last week. The couple also have two grandchildren and two great-grandchildren.

Levy Will Ease Growing Deficit In Water Account

(Continued from page 1)

In 1934 the sewage disposal bond issue was approved for $79,000 to cover the cost of building a sewage disposal plant—Charlevoix had the courage to build a plant of this kind when the bulk of Michigan communities turned their noses to such problems.

Owes $38,000

The city still owes $38,000 on that bond issue and has made all payments on time, although the water department has had to borrow money from other city departments.

It was pointed out by Auditor Don Swinton that the 25 cent rate now charged water users is far from being adequate to cover cost of operation of the water and sewage disposal department. Hence, it appears that if the 16 cent charge was not put into effect, city water users would have to stand an increase in water rates.

The council, in acting on the only other item of business, decided not to undertake permanent repairs on the Masoo street dock. The cost would be $5,100 at this time, it was reported.

Belvedere Club Elects New Officers

Woodbury Ransom of Kalamazoo, was elected president of the Belvedere Club at the annual meeting of the officers and board of directors Saturday. He succeeds L. I. Replogle, of Oak Park, Ill., who has served for the last year.

Other officers named were: vice president, G. R. Leatherman, of Robinsonville, Miss.; secretary, Mrs. E. C. Orr, of Cincinnati, who was re-elected; treasurer, D. D. Walker, of Miami, Fla.; assistant secretary-treasurer, E. J. Edwards, of Charlevoix.

Four new members were elected to the board of directors. They were Charles S. Fox, Jr., of St. Louis, Mo.; Dr. Robert D. Schrock of Omaha, Neb.; and Mrs. Gordon L. Geilfus, of Cincinnati, who were elected for three year terms and M. A. Cudlip, of Grosse Pointe, who was named for two years to fill the unexpired term of D. M. Forker, of Cincinnati.

Rites for Northern Auto Head Held

Funeral services for Andrew W. Steffel, 60, Northern Auto executive of Petoskey, who died Sunday following an emergency operation, were held at St. Francis Xavier church, Petoskey, on Wednesday. Burial was in St. Francis cemetery.

A native of Petoskey, Mr. Statfel joined the Northern Auto company as a salesman in 1917 and was vice president and sales manager of the company at the time of his death. He was well-known in Charlevoix.

He is survived by his wife; four sons; one daughter; four grandchildren; four sisters and three brothers.

Local Teacher Completes Special Course at MSC

Norman Gallagher, Charlevoix teacher for three years, has completed a scholarship course in the Michigan State college economics workshop, the first of its kind in Michigan.

Special attention was paid by Mr. Gallagher and 75 others from many states enrolled in the course to labor-management problems, farm subsidies, foreign trade and international relations.

A number of the lectures were given by nationally-known men in their fields including Morris Livingston, chairman of the economic policy commission in Washington, D. C., Jack Davis, economics advisor to President Truman; and Dr. Gerwood Baker, who has charge of the workshop at New York University.

Hawley to Finish Banking Studies At Wisconsin

E. D. Hawley, cashier of the Charlevoix County State Bank, left Monday for another two weeks of work at the University of Wisconsin's School of Banking at Madison.

This is his third year at the annual summer school which gives graduate work in all phases of banking. The school is sponsored by the bankers of the 16 mid-western states. This year more than 550 will attend the two week session.

Because this is his third consecutive year, Mr. Hawley will receive the certificate of graduation upon completing the work.

Brother, Sister Meet First Time In 35 Years

A happy reunion was held at the home of Mr. and Mrs. H. E. Cunningham last week when Mrs. Cunningham and her brother, Clarence Mitchell of St. Helens, Ore., met for the first time in 35 years.

The Mitchells are planning a reunion for the Labor Day week end and several members of the family have already arrived from the west for the occasion. Besides Mr. Mitchell, who was accompanied by his wife, are another brother and sister-in-law, Mr. and Mrs. Ernest Mitchell of Manson, Wash., and two sisters, Mrs. Vern Spencer and Mrs. Ernest Spencer, both of Libby, Mont.

• Mrs. Linda Fochtman of Los Angeles, who has been visiting in Petoskey, is spending several days with Mr. and Mrs. J. M. Foster.

Mrs. Klooster Given Shower

Mrs. Jim Klooster was guest of honor at a stork shower given by Mrs. Frank Boss and Mrs. David Matchett Friday evening at the Boss home. Games were played with prizes going to Mrs. Harvey Essenberg, Mrs. Ivan Mittag and Mrs. Bernie Boss.

A three course lunch was served. Mrs. Klooster received many useful gifts.

SPEB Quartets To Gather Here For Annual Jamboree

Extended Service To Start Sept. 10 For Area Phones

The Michigan Bell Telephone Company has set Saturday, Sept. 10, as the date extended-area telephone service between Charlevoix and three of its neighboring communities will be inaugurated.

C. L. Johnson, manager, said at exactly 12:01 a. m. that day, the necessary equipment with which to operate the new calling system will be cut into service. No special ceremony to mark the occasion has been arranged because of the time element.

Beginning on that day customers in Charlevoix will be able to make unlimited, toll-free calls to Boyne City, East Jordan, and Petoskey. Customers in these three cities may, beginning at the same time also, call Charlevoix as often and talk as long as they wish without paying toll charges.

Calling Procedure

The calling procedure for customers in Charlevoix wishing to reach subscribers in the other three cities will remain unchanged after the cutover, Johnson said. Customers will continue to give the number of the telephone they are calling to the local operator, who will complete the call for them.

Boyne City and East Jordan customers will follow the same procedure when placing calls to Charlevoix.

In Petoskey, on the other hand, customers wishing to reach Charlevoix will dial the code "6CH" which automatically will connect them with the local operator here who will complete the call for them.

Captain Arlen Dies in Hospital

Funeral services for Capt. B. Frederick Arlen, 52, retired schooner captain and former courier for the king of Sweden, were held at the See Funeral Home Saturday. Rev. Jackson E. Turner officiated. Burial was in Brookside cemetery.

Capt. Arlen, who has been in failing health for everal years, died Friday morning at the Charlevoux Hospital where he had been admitted the evening before.

Born in Stockholm, Sweden, on Feb. 2, 1897, Captain Arlen graduated from the Karlberg Military Academy, the Kristranstad Artillery school and was a reserve officer in the Swedish army. He was an outstanding athlete in Sweden and had many trophies for sailing, skiing, rifle shooting and tennis.

He served as a courier for the king of Sweden and as such traveled throughout Europe to Canada and the United States. He first came to this country in 1919. Later he remained to become a captain on sailing and racing vessels on the east coast and came to Charlevoix from New York in 1932. He was skipper of the Malabar X from then until early in 1942 when the boat was docked because of the war. During the war years he was employed in Detroit. In failing health when he returned here, he was sailing instructor at the Belvedere Club for two years until illness forced him to retire.

He is survived by his wife, the former Astrid Kjellgren, whom he married in New York on April 15, 1929, his mother, Mrs. Fredrik Arlen, and a sister in Sweden.

• Mr. and Mrs. Archie Swartout of Milwaukee are the parents of a daughter, Nancy June, born Aug. 22.

Man Visits City For First Time Since 1895

A man in his 70's came back to Charlevoix last week end for the first time in 54 years.

Things have changed a lot, he said but it's the same old beauty. The man was John C. Condon of Three Rivers, Mich., who played baseball in a resort league in northern Michigan more than 50 years ago while attending college at the University of Michigan.

He was a guest of Mr. and Mrs. Fred England, Jr., of Ironton and Lansing. Still walking gingerly with a steady gait, Mr. Condon reminisced, recalling residents like Dr. LeFevre who was an enthusiastic baseball follower, and L. P. Adams, another well-known old timer.

While at the Courier office, he talked with P. R. Ross, former transfer man, who has lived here since 1889. While Mr. Ross was a young boy when Mr. Condon was playing ball, both remembered many of the same people.

Mr. Ross suggested Ralph Washburn as one who might know many of the people with whom Mr. Condon had known in the 90's. He said that several times in the last 25 years, he has wanted to visit Charlevoix but that something always interfered.

He recalled that the ball diamond was on the north side inside the race track. He also remembered that many outstanding baseball players had performed here.

Large Crowd At Dedication

A large crowd, many of whum were unable to obtain seats, attended the dedication of the new Bethany Lutheran church last Sunday in Charlevoix.

In an impressive ceremony the keys to the church were presented by Steve Rabb, chairman of the congregation. Formal opening of the doors was held in the afternoon and a festival service was held in the evening.

The Rev. Harold F. Krach, pastor, gave prayers and the dedicatory pledge. The sermon was delivered by Rev. Oswald Reiss of Detroit who is a member of the Michigan Mission board. The choir of Zion church in Petoskey sang several anthems. Mrs. Stanley Garthe was organists and choir director.

The Rev. F. J. Sattelmeier of Boyne City and several other Lutheran ministers attended the ceremonies.

Governor Plans To Attend Fair

Gov. G. Mennen Williams will appear at the Charlevoix County fair at 4 p. m. Sept. 8, County Agent Ed Retman disclosed Tuesday afternoon.

Governor Williams will attend the judges convention later that day in Charlevoix, it was reported.

The five-day fair, featuring harness racing, agricultural exhibits and $7,000 worth of premiums, will open Sept. 6 at East Jordan. Another highlight will be the weight-pulling contests for heavy and light horses. Prizes totaling $410 in each class will be awarded.

A total of $3,000 will be distributed in the harness racing Sept. 7-10, Jess Smith of Charlevoux, vice president of the fair, announced. An additional $400 in prizes will be given for the ball games.

The main feature of the fair's Saturday grandstand show will be the presentation of the Uncle Homer Maechem and his jamboree radio show.

• Mrs. Irene R. Linklater of Chicago and her parents-in-law, Mr. and Mrs. Charles W. Linklater, Sr., of Alanson, visited friends here last Thursday.

Those Funny Fellows Are Here Again

Heading the 10 SPEB quartets at the seventh annual Jamboree at the harmony concert at 8:30 p. m., Saturday in the high school gymnasium is the Mid-States Four, who captured international honors at the show in Buffalo. The quartet provides laughs as well as close harmony and proved a big hit last year. The quartet is recognized as tops wherever close harmony is sung.

McCabes Win District Title

McCabes of Petoskey captured the Class C championship in the Northern District finals here Sunday night, defeating Lakes of Cheboygan 5-2 before a large crowd.

Although rated underdogs when the tourney started, McCabes played good ball in eliminating Kalkaska, Brightons of Roscommon and Boyne City to win the right to represent the district in final play at Lansing this week end.

Dick Bare, whose pitching in the tournament was steady, twirled good ball, and with the aid of some timely hitting McCabes sewed up the contest in the first two innings. They tagged Greenwood the loser, for eight hits including McDowell's homer with two on base.

The tournament, the first complete set to be played in Charlevoux, was termed an outstanding success. Attendance was good at most of the games. It is expected that Petoskey or Cheboygan will be awarded the district tourney next year.

John Knight, district softball commissioner, said an effort will be made to hold an invitational tournament similar to that held at Ludington this year. He added that a great deal of credit is due the men who kept up the field and those who volunteered to umpire.

Escapes Injury

Patricia Guthman, 10, who was staying at the D. B. Silberman residence, escaped serious injuries Sunday afternoon when she rode her bicycle into the side of a car, driven by Mrs. Frances G. Levin of Detroit who is vacationing here. The accident occurred at Burns street and Petoskey avenue.

• Mrs. Lee Shapton and family, of Lansing are spending a week with her father, Robert Mathcett.

Charlevoix Is Hard Up

New City Garage Touches Off Long Talk on Finances

Approval of the construction of a city garage on May street Monday night touched off a long discussion on Charlevoix finances, which councilmen agreed has the city hard pressed to meet its obligations.

Councilmen okeyed the building of the garage, sorely needed to house heavy equipment including snow removal outfits and other rigs used in street maintenance, but several questioned whether it could be kept under $2,000 according to estimates.

City Auditor Don Swanton reported that the next two weeks will tell the story of whether the city will have to borrow money for operational expenses. City taxes are expected to be paid to a great extent before the penalty date Sept. 9. He pointed out that the rate of collection has not been as good as in previous years.

What Happened?

In an effort to determine what has placed the city finances at **such a low point, Mayor Ray** Hamilton said that the city has been going behind in the last four or five years, chiefly because of the water deficit which last year was more than $7,000 and this year threatens to be $10,000 or more.

The council at its last meeting decided to invoke the 1936 ordinance providing for water users to pay at the rate of 16 cents per thousand gallons of water to cover sewage disposal costs. From this pount on, the water deficit should gradually disappear, Mr. Hamilton said.

City Supt. Angus Leitch said that the building of the new bridge resulted in the city spending about $10,000 in the last year and that expenses have exceeded income. At this point, the mayor said that taxes have been too low in recent years to keep pace with the inflation in prices of city labor and materials.

He said that residents have no way of knowing how much it costs to operate Charlevoix at the present time. All agreed that the city situation is not critical over the long run, but that it may cause the council to have a few headaches before the financial situation is ironed out.

Kiwanis Club Hears Human Relation Talk

Human relations, a topic which is being given more attention by industrial firms, educators and psychiatrists than ever before was discussed by Harold Hawley, former member of the labor relations board of Ford Motor Co., who spoke to the Kiwanis club Monday night.

He pointed out that individuals have come to the realization that they must learn how to get along with other human beings if they are to live a happy existence. The ability of being a good listener, being interested in the other person's problems pay dividends in success and happiness.

Practice of the Golden Rule and wearing a smile were termed important in every day living by Mr. Hawley. He urged Kiwanians to remember the man's name the next time they are introduced. He also said that a great many persons have learned to think and speak quick on their feet through practice.

Gordon Freedman was program chairman. Roy Bennett presided over the meeting.

Harmony Concert Highlights Program Saturday Night

There's going to be a lot of good harmony in Charlevoix this week end. That's for sure.

This week end will mark the seventh annual SPEBSQSA Jamboree, which in the last few years has come to be recognized as one of the outstanding barber shop quartet events in Michigan.

Some 400 barber shoppers and guests from many points in Michigan and the middle west including a representation from the national chapter will converge on Charlevoix to sing "the sweetest music this side of heaven."

Chimax of Plans

For many weeks, even months, the local chapter, assisted by Boyne City and East Jordan quartets, have been looking forward to this week end and planning the activities of the four-day jamboree, opening Friday night.

High point of entertainment of the songfest will be the concert of quartets at 8:30 p. m. Saturday at the high school gymnasium. Leading the parade will be the fun-loving, exponents of close harmony—the Mid-States Four—international champions.

Ticket sales for the quartet program have been reported going at a brisk pace and indications point to a sell-out crowd. One of the reasons for the success of the ticket sales has been the drawing card of the Mid-States Four, who appeared last year and literally had the large crowd "in the aisles" from laughter and merriment.

10 Quartets

At least 10 quartets will take part in the program, augmented by the Snow Belt Chorus of 50 voices, directed by Loton Willson of Boyne City. Another ranking feature will be the appearance of Tom Needham of Detroit, profession song leader and noted chorus director, who will lead the audience in some close harmony on a large scale.

The only thing about the program that the local barber shoppers are silent is the stage setting under the direction of Bob Miles, who in the past two years has gained national SPEB recognition for the unique stage settings for this event. This year promises to be no different from last. The settings will be distinctly different and eye-appealing.

Other quartets scheduled to take part are: The Pitch Pipers of Grand Rapids, the Note-Orioles of Muskegon, the Huron Hoarsemen (eq) of Ypsilanti, The Party-Line Four of Grand Rapids, the Four Sharps of Portland, the Bay Tones, of Bay City, the Boyne Aires of Boyne City, the Remnants of Charlevoix and the Mountain Aires.

Surprise Quartet

One of the surprise quartets is likely to be the Huron Hoarsemen, four students, each about 20 years old from Michigan State Normal college, who began to sing together a year ago. They appeared before the local chapter.

The informal "wood-shedding" and practice will be held Monday.

Bowlers to Meet

A bowling meeting will be held at 7 p. m. Friday at the city hall. Persons interested in sponsoring or joining bowling teams are urged to attend.

School Days To Begin Again Here Sept. 13

School activities will be the order of the day beginning Sept. 13 for Charlevoix pupils as a summer of relaxation and enjoyment draws to a close for those of school age.

The school term of the 1949-50 year actually will get under way Monday, Sept. 12 when a teachers conference will be held at 10 a. m. An hour later high school teachers will meet to discuss their plans with H. E. Bingham, high school principal. At the same time, elementary teachers will meet with Frances Milner, elementary principal.

Later in the day there will be a distribution of teaching and instructional supplies, room and equipment study and a social hour.

Classes will start at 9 a. m. Tuesday with all students reporting for registration and assignments.

Three new teachers have been engaged to fill vacancies, Mr. Bennett stated. The name of a fourth teacher will be announced next week.

MSC Graduate

Holley Johnson, of Lansing, who is a 1949 graduate from Michigan State, will teach English and speech. Grayde Patterson has been engaged to teach homemaking. She is a graduate of Tennessee Polytechnic Institute, Cooksville, Tenn., and has been making her home at St. Clair Shores, Mich., while attending a business school in Detroit. Mrs. Kathryn Smith a Michigan State graduate and now a local resident, will assist in the teaching of the kindergarten.

The remainder uf the high school faculty will include Mr. Bingham, principal; English and speech, S. E. Coleman and Norman Gallagher; mathematics, Ray L. Kipke and Floranz Milner; social science, Mr. Bingham, Max

Father of Eight Passes In Home

Funeral services for B. Milo Miller, 68, father of eight children, were held at the See Funeral Home Tuesday. Rev. Jackson E. Turner officiated. Burial was in Brookside cemetery.

Mr. Miller died at his home Sunday evening following an illness of more than three years.

Born in Charlevoix Nov. 22, 1880, Mr. Miller spent his entire life in this community. He was a painter and decorator by trade.

He is survived by his widow, the former Laura Bassett; four sons, Milo, Jr., David, Willis and Robert all of Charlevoix; four daughters, Mrs. Helen Bennett of Erie, Pa., Mrs. Virginia Bacot and Mrs. Wilson Ward of Ypsilanti and Marilyn, at home; four grand children and one brother, Earl, of this city.

Attend Convention

Roy Gregory, welfare director, F. R. Bulow, county clerk, Orton VanDusen, Harry Craig, and Barney Milstein of East Jordan, members of the board of supervisors are attending the state convention of the department of social welfare boards in Saginaw. The convenion was to close today.

Coming Events

Sept. 1—Community Chest will elect officers at 8 p. m. at city hall.

Sept. 1—Norwood Farmer's Union, 8:30 p. m. at hall. Potluck lunch.

Sept. 2—Bowlers will meet at 7 p. m. at city hall.

Sept. 8—The Past Noble Grand club will meet with Mrs. Frank Novotny, 528 Petoskey ave., for a 6:30 potluck supper to be followed by a business meeting.

We Must Continue The Quest

Many small towns in Michigan have breathed pep into their communities by the addition of small industrial and commercial plants. The trend of locating plants in small towns and decentralizing the larger industrial giants in the metropolitan cities of the state has been greater since VJ Day.

Industrial management agrees that big city living does not appeal to the worker and investor alike. Labor troubles continue to snarl production, city traffic and high cost of living have encouraged the owners of plants to locate in the hitherto overlooked communities.

A number of Michigan small towns in the lower and upper peninsula have attracted steady payrolls. For example, Gladstone has an $80,000 branch plant of the Coleman Canning Co., of Coleman, Wis., employing 150 to 200 workers. Baldwin and Gaylord have attracted small plants. Harrisville is another town which has landed a small plant.

Bangor in Van Buren county is possibly the best example of industrial progress. It has gained six small plants employing a total of 500 persons. It has municipally-owned baseball, softball fields, plus a rebuilt football park which has been lighted.

These are ony a few of the examples of small communities being chosen as industrial plant sites. For the most part, management and labor have found harmonious relations far easier to achieve in a small town than in the larger cities.

While the efforts of Charlevoix Board of Commerce and others have not been succeeded in interesting an industrial concern to locale here, ground work is being laid toward that end.

We happen to know that Irish Coleman and others on the Board of Commerce are overlooking no bets. One concern recently was looking to settle here, but its financial setup was such that the business prospects did not appear stable. Naturally, the Board did not want to lend assistance to a project which might fail in the not too distant future.

We also know that John Knight, city councilman, has done a great deal of work in an effort to interest small plants to locate here. From this awareness should come an opportunity to obtain a small industrial plant of a type which need not interfere with the resort business of the residents.

While Charlevoix has always been known as a resort center, it is self-evident that the community can stand the help of increased payrolls from a small industrial plant. Employment of 100 persons in a plant would be a big help in the face of dwindling employment in the state.

Let's not overlook any opportunity to obtain needed employment in Charlevoix. Any community project must have the active support of the residents. The Board of Commerce aad the city council cannot do it all.

Two Ranking GOP Leaders

While it may be more than a year away from a general election in Michigan, much is being said about various possible candidates for governor.

The Republicans who were turned out of the governor's office under the leadership of Kim Sigler are anxiously casting about for the strongest possible candidate. That is we are hoping that the best GOP candidate will be given the support of the whole party in the gubernatorial race.

The record of D. Hale Brake, state treasurer from Montcalm county, and that of Rep. Albert Engel of Muskegon, one of the state's best congressmen, can stand closest scrutiny. The more thorough one delves into the records of these two convinces even the most skeptical that they are outstanding Republicans. They stand head and shoulder above others who might be considered.

Mr. Brake who in the past several years has been the lone voice of economy in our state government in the face of increased spending has won the respect of the Republicans and many Democrats who dislike deficits in any branch of government.

Having known Mr. Brake from working in his county, we have the highest respect for him. He has stood on his own feet and fought the bosses when the going was the roughest. He is an expert on state finances which is something this state has needed for many years.

He is no newcomer to Republican politics. He has been a state career man, devoted to serving his state in the best possible manner. Republicans and Democrats alike say that he is the best informed man in state service today. He has been an outstanding state treasurer.

Of Mr. Engel, we can safely say that his continuous effort to battle governmental red tape and grandiose spending of the public's money has stamped him as a congressman who will bear watching in the next few years if the Republican party is to snap out of the doldrums in Washington.

His one-man investigations of governmental spending during the last war, conducted at only a fraction of the cost of the more glamorous inquiries, raised him above the level of the average congressman. He stood virtually alone in his fight to have the level of the income tax dropped so that it would help more people who make $2,500 or less.

He had the courage to do this even against some Republicans who favored the Democratic bill. He lost out but his work was not forgotten. He endeared himself to many of the independent voters who do not vote for party labels. His star like Mr. Brake's is rising.

Both are capable men who are loath to see the state and national Democratic administrations spend the people's money on needless projects. Both are thorough-going men who have given many years to governmental affairs.

It is not too early to start watching the newspapers for daily accounts of the men who may be candidates for office in the 1950 elections. The best voter is the best informed voter.

Letter To the Editor

Dear Editor:

Couldn't do without the Courier out here in North Hollywood, Calif. Enclosing find $3.50 for another year's subscription. We will all be pulling for our mutual alma mater (Michigan State College 1907.)

Your writeup about the Carey boys interests me. I certainly hope they go places. They are cousins of mine. That Carey family is quite an athletic family.

Best success to you with the Courier. Your work so far has reflected your fine experience and training. You should be quite an asset to the community in making it a better city in which to live. More power to you. You sure picked one of the most beautiful towns in the nation in my opinion.

Very sincerely,
Galo E. Hines.

Dear Editor:

No more beautiful view exists in the U. S. than to stand near the bank corner and look across Round Lake. The beautiful picture is distorted by the ill-placed honor roll sign. We did and always will appreciate what our boys went through. That goes without saying. This sign absolutely serves no purpose now and should be removed.

Hammond - Fochtman Nuptial Read in Church Ceremony

In an informal ceremony performed at the First Congregational church at 11 o'clock Saturday morning, Esther Lou Fochtman, daughter of Mr. and Mrs. Angus L. Fochtman, became the bride of H. L. "Bill" Hammond, son of Mr. and Mrs. Louis Hammond of Lansing.

The Rev. Jackson E. Turner read the double ring service before an altar decorated with baskets of white gladioli and two seven-branch candelabra. Seventy-five guests witnessed the service.

Mrs. Webster Sings

Preceding the ceremony Mrs. Clair S. Webster sang "At Dawning", accompanied at the organ by Mrs. A. J. Stelter, who also play a program of traditional music and the wedding marches.

The bride, escorted to the altar by her father, wore a gown of white marquisette styled with a draped neckline held by an arrangement of orange blossoms, short sleeves and a panel of graduated ruffles from the bodice to the hemline of the full skirt. She wore a white picture hat and matching guantlets and carried a bouquet of white gladioli and asters.

Mrs. Robert Riggle of Lansing, was her sister's only attendant. She wore a green marquisette gown accented with a bertha, matching gauntlets and a green picture hat. Her bouquet was of yellow daisies and gladioli.

Assists Brother

Robert J. Hammond of Lansing assisted his brother as best man and Melvin Hammond, brother of the bridegroom and Robert Fochtman, William Fochtman and Richard. Fochtman, brothers of the bride, seated the guests.

Mrs. Fohtman selected a navy boucle suit, navy accessories and a corsage of rose gladioli for her daughter's wedding. Mrs. Hammond, mother of the bridegroom, wore a dubonnet dress with black accessories. Her flowers were a corsage of white gladioli.

Immediately after the ceremony a wedding breakfast for the bridal party and their immediate families was held at Shady Corner. Later in the afternoon from three until four o'clock a reception for 50 guests was held in the garden of Mr. and Mrs. C. S. Webster, uncle and aunt of the bride. A wedding cake was a feature of the refreshment table which was decorated with white gladioli. Mrs. Robert Fochtman served the cake and Mrs. Stelter and Mrs. C. S. Webster, Jr. poured.

The couple will makes its home in Lansing following a wedding trip through the Upper Peninsula. For traveling, the bride wore a beige gabardine suit and cocoa accessories.

Among the out of town guests were Mr. and Mrs. Louis Hammond, Melvin Hammond, Mr. and Mrs. Robert Hammond, Mr. and Mrs. Richard Bennett, Mr. and Mrs. Robert Riggle and sons, Thomas and John, all of Lansing and Mr. and Mrs. Earl M. Grove of Williamsburg.

• Mr. and Mrs. Robert G. Burhans and five children of Owosso spent several days with Mrs. Burhan's sister, Mrs. Edwin McCann. Their father, James H. Gallagher came from Beaver Island Monday to visit with them.

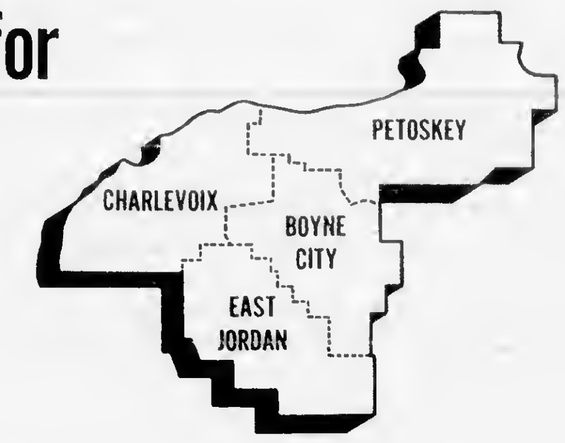
Coming September 10

A LARGER local telephone calling area for Charlevoix



SEPTEMBER 10 will mark an important improvement in telephone service for Charlevoix . . . the introduction of extended area service.

On that day, Charlevoix's local, toll-free calling area will be enlarged. Charlevoix telephone subscribers will be able to reach 5,500 telephones *without toll charges* — more than four times as many as they can today.

CHARLEVOIX *telephone subscribers will be able to call and be called by* BOYNE CITY, EAST JORDAN *and* PETOSKEY *subscribers without toll charge.*

Through the years, a natural community of interest has been built up between Charlevoix and these communities. Friendships have developed. People buy and sell back and forth. The life of Charlevoix has been closely linked with that of the others.

In communities where extended area service already has been introduced, the number of calls between the communities involved has increased 2 to 5 times. With Charlevoix's enlarged local calling area, telephone service will be geared to modern telephone needs and will become more valuable and useful than ever.

New rates, to be the same as Petoskey and Boyne City rates, will become effective September 10 when telephones in those towns are included in the local calling area.

Prior to September 10, Charlevoix telephone subscribers will receive complete information on extended area service, including the new rates. Please watch for this material!

Rural School Positions Filled

All teaching positions in the rural schools of Charlevoix county have been filled and opening dates for most have been set, Mrs. Walter Bergeon, Charlevoix county school commissioner, has announced.

Two new teachers will be in charge of the North Bay and Hortons Bay schools which will both open on Sept 6. Mrs. Gordon Moeller of Charlevoix will teach at the former and Miss Marie Thomas of East Jordan, who recently completed two years at Central Michigan College, Mt. Pleasant, will teach at the latter.

John Hickley of Petoskey, has accepted the position at the Chandler school. The opening date has not been announced.

Other schools opening on Sept. 6 and their teachers are: Bay Shore, Mrs. Mildred Coblentz; Murray, Mrs. Blanche Paul; Marion, Miss Betty Clarke; Norwood, Mrs. Grace Warner; Peaine, Mrs. Anna Left; St. James, Dominican Sisters.

The Ironton school with Mrs. Goldie Sommerville as teacher will open on Sept. 12.

the date of the opening of the Melrose township unit schools will be set at a meeting this week. The teachers will be Mrs. Layerne Barnes and Mrs. Lena Murphy at the Clarion school and Mrs. Georgia McKerracher and Mrs. Ethel Smallett at the Walloon Lake school.

Mrs. Bergeon has called a teachers meeting for all rural teachers at her office for 1:45 Friday, Sept. 9.

• Mrs. Henry Supernaw and children who have been visiting at St. James for several weeks returned home Sunday. Mr. Supernaw went to the island and returned with them.

Annual Community Chest Meeting Set For Thursday

Officers will be elected and committees appointed for the coming year at the annual meeting of the Charlevoix Community Chest at 8 p. m. Thursday, Sept. 1 at city hall.

The meeting was postponed on two occasions in recent weeks because only a small turnout attended. This is one of the most important meetings of the organization and members and others interested are urged to attend.

Tentative plans provide for the annual drive to be conducted in October simultaneously with campaigns in Boyne City and East Jordan in conjunction with the United Health and Welfare drive.

A drive chairman and his committee will be appointed. Robert Bridge is Chest president this year.

United Fund Meets Sept. 7 In Boyne City

The United Health and Welfare will meet at 8 p. m. Sept. 7 at the Dilworth Hotel in Boyne City to explain its aims in the county.

Jack Maynard, vice president of the J. C. Penny Co., who last year was chairman of the campaign in Michigan, will speak. He will explain the purpose and workings of the organization.

The aim of the United fund in the county is to carry out the wishes of the public at large which has favored a single drive for funds for agencies.

The Community Chests in Charlevoix, Boyne City and East Jordan will carry out their own drive and the United Fund will canvass for contributions in the townships.

Outstanding Young Quartet

The Huron Hoarsemen, one of the 19 quartets scheduled to take part in the seventh annual SPEB Jamboree, are four students at Michigan Normal college. Singing together only a year, they have competed in several state and national songfests. They and the Note-Orioles, also appearing here this week end are termed outstanding young quartets. Left to right are: Bill Wilcox, tenor; Ed Meade, lead, Burt Staffen, baritone and Bill Lucht, base.

Harmony Concert Highlights Program Saturday Night

(Continued from page one)

last Friday night at the city hall, and members were agreed that they will bear watching in future competition.

They sang "Dry Bones", "Honey", "Ain't She Sweet" and "Five Feet Two' and all who listened to their songs felt sure that they will prove to be one of the top crowd-pleasers. Dr. G. B. Saltonstall, who has heard quartets sing in a large number of competitions termed the Hoarseman a "most promising quartet."

John Grupa, president of the host chapter, has charge of Jamboree headquarters at Legion hall and is chairman of the chapter party Friday night. Boyne City and East Jordan chapters will assist with arrangements. Wives will be entertained Friday night by Mrs. Charles Hamlin and Mrs. Robert Miles.

The "Afterglow" party will be held at the Beach hotel under the genial direction of Dallas Henry for chapter members and visitors. A private buffet supper and dance will be held Sunday night at the Belvedere. Charles Sessions, Jack Dollenmaier, general chairman of arrangements, Dr. Saltonstall and Richard Saltonstall are in charge of the supper and dance.

Sings at Bellaire

The Charlevoices, a trio composed of Mrs. C. S. Webster, Mrs. E. D. Hawley and Mrs. Charles Bellinger, were in Bellaire last week where they sang at the annual Bellaire Literary Guild, library benefit tea.

Mental Hygiene Group To Meet

Committees of the Tri-County chapter of the Michigan Society for Mental Hygiene will meet Thursday, Sept. 1 at 7:45 p. m. at the Little Traverse Nurses home, Petoskey.

Mrs. A. J. Litzenburger of Boyne City, chairman, will meet with the program committee to prepare for a one day conference for the public on mental hygiene Oct. 29. Other members of the committee are Mrs. Louise Winsor, Mrs. Wayne Chamberlain, F. I. McDowell and Mrs. H. V. Liiga, all of Petoskey; Mrs. Mae Dayer of Indian River; Mrs. Marjorie Davenport and Gordon Freedman of Charlevoix; Mrs. Agnes St. Peter and Judge Robert Baird of Cheboygan and Lester Luce of Harbor Springs.

Members of the steering committee are Judge Leon Miller and Dr. R. F. Todd, both of Petoskey. They will meet to complete organizing details of the chapter including the nomination of a slate of officers and discuss activities for the coming year.

Harold Webster, executive director of the Michigan Society will attend the meeting to assist with plans. Mr. McDowell is president of the Tri-County group and Zelda Davis, secretary.

• Mr and Mrs. A. D. Supernaw who spent the summer at Elk Rapids, are spending a month at the Barr cottage at Pine Point. Miss Jane Barr and her sister, Mrs. John Navarro and daughter, Julia Mae, returned to Miami, Fla., last week.

Board Elects New Directors

Three directors were elected to the Charlevoix hospital board at the annual meeting Thursday at the city hall.

Max Novak, who was elected in 1948 for a one-year term, was re-elected for a three year term. Ralph Price and Charles Bleha, new members, were named to the board for three-year terms. They replace Dr. G. B. Saltonstall who resigned in February and Mrs. Ellen Hamlin whose term expired in July. Under the constitution of the American Hospital Association which has been adopted by the board of directors, members of the medical or nursing staffs cannot serve as members of the board.

Other board members are H. A. Craig, chairman; Mrs. E. K. Shanahan, secretary; P. D. Campbell, treasurer; George O. Haggard, Gordon L. Freedman, and Fred W. Willis.

The hospital board was to meet this Wednesday to select a five-man committee to serve on the fund-raising board for the proposed new hospital.

At the Thursday meeting reports were given by the treasurer and Miss Ann Baumgartner, superintendent of the Charlevoix Hospital.

Annual County Picnic Planned for Sept. 5

The annual Charlevoix county picnic will be held at 1 p. m. Labor Day at Whiting park.

The Chambers of Commerce in Charlevoix, Boyne City and East Jordan will supply coffee and cream for the picnic. The extension service has planned the games. Prizes will be awarded for all contests and games.

In addition, prizes will be given for the largest family attending, the oldest woman and man.

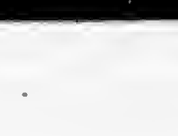
Kroger

Sink or Swim



One difference between old, tough peas—and young, tender peas—is that the old ones sink and the young ones float in a salt-water solution. On the basis of that fact Kroger Food Foundation scientists have developed a highly accurate method of determining maturity and quality of peas. This test is one of many used by the Food Foundation to safeguard the quality of food sold in your Kroger store.

Congratulations---

To the Congregation and the Rev. Harold F. Krach, Pastor of

Bethany Lutheran Church

For their generous donations and tireless efforts which Have made the construction of this church possible

The dedication last Sunday, Aug. 28, climaxed more than two years of planning and building this new church which parishoners hope will be the first step in providing area Lutherans with an adequate church and large parish house. Members of the church gave unstintingly of their time, efforts and money to make this church a reality.

The picture above the Altar is on oil painting on imported linens of Christ of Gethsemana.

Exterior of frame building.

Members began to meet in June 1947, at the city hall for their worship services. By dint of persistence and faith, they practically erected this edifice with their own hands. Actual ground breaking was done on March 8, 1949, less than six month ago.

May the church and its members grow through the years and their faith grow ever stronger in these unsettled times. May the church members whose desire for a house of worship of their own be crowned with the blessings of the Lord.

Duck Stamps Ready Here In Two Weeks

Lansing—With the passage of the federal Johnson-Thompson Duck Stamp bill, providing for an increase in the duck stamp fee from $1 to $2, Michigan's anticipated 100,000 duck hunters this fall will contribute about $200,000 for waterfowl conservation work in 1950.

The state conservation department estimates that last year 79,000 duck hunters shot 407,000 ducks in the short 30-day season with a general bag limit of four. With a 40-day hunting period and the same bag limit this fall, elimination of the joint opening with the pheasant season which prevailed last year, the normal or above average hatches by local nesting ducks, the department expects more hunters to be in the field Oct. 7-Nov. 15.

The U. S. Fish and Wildlife Service, in announcing the increased fee, says it expects stamp sales will exceed 2,000,000 nationally, last year's record figure. The duck stamp, which had sold for $1 since 1934, will be available at post offices in about two weeks. All migratory waterfowl hunters over 16 years of age are required to purchase a stamp. Hunters must sign across the face of the stamp and attach it to their hunting license.

Men of the prunitive Abor tribe wear bark loincloths with tails, according to the Encyclopaedia Britannica.

Former Resident Has Story In Magazine

Charlevoix residents who remember Louise J. Welker, daughter of Rev. Welker, one-time minister of the Methodist church here, will be interested in knowing that she has a story printed in the September issue of the Children's Activities magazine.

Always interested in the Indians and their legends, the story is called "Old Man Winter", a Chippewa Indian legend.

In a forward to the story Charlevoix is mentioned as the former home of Miss Walker.

Completes Studies

Patsy Davis, daughter of Mr. and Mrs. R. T. Davis, has completed her preliminary studies at North Central School of Practical Nurse Education at Traverse City and after a ten day vacation here, will enter the Little Traverse Hospitel, Petoskey, for a seven months affiliation.

• Lee Widdifield and a friend, Sally Clark of Chicago are visiting Lee's grandmother, Mrs. Margaret Widdifield while on vacation. Kenneth Widdifield of Minneapolis, Minn., is also visiting his mother, Mrs. Widdifield.

Mr. Taylor died unexpectedly Thursday in Petoskey following a heart attack. He was a native of the Petoskey area and was a Navy and an Army Air Force veteran.

Besides his wife he is survived by two children; his father, Adelbert Taylor; a brother, Ralph and a sister, Mrs. Louisa Hand, both of Walloon Lake.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island's gardens are desperately in need of rain. The long, dry spell has been wonderful for resort weather, but a detriment to the farms and to the blackberry crop.

Mrs. Walter Wojan and infant daughter returned from Little Traverse Hospital Monday. The Wojans have given the pretty name, Jeanne Marie, to the young miss.

Father Fabian Keenan reluctantly got aboard Tuesday's boat after two weeks spent on the Island. Enroute to Terre Haute, Ind., where Father Fabian is Chaplain a the Carmelite monastery, he stopped in Grand Rapids to visit relatives.

Raymond O'Donnell returned to Chicago with his brother, Bernard for a vacation. Bernard is an active member of the Beaver Island club in Chicago, the club responsible for the fine play ground equipment in the village.

Joy McDonough spent the past week on the mainland getting necessary dental work done, shopping and visiting.

Bert McDonough left Monday for Grand Rapids and Pontiac.

Bill Pat McDonough has returned to his home although his condition is not very good.

Mr. and Mrs. Rolland McCann left during the week for Springfield, Ky., to be present when their son, Roland, Jr., enters the novitiate of the Dominican order.

Mrs. Carl Left and twins, Sue and "Butch", visited Mrs. Left's parents in Charlevoix for a few days.

There was a general meeting Tuesday night in the Parish Hall to discuss plans for the new grade school.

Hugh Wilson, Ann Arbor, and son, Dr. Wilson, at present interning in Boston, arrived Tuesday for a short vacation on the Island.

A farewell party was given Kay McDonough Tuesday evening by Eleanor Gallagher at the Gallagher home. The guests were entertained with games and movies shown by Kay. Refreshments were served. Those invited besides the honored were Kay Wilmot, Grace Marie McCann, Rosemary and Ellen Nackerman, Jo Ann Pischner, Rosemary McDonough, Marjorie Martin and Janet Gallagher.

Mr. and Mrs. Norman Gallagher and daughter, Colleen, are visiting Norman's parents, Mr. and Mrs. W. J. Gallagher.

Aurey D. Strohpaul, publicity director for the West Michigan Tourist and Resort association, was on the Island this week taking pictures for next year's edition of the association's magazine.

Included in the recital party Thursday evening at the Palmer's home was a farewell gesture for Kay McDonough, one of Mrs. Palmer's outstanding pupils. Kay, who has made her home with her grandparents, Mr. and Mrs. W. J. Gallagher, left Sunday with her parents, Mr. and Mrs. John Peternard and brother, John William, for Chicago, where she will enter first year high school. Kay, who is only 13 years of age, has been organist at Holy Cross church for the past year.

The Miller family had a happy reunion over the week end. Mr. and Mrs. Arthur Miller, Detroit and Mr., and Mrs. Bill Miller, Toledo, arrived Saturday. Sunday, Mr. and Mrs. Arthur Miller, Sr., had all the family together around the table including the visitors, Mr. and Mrs. George Miller, Carolyn and Billy Miller, who make their home on the Island, and grandmother Webster, Mrs. Miller's mother.

Rosemary Nackerman is visiting in Pontiac, Detroit and Ypsilanti. She returned to Detroit with Mr. and Mrs. Gus Havelt. Mrs. Havelt was the former Ellen Gallagher.

School Addition Okeyed On Island

Beaver Island—The state board of public instruction has approved the plans for an addition to the present building now in use in the village of St. James.

The new building is being built on the lot next to St. James grade school, will be a frame structure, insulated, contain a central heating unit and will be modern.

Present school facilities are obsolete—room heated wiht stoves, no running water. Although the new school has been started, it will not be completed for use this year.

Betrothal Revealed of Betty Preston

Mrs. Earl R. Preston of Los Angeles, has announced the engagement of her daughter, Ruth Elizabeth "Betty" to Phillip R. Oiler, son of the late Mr. and Mrs. Robin Oiler of Pasadena.

The wedding will be an event of November.

Miss Preston, niece of Mr. and Mrs. Leo Carey, of this city, is a graduate of Petoskey high school and Michigan State College.

Mr. Oiler is an alumnus of Pasadena City College.

Karen Spaulding Presents Recital

Beaver Island—For many years, Mrs. Russell Palmer has brought the benefits of a musical education to the children of Beaver Island. On Friday evening, Aug. 26, Mrs. Spalding presented one of her youngest pupils, Karen Spaulding, 7, in Karen's first recital.

Her program included both piano and vocal numbers. Her classmates, Terry Hanley and David Wilson assisted her in several of the latter.

A musical evening followed, and refreshments were later served in Dr. and Mrs. Palmer's island home. Participating in the program were: Mrs. Arthur Miller, Mrs. O. C. Wright, Dorothy McCann, Mrs. Teddy Wojan, Janet Gallagher, Carolyn Miller, Davelin Wilson, Mrs. Lowell Hulburt, Eleanor Gallagher, Rose McDonough, Kay McDonough, Karen Ryan, Kathleen Gatliff, Sally Martin, Karen Pischner, and Mr. Spaulding who played several selections on the violin.

At the end of the evening, Mrs. Palmer presented Karen with a bouquet of giant gladioli.

Charlevoix Pops Up In Unusual Places

The name "Charlevoix", being an unusual name, always catches the eye of any Charlevioxan, regardless of the size of the print.

The latest appearance of the name has been found on a menu in the illustration accompaning a story in the recent issue of the Woman's Home Companion.

Legion Assisting Vets On Refunds

Ellsworth — The Jansen-Richardson post, American Legion, will assist all local veterans in applying for the National Life Insurance dividends.

This was announced Monday by Richard Dennis, vice commander. "Our post will have the necessary applications which veterans will need to make to the VA to get their NSLI dividends," Dennis said.

"Every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. The VA expects to pay out approximately $2,800,000,000 in these refunds. Payments per veteran are expected to average about $175, according to the VA. Applications should be filed as quickly as possible because it will take weeks and months for a veteran to get his refund check."

Actually, Dennis explained, the American Legion will put on the biggest manhunt in history in trying to locate veterans who are eligible for the NSLI refunds.

Final Service Set At Ellsworth Church

Ellsworth—Next Sunday evening will be the last of the evening Hour of Praise services which have been held this summer at the Christian Reformed church.

The services have proved very popular and have drawn capacity audiences. Starting time is 7:45 and a hymn sing precedes the sermon. Rev. Gerrit A. Lyzenga is pastor of the church, and the song leader is Henry J. Drenth of East Jordan. Bring your friends to the last summer service.

Breeders Note

John Wieland, president of the Antrim - Charlevoix Artificial Breeders association, announced that no service will be given until Sept. 8 from the inseminators. Likewise Clayton Healey, head of the Boyne City Artificial Breeders group, said that his association will not be active until after Labor Day.

before the council, requesting an apology from the police department for what she called "lack of action in answering a call to her home last week when several youthful roomers were acting up." The mayor, after hearing her version of the incident, referred it to the council police committee for investigation. Officer Brady disputed her version of the story.

The committee will endeavor to question Police Chief Clarence Heise and Officer Homer Brady, Mrs. Mitchell, several of her roomers and neighbors before reporting to the council as a whole at the next meeting.

The council also took under advisement a request from Charles Hamlin to have an area at Norwood road and Carpenter avenue designated as an industrial area instead of residential, third class.

Detroit Boy Faces Circuit Court Charge

Edward Goodman, 18 of Detroit, charged with carrying a concealed weapon, waived examination before Justice H. E. Paddock in justice court last Wednesday and was bound over to the Sept. 2 session of circuit court. He was released on a $500 cash bond.

The charge was made against Goodman following an argument with a local resident at a nearby eating place.

State Judges Open Convention Here Tomorrow

Fair To Observe Charlevoix Day This Thursday

The appearance of Gov. G. Mennen Williams at 4 p. m. Thursday will highlight Charlevoix day at the county fair at East Jordan.

The Democratic governor decided to speak at the fair in the afternoon program because he is scheduled to appear at the Michigan State Judges association convention at the Belvedere Thursday evening.

As has been the custom in previous years, many of the business places hare will close to permit employes and their families to attend the annual event. City and county offices will also be closed.

This year's edition of the fair got underway Tuesday when exhibits and concessions started arriving on the grounds. Acording to Ed Rebman, county agent and secretary of the fair, the midway is one of the largest ever to come to East Jordan. There are a large number of rides and numerous concessions.

$7,000 In Premiums

A total of $7,000 in premiums is being offered to exhibitors, farm, club, Grange and 4-H club exhibits, providing the largest premium list ever to be offered in this county. Exhibits, according to early registration, are expected to be even larger than last year.

A 40-horse program competing in harness racing, fast becoming one of the most popular sporting events, has been scheduled. One of the horses, Nifty Worthy, owned by Edgar Smith of Charlevoix, won the 2:22 trot at Traverse City last week and at Big Rapids the week before, is expected to break the county course record for the mile. The record is 2:10. A total of $3,000 in prizes is being offered.

Highlighting Children's Day—Saturday—at the fair will be special added attractions for them.

The Grand Rapids Black Sox, an undefeated colored team, will play East Jordan at 2 p. m., Saturday in what promises to be one the best games to be played in Northern Michigan.

A good program of free attractions, topped off by Uncle Homer Meachum and his radio jamboree show Saturday afternoon and evening is planned.

The favorite sport of the farmers—horse pulling contests will see some of the best teams in the state in action will be held Saturday evening in front of the grandstand. Some 30 teams are entered, competing for $410 in each of the weight classes.

Short Illness Fatal To Mrs. Wm. Knight

Mrs. William H. Knight, 79, resmore than 50 years, died late Wednesday at the Nuckles Home on May street following a brief illness. Funeral services were held at the See Funeral Home Saturday. The Rev. R. B. Warner officiated. Burial was in Brookside cemetery.

Born in Clinton County, Ohio, on April 24, 1870, the former Carrie E. Johnson was married to Mr. Knight in Ohio on April 28, 1898. They came to northern Michigan following their marriage and lived on a farm near Atwood in Antrim county. Following Mr. Knight's death Dec. 31, 1942, she moved to Charlevoix to make her home.

She is survived by two stepdaughters Arlie and Isabel Knight of Charlevoix, and a brother Edward Johnson of Washington Courthouse, Ohio.

School Starts

Classes for the 1949-50 terms at St. Mary's Catholic school will be resumed at the usual hour on Tuesday, Sept. 12, Father Leo Malinowski has announced.

Hospital Drive Fund Shows Big Increase In Week

The drive to raise $250,000 for a new hospital in Charlevoix is gathering momentum these days.

Tha hospital thermometar in East Park today shows mora than $25.000, and indicatlons are that tha fund raisers hopa to hit the $50,000 mark before too many weeks roll by.

A little restless because of lack of activity since the carnival which gave the hospital fund a good start, a group of hospltal minded citizens including several from the hospital board met last Wednesday to start things rolling.

Nine Pledge Gifts

Every one of the nine men who attended the meeting supported their hopes for a new hospital with a pledge to contribute a substantial amount. They passed a slip of paper on which they listed what they would give toward the hospital. Within a matter of minutes, more than $16,000 had been pledged.

A local physician pledged to give $7,500 to tha driva ovar a five-year period, anothar resident offered to giva $3,500 and so it want until all had signed their pledges. Thay expressed the hopa that marchants and others would be asked to contributa in the next few weeks.

Plans for keeping the hospital fund drive active during the next few months were diseussed. The possibility of staging a benefit football game between Charlevoix high school and another Northern Michigan school was suggested.

Members were agreed that a continuous list of activities is necessary to keep the hospital drive a going concern. Plans for such a program will be discussed at a later meeting.

Attending the meeting were Gordon Freedman, Earl Young, Kit Carson, Dr. L. E. Grate, Max Novak, Herb Schofield, Don Campbell, Dr. R. S. McClintock, and Bob Bridge.

Crash Victims Are Improving

Four persons seriously hurt in an auto accident Sunday night, were reported improving today in Charlevoix hospital. They were injured in a two car crash three miles north of East Jordan on M-66. A fifth patient, William Pardee of East Jordan, was released after first aid treatment.

Those who suffered severe injuries in a head-on collision of the two cars were Leslie Crain, 23, driver of one car who received a severe forehead laceration, a possible concussion and possible internal injuries; Tom Roof, 19, of Boyne City, a passenger in the Crain car, who has severe head and leg lacerations and a possible spinal injury; David Erickson, 21, of Central Lake, driver of the second car, a fractured jaw, and nose, lacerations and a possible ankle injury and Wanda Williams, 26, of Central Lake, a passenger in the Erickson car, who received a compound fracture of the left leg, a fractured right wrist, and severe lacerations.

Pardee who was thrown clear of the Crain car in which he was riding was removed to his home.

Deputy Harry Simmons, of East Jordan, Sheriff Floyd Ikens nd Deputy Ted Coblentz of Charlevoix, investigated.

Hiring of Teacher Completes Local Staff

With the naming of William L. Billings of Ishpeming as commercial teacher all positions on the faculty of the Charlevoix public schools have been filled, Supt. Roy G. Bennett has announced.

Mr. Billings, a native of Ishpeming, is a recent graduate of Northern Michigan Teachers College. He is a veteran of four and a half years army service. He has a wife and two children.

Charlevoix Gridders Face Tough Job In Defending Class C Title

Coach Ray Kipke is convinced that there is a lot of work to be done if Charlevoix gridders are going to keep their string of 27 games without a loss intact this year.

In fact the Charlevoix coach is not expressing much confidence these days. He is quick to tell you that his team does not have the depth and balance of last year's squad.

The locals have 12 lettermen back this fall as well as sevaral promising boys who played raserva football last fall.

Coach Kipke claims the team is not in as good a shape as they should be, chiefly because the rainy weather has halted practice. He is anxious that the squad of 50 hopefuls get as much practice as possible before the initial game with Grayling on Sept. 23. That is slightly more than two weeks away.

Co-Champions

Charlevoix Co-champions of the league with East Jordan last year figures to have more trouble in defending the title this year, particularly East Jordan. Kipke is fearful of Boyne City which may prove a surprise to league football fans.

So far the morning practice sessions have been devoted to calisthenics with some kicking, passing and tackling for the older, more experienced boys.

Lettermen around whom Coach Kipke and his aids bope to build another powerbouse are: Jerry Gibbons and Ed Kline, tackles; Tom Hamlin, guard; Charles Fairbanks, and Larry Paterson, center; but he is slated to be shifted to another spot in the line; George Haggard, end; Bill Barber and Bill Wallace, quarterbacks; Don Hardy, Jim Jolliffe and Ron Cunningham, halfbacks; and Jim Bowman, who played fullback and halfback, may.. be shifted to center.

Others who will be in there fighting for the right to start will be Jim Fiedler, end; Bradford Foster ,tackle; Fritz Allard, guard; Allan Louiselle, guard; Bruec Shanahan, guard and Dale Suomela, end.

The first team squad's only sophomore will be Charles Krahnke, who can play both at end and in the backfield. Eight of the squad's members are juniors and 10 others are seniors. The biggest trouble facing Charlevoix in the opinion of its coach is the lack of replacement material in the event of injuries.

The 1949 grid schedule:
Sept. 23, Grayling, here.
Oct. 1, Boyne City, there.
Oct. 5, East Jordan, here.
Oct. 14, Gaylord, there.
Oct. 21, Harbor Springs, here.
Oct. 28, Pellston, there.

City Praised For Sewage Disposal

Charlevoix is one of 45 Michigan cities listed on the pollution honor roll.

Only 109 cities in the state have installed sewage disposal facilities. Charlevoix was one of the first in the state to obtain an adequate plant, specially designed for sewage treatment. This city started building its sewage disposal plant in 1934.

Not only that, but since the plant was put into operation in 1936 at a cost of $79,000, city water users hava been receiving the benefits of tha plant without paying much for the service.

Only recently the city council voted to invoke the ordinance adopted in 1936 to charge 16 cents per 1000 gallons of water to cover the cost of the sewage disposal service. In any event, the plant here has been termed on of the best for small cities in Michigan.

According to Dr. Albert Heustis, Michigan commissioner of health, 45 of these cities having adequate plants, three other will have proper facilities as soon as current additions or corrections are made, and 61 have plants which are deficient in one way or another.

Scores of cities have been described as lax in their treatment of sewage.

Scout Budget Hike Revealed

A budget goal of $1,866 has been set for Charlevoix county's share of the Northern district Boy Scout program.

Other goals of the three counties are: Emmet, $4,303.33, Otsego, $733.33 and Antrim, $1,470. Discussing the budget, George F. Bohn, district chairman said that "unless we can raise this kind of money, we cannot hope to retain a fulltime, professionel scouter in the northern district If we cannot provide the type of program which justifies a full time man, then we should go out of business." The total for the four counties is $8,373.32.

In each county goal, it represents a 25 percent increase in contributions assessed last year. The increased budget will make possible the continuation of the services of Russell Porter in the Northern District..

Howard Brumm To Head Local CommunityChest

Charlevox organizations which want to receive public support through the Community Chest oiust be ready to present their applications by Sept. 19.

That evening at the City Hall the Chest directors will meet to set the budget for this year's Community Fund drive. The organizations wishing funds must show how much they will need, what work the money will do, and how the community will benefit.

Last year only four groups asked for help. They and the amounts voted were: Boy Scouts, $800; Grl Scouts, $550; community nurse, $500; Charlevoix Hospital, $1500.

Thursday night the present board met at the City Hall, and besides setting the date for the budget meeting, elected the 1949-50 officers and planned the fall campaign. Those present were Robert Bridge, Howard Brunm, Dr. Robert McClintock, Larry Feindt, W. F. Meyer, Charles Bleha. Mrs. Ruth Heilig, L. E. Towe and Gordon Freedman.

New Officers

The new officers are: Howard Brunm, president, sueceeding Robert Bridge; Mrs. Heilig, secretary, succeeding Gordon Freedman who was secretary-treasurer; Larry Feindt, treasurer. Both Bridge and Freedman served two years and asked to be replaced.

This fall there will be only one drive, both the Community Chest and United Fund eampaigns being handled as one. The Chest will be for strictly local needs; the United Fund will be state and national health and welfare services. At present only three major organizations have not joined with it: Red Cross, March of Dimes and American Cancer. It is not known f these three will conduct separate campaigns.

The new offiecrs are:Howard quota for Charlevoix County of $2097. Last year's was $3600. Of the $2097, Charlevoix city's share will be $559.20.

Children Raise $2.09 For Hospital Drive

The little children are working hard to build a new hospital.

The latest group of children last week collected $2.09 for the hospital fund by staging a party on the beach, Gordon Freedman reported.

The children were Marilyn Cotton, Harriet Brookstein, Bruee Colton, Helene Peareman and Paula Brose.

• Guests at the home of Mr. and Mrs. Alonzo Murray are the former's sister, Mrs. Lena Holland, of Philadelphia, Pa., Mr. and Mrs. Fred Kiner and daughter, Joyce, of Perryville, Ohio and Mrs. Vicilla Schafferberg and daughter, Martha Ann of Newport, Mich.

Quartets Put On Outstanding Show For Large Crowd

The largest crowd ever assembled to hear the annual SPEBSQSA Jamboree program gathered in the high school gym Saturday eveniog to hear a parade of 11 quartets present a versatile and entertaining program.

A noval stage-setting designed by Bob Miles depicting a cabin in the woods with the porch serving as a shall added to the program.

A clever job of 'm.c.ing' was ably presented by Jack Dollenmaier and Dal Henry who sat ont side the eabin, dressed as lumberjacks, reminiscing of the good old days in '49 when the Mid-States Four and all the other quartets gathered at Charlevoix for the seveoth annual jamboree. As they talked of the various foursomes, the quartets reappeared to preseot the same numbers they had sung 'way back when'.

Program Highlights

Highlights of the program were the appearance of the International champions, first in the straight role and later in a hilarious comedy show.

Other outstanding groups wera the Note Orioles of Muskegon, the Huron Hoarsamen of Ypsilanti, both composed of young collega men, and an unaxpected entry, the Harmaniacs of Holland, another collega foursoma. All quartets ware wall received and brought back for ancores.

Selections by the Snow Belt chorus and group singing led by Tom Needham of Detroit, added to the enjoyment.

The program was pronounced the "best ever presented by the Charlevoix chapter" In spite of the difficulties encountered by the local chapter in planning it. Added to that was the praise given by Jerry Beeler, International first vice president who stated that in loternational circles Charlevoix's Labor Day jamboree is considered an outstanding show.

Approximately 400 visiting barbershoppers and their guests were here for the show on Saturday as well as the chapter and ladies night parties Friday evening, the informal sing in East Park Sunday afternoon, the buffet supper and dance Sunday evening and woodshedding at the chapter headquarters and elsewhere on Monday before the visitors left for home.

Charlevoix Boys On Ferris Squad

Charlevoix has sent two men for the Ferris Institute Bulldogs football team this fall, and Don Brown and Gene Bridge are already at work under Coach Robert Sherman.

The two have a head start on the regulars who reported last Monday and are reported getting into good condition for the hard, nine-game schedule. Coach Sherman said he likes the way the two men are taking hold of their training and hopes they will bring added talent to his squad.

The schedule includes: Sept. 23, Central State,, home; Oct. 8, Detroit Tech, home for Homecoming; Oct. 15, Michigan Tech at Houghton; Oct. 21, Soo Branch of Tech at Sault Ste. Marie; Oct. 28, Northern Michigan, home; Nov. 4, Olivet College, there; Nov. 11, Adrian College, there; Nov. 18, Grand Rapids Junior College, home.

General enrollment of students took place Sept. 4 and 6, with regular classes starting today. The College of Pharmacy has been enrolled to capacity for months and now is enrolling students for oext year. The College of Commerce has a very heavy list of students while scores more are in College Preparatory and in the varions divisions of Trades and Industry.

Reminder of School

All pupils attending the Charlevoix public schools, including all kindergarten pupils, will enroll at 9 a. m. Tuesday, Sept. 13 Supt. Roy G. Bennett has announced.

Jurists to Hear Gov. Williams And Karl Detzer

Keep Your Eye On The Children

Here's a word of warning to all Moms and Dads in Charlevoix and Antrim county!

Accidents are the greatest kid killers in America. With schools opening another semester this week and next in these two counties, every driver of an automobile and vehicle should take a pledge to drive more carefally.

Aeeidents don't always happen to the other fellow. They happen to as just when we drop our guard or fail to use good judgement. Cars can mean so much pleasure. Bat they can also mean tragedy and sorrow to the families of boys and girls who will be thinking of other things instead of watching their step when crossing the street and highways.

According to the 1949 edition of the National Safety council's yearbook, "Accident Facts", accidents far outrank any of the more generally feared childhood diseases as a cause of death among ehildren 1 to 14 years of age.

There were 10,075 accidental deaths in that age group in 1948, three times more than were elaimed by pneumonia, the next most important eause of death. And accidents cansed 42 times as many deaths as polio.

All of as drivers should remember to look out for that child crossing the street, even if it means slowing us up and making us a few seconds late for dinner or appointment. Those few seconds may mean the ditferenee of a lifetime to some child.

Let's rather be late than sorry our car hit a child.

Let's Keep Them Coming Here

Now the folks in Charlevoix will have time to eateh up on their visiting and social obligations again.

The passing of Labor Day means the exodus of hundreds and hundreds of summer visitors and residents. Our town will shrink to its winter size (we are told that it is about 2500) and that the storekeepers, hotel and rooming house owners can relax a little bit and take it easy.

To those people whose financial stability depends on the summer season influx of visitors, this month will be devoted to attempting to determine how this past summer compared wih previous seasons.

In all likelihood, the season was not as good as 1948 according to several oldtimers who should know the local situation. Bat then this year has witnessed a sharp decrease in almost all types of basiness, industrial and otherwise, from Bangor, Maine to San Jose, Calif.

So the residents in Charlevoix have foand that things have quieted down from those busy postwar years when money was spent in more of a free fashion. The fact that basiness has quieted down will mean less profit naturally.

The people who gave service and satisfied their clientele need not worry when next summer comes. The visitors will be back, most of them will generally take vacations in northern Michigan. But it is up to us, all of us with whom they come in contact to see to it that they come back here rather than some other point.

Nature certainly endowed Charlevoix wih lavish gifts—three lakes and eool breezes to stimulate rest and relaxation.

The coming years are bound to witness a keen competition among areas trying to ontbid one another for the toarist and resort business. The commnnity and its residents who do the best job of making the summer residents and tourists feel at home will get the bulk of the business.

While nexl June may be a long way in the fature, it won't do any harm to canvass the situation and determine if there are some things tha might be done next summer which would attract more visitors.

Let's all give it a thoaght and discuss the various things that might be done to make Charlevoix a **must stop** on the vacationer's summer schedule.

Beaver Island May Turn Into Rabbit Hunting Paradise For State Nimrods

There are rabbits, plenty of them to be hunted this fall on Beaver Island.

Archie LaFreniere, secretary uf the Beaver Island association of Commerce, has broadeast an invitation at the suggestion of tha Beaver Island Game club to the state's hunters to do their hunting on the island this fall.

Not only have the rabbits reached the peak in numbers this year, but squirrels as well, LaFreniere said. Partridge hunting also is expected to be "normal or better" and no deeline has been noted in the deer herd.

A few years ago rabbits all but disappeared from the Island. With the cooperation of the native islanders who did not shoot them in the seasons when they were scarce, the animals have made a comeback and now are more plentiful than ever.

Archie Invites

The best part of LaFrenierc's invitation to the hunters to "come on out and get 'em" is the disclosure there isn't a "no hunting" signs to be found the length of the 17-mile long island that lies 32 miles off the Charlevoix port in Lake Michigan.

Accommodations for meals and lodging are available on the island at the King Strang hotel, at Lloyd McDonough's cahin camp south of St. James and at tourist homes. For those hunters who prefer to camp there are excellent campsites in every section of the island, with stores at St. James well stocked with the neeessities of a camp.

Baaver Island is raached by boat, which oparatas out of Charlevoix, sailing each morning at 8 a. m. and by air on planes thal operala out of Charlavoix airport whenavar there ara passengers to go.

For many years Beaver Island has been a popular hunting ground for deer hunters, but this will be the first season that small game has been sufficiently abundant to urge the state's hunters to come for that sport.

Beaver Island is inhabited by slightly fewer than 400 persons, of which approximately 175 are Indians, the balance virtually all of Irish extraction, which has given the land the name of Amerca's Emerald Isle.

"The islanders are a friendly lol of people who enjoy visitors from the mainland. We are hospitable here and we want to share what we have with othera, because we are a part of Michigan even if our homes do set far out into the big lake," LaFreniere said.

Colorful Spot

Beaver Island is a colorful community, rich in historic sites and lore. Still standing on the main street of St. James is the building that once housed the printing plant of the Mormon colony that occupied the island from 1847 to 1856 under the stern rule of King James Jesse Strang.

There are approximately 20 other Mormon buildings still standing. Fishermen from old Ireland inhabited the island soon after the Mormons were forced out following the assassination of King Strang in 1856.

In recent years many thousands of tourists have visited the island.

Joseph Scoggin Wins High Scout Position

Joseph W. Scoggin, long-time leader in Boy Scouting in this area, has been elected member at large of the National Council, Boy Scouts of America, for the year 1950.

Scoggin was also recently elected member at large of the Northern District, comprising Emmet, Antrim, Charlevoix, and Otsego counties.

The new national office, one accorded relatively few men in the entire country, involve attendance at policy - making meetings of the National Council, where the entire American Scout-program is defined, according to S. D. Warner, executive of the Scenic Trails Council.

Similarly, Scoggin will be kept informed of developments in Scouting at the national and state levels.

Polio Group Plans Annual Meet Sept. 16

The annual meeting of the Charlevoix county chapter of the National Foundation for Infantile Paralysis will be held at 8 p. m. Sept. 16 at the city building in East Jordan.

Glen D. Kittler, Northern Michigan representative for the Foundation, will attend. Residents are urged to attend to hear Mr. Kitler who will answer any questions relative to the Foundation's activity in combatting polio.

Mrs. Walter Davis of East Jordan, president of the county chapter, will have charge of the meeting.

Mass Schedule

Effective Sept. 11 the hours of Mass at St. Mary's church will be 8:30 a. m., 10:30 a. m. on Sunday and 8:30 a. m. week days, the Rev. Fr. Leo Malinowski, pastor of the church has announced.

A recipe for the liquor benedictine was discovered by a learned monk in 1510.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A son, Edward Michael, born to Mr. and Mrs. Arnold Moore of East Jordan, Sept. 3.

A daughter, born to Mr. and Mrs. Leon Peterson of East Jordan, Sept. 5.

Mr. and Mrs. Ray White of Grand Rapids, are the parents of a son, Daniel Paul, born Sept. 4.

Dr. and Mrs. Lyle Ance of Detroit, are the parents of a daughter born Aug. 14.

Mr. and Mrs. John Curtis of Detroit announce the birth of a son on Aug. 27.

New Law Affects Kindergarten Age

Children may enter kindergarten classes this year even though they don't reach their fifth birthday until November, according to an amendment to a state statute.

The Charlevoix School disriet and others in the state will not receive state aid for these children but they can be enrolled if their parents so wish. Until this year, the local school like many others in Michigan would not accept kindergarten children if they reached their fifth birthday after Nov. 1.

This acceptance of kindergarten pupils who had not reached their fifth birthday by Nov. 1 has been a controversial one for many years. It was in recognition of this that the law was changed.

Workshop Here Ends Session

Elvira Escabar, an exchange student from Guatamala, was one of the guest speakers last week at the Central Michigan Workshop at the local school building. J. D. Marcus, department of field services at Central Michigan college, directed the ten week workshop which ended Aug. 27.

In her interesting talk, Miss Escabar told of the educational system in her country and the efforts being made to bring schools to all classes of people.

Other speakers were E. E. Wade of East Jordan and H. C. Spitler of Petoskey, superintendent of their respective schools. They spoke on finance and Mrs. Wilbur Robertson, school nurse of East Jordan, talked on public health in schools.

Fifty-one teachers and school officials attended the two weeks course offered here. The course will be completed in a series of five meetings during the fall. The last to be held on Nov. 5. Ella O'Neil, elementary critic teacher and Gladys Griffith, elementary consultant, were the instructors for the course.

Ellsworth School Set For Opening

Ellsworth—Earl M. Jones, who will start his second year as superintendent of Banks Township public school this year, announces that the school term started Tuesday with all faculty members hired.

Five new members have been secured as replacements. They are: Mrs. Anna Warner of Charlevoix, who will teach home economics and junior high English; Miss Hope Greene of Ann Arbor, remedial reading; John Clippard of Coopersville, athletic coach, who will teach science; Morse Gallup of Mt. Pleasant, shop and agriculture; Mrs. Gallup music, and Theodore Acheson, Central Lake, commercial and mathematics.

Miss Golda Mae Sherk of East Tawas, kindergarten teacher, is the veteran in point of service and is returning for her tenth year here; Mrs. Max Bolser of Ellsworth will teach grades 1 and 2; Mrs. Harold Edson of Ellsworth, 3 and 4; Mrs. Earl Farrell of Ellsworth, 5 and 6; and Kenneth VanderMeullen of Kalmazoo is starting his second year here. He is school principal and will teach English in the high school.

Ebenezer Christian school will also open next Tuesday and Miss Muriel Vinkemulder will start her third year and Miss Thelma Ploegstra will start her second term. Both are from Rudyard.

$4,000 In Lumber Lost In Crossing

Beaver Island—Theodore Wojan, Beaver Island lumberman, lost a nestimated $4,000 worth of hemlock boards in an effort to transport the load of lumber from the Island to Charlevoix.

The lumber, loaded on a barge and towed by "The Tramp" left Beaver Island about 1::00 p. m, Aug. 30. In crossing, the tow post broke and the barge went adrift. The stiff wind blowing at the time made it impossible to salvage the barge. From reports, none of the lumber has been recovered.

Last Year, Tony Wojan, father of Theodore, tried a similar fete. He tried the old fashioned method of rafting. The raft towed by the "LaFond", a Beaver Island fish tug, broke loose. The elements were in Tony's favor—all the lumber drifted up and the Island, was picked up and saved.

Watch Air Races

Mr. and Mrs. Joe McPhillips were in Cleveland Saturday and Sunday where they attended the Bendix Air races. They made the trip by plane. They saw several of the races as well as the air show staged by the armed forces and civilian fliers. They also saw Bill Odom and the plane in which he crashed Monday.

June Kohler Feted At Several Showers

Jane Kohler, whose marriege to Robert Grant Lieberman of Saginaw will be an event of Sept. 17, has been honored at several showers recently.

Among them was a miscellaneous shower last Tuesday evening at the See cottage at Oyster Bay by Mrs. Glenn See and Mrs. Oakley Hammond. A clever 'wishin well' held the many lovely gifts presented to the bride-elect by the 25 guests present. Refreshments followed the social evening and card games.

Later in the week Mrs. Charles Bellinger, Mrs. Don Bellinger, and Mrs. John Rathburn entertained Miss Kohler at the Bellinger home. A large round box decorated as a wedding cake held the many gifts. A social hour was followed by refreshments.

Invited guests were the Mesdames Carl Kohler, Martha C. Ripley, John Mol, William Heering, Gerald Chambers, William Lusk, Keith Wagner, James Krulik, Fred Arlen, Harold Byers.

Also the Misses Joan Heise, Ione Mosier and Nancy Heering.

Earlier while visiting in Saginaw Miss Kohler was guest of honor at a towel shower given by her former roommate at Alma College, Mary Ann Morris, and a miscellaneous shower given by Betty Nagle. Table decorations at the latter included dolls dressed as the bride and members of the bridal party.

Announce Marriage of Mrs. Alice Powers

The marriage of Mrs. Alice Powers and William Flynn has been announced by her mother, Mrs. Mary Dixon. The ceremony was preformed at Bellaire on Saturday, Aug. 27.

The couple plan to make its home in Charlevoix for the present.

Roberta Paddock Becomes Bride at Midland Ceremony

Roberta Ann Paddock, daughter of Mr. and Mrs. Richard K. Paddock, became the bride of Thomas David Sinclair, son of Mr. and Mrs. John L. Sinclair, at a ceremony preformed by the Msgr. Joseph B. lling at the rectory of St. Brigid's church, Midland, at 1:30 p. m. Saturday.

The bride selected a ballerina length taffeta gown styled with portrait neckline and a wide bertha, for her wedding. Her shoulder length veil fell from a matching bonnet and carried a Colonial bouquet of gardenias and stephanotis.

Mrs. Hugo H. Barbian, of New Haven, Conn., as her sister's only attendant, wore a gown of mauve irridescant taffeta made similar to the bride's and a matching bonnett. Her bouquet was of Lestra Hebberd roses.

Richard Sinclair, of Bay City, assisted his brother as best man.

Mrs. Paddock chose a teal shaded tissue faille dress with black accessories and a gardenia corsage. Mrs. Sinclair wore a brown crepe dress and matching accessories. Their corsages were of gardenias.

An informal reception followed at the home of the bride's parents. The wedding cake was flanked by crystal candelabra and white flowers.

Wedding Trip

After a wedding trip through northern Michigan the couple will live in South Bend, Ind., where the bridegroom is a student at Notre Dame University. For traveling the bride wore a black faille suit, matching accessories and a green orchid.

Among the pre-nuptial events for the bride was a crystal shower given by Mrs. Clarence Bridge. On Friday evening Mr. and Mrs. Sinclair entertained the bridal party and their families at a dinner at the Country Club.

Among the out of town guests were Capt. and Mrs. H. E. Paddock and Miss Marjorie Webster of Charlevoix.

Seven Years Old

Ten little friends joined Nancy Staley in celebrating her seventh birthday Aug. 27 with a lawn party. Several games were played, after which refreshments were served at a table decorated with gay favors and two birthday cakes.

Bridal Shower Honors Miss Betty Evers

Betty Evers, whose marriage to Alfred Bergmann was an event of Sept. 1, was honored at a bridal shower given by Mrs. William Bergmann at the home of Mrs. Bruce Henley Tuesday evening. Games with prizes going to Mrs. Richard Bergmann, Mrs. Robert Pearl and Mrs. Walter Henley, Jr., were followed by a social hour and refreshments. Late in the evening the bride-elect was presented with many gifts.

Invited guests were Mrs. Fred Bergmann, Mrs. George Bergmann, Mrs. Ted Bergmann, Mrs. Eugene Bergmann, Mrs. Joe Beecher, Mrs. Warren Allison, Mrs. Bea Richardson, Mrs. Don Parsel, Mrs. Walter Henley, Sr., Mrs. William Evers, Mrs. Arthur Ranger, Mrs. A. C. Palmer, Mrs. Charles Bergmann, Mrs. James Beacham, Mrs. Robert Mitchell, and Delores Winnick.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

For the most part this summer, crossing to the Island via the North Shore has been pleasant, but comes this time of year the blows arrive. Thursday, the wind whipped the lake into such a rampage the boat was unable to make the crossing. For three days, the volocity of the wind did not dimish, but the North Shore lunged across Friday and Saturday in safety. Sunday the lake smoothed out to almost a standstill to accommodate those who had waited patiently for a good day.

Dr. and Mrs. Dick Gorman and Mrs. Gorman's mother, Mrs. Ellie Bonner, summer residents of the Island, have returned to their home in Detroit.

Mr. and Mrs. Paul Helfin flew to Charlevoix Friday to start their treke back to their home in Chicago. It is with a great deal of reluctance the Heflins leave their lovely Island home each summer.

Bertha McDonough, who was on leave from her position in Detroit for the summer and assisted Vernon LaFreniere in the Shamrock Tavern, has returned to her desk in the big town.

Mr. and Mrs. Dave Wilson and children returned to their home in Ferndale after a summer spent in the Island home. During the summer the Wilsons split stone fireplace and connecting outdoor oven was built and it is not only beautiful but unique in arrangement.

The school bell will ring Wednesday. The teaching staff at St. James grade and high school include, Sister Gilbert, Sister Rose Alma, Sister Rose and Sister Leonora. Sister Leonora is a native Islander and taught in the Island schools before joining the Dominican Order, has been stationed at the Motherhouse, Marywood, in Grand Rapids for a number of years.

Beaver Island's flying cadets are coming right along. All nine have the end of their shirt tails pinned up in the instructor's office. Beaver's flying men are Donald McDonough, Archie LaFreniere, "Chuck" Kleinheintz, Peter and Lester Gallagher, Joe Dillingham, Teddy Wojan, "Buster" Elms and Bob Ricksgers.

Mrs. Jean Slack and son, Stephen, Dayton, have been guests of the King Strang Hotel.

Mr. and Mrs. Giovanni Suter and son, Jackie, Chicago, spent the past week at the King Strang Hotel.

It's cranberry time on the Island. Groups going out to the marshes are getting a nice supply for the winter.

Blackberries are very scarce. The long dry spell caused the berries to drop off the bushes before ripening.

The North Shore made two trips Saturday and Monday to accommodate the holiday visitors.

Henry Allen and son, Tom were guests of the Hanley family for the past week. Jerry Hanley, who has been visiting in Ann Arbor returned with the Allens.

Occupying the McDonald cottage are Mr. and Mrs. Raymond Smith and children, Jimmy and Timmy, South Bend; and Mr. and Mrs. George Russell and daughter Leslie, Mr. and Mrs. Donald Merry and children, Sandra and Donald.

The Gordon family, Mrs. Margaret Gordon, Ann Gordon, Mr. and Mrs. Carl Gordon and son John, all of Chicago, were on the Island for their annual visit. They were guests at the King Strang Hotel.

Marge and Bill Spalding spent the week end with Bill's parents, Mr. and Mrs. Fred Spalding. Karen returned home with her parents.

Mrs. Arthur Ryan spent a week with her parents and returned to her home in Chicago with her two youngsters who have spent the summer wih their grandparents, Mr. and Mrs. L. J. Malloy, Sr.

Rose and Burnelle Greene visited their parents, Mr. and Mrs. Anthony Greene over the week end.

Mrs. Lowell Hulbert and two children who have spent the past two months as the guest of Mrs. Irene LaFreniere has returned to their home in Clifton, Colo. Mrs. Grace Behm, mother of Mrs. Hulbert, was. also a recent guest of Mrs. LaFreniere.

Much concern has been felt over the news of Mr. and Mrs. Art Larsen's three grandchildren who were stricken with polio about three weeks ago. The children, Janice, age 2½, Kenneth, age 8, and Arthur, age 10, are reported to be improving. They reside in Holland with their parents, Mr. and Mrs. Ray Souter.

The yacht, "Simokon" was in port over the week end. Aboard were Skipper Dick Vernor and Mrs. Vernor, Bay View, Mr. and Mrs. Robert H. Ross, Dayton, Alene Calveart, Louisville, F. Dudley Vernor, Detroit.

The Christian Brothers, who have spent the month of August in retreat at the Brother Domnan Memorial Lodge, retreat Saturday. The brothers have been coming to the Island since the year the lodge was completed—1929. The retreat master this summer was Rev. Father William J. Hannan, S. J., who makes a specialty of directing retreats.

Bergmann-Evers Rites Solemnized At Bethany Church

In a quiet ceremony solemnized at the Bethany Lutheran church at 7:30 Thursday evening, Betty Marie Evers, daughter of Mr. and Mrs. William Evers, became the bride of Alfred A. Bergmann, son of Mr. and Mrs. Fred Bergmann.

The Rev. Harold Krach read the double ring service in the presence of the immediate families.

The bride selected an afternoon dress of white linen with lace inserts and white accessories for her wedding. She carried a colonial bouquet of yellow roses and white bebe mums. Her only jewerly was a gold cross, a gift of the bridegroom.

Mrs. Bruce Henley as her sister's matron of honor wore a yellow suit dress, navy accessories and carried a bouquet of pink carnations.

William Bergmann was his brother's best man.

Mrs. Evers chose a navy print dress and black accessories for her daughter's wedding. Mrs. Bergmann wore a black print dress and matching accessories. Both had corsages of pink roses and carnations.

Immediately after the service a small reception was held at the home of the bride's parents. A wedding cake centered the refreshment table.

After a wedding trip through the Upper Peninsula, the coupla will make its home on Prospect avenue. For traveling the bride wore a navy suit and white accessories.

300 Persons Attend Annual County Picnic

More than 300 persons attended the annual county picnic Labor Day at Whiting park, despite the inclement weather.

A series of games were played under the direction of Coach Brotherton, K. C. Festerling, district 4-H leader and County Agent Ed Rebmn.

Mrs. Addie Barber of East Jordan, 82 years old, received a box of candy for being the oldest woman attending. Chris Drost was the oldest man. He is 84. The largest family attending was that of Frank Hayden with nine of his 10 children at the picnic.

Mrs. John Holmes, Marion township resident who observed her eighty-eighth birthday anniversary Aug. 29, was guest of honor at a surprise potluck supper and party at the home of Mr. and Mrs. Lawrence E. Boss Monday evening.

A feature of the dinner was a four-tier birthday cake made by Mrs. Boss and Mrs. Frank Matchett. Mrs. Holmes who has always resided in the community, received many gifts.

Guests were Mr. and Mrs. Boss, Mr. and Mrs. Frank Matchett, Mr. and Mrs. Ed Boss, Mr. and Mrs. Ed Potted, Mr. and Mrs. Sanford Matchett, Mr. and Mrs. Charles Warner, Mr. and Mrs. Myron Wertman and Mr. Holmes.

Coast Guard Station Gets New Lifeboat

The Charlevoix life boat station has received a new life boat, Commanding officer Joseph Etienne, has announced. The boat was delivered here from Milwaukee, Wis., by Robert Somerville, BM 1/c, and Howard Brown, Eng. 1/c, who went to Milwaukee from the local station to return the craft across Lake Michigan.

The life boat, built in Baltimore, Md., by the U. S. Coast Guard, is 36 feet in length and is powered by General Motors 71 diesel.

The old life boat, which has been in service here for many years, has been ordered sent to South Manitou Coast Guard for replacement of an old boat there.

Fall Clothes Styled At Belvedere Show

Fashions formed an important part of the annual Belvedere cabaret last Saturday night at the Casino. The fashion show, headed by Mrs. Walter Ware and with club members as models gave a preview of fall and winter clothes.

The children paraded down the ramp first. Sister outfits were seen several times, in school and party clothes. Plaids were important, being used in almost everything from suits and skirts to rain coats.

Several striking suits were modeled. A camel'a hair suit with matching topcoat lined in plaid, shown by Barbara Cross, and a wine velvet dressmaker suit modeled by Mary Stella Moss gave a prevue of fall.

Even the men had their day in fashions, showing school sweaters and sport clothes. Bobby Leatherman was the bright spot of the evening in a red hunting outfit that couldn't be confused with a deer.

Mrs. Sherer and her daughter, Ann, modeled matching corduroy jumpers. For more formal occasions Susan Valier wore a black faille dress with a strapless velvet bodice.

Outfits of striped ticking for the shirt and shorts with red calico shirts were presented. Barbara Ingham modeled a red quilted calico suit, and some interesting jewelry was shown with the clothes.

Colonel McCann Will Attend Air College

Financial Crisis Getting Worse For Charlevoix

The financial plight of the city of Charlevoix, which overshadows all other city council business, continued to plague the aldermen Monday night at their regular meeting.

Tha city is finding itself in such a financial position that bills for the two-week period, amounting to more than $29,000 were ardered paid piecemeal as the city collects its taxes. Included in the bills was a note for $15,000 due ane of the benks here this Thursday. The sum was borrowed last spring.

Acting Clerk Don Swinton dlsclosed to the council that about $18,000 in property taxes were collected up to Sept. 1 of a possible $40,000 due the city. Taxes have been pouring into the city in the last few days before the Sept. 12 deadline.

No Estimate

He was unable to estimate how much had been collected in the last few days but explained that a tabulation will be available this Thursday.

Mr. Swinton said that the bonded indehtedness of the clty amounted to $217,000.

The council autharised the instellation of water melns on Shermen street, off of Garfield street. The malns are two blocks from there. The action was taken after a group of residents, of which Bill Sharrow was spakesman, appeared before the council. Thare are six homes on the street. The homes will have weier piped to them es soon as it is possible, Mayar Hemilton assured the residents.

An investigating committee, composed of three councilmen, who questioned several persons relative to the complaint of Mrs. Arthur Mitchell reported. The committee said that the police department did everything possible in the situation. Both the Police Chief Heise and Officer Homer Brady preformed their dutles in answering the complaint of Mrs. Mitchell. The police were commended by the council.

The council also adopted a resolution, renewing the street maintenance contract with the state highway department. It also approved increasing the pubIle liability and property damage features of the fleet insurance policy covering the city vehicles. Charles Hamlin has the policy.

Parking meters will be removed from side streets starting Thursday. Those along Bridge street will be taken up Oct. 1.

District Nurse Plans Beaver Island Visit

Mrs. Marian Rice, nurse from District Health Unit No. 3, plans to leave next Monday for a two weeks stay at Beaver Island.

It is the first time the health unit nurse has visited the island during the school year and Mrs. Rice has hopes of giving the children there the same service offered elsewhere.

She is taking with her an audiometer, an instrument which tests the hearing of 40 children at one time and Massachesetts vision testing equipment to test the eyes of all students enrolled in the St. James and Peaine schools.

Following her visit special arrangements will be made to eare for any children who will need special care.

There are approximately 100 puplls in the two schools.

Rites Held Saturday For Bert Frank, 24

Ellsworth—Funeral services for Avee Bert Frank, 24, son of Mr. and Mrs. Warren Frank Route 1, three miles east of Elisworth, who died Thursday, were held Saturday at Alba. Burial in Alba cemetery.

He was born Oct. 4, 1924 at Cerndale and came here with his parents in 1938. He had been ill several months, but his death was unexpected, as he had been some better recently. Surviving are the parents; a sister, Mrs. Jeanette Moore, and two brothers, Marvin and Frank, all at home.

Goldman Fund Aids 25 Needy Persons During Last Year

Charlevoix should consider itself fortunate to have the Lenore Goldman Myer Memorial fund.

During the past nine years, more than $10,000 has been expended by the committee in charge of the fund on needy cases in this community needing money to tide them over an emergency.

At the annual meeting of the fund, held Sept. 6 in the home of Alvin D. Goldman, who started the fund in memory to his daughter, who died in October, 1940, reports on the persons assisted during the last year, were reported. At least 25 persons have been aided annually since the fund was started.

Much of the assistance to needy individuals in this community will never be told. Names are hardly, if ever, mentioned. The purpose of the fund ,according to the committee in charge, is to provide assistance and not publicity of its activities.

It was brought out from questioning at the meeting, that were it not for the fund, assistance would be asked of merchants and other residents. To date, a total of $11,500 has been placed into the fund by Mr. Goldman of which the $10,000 has been spent. Mr. Goldman stands ready to replenish the fund whenever necessary.

The local committee, Mr. and Mrs. Robert Bridge, Mr. and Mrs. William F. Myers and Mr. and Mrs. Arthur Ranger, expressed their appreciation to all those who have had a part in the memorial fund since it was founded.

Marion Resident Stricken In Well

The body of Willard A. Herrington, 64, Marion township aplarist, was found in the well at his farm home Sunday by a visitor who started a search when he failed to find the elderly bachelor at home.

It is believed Herrington let himself into the 15-foot well through the 18 inch tile in an effort to repair it and died while trying to pull himself up the chain he had placed on a pole over the mouth of the opening. He had told neighbors earlier in the day that he planned to repair the well.

Floyd Hinds, 18, worker at thn nearby Fairman Orchards reported the accident to Charlevoix county officers about 12:30 p.m. Sunday when he visited the farm and found Herrington in the well.

Coronor Dr. R. S. McClintock said death resulted from cardiac failure due to exhaustion, probahly suffered when he attempted to pull himself from the well.

The body was transferred from the See Funeral Home here to the Hastings Funeral home in Ellsworth. Funeral services were held at 2 p. m. Wednesday at Pilgrim Holiness church. Rev. J. Muelman will officiate. Burial will be in Ellsworth cemetery.

Born in the Upper Peninsula, he had resided in Marion township for the last 12 years.

He is survived by one brother, Leonard, who lives near Ellsworth.

Sheriff Floyd Ikens, Deputy John Norton, accompanied by Dr. McClintock, investigated.

Temporary Bridge Moved to Ironton

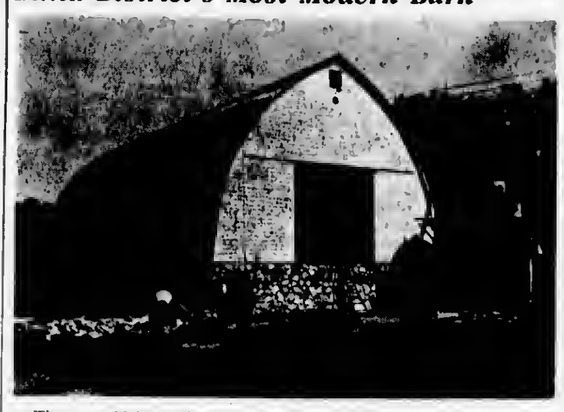
The pontoon bridge, used over Pine River on the temporary highway while the present Memorial Bridge was under construction, has been dismantled by the Lamb-Luedtke Construction Co., and will be carried by scow to the Mark Wilson property near Ironton for storage.

Tbe hridge has been completely dismantled, the pontoon removed and the entire structure given a protective coat of paint in preparation for the storage. It is expected the company will continue to store it at Ironton until it is needed on another construction job.

Pythian Delegete

Albert Edwards was in Grand Rapids last week where he attended the annual state convention of the Knights of Pythias lodge. He was a delegate from the local organization. Harold Miller was also in Grand Rapids and attended the sessions.

Blanchard Family Pools Effort To Build District's Most Modern Barn



The new 36 by 80 barn on the Clinton Blanchard farm is shown at the left. Standing in front of it discussing the silo are Clinton Blanchard and Arthur Harrod of Lansing. On the scaffold is Rex Blanchard. Burr Blanchard and Walter McElroy were inside working on the foundation and paint jobs when the picture was taken. The silo was only half completed at that time. At the right is what remains of the old barn, which was half torn down to make room for he silo.

United Health Fund Drive To Start Oct. 17

The United Health and Welfare drive is actually a Community Chest on a state-wide basis, said Jack Maynard, retired vice president of J. C. Penny Co., and campaign chairman last year, who spoke at a county meeting last week at Boyne City .

The United Health and the Community Chest drives will run at the same time in Charlevoix county with the United Health campeign being directed in the townships and the Community Chest in the three cities in October.

Mr. Maynard told the group that the United Health drive has the active support of the Farm Bureau, Grange, AFL, CIO, management of most industries, educational and medical organizations. Ray Brown, representing the CIO leather workers in Boyne City, reaffirmed his union's position in backing the drive.

It was agreed that the money raised for polio services which was not previously accepted when offered to the National Foundation for Infantile Paralysis be offered again with no strings attached to the county chapter of he National Foundaion for Infantile Paralysis to help make up the sum they require in their forthcoming emergency drive.

Free Assistance

It was pointed out that the United Fund will make available, at no charge to the Charleveix County United Fund and the Chests of Boyne City, East Jordan and Charlevoix, pledge cards, report envelopes, posters, leaflets, red feathers, etc., which contain both the wording "Community Chest and United Fund".

It was brought out at the meeting that the time the workers would spend individually on their separate drives for funds could be devoted to the otber services of those egencies.

It was suggested at the meeting that the Chess of Boyne City East Jordan and Charlevoix and United Fund drive be coordinated to start Oct. 17, which is the starting time for Communiy Chest on a naional basis and is also when Detroit and Traverse City start their drives. It would enable our drive to take advantage of the national and state-wide publicity.

Define Budget

United Fund will only include in its budget those agencies which have agreed to participate. No money will be raised for polio services other than Sister Kenny; cancer services other than the Jackson Foundation, or for Red Cross, unless those agencies specifically ask to be included.

First Treasure Hunt To Be Held Sunday

Tbe autumn treasure hunts, staged every fall by local residents, will start at 8:30 Sunday evening at the South Side Athletic field. The first unit will be given by Mr. and Mrs. William Supernaw, Mr. and Mrs. Herb Campbell and Mr. and Mrs. Ivan Phillips, winners of the final hunt last November.

Everyone is invited to participate in the hunt.

A willingness to work hard still can mean better huildings and better farms.

For proof, take the example of Clinton Blanchard and the two Blanchard sons, Burr and Rex, out on their place east of Phelps.

There is a new barn, 36 by 80, almost completed. There is a new steel sila, 17½ by 35. Except for the steel sila, the aluminum roof on the barn, the concrete and the nails, just abaut everything including the labor came from the Blanchard farm.

The harn was started in June, 1948. Rocks had been hauled and a mason engaged to lay up 8½ foot stone fall. He completed two rows on the west side and announced he had to leave for another pob. But first he showed Clint how to do it. So he did the rest of that and all the other three walls. All of them are as straight as a mason's line and as plumb as a run-down pendulum.

Inside the foundations are plastered smooth. Burr did the work while his father finished the outside. The steel sash fit tight; the sills and lintels are smooth and level.

Aluminum Roof

The roof of the barn, which comes down to the foundation walls on the sides, is of corrugated aluminum. "It cost more than shingles. But it went on a lot faster and we didn't have to use so many roof boards," Mr.

Rural Teachers Hold First Meeting Here

Rural teachers of Charlevoix county held their first meeting of the year at the home of Mrs. Walter Bergeon, county Commissioner of schools Friday afternoon.

There were two guests at the meeting: Wesley Thomas, director of field service for the M. E. A., who spoke of that organization's plans for increased service to the teachers, and Mrs. Harry Ladd, representing the Red Cross, who outlined the plans for the Junior Red Cross drive and distributed materials for the drive to the twelve teachers present.

John Hinkley of Petoskey and teacher at the Chandler school, was elected vice president to fill the vacancy left by Mrs. Anna Warner's move to Antrim county. It was the decision of the group that a committee consisting of the president, Mrs. Grace Warner, secretary-treasurer, Mrs. Blanche Paul and Mr. Hinkley should work with Mrs. Bergeon to complete by-laws for the club at the state convention of Kiwanis clubs next meeting to be held at the Walloon Lake school Oct. 14.

Seventh District Supervisors To Meet Here This Thursday

The increasing welfare load in Northern Michigan will be one of the topics under consideration of supervisors and county clerks in the Seventh district who meet here at 10 a. m., Thursday at the court house for the third meeting of the year.

The majority of supervisors in this county will attend the all-day meeting along with County Clerk F. R. Bulow and other county officers who have problems to present to the group for consideration. About 60 men from Antrim, Benzie, Crawford, Charlevoix, Benzie, Lelanau, Grand Traverse and Kalkaska counties are expected.

E. Sheldon Markle of Lansing, representative of the Michigan Tax commission, will speak on the the new laws which have been enacted this year affecting assessments. Clarence B. Meggison, third ward supervisor, is vice president of the district group.

Name Kit Carson Chairman of Hospital Drive

Kit Carson, prominent Charlevoix county merchant and civic-minded resident, has been selected a chalrman of the new hospital fund-raising committee here.

Mr. Carson who reluctently accepted the hanor, was named at the hospital group meeting last week. Others who will assist him include Dean Davenport, who will serve as secretary of the committee, Herb Scofield, ecitivities chairman Bob Bridge, solicitation and Victar G. Spanlolo, publielty chairman.

Earl A. Young offered to donate the store occupied as the Cashmere store as headquarters for the committee and the campaign during he next few months. Campaign headquarters will be set up later this month, Gordon L. Freedman, announced.

$25,000 Pledged

Some 15 members who attended the meeting agreed that every effort should be made in the next few months to raise as much money as possible toward the $250,000 goal. At present more than $25,000 has been pledged or contributed.

It was pointed out that the hospital fund campaign should be kept active through the winter months by various money-raising projects such as benefit athletic contests, dances and benefit parties.

Plans will be sudied in the next two weeks to determine if a benefit football game between Charlevoix high school and another conference school can be played here. Net proceeds from such a game would go to the hospital fund. The assistance of Coach Ray Kipke and School Supt. Roy Bennett will be sought it was reported.

Kiwanis Club to Honor Scouters, Committees

Troop 11 and Cub Pack 111 will be presented their charters at a ceremony Monday, Sept. 19 at the Kiwanis club meeting. Scouters and members of Scout committees will be guests at the weekly club dinner.

Dr. Fred Young, institutional representative, and Russell Porter, scout executive for the Northern District, Scenic Trails council, will also attend. Plans were made for the dinner at the Kiwanis meeting Monday night.

Clarence B. Meggison, club president, and Rev. W. D. Wood, who represented the club at the state convention of Kiwanis clubs recently, reported on convention activities. Dr. R. S. McClintock was program chairman.

Odmark Given Gift By Band Members

C. A. Odmark, director of the Charlevoix city band, was presented with a fine gift from the group at the last band concert of the season. Clarke Bergeon, in making he presentation, thanked Mr. Odmark for his time and training he had given them and presented the gift, recordings of Bach's "D minor Mass", a small token of their esteem.

Earlier in the week the band members had enjoyed a dinner party given at Wag's before they disbanded for the summer.

U.S. Must Watch Soviet Tricks, Judges Told

Michigan judges who held their annual convention in Charlevoix last week expressed a desire to reutrn here next fall for a two-day session.

Whether the convention can be held here again is not definitely known, but Circuit Judge Charles Brown who with his wife was host to the meeting, said that every consideration will be made to make it possible for the judges to return.

Highlighting the canventian was the appearance of Gov. G. Mennen Williams, the address of Kerl Detser, of Lelanau, weekly publisher and roving editor for Readers Digest, who spake at the annual banquet at the Belvedere, convenlion headquarters.

Circuit Judge C. Russel Holland of Pontiac was named president for the coming year. Other officers are: Judge John C. Shaffer of Gladwin, first vice president; Judge George DesJardins of Lapeer, second vice president; Judge James R. Breakey, Jr., of Ann Arbor, secretary, and Miss Ann V. Cramer of Detroit, assistant secretary and treasurer.

Express Thenks

The udges in a resolution expressed appreciation for the outstanding hospitality of the Board of Commerce, Judge and Mrs. Brown and others who had a part in staging the convention here. Some 200 judges including Supreme Court Judge John Dethmers of Holland and their wives attended.

The judges were treeted to a river boat trip by the East Jordan Chamber of Commerce. Their wives also enjoyed boat trips during their stay. Others played golf and bridge on the informel program arranged by Judge and Mrs. Brown.

The governor spoke at length on the growing number of sex crimes in the state which has law authorities baffled as to the solution. He pointed out that hundreds of letters from state residents are received by the governor's office weekly asking him what he is going to do about the wave of sex crimes. The judges were told that steps have been taken to analyze the problem in an effort to prepare proper steps.

Despite the financial crisis in which the state finds itself, he feels that the citizens in Michigan are demanding that human values be placed before monetary values. He assured the judges that something will be done to alleviate the situation.

Mr. Detzer Speaks

The principal speaker, Mr. Detzer, who enjoys a national reputation as author, lecturer and newspaperman, explained how the Americans outwitted the Russians in the propaganda war in Germany at the start of he airlift. At the time Mr. Detzer was assistant to Gen. Lucius Clay, American commander in Germany, in charge of informaion.

He said the Americans won the respect of the Germans by continuing the airlift despite the Russians efforts to hamper passage of planes in and out of Berlin. The Germaos, he said, realize thet the Americans are the world's leaders end thet Russia has suffered setbacks in the last year in

Wallace Keefer Ag Teacher Here Dies Of Polio

Poliomyelitis claimed its first victim in Charlevoix county Sunday with the death of Wallace S. Keefer, 31, agricultural instructor with the Veterans Institute here and father of four young children.

He was stricken Thursday and admitted to the Charlevoix Hospital. On Saturday noon he was transferred to Munson Hospital, Traverse City, where he died early Sunday morning.

Wallace S. Keefer

A native of New Buffalo, Mich., he attended Western State college and gradnated from Michigan State College. A veteran of World War II, he was employed by the New York Central railroad at Niles prior to joining the teaching staff of the Veterans Institute here on March 1, 1949.

He is survived by his wife, Gay, four sons, Carl, Glenn, Robert and Frank, the oldest 7 and the youngest, 2 years; his parents, Mr. and Mrs. Roy Keefer of New Buffalo; a brother, Robert of Kalamazoo and his paternal grandmother, Mrs. Etta Keefer.

The body was taken to New Buffalo from Traverse City on Monday for funeral services and burial later this week.

County Road Group Attends Annual Meet

The 25th annual convention of the Northern Michigan Road Commissioners association was held at the Park Place Hotel in Traverse City Thursday and Friday. Those attending from Charlevoix county were S. A. Rogers of East Jordan and Lyle Wangeman of Boyne City, Charlevoix county road commissioners, T. B. Reynolds, engineer-superintendent and Ralph S. Hamilton, commissioner clerk.

Dr. Ralph L. Lee, author of "Man to Man on the Job", and outstanding authority on good employment relations, was the principal speaker at the banquet Thursday and spoke on the topic "Leadership and What it Takes."

A special meeting was held for the clerks of the commission in the 33 counties with Mr. Hamilton acting as moderator. It featured a discussion of the uniform accounting system for road commissions.

Condition of Child, In Car Mishap, Critical

The condition of Harold Holley 2½ year old East Jordan child, who was admitted to the Charlevoix Hospital Friday for treatment of severe injuries received when a car backed over him, is slightly improved although he still remains on the critical list.

Harold, who lived with his grandparents, Mr. and Mrs. Ora Holly, was injured when he stopped to play in the parking lot at the super-market and locker plant after following his father, Floyd, two and a half blocks from his home.

John Knudsen, of route 2, East Jordan, failed to see the child playing among the cars and backed over him. He suffered severe chest and abdominal injuries.

• Miss Katie Bracken of Traverse City, is visiting friends here for several days.

Help For Northen Michigan

The proposal of Congressman Charles E. Potter, who represents our eleventh district, to amend the RFC statutes for liberalization of its terms to a loan applicant, is worthy of considerable attention.

He and his colleague, John Bennett of the Twelfth district introduced the bill in Congress. The proposal developed from discussions which the congressmen held on the threat of growing unemployment in northern Michigan small communities as well as in other parts of the nation.

Mr. Potter feels that considerable pressure will be brought to bear on Congress for public works programs, such as we had in progress during the last depression years. He is convinced that unnecessary public works projects are not the answer to small town economic problems.

His bill is specific in that it provides this relief for areas which have been designated as "distressed areas" by the President. Muskegon, Jackson, Port Huron and several other cities in Southern Michigan have already been so labeled because their labor markets have developed more than 12 percent unemployment.

Business in these "distressed areas" is to receive preferred consideration by government agencies in the letting of government contracts. The legislation introduced by Mr. Potter and Mr. Bennett would utilize the same areas to provide that business in those areas would receive preferred treatment as far as granting RFC loans. They maintain that workers and the communities are much better served by industrial payrolls than by government relief.

While Mr. Potter does not expect enactment this session, he will have the proposal ready for the consideration at the next session in January.

We have gone over the proposal with several persons connected with industries and commercial enterprises. These men point out that the proposal has a great deal of merit. They are in a position to know what is good for small industries which are having trouble in these times of unsettled prices and renewed competition.

Personally, we are in favor of such a proposal if it will mean that industries in "distressed areas" (many sections of Northern Michigan are likely to come under that category in the coming months) could obtain financial loans from RFC. Certainly it is better to keep industries operating than to receive government relief.

Charlevoix College Students Prepare To Return To Classes

With Indian summer close at hand, the younger set is dusting books and packing bags for the annual autumn exodus to various colleges throughout this section of the country.

Michigan State College at East Lansing, as usual, claims the largest group from Charlevoix. Bill and Bob Carey, seeking berths on the Spartans football team, reported there Aug. 31 for practice and will be on the campus for registration next week. Others returning are Marion Craig, Helen Jean Hammond, Sally Miller, Joan Heise, Jack Abfalter, Doug Byers, and Wayne Saunders, while these recent graduates: Warren Shadko, Ross Case and Marge Brow will enter as freshmen.

Returning to classes at Central Michigan, Mt. Pleasant, next week will be Jim and Arlyle Roberts, Bob Bartlette, Pat Foster, George Sneathen, Hubert Olach and Bob Feldler whila Beverly Looze, salutatorian of the 1949 class hare, will enroll aa a first year student.

The University of Michigan at Ann Arbor is claiming many more Charlevoix students than in recent years. Among them are Jim Foster, Bob Shanahan, Bill Kane, Versal Shearer, Mary Simmons with Sally Swinton entering as a freshman.

Nursing Career

A career in nursing has been selected by five local girls, three of whom entered the Edward W. Sparrow Hospital school of nursing at Lansing early this week. They were Nancy Kipke, valedictorian of the class of '49 and Charlevoix's Venetian Queen, Sharon Butler and Shirley Cunningham. A fourth, Patsy Hamlin, left last week to enroll at St. Lawrence Hospital school of nursing, also in Lansing. Sue Webster left Saturday for Grand Rapids where she has enrolled at the Blodgett Hospital school of nursing.

Frank Partridge and Delores Winnick returned over the week end for their second year at Aquinas College in Grand Rapids; Jim Gibbons is returning to the University of Detroit as a second year student while his brother, Charles, is entering as a freshman after serving a hitch in the army.

Patsy Hamilton laft last week end for Albion College where she is enrolled as a freshman

Don Carey left earlier this month for preschool football practice at Alma College and will be on hand when classes are resumed: Shirley Black and Dorothy Tookalo, both recent graduates, left last week for Bay City where they are enrolled in the Northeastern School of Commerce! Janet Bulow will leave about Oct. 1 for Detroit to resume her studies at the Detroit Business College.

Clarke Bergeon, who has enrolled at Northwestern University at Evanston, Ill., after completing an enlistment in the army, will leave Sept. 19 to register and start classes; Jack Mol will reurn to his classes at the Soo branch of Michigan School of Mines.

Ferris Students

Classes at Ferris Institute, Big Rapids, opened last week with several Charlevoix students registered. Among them were Charles Wexstaff, a second year student, Phyllis Trimble, who has transferred there from Grand Rapids Junior College; and Don Brown and Gene Bridge, who are enrolled for the first time after serving in the army.

Neil Suomela plans to leave soon for Flint where he will start classes at General Motors Tech.

There may be other local students who are planning to continue their studies. If there are the Courier would appreciate hearing from them.

• Margaret Poole has returned home from Detroit after spending week there as the guest of Sandra Sinal.

• Recent guests at the home of Mr .and Mrs. A. D. Supernaw were the latter's brothers and sister-in-law, Ralph Dye of Harbor Springs and Mr. and Mrs. Ray Dye of Cadillac.

Sure You Haven't A "Blind Spot"?

As I was driving down Main Street last Saturday, another car swung out right in front of me. It turned out to be Buck Blake. He wasn't going fast. It was just that he had something else on his mind at that particular moment.

Buck's really one of the nicest fellows I've ever known. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots." It could be anything from day-dreaming while driving a car to humming out loud at the movies.

From where I sit, it's mighty important to be on guard against your own "blind spots." The other fellow has a right to his "share of the road," too—whether it's having a taste for a temperate glass of sparkling beer or a desire to listen to some classical music if he wants to.

Mitchell Family Joins Together for Reunion

A reunion of the Mitchell family was held on Labor Day week end at the home of Mr. and Mrs. H. E. Cunningham, marking the first time in more than 35 years that the five brothers and three sisters had all been together. Mrs. Cunningham is the oldest of the family, all of whom were born and raised at Ironton.

Visiting at the Cunningham home for three weeks were Mrs. Cunningham's sisters, Mrs. Ernest Spencer and Mrs. Vern Speneer of Libby, Mont., who returned to their homes last Thursday; and her brothers and sister-in-law, Mr. and Mrs. Clarence Mitchell of St. Helens, Ore., and Mr. and Mrs. Ernest Mitchell of Manson, Wash., who left on Monday of this week.

Here for the holiday week end reunion were Mrs. Cunningham's brother and sister-in-law, Mr. and Mrs. Walter Mitchell and their daughters, Mary Lou and Lois, of Findlay, Ohio, and their son-in-law and daughter, Mr. and Mrs. Nelson Dyke and son of Holland.

Also here for the reunion were her brothers and sisters-in-law Mr. and Mrs. Harry Mitchell of Perry, Mich., and Mr. and Mrs. Joe Mitchell of Sturgis. With the latter were their son, James Mitchell, son-in-law and daughter, Mr. and Mrs. Ebert Brooks of Sturgis, and son and daughter-in-law, Mr. and Mrs. Howard Mitchell, of Galesburg, Mich.

Two Honored at Party In Wickersham Home

A dioner party honoring the Arlo Wickersham's twenty-fourth wedding anniversary and Mrs. Fred Willis' birthday anniversary was held at the Wickersham home Friday evening. The table was decorated with a clever fruit arrangement for the occasion. Later in the evening the guests enjoyed card games.

Those present were Mr. and Mrs. Willis, Mr. and Mrs. Howard Brumm, Mrs. Albert Edwards, Mrs. Sue Meyers, Mr. and Mrs. Frank Novotny, Mr. and Mrs. Joe Williams.

Mrs. Funk Re-elected W. C. T. U. President

Mrs. John Funk was reelected president of the W. C. T. U. as the organization opened its activities for another year with a meeting at the home of Mrs. Funk Friday.

Other officers named were vice president, Mrs. Ernest Howe, corresponding secretary, Mrs. Floyd Bartholomew; secretary, Mrs. Creighton Kerr; treasurer, Mrs. Alonzo Murray; program committee, Mrs. Belle Hartwell, Mrs. Lena Swanson and Mrs. Murray.

At the business session Mrs. Guy Smith presented the crusade reports and spoke on the diamond jubilee of the Union and on the state convention to be held in Lansing Oct. 19-21. Mrs. Swanson led the devotions and Mrs. C. J. Feidler closed the meeting with a vocal selection.

A social hour and light refreshments were then enjoyed by the members.

Mrs. Russell Lewis Feted at Stork Shower

Mrs. Russell Lewis was honored guest at a stork shower given Tuesday evening by Mrs. Shelby Goss. The guests gathered for a weiner roast and supper followed by a social evening. A decorated cake was a feature of the refreshments.

Mrs. Lewis was presented with many gifts.

Invited guests were Mrs. Eugene Bergmann, Mrs. Claire Martin, Mrs. John Swanson, Shirley Balch, Bonnie Sutton, Loann Anderson and Ione Mosier.

James Gaskins Fete Silver Anniversary

Mr. and Mrs. James Gaskin celebrated their twenty-fifth wedding anniversary at a informal open house Sept. 3.

Friends called during the evening and they received many gifts and other remembrances of the occasion. A feature of the refreshments was a large wedding cake made by Mr. Gaskin's mother, Mrs. James Gaskin, Sr.

The couple were married in Charlevoix on Sept. 3, 1024 and for many years resided in Chicago. They returned here in 1946 and now reside at 113 E. Lincoln street. They have two children, Helen and Peter. Mrs. Gaskin is the former Myrtle Reinhart.

Scout Round Table Slated for Sept. 26

Mrs. Ralph Hamilton represented Charlevoix at a district meeting of cubbers and scouters held in Petoskey Thursday night.

Russell Porter, Boy Scout commissioner for northern area and Pop Warner of Camp Grelick, superintendent of Scenic Trail Council, were among the scout executives who met with scout and cub leaders from this area to make plans for the ensuing year.

The first round table meeting will be held in Charlevoix on Sept. 26.

Student to Speak

Rev. S. R. Jadhav, studeot at Adrian college, will speak at the Methodist church at 11 a. m., Sunday.

• Mrs. Sue Meyers returned to Ann Arbor Tuesday after spending a week with her brother-in-law and sister, Mr. and Mrs. Albert Edwards and other relatives.

the "cold war",

Mr. Detzer cautioned the United States not to become overconfident because of their apparent victory over the Soviets in Germany. "The Reds have not lost the "cold war", but only a battle. They have chosen to shift their battlefront to the United States where their agents are having some success in dividing the American people. We must be on our guard as they will attempt to put class against class, one religion against another and race against race."

Among those introduced were Irish Coleman, Fran Martin and Victor Spaniolo.

• Mr. and Mrs. George Sneathen and daughter, Elizabeth of Mt. Pleasant are visiting his parents, Mr. and Mrs. Lee Sneathen.

• Mr. and Mrs. Ray S. Hamilton spent the week end in Albion where they took their daughter, Patsy to enroll at Albion College.

Barnard News

By Mrs. Clyde Smith

Mrs. Arthur Stoel and children spent a few days with Art at their cabin near Big Rock, last week.

Mr. and Mrs. Clayton Smith entertained friends from Belleville over the week end.

Those who attended the County Fair last week report a very fine program of free acts and entertainment, also a very good exhibit of stock and 4-H Club work and fine arts, all making it a worth-while occasion.

Barnard Farm Bureau group will meet Thursday evening, Sept. 15 at the Ed Potter home.

Balanced Ration Every Day

Don't try to save on feed that is needed or your animals will reduce production that makes profit.

Chick experiments have proved deficiencies in vitamins and amino acids in overheated soybean oil meal. We need soybean meal to be uniformly heated if it is to be fed to poultry to best advantage.

Milkmaker 34%

Dairy Milkmaker at present prices is a lot cheaper than single protein concentrates when health and production are concerned. Government is supporting cottonseed at 90% of parity. This raised the price of cottonseed meal. Soybean meal is well up in price now and linseed meal is climbing. Support price was raised to 6¾ a pound on putter.

Bureaulas

Did you know we have a high protein concentrate that carries 25 pounds of cane molasses in every 100 pound bag. It is called Bureaulas 30% protein. It contains trace minerals and vitamin D.

Nurses Needed To Combat Polio

Polio victims in 14 midweat states need at least 100 more registered nurses at onec, according to an appeal for nuraea made today by Lona L. Trott, director of Nursing Services for the Midwestern Red Cross Area in St. Louis.

"For the past two weeks we have had a backlog of more than 100 emergency requests for nursea," the nursing director said, pointing out that Red Cross recruits the nurses at the request of the National Foundation for Infantile Paralysis which meets treatment costs where family resources are inadequate. The appeals are coming in from 14 states where sick people can be saved many of the dreaded aftermaths of polio if prompt nursing care is available.

Urging retired or married nurscs or those whose employera can release them to eall hometown Red Cross chapters for enlistment, Miss Trott pointed out that although the organization has obtained 529 polio nurses since July 1, the demand for skilled nursing carc is increasing. Demands are particularly heavy from Missouri, Iowa, and Illinois, she said.

• Janice Howe left Sunday for Ann Arbor where she plans to seek employment and attend night school. She returned with her sister, Ora Howe, who had been visiting here for the last week.

Blanchard Family Pool Efforts to Build Modern Barn

(Continued from page one)

Blanchard explains.

Carrying it are 41 arches, each made of six pieces of ⅞ elm 2¾ inches wide. Each arch was nailed together on the barn floor and then hoisted into position. There are no posts nor beams in the whole mow, just a big clear space for hay or straw.

All the lumber was sawed at their own mill, mostly from their own logs. Still drying, in fact, is flooring which will go on the feed alley in the basement but which was not ready to put down this summer.

"We had to hire a little halp as we went along," Mr. Blanchard said, "but mostly we did it ourselves in odd times. If I had a couple of hours or so, I'd come out and lay a few more rocks or nail up part of another arch."

The galvanized roof has several advantages, he explains. It is a life time proposition. Being grounded at two corners, it is a huge lightning rod. It is light and so puts less strain on the frame. And it looks good.

Steel Silo

Next to it is the new steel silo. Started Aug. 27, it would have been done in a week except for the rain and high wind. Carrying it is a five-foot reinforced concrete pit with a clay floor. "The bottom layer doesn't turn sour with a dirt floor like it will with concrete."

The silo itself is composed of 14 tiers of sections, each composed of six sections of flanged steel. Holding the whole thing together are 2880 bolts, plus another 1000 for the ladder, door frames and steel roof. Each joint is covered with a non-hardening plastic. The whole inside is painted with an asphalt-aluminum paint and the outside of the Armco steel will be painted with aluminum.

Doing the work on the silo were Walter McElroy and the three Blanchards.

American Milkmaid Makes Friends Overseas

Audrey Bowman, Ohio farm girl (center), is one of thousands of Americans who have made friends of needy children around the globe by contributing milk, and other farm commodities, through the Christian Rural Overseas Program (CROP).

Last year Americans gave 75,668,000 pounds of farm commodities through CROP. Included in this amount were 4,470,000 pounds of milk. This food, distributed in 22 countries, principally to children, widows, the aged, and the ill, has done much to promote world-wide goodwill and Christian brotherhood.

During the present harvest season CROP officials expect to assemble Friendship Food trains in 30 agricultural states, including this one. CROP is sponsored by Catholic Rural Life, Church World Service, and Lutheran World Relief.

NEW LEGISLATION

The Auditor General's Office of the State of Michigan lists several changes in fees to be charged by County Registers of Deeds as provided in a series of Public Acts, which are to be effecive on September 23, 1949, it was announced today by Rex E. Davis, Register of Deeds of Charlevoix County.

A summary of the new fees follows:

For entering and recording any deed, mortgage or other instrument, fifty cents if the document is no larger than half a page, or $1.00 for a full page and 75c for succeeding pages. However, fees will be douhled on any page which exceeds one thousand words.

A page shall be one side of a single sheet of paper not exceeding 8½ inches in width by 14 inches in length, and the type shall not be smaller than 8 point. Miscellaneous provisions provide that copies of any records or papers may be had for 75c per page and 35c for the exemplifications. Searching the records shall be done at a fee of 6c per year. Filing Bills of Sale or copies thereof will be 50c. Abstracts for Bills of Sale and chattel mortgages shall be 25c for each entry and 50c for certification. Filing other papers or copies thereof ahall be 75c for each paper filed unless otherwise specifically provided for. The law provides that all fees be paid when the instrument is left for record.

The purpose of these new laws is to eliminate the variation which has existed in the determination of filing and recording fees, thus to standardize practice in all of the Counties of the State.

Sheep Breeders Have Chance to Get Good Rams

Michigan sheep breeders will have an opportunity to purchase good purebred rams this year without driving long distances. Plans are announced for the annual Ram Day at Michigan State College to be followed by a ram truck visit into northern Michigan counties.

Purebred breeders will bring rams to the MSC sheep barn on Monday, Oct. 3, when buyers may personally make their selections and buy animals they need.

During the remainder of the week, a truck loaded with purebred rams will make stops in central and northern Michigan. Stops will be made at Ithaca, Clare, West Branch, Harrisville, Emerson and Gaylord. Ed Rebman, County Agricultural Agent has detailed information on the date and time of the stops. Farmers wanting a ram should contact Rebman.

Rams will be priced from $40 to $75, depending upon age and quality. Ram prices have not gone up as much as market lambs. If a good ram puts a few pounds more weight on each lamb in the crop it will more than pay the difference between the price of a good purebred ram and "just any ram."

Short Course Scholarships

Three $100 Short Course scholarships in general agriculture and home economics at Michigan State College have been made available to the boys and girls of Charlevoix county by the banks ofthe county. The following banks are participating in the scholarship program: Charlevoix State Savings Bank, Charlevoix; The State Savings Bank, East Jordan; and The State Savings Bank branch, Boyne City.

For the ten years from 1938 to 1948, the W. K. Kellogg Foundation sponsored Short Course scholarships for students from all the counties of Michigan. In 1948 the Michigan Bankers Association became interested in the program and after inquiring into the worthiness of the project, assumed sponsorship. There are now 192 banks in Michigan sponsoring Short Course scholarships at Michigan State College.

Candidates for the scholarship must be at least 17 years of age and must have completed at least the eighth grade. However, it is desirable that the candidate have a high school education. Anyone who is interested in a scholarship should contact Ed Rebman, County Agricultural Agent or Karl Festerling, District 4-H club agent, to obtain scholarship application blanks and more detailed information concerning the program.

The purpose of the Short Courses at MSC are twofold: first to teach technical agriculture or home economics on a practical basis so as to help improve rural living standards in Michigan and secondly, to help develop the leadership abilities in the boys and girls so that they return to their home communities better able to assume leadership responsibilities. Instruction is by the regular college staff and full use is made of the laboratory facilities of the college. The courses are offered in the fall and winter so as to interfere the least with farm labor demands on the home farm.

Boys receiving a scholarship may attend either the fall or winter eight-week Short Course in General Agriculture. The fall term is from Oct. 24 to Dec. 16, 1949 and the winter term is from Jan. 9 to March 3, 1950. Girls taking the Home Economics Short Course will be limited to the eight week winter term from Jan. 9 to March 3, 1950.

Housing the Pullets

When should pullets be put in the laying house? That's a question that Charlevoix County poultrymen are asking at this time of the year. The best advice is that when the birds are in 10 to 25 percent production it's the time they go into the laying house, regardless of their age or the month.

So the age your pullets are ready to house will depend a great deal on when they were hatched. Light breeds usually start laying sometime after they are five months old. Heavier breeds are two to three weeks later but usually start laying around six months of age. But before the birds go into laying houses, there's a big job to be done to keep those pullets healthy. The house must be thoroughly cleaned and washed out with a hose. Then with hot water, soap, and a pound of lye to eight gallons of water, scrub thoroughly to kill any disease germs. And be sure the house is completely dry before putting the equipment in place. A good absorbent deep litter on the floor and clean nesting material are important.

Kill Grasshoppers Yet This Fall

It's still time to kill grasshoppers, although the 1949 crop season is nearing an end. Dr. Ray Janes, Michigan State college extension entomologist, warns that there's another year ahead and the more 'hoppers killed this fall the fewer there will be to lay eggs for the 1950 hatch. Following a survey of the State, Janes reports infestations very spotted. When crops are cultivated, damage was not extensive. But near marginal and cut-over areas there has been greater damage.

Farmers in areas where second cutting of alfalfa has been allowed to seed report heavy infestation. He advises spraying with chdoradane or toxaphene to keep the grasshoppers from damaging the seed crop. In pasture areas where vegetation is not heavy, Janes believes the use of poison bait has hen most effective and it is definitely less expensive than spraying. Whre vegetation is heavy, spraying is more practical. Whether you spray or bait, kill the 'hoppers yet this summer or fall to prevent heavy crop in 1950.

"I should have looked in the telephone directory Yellow Pages for a taxi."

Commander of Coast Guard Is Promoted

Joseph Etienne, commander of the Coast Guard group, Charlevoix, composed of 13 units in this area, has been promoted to chief boatswain from Warrant boatswain effective Aug. 19.

A veteran of 17 years in the Coast Guard, he served in the Atlantic and the Pacific during the war. He has been in charge of the Coast Guard group here since April, 1947.

Noxious Weeds Is Bad Advertising For Community

Mrs. Arthur Joseph of Cincinnati suggested to The Courier that it lend its support to a drive to rid the community of noxious weeds, particularly poison ivy and ragweed, which she said can be found in a number of vacant lots as well as along the shores of Lake Charlevoix and Round Lake.

She related that several individuals who have been coming here in late summer for relief from the pesky pollen failed to come this year because they found that they could get little relief.

If this condition is true, and the Courier has no reason to doubt Mrs. Joseph who has been coming to Charlevoix for a great many years, residents and the city council and the Garden club should waste no time to eradicate this noxious weed situation.

To rid the community of the weeds, hay fever experts point out that it is necessary to apply weed killer three times during the year, spring, summer and fall.

Disney Drawings Thrill Young Artist

Quinton Walker, young local artist, is one of the happiest youngsters in town since receiving an autographed Walt Disney drawing. The picture is painted on celluloid and is a drawing of Bong and Lulabelle of Fun and Fancy Free" fame in a large white mat. The drawing is autographed by Walt Disney and is considered a collector's item. Also enclosed were pictures of other Disney characters.

Quinton's picture with his drawings of the characters in Tchaikowsky's Nutcracker Suite, appeared in a May issue of the Courier and was seen by Hal Rose, a former resident and newspaper writer now with a west coast paper, who brought the article to the attention of Mr. Disney. The autographed picture came as a surprise Saturday. Quinton will be in the sixth grade this year. He is the son of Mrs. Irene Walker.

SOMETHING FOR NOTHING?

Our Government has nothing to give that it does not, first or last, take from the people who produce or earn. Taking from some to give to others can be the beginning of loss of freedom. It is only by working and saving as individuals that we can produce lasting benefits for all. A growing account in the bank, built up by systematic deposits out of earnings, represents the kind of security for which industrious and thrifty American citizens are constantly striving.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island seemed notleably quiet after the departure of the summer visitors. With the excitement of the season over, the quietness is needed to give thought to the needs of the fall and winter.

Despite the excitement or the quiet, Mrs. Housewife has to dive from one season to the other without a relaxed breath. Tourist season dove-tails right into canning season—canning season into school days.

Wednesday morning Island children reported to their respective classes for registration. Thursday, school began in earnest.

Trotting off to school for the first time were Karen Pischner, Dale Cull, Michael Elms, Robert Palmer, Erwin Martin, Shirley Pischner, Billy Miller.

Three of last year's graduates left during the week to carve a place for themselves on the mainland. Patricia Ramsey left Tuesday for Mt. Pleasant where she will take an entrance exam at Central Michigan college. Mary Malloy and Charlotte McDonough have gone to Detroit for employment.

Mrs. Carl Left is the teacher at Sunnyside—the one room school house in Peaine township.

Sister Aquino, who has been stationed on the Island for several years, has been appointed as mother superior of the parochial school in Carson City.

A number of Indian children left Saturday to enroll in Holy Childhood School in Harbor Springs.

A Detroit family has come to the Island for the winter. Mrs. Louise Barkley and her children, Dick, Bill, Gretchen, Michael and Kathy are occupying the Les Emery home.

The U. S. Coast Guard boat "Tupilo" was in port during the week. It came to deliver telephone poles that will be used to replace the old worn out ones on the Island. Home port of the Tupilo is Toledo.

Governor Williams had a grand time on Beaver Island—he said so in a note of thanks received this past week.

Mrs. Francis Ricksgers is in Chicago to meet Francis who has time off from his boat.

Jimmie Martin recently visited his uncle and aunt, Mr. and Mrs. Charles Martin.

Elston Pischner was on the mainland for a few days this past week.

Mr. and Mrs. Oscar Twining, Mr. and Mrs. Russell Twining and Richard Newhorter, all of Carey, Ohio, spent the past week on the Island. Oscar Twining is the brother of Mrs. Wilfred O'Brien.

Father Fabian Keenan won't be able to make it to the Island for deer season this year. He has been transferred to St. Paul's church, Pismo Beach, Calif.

Marcella Bestman is visiting her mother, Mrs. Agnes O'Donnell.

Mr. and Mrs. Teddy Wojan left Saturday to make their future home in Charlevoix.

Mr. and Mrs. Richard Sonderegger were recent visitors to the Island. Richard is the son of Max Sonderegger and the grandson of Mrs. Carrie Sonderegger, who has made Beaver Island her summer home for many years.

Bride-Elect Honored At Personal Shower

Ione Mosier and Nancy Heering entertained with a personal shower honoring Jane Kohler, bride-elect of Robert Leibermann at the Mosier home on Sunday. The guests enjoyed a luncheon served at a table decorated in a yellow and green motif with streamers from the gifts in the center to the honored guest.

She was presented with many gifts. Invited guests were Mrs. Don Bellinger, Jill Chapman, Loann Anderson, Donna Rose, Donna Henry, Helen Jean Hammond and Bonnie Barber.

• Don North, who spent the summer here has returned to his studies at Grand Rapids Junior College.

• Mr. and Mrs. Lester Smith and Mrs. Eva Smith were in Traverse City on Sunday.

• Edward Libka has returned here after spending the week end with relatives in Tawas City.

• Mr. and Mrs. Cecil Bradley of Lansing, visited relatives and friends here Monday.

Willis-Klooster Rites Solemnized At Manse

In a quiet ceremony performed at the Baptist manse at eight o'clock Saturday evening, Miss Dorothy Klooster became the bride of James Willis, Jr. The Rev. L. L. Lewis read the service in the presence of their attendants. The bride is the daughter of Mr. and Mrs. Ralph Klooster and the bridegroom's parents are Mr. and Mrs. George Willis.

The bride selected a gray dressmakers suit, black aceessories and a corsage of white double gladioli for her wedding.

Mrs. Harold DeYoung of Atwood, as her sister's attendant, wore a green suit, black accessories and a corsage of yellow gladioli.

Kenneth Cellner assisted the bridegroom as best man.

Following the service a reception for the bridal party, their immediate families and a few friends was held at the Ayres Boals cottage on Lake Charlevoix. A three-tiered wedding cake topped with a miniature bridal couple, graced the refreshment table which was decorated with lighted tapers. Bouquets of garden flowers were used about the room.

The couple, both graduates of the Charlevoix high school, will reside in Charlevoix.

Where Sixty Minutes Seem but Half an Hour!

DISTANCE isn't the only thing which passes swiftly when you sit at the wheel of a 1949 Cadillac. So does *time!*

You rest your hand on the beautiful steering wheel and press your toe—ever so lightly—against the obedient throttle . . . and you're off on a wonderful journey.

Your ride is free and easy and restful. You just sit—and relax—and enjoy the scenery—and the companionship of those about you. Conversation is as easy as if you were sitting in your own drawing room—for the car is so quiet you can hear the soft ticking of the electric clock.

The labor of driving is almost non-existent. The big powerful motor moves you in and out of traffic as if by automatic propulsion. Steering is little more than a response to your wish. Brakes are light to the touch and velvety-smooth in action.

You are as relaxed and care-free as the happy passengers around you. For you do little more than the thinking—and the car does the rest.

And then a familiar landmark looms in the distance. Can it be that you are *there?*

You look at the clock and you look at the speedometer—and, surely enough, the time and the distance have passed, and your journey is over.

Better come in and see for yourself that—when you sit at the wheel of a Cadillac—*sixty minutes* seem but *half an hour!*

City Chest Coal For 1949 Drive Set At $4,515

The budget goal of the Charlevoix Community Chest was set at $4,515.51 this week at the annual budget meeting of the organization. This is about $300 more than was raised last fall.

The only increase in the budget resulted from a request from the hospital board which asked for $2,000. Last year it was given $1,500.

Other organization budgets are: Girl Scouts, $550; Boy Scouts, $850; United Fund, 3732.25; community nurse, $850; Santa Claus Annnymus, $50; and the emergency fund, $300. The campaign expense was listed at $75.

This year's drive, which is scheduled to start Oct. 21 with the customary door-to-door canvass, marks the first time that the United Fund has been a participating agency. The United Fund will be used to help finance state and national relief agencies.

Charlevoix's record in Community Chest activities has been a good one. Last year the budget was surpassed by $891.54 at a time when other communities experienced difficulty in meeting their gnals.

Mrs. Kit Carson, campaign chairman, announced that a meeting of the captains and other workers will be held Oct. 17 at the city hall to make last minute plans for the solicitation and to receive credentials and campaign literature.

Last year's surplus was applied to the budget resulting in a decrease of the amount needed from $5,407 to $4,515. The drive is due to be closed Nov. 4.

Plan Meeting On Deer Control

A meeting to formulate a plan for controlled deer hunting and to protect the deer herds in the area will be held at the Farm Union hall (old Hilton School) on US-31 south of Charlevoix at 8 p. m., Thursday, Sept. 22. Called by the farmers and landowners from the west half of Norwood township and Banks township, the purpose of the meeting is to air the views of the residents of the area and to discuss ways and means of improving the hunting.

Members of the Charlevoix Rod and Gun Club as well as other sportsmen in the district and farmers from other areas are invited to attend.

Ed Starbuck, Charlevoix county conservation officer, and Otto Failing, game area manager, will attend the meeting and discuss with the farmers what can be done to solve their problem.

It is the aim of the residents of that district to set up a plan, such as a modified version of the Williamston plan, to control the hunting up to a certain point on their property.

It is not the aim of the farmers to prohibit hunting on their property, a spokesman for the group said, but to set up a system to protect the herds, the farmers and the hunters. All sportsmen are urged to meet with the farmers and discuss the situation.

Win Treasure Hunt

Winners of the first treasure hunt of the fall season held Sunday evening were Mr. and Mrs. Franklin Curtis, Mr. and Mrs. Herbert Campbell and Mr. and Mrs. Grover Geneit.

The second hunt will start at the Southside Athletic field at 8:30 p. m.

• Mr. and Mrs. Harry Olmstead arrived Friday from White Bear Lake, Minn., to visit his brother-in-law and sister, Mr. and Mrs. W. H. Supernaw. Mr. and Mrs. Allen Campbell and Mr. and Mrs. Harold Bedford.

Juvenile Home Needed In Area Judge Declares

The need for northern Michigan counties to work together to obtain a home in which to care for children who are delinquent or are abandoned was stressed by Probate Judge Floyd Supp last week at the quarterly meeting of supervisors and officials from six counties.

At present there is no place in Charlevoix county or adjoining counties where neglected children can be cared for. In the event of neglected children or abandoned children, it is necessary for authorities to place them in a private home.

Judge Supp advocated the cooperation of the northern counties in pushing the change of state laws to make it possible for the counties to get state help in providing a modern, fireproof structure, centrally located in the district, for the children.

Speaker Listed

The supervisors are expected to consider this suggestion at their next meeting later this fall. Those attending heard Leo Miller of Jackson, past president of the state association of supervisors, William Dennison, president of the state association and E. Sheldon Marple of Lansing talk on assessment matters.

The speakers agreed that assessments should be made on the basis of normal cash value rather than the inflated values of today. They pointed out that the present trend in the nation is not to tax more but to tax on an equitable basis.

Mr. Marple explained why the valuations of counties have been raised about 20 percent over the counties' equalization figures. It is being done, he said, for school purposes. The counties obtain state money on the basis of state equalization, usually meaning that the counties obtain more in the long run.

Twenty-one supervisors and county officials attended the meeting.

Six Teams Enter Bowling League As Season Opens Here

Bowlers in the Charlevoix city league showed the effects of months of bowling inactivity last week when the season opened.

Walt Moore's team which captured two games from the Chatterbox, rolled 2173 for the high three-game series. The Chatterbox rolled 776 for high single games. H. Supernaw was high point in singles with a 505 for three games. T. Grace chalked up 208 for best single game.

Bowlers, averages were H. Supernaw, 168; H. Hull, 162; R. Klein, 159; T. Grace, 158; L. Barnett, 158; G. Wolf, 153; A. Weatter, 152; H. Cunningham, 146; M. Mathews, 142; R. Lyons, 142; J. City Band Practice Planned for Monday

Charlevoix city band rehearsals will be held at the high school every Monday starting this week and will continue through the winter, C. A. Odmark, band director, has announced. The first rehearsal was held Monday evening.

The group will meet every Monday at 7:30 p. m. at the high school. Anyone interested in playing in the band is invited to attend the rehearsals and become a part of this growing organization.

Plans are being made to present one or two concerts later in the winter.

These are the boys who will carry the brunt of the load as the Red Rayders seek to successfully open their 1949 grid season against Grayling, which was beaten 13-12 last week by Pellston. The locals will be out to extend their outstanding streak. First row, left to right: Bruce Shanahan, Ed Klein, Al Louiselle, Jim Bowman, Larry Peterson, Tom Hamlin, and Jerry Gibbons. Rear row: Chuck Fairbanks, Jerry Fiedler, Don Hardy, Bill Wallace, Jim Jolliffe, Bill Barber, Ron Cunningham, Charles Krahnke and George Haggard.

Local Sportsmen To Start Clubhouse In Near Future

Twenty members of the Charlevoix Rod and Gun club turned lumberacks Sunday and went into the woods on the club property to cut trees which will be converted to lumber for use in the new club house to be built in the near future. This is the first step in the construction of the building planned for some years and for which the club has given several carnivals to raise funds.

The men on Sunday cut approximately 4,000 feet of timber. They are planning another bee for Sunday if the weather permits. At noon a lunch was served to the workers.

The club house for which the timber is being cut will be a 30 by 60 foot structure, according to plans drawn by Kit Carson. It will feature a large club room which will have a stone fireplace at one end and picture windows along the sides. Kitchen and locker-room facilities are also included in the plans.

The building will be a frame structure with a concrete floor. Large timbers will be used in the walls and ceiling.

Kiwanis Club Given New Scout Charter

Scouters, scout committees and den mothers were guests of the Kiwanis club Monday night in a recognition program of Boy Scout activities here.

Russell Porter, scout executive for the northern district, presented a troop charter to the Kiwanis club. Dr. F. W. Young, institutional representative, who accepted the charter turned it over to Frank Oleksy, chairman of the club scout committee. Leon Joseph was introduced as a neighborhood commissioner.

Members of the troop committee are Herb Campbell, Junior Supernaw, Dr. R. S. McClintock, Arthur Ranger and Rev. Gaylord Howell. A movie "The Scout Trail to Citizenship" was shown.

Guests included Mrs. Glenn See, Mrs. Kit Carson, Mrs. Clayton Smith, Mrs. Ralph Hamilton, Uno Suomela, Buck Seymour, Charles Bleha, Pat Moran, Bob Hamilton, Dean Welsheimer and Leonard Burns.

C. B. Meggison, club president, presided. He turned the meeting over to Dr. Young who introduced Mr. Porter. The next meeting will be a ladies night program with the teachers, their wives and husbands as guests of the club.

V. F. W. To Meet

Veterans of Foreign Wars will have their first fall meeting Thursday, Sept. 29, at 8:30 p. m. John Geer, commander, urged all members to attend because the winter activities will be planned. Refreshments will be served.

• Anne Higman and her sister, Bonita Higman of Petoskey spent the week end at Ionia with Mr. and Mrs. Roy France.

BULLETIN

Mayor Ray S. Hamilton is improving. Mrs. Hamilton told a member of the family late Tuesday that the mayor who suffered a cerebal hemorrhage near Thompsonville late Saturday, had regained consciousness and was eble to take nourishment. The mayor is in Gray Hospital, Manistique. They were enroute to Mayo Clinic where Mrs. Hamilton was returning for a checp-up.

Committees Are Selected for Hospital Drive

Committees for the hospital drive campaign, of which Kit Carson is chairman, were appointed at a special meeting of the hospital executive group.

Headquarters for the drive will be located effective Sept. 26, at the Cashmere Shop. Earl A. Young has donated the use of the store as headquarters. It was also decided to maintain a separate fund in each of the local banks for the new hospital.

Nearly $30,000 has been reported pledged or contributed, Mr. Carson said. A current list of contributors will be published in the Courier from time to time unless the contributor wishes to remain anonymous.

Lots of Work

The group voted to pay a small salary to Dean Davenport, drive secretary, and Herb Schofield, activities chairman, because of the many hours of work necessary to operate the two jobs. This move was adopted after it was decided not to hire outside assistance to aid in the campaign.

A public meeting will be held monthly. Mr. Carson said that suggestions, ideas and plans for raising money will be appreciated. The next meeting will be held Oct. 4.

Committee members are: Mr. Schofield, activities; Victor G. Spaniolo and Fran Martin, publicity; public relations, Earl A. Young and Mrs. Ruth Heilig; Robert Bridge, solicitation; Ray Kipke, John Knight, athletic events; Stewart Henner, Wayne Belding, Art Wexstaff, Getchel Campbell and Ted Miller, dances.

Mrs. Frank Bird is chairman of the church committee. Her aides will be Helen Rose Cline, Mrs. Carson, Mrs. C. J. Fiedler, Mrs. Carl Schultz, Mrs. Walker Miles, and Mrs. Hittenberger. Other workers include Arlo Wickersham, chairman of farmers activities, Walter Kemp, Fred Wills, Albert Smith.

Also Ed Edwards, chairman of promotion of lodge activities, Fred Bancroft, Tom Carey, Sam King, Don Meggison, Clyde Warner, Mrs. Spike Goss, Mrs. P. R. Ross and Mrs. Joe Arvilla; Eleanor Freedman, women's clubs activities chairman, Betty McClintock, Esther Hawley, Edith Olach, Mary Cooper and Mrs. Leon Joseph, Mrs. Walter Bergeon and Harry Bingham, school activities.

Enrollment Makes Small Increase In Local Schools

The enrollment in the Charlevoix public schools showed a very slight increase, according to Supt. Roy G. Bennett. This year's enrollment on the first day was 818 students as compared to 813 in 1948.

This includes all students from the elementary through the high school. Additional enrollments expected later in the week is expected to increase the number particularly in the elemntary department.

Eight Residents Hear Noted Speaker

Four Charlevoix couples attended the eleventh annual Scouters dinner of the Scenic Trails Council, Boy Scouts, Tuesday night at Traverse City.

Local residents attending included Capt. and Mrs. H. E. Paddock, Mr. and Mrs. Charles Bleha, Mr. and Mrs. Frank Oleksy and Mr. and Mrs. Ralph Hamilton.

They heard Dr. Harold Hunt, one of the outstanding educators of the nation and superintendent of schools in Chicago, speak. Dr. Hunt stressed the importance of the scouting movement in preparing youths to be good citizens.

He pointed out that Boy Scouts only are active in free countries, adding that one of the first things dictators do is to abolish purely youthful activities and insist on military training.

Postmasters Meet At Argonne Thursday

The annual fall meeting of the lower eleventh district of postmasters will ge held Thursday, Sept. 22 at 7 p. m. at the Argonne. Joe Foster is host postmaster.

The inspectors office will have at least one representative at the meeting. Problems of the postmasters will be discussed, particularly better mail service.

A number of postmasters are expected to take some of their employes as guests, A. W. Worden, district director said. Postmasters in Charlevoix county are Ray Dickerhoof, Bay Shore, Roy Winegarden, Boyne City, John Hausler, Boyne Falls, Thomas St. Charles, East Jordan, county director, Roy Meyers, Ironton, Frank J. Nackerman, St. James, and Elver L. Carroll, Walloon Lake.

Injuries May Force Local Lineup Change

A veteran grid team of Charlevoix will be shooting for its 27th straight win tomorrow here when the Red Rayders lift the lid off the 1949 season against Grayling. Game time is 3 p. m.

Boasting eight letter winners from last year's league co-champions, Charlevoix is rated the favorite over Grayling which opened its season last week, falling victim to Pellston 13-12.

The Red Rayders coach, Ray Kipke, is not underestimating his foe and has told his squad that every team in the northern Class C league will be gunning for Charlevoix this fall in an effort to break the long string of triumphs. Only a tie with East Jordan last year mars the streak.

The locals wound up their heavy work this week with a scrimmage today. Only light signal drills are on tap for Thursday, day before the opening contest. Coach Kipke is faced with two question marks, both due to injuries.

A sprained ankle suffered last Thursday by Don Hardy, who was slated for the fullback post, may prevent him from seeing more than token service against Grayling. Tom Hamlin, veteran guard, stepped on a nail and it is feared tetanus shots may impair his ability. Both are likely to see some action, Kipke said.

While the locals have appeared pretty good in some practice sessions, Coach Kipke and his aides point out that there have been several bad showings. They will breathe easier after they get by this first game which normally finds a team rusty and off par in general.

The forward wall provides Charlevoix with a line which probably won't be outweighed this year, according to reports. Several of the players are pushing the 200 mark, indicating that opposing line plays may run into snags.

So far Ron Cunningham and Chuck Fairbanks have been doing the bulk of the punting which should be of good quality this year. Bill Barber at quarter, Hardy and Dale Suomela have been throwing most of the aerials in practice.

Probable Lineup

The probable lineup for the Rayders is likely to consist of Charles Krahnke and Fairbanks at the flanks, Jerry Gibbons and Ed Kline at the tackles, Hamlin and Allen Louiselle, a newcomer to the varsity, at the guards and Jim Bowman or Larry Peterson at center.

In the backfield will be Barber at quarter, Cunningham and Jim Jolliffe at the halves and Hardy or Suomela at full, depending on Hardy's injury. This lineup will

Straits Delay For Hunters Is Assailed Here

Efforts will be made through the Charlevoix County Chambers of Commerce to urge state authorities to permit the forming of two line of cars—one from US-31 and the other from US-27—prior to crossing the straits during deer season.

The suggestion was originated by Irish Coleman who said that communities along the route of US-31 were being discriminated against by the tactics last year which forced deer hunters traveling north through Charlevoix to the Straits to go to the end of the line of cars waiting on US-27.

He said that word has spread in many parts of the state for hunters to avoid US-31 because they will be required to wait a lot longer than if they came up US-27.

The county chambers, directed by Barney Milstein of East Jordan, went on record at a meeting last week calling on the state police, highway authorities and others in Lansing to permit the formation of two lines of traffic. The question was asked why should towns along US-31 be discriminated against in favor of US-27?

Pythians Raise $1833 For Hospital At Games Parties

The Charlevoix chapter of the Knights of Pythias was being praised this week here when it became known that it had turned over $1,833 to the new hospital drive.

The money was raised through games parties staged here this summer starting with the carnival. The games parties were under the direction of Herb Schofield and his workers. Among those who put in a great deal of effort were Hap Cunningham, Frank Novotny, Ron Swanson and Al Smith.

Mr. Schofield thanked the Kiwanis club for its assistance in helping with the parties and the city council which permitted the organization to use East Park for the games parties.

Name Harold Miller To State K.P. Post

Harold W. Miller of Charlevoix who was elected Grand outer Guard at the Michigan convention of Knights of Pythias recently, marks the third time that a Pine lodge member has stood in line for the Grand chancellor's position.

Under normal circumstances, it will require five or six years before Mr. Miller moves through the various state chairs before becoming Grand chancellor. Other members of the local Pythian lodge who have been Grand Chancellor are Will E. Hampton of Ann Arbor, former local resident, and the late Arthur L. Fitch.

Pine Lake lodge, with a membership of 100 men, is one of the largest and most active in northern Michigan. Edward J. Edwards is chancellor commander.

Cen Control Many Weeds With Sprays

Trouble by ragweed, poison ivy, poison sumac, lawn weeks, beach weeds, water weeds, or brush? There's scarcely a place in Michigan that doesn't have at least one of these pests to cope with.

Michigan State College scientists say that highly effective chemical sprays are now available which work wonders in getting rid of these plant pests.

Dr. B. H. Grigsby, MSC weed control specialists, has recently prepared a new circular describing uses of these new chemicals. The circular is titled: "Weed Control In Resort Areas," and is part of the college series designed to aid operators of tourists businesses. However, the new circular is available to all who wish to get rid of weeds.

The circular describes weed killing methods in simple terms. There are sections describing chemicals, equipment, control measures, and precautions needed. Use of 2, 4, 5-T is described as the latest in chemicals to kill brush.

During fall months is an excellent time to spray weeds as they are often growing then and will be in good condition to absorb the killing sprays.

A copy of the publications, circular (B-201) "Weed Control In Resort Areas" may be obtained from County Agricultural Agent's offices or by writing to the Bulletin office, Deportment of Public Relations, Michigan State College, East Lansing, Michigan.

Brannan Plan Starts Discussion Pamphlet Series From MSC

"The Brannan Plan is far from being a dead issue," says Arthur Mauch, Michigan State college agricultural economist, "even though it has been sidelined by Congress this year."

Mauch believes that a "Brannan Plan" proposal will be kept alive in coming years and that part, or most of it will have a pretty good chance of eventually becoming law.

"We all realize," Mauch adds, "that the kind of country we live in, in the future will be greatly influenced by the kind of agricultural policy Congress gives us. Congress, in turn, is influenced by the wishes of the public. This all means that ,in order to have the best possible farm program, farmers, laborers, and all other groups must be given the opportunity to understand and discuss farm policy issues from all sides."

This fall and winter, another series of discussion pamphlets, "Open Meetings on Agricultural Policy" will be published by the Michigan State College agricultural economics department.

The pros and cons of farm policy problems will be prepared by D. B. Varner, Dale Hathaway, and Arthur Mauch of the MSC agricultural economics department.

The first issue for this fall, "Do We Want a 'Brannan Plan'?", will be available to discussion groups in late September from County Agricultural Agents' offices .

The agents are preparing to handle all requests for the pamphlets, and to assist as many of the discussion groups with their meetings as they can. The agricultural economics extension specialists from Michigan State College will also attend the meetings.

Former Resident's Son Recovering from Polio

Among the polio victims pictured in a Sunday feature entitled "War on Polio" in the Grand Rapids Herald, was a picture of Jerry Fisher, of South Haven, standing before a triple mirror at the Mary Free Bed Home where he began learning to walk following an attack of the disease. Jerry's leg muscles were weakened by the attack.

He is the son of Mr. and Mrs. G. W. Fisher, former residents now living in South Haven, and the grandson of Capt. and Mrs. William Fisher of this city.

In a telephone call from the parents Monday, they reported that Jerry was recovering nicely and would be able to leave the convalescent home in about two months.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Small game hunting has excellent possibilities on Beaver Island this season. The woods sre full of rabbits and squirrels. Ducks and pheasants are plentiful too. October 15, the opening day for small game, should be an exciting day on the Island.

The advertisement Beaver Island received in recent papers throughout Michigan in regards hunting has brought numerous inquiries to the Association of Commerce.

The North Shore was loaded twice this week with Beaver Island hardwood, the beginning of moving around 300,000 feet of lumber for delivery on the mainland.

About this time of year, predictions are in order. Over here on the Island, Ole Timer says—"There's going to be a light winter. There's not a single nut on the beechnut trees." It seems as though the absence of nuts means the squirrels and chipmunks will be able to scratch and find sufficient food during the winter months.

Word was received the first of the week that William "Ax Man" Boyle suffered a slight stroke aboard his vessel. At the time he became ill, he was near Two Rivers, Wis.

Thursday evening, members of the Third Order of St. Francis met at the home of Mrs. Burt McDonough.

Mr. and Mrs. Bernard McCafferty are making their home in Chicago, Mrs. McCafferty spent the summer with her parents, Mr. and Mrs. Burt McDonough.

Mrs. Stanley Lockton and son, Tommy, are visiting Mr. and Mrs. Mike Cull. Mrs. Lockton was the former Betty Cull.

Honeymooning on the Island during the week were Mr. and Mrs. Dean Scott, Detroit, who occupied "Isle View" cottage and Mr. and Mrs. Joe Shibelliut, Flint who occupied Dr. Charles McCann's cottage.

Mrs. Lester Connoghan and sons Danny and Robert left during the week for South Bend to join Mr. Connaghan. They will reside temporarily in St. Joseph.

Billy Schied, Chicago, visited his relatives, the "Bowery" Gallaghers for several days.

Art Miller and Carl Keubler couldn't resist the urge to attend a fair this fall. Both took in the Emmet county fair in Petoskey this past week.

Mr. and Mrs. Arthur Houston and two sons were recent guests of Mrs. Houston's parents, Mr. and Mrs. Frank Nackerman.

Mary Elizabeth Gallagher invited several of her friends to an after school party Friday to celebrate her seventh birthday. Those invited were Sally Martin, Ann Marie Hanley, Karen Pischner, Eleanor, Barbara and Sharon Pischner and Donna Jean Ricksgers.

The Dawn Patrol scheduled to arrive on the Island Air Port Sunday morning was unable to come due to the dense fog.

The LaFreniere and McDonough families enjoyed a picnic Sunday at Barney's Lake. It was a beautiful day for an outing.

Bans of marriage were called for the second time Sunday at Holy Cross church between Elizabeth Josephine Eikmeyer of Pontiac and Henry Ricksgers.

Mrs. Carrie Sonderegger and her son, Max, left Sriday for their home in Milwaukee.

"Irish" Coleman and his son flew to the Island Sunday to visit among friends. Irish is an Island booster and to him we owe a vote of thanks for some fine promotional ideas in the interest of America's Emerald Isle.

Mr. and Mrs. Lee Cuddington, Grand Rapids, are visiting Mr. and Mrs. Lloyd McDonough.

Patricia and Daniel Sauber have returned to their home in Chicago after vacationing with their grandparents, Mr. and Mrs. Hugh Gallagher.

Lillian and Lila Lee Connaghan have gone to Grand Rapids where they intend to remain. Lillian assisted Archie LaFreniere in the Shamrock Tavern during the summer months.

Honored at Party

Don Burke, who left Monday for San Antonio, Tex., to start basic training with the U. S. Army Air Force, was guest of honor at a farewell party given Saturday evening by Mrs. Margaret Harwood. Fifteen friends gathered for an evening of games and refreshments.

WHO OWNS 85% OF THE WORLD'S CARS?

Americans, of course! While many of the cars still on the road are pre-war models — they are steadily being replaced by new ones. Only in America is the private garage an essential part of the private dwelling. Our free enterprise system makes it all possible. And our American chartered banking system makes possible the low cost financing that puts modern car ownership within reach of so many people.

A Familiar Scene For All School Children

Photo By Louis McKenzie

School work is the order of the day in Charlevoix county as well as the rest of the state. This scene is being repeated daily in the county's rural and city schools. Here is Betty Clarke, teacher at the Marion Center school, greeting Loretta Drost, second year (on porch), son of Mrs. Anna RaymoETweodwarfthmarfodwarfodw pupil, and daughter of Mr. and Mrs. Louis Drost, Albert Rayman (on porch, son of Mrs. Anna Rayman and Wayman McGinnis (on step), son of Mr. and Mrs. Orville McGinnis. Both boys are in the first grade.

Phyllis Mason Hears From Boy In Italy

Phyllis Mason, 17-year old daughter of Mr. and Mrs. Lee Mason of Charlevoix, likes to write letters. She also likes to receive them.

The Charlevoix senior student received a letter last week from an Italian boy, Ugo Bruni, of Rome, Italy, who answered her letter. Miss Mason, a veteran member of the International Friendship League, dedicated to the establishment of Friendship throughout the world, wrote the Italian youth several weeks ago, after obtaining his name from the League.

The youth described his city, the capital of Italy, and related events of his life and his family. He expressed the desire of visiting America and Charlevoix. He asked Miss Mason for a snapshot of herself.

The local girl corresponds with friends whom she has met only through letters across the seas in Turkey, France, Holland and England. Normally she writes her friends once a month, telling them of school activities and describing the community.

Business Census Nears Completion

At least 94 per cent of the census of business in the Charlevoix area for 1949 is completed, District Supervisor Donald P. Watkins of Boyne City disclosed.

In order to bring this census to an early completion, Mr. Watkins urges all businesses which have not submitted their reports to do so at once. Also, those which may have been overlooked by the census enumerator are requested to call Boyne City 39, or write to Mr. Donald P. Watkins, District Supervisor, Room 200, Post Office Building, Boyne City, Michigan ,and the proper forms will be mailed immediately. The same request is made of those who have lost or mislaid their forms.

Fay Bradley Seeking Position In Lansing

Fay A. Bradley, former deputy county clerk in Charlevoix county for 16 years, has announced his plan to run for the office of city clerk in Lansing on the nonpartisan ticket in the Oct. 11 primary election.

Mr. Bradley will be remembered here as the deputy clerk under the present clerk, F. R. Bulow for 14½ years and for a year and a half under his predecessor.

Mr. Bradley left here in January, 1943, to seek employment in a war industry while the war was on. Later he entered the army and went to Europe with an Infantry division late in 1944. His company was captured by the Nazis during the Battle of the Bulge and he was held prisoner in Germany until liberated by the Americans in April, 1945. As a result of the hardships suffered while a prisoner he suffered ill health for several years.

Since his return to civilian life he has spent most of the time in Lansing where he is now president of Townsend Club No. 14 and state deputy and secretary to George W. Woodson of Cleveland, state representative of the Townsent club.

His two daughters, Mrs. Gerald Chambers and Mrs. William Lusk, both reside in Charlevoix.

• Mrs. Flossie Bulock has returned to her duties as service representative with the Michigan Bell Company here following a three weeks vacation, part of which was spent in Pontiac and other southern Michigan cities.

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act. ..."

Obviously the railroads cannot be run efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

1—Decision by National Railroad Adjustment Board.
2—Decision by System Adjustment Board for the specific railroad.
3—Decision by arbitration.
4—Decision by neutral referee.
5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

Do You Want Your A&P Put ( )f Business?

Last Thursday in Nev

They asked the court **wyers from Washington filed a suit to put A&P out of business.**

which supply you wit **l of most of our stores and also the manufacturing facilities** **items we produce.** **age products, Jane Parker baked goods, and other quality**

This would mean high **dollars in every pay e** **u. It would mean less food on every dinner table and fewer**

It would mean the end of A&P as you know it.

This poses a basic question for the American people: Do they want to continue to enjoy lower prices and better living? Or do they want to break up A&P and pay higher prices, and have lower living standards?

What do *you* want?

Why Destroy A&P?

This suit was brought under the anti-trust laws. These are good laws. They were passed about fifty years ago to prevent any company, or any group of companies, from getting a monopoly in a field and then raising prices to the public.

A&P has never done any of these things.

Nobody has ever shown that we have anything even approaching a monopoly of the food business anywhere. As every housewife knows, the retail grocery business is the most competitive in the country and we do only a small part of it.

Nobody has ever said we charged too high prices — just the opposite. This whole attack rises out of the fact that we sell good food too cheap. We would not have had any of this trouble if, instead of lowering prices, we had raised them and pocketed the difference.

Nobody has ever said that our profit rate was too high. During the past five years our net profit, after taxes, has averaged about 1½¢ on every dollar of sales, which is less than almost any other business you can think of.

The American people have shown that they like our low-price policy by coming to our stores to do their shopping. If A&P is big, it is because the American people, by their patronage, have made it big.

Obviously, it is the theory of the anti-trust lawyers that the people have no right to patronize a company, if their patronage will make that company grow; and that any big business must be destroyed simply because it is big, and even if the public gets hurt in the process.

Who Will Be Hurt?

There has never been any question in our mind that it is good business and good citizenship to sell good food as cheaply as possible. As Fortune Magazine said about A&P some time ago, "It is firmly attached to the one great principle — the selling of more for less — that has made the desert bloom and the nation wax great."

We sincerely believe that we have helped the American people eat better and live better.

We believe that the hundreds of thousands of farmers and manufacturers who have voluntarily sought our business have profited by our fast, low-cost distribution of their products.

We know that our 110,000 loyal employees enjoy today, as they always have, the highest wages, shortest hours and best working conditions generally prevailing in the retail food industry; and that these men and women have found in A&P good opportunities for security and progress.

We know that thousands of businessmen — the landlords who rent us our stores, the haulers who operate our trucks, the people who supply us with goods and services — have a big stake in our operations.

Obviously, all these people will suffer if this company is put out of business.

Do You Want Higher Prices?

There is much more involved in this case than the future of A&P. The entire American system of efficient, low-cost, low-profit distribution which we pioneered, will face destruction and the public will suffer.

A&P was the first chain store in this country. For more than ninety years we have tried to build a sound business on the simple formula the founder gave us: "Give the people the most good food you can for their money." Year after year we have tried to do a better job, make our business more efficient, and pass the savings on to the consumer in the form of lower prices.

Our efforts along these lines have led other grocers to keep their costs and profits down.

In the old days before A&P, food that cost the grocer 50¢, often sold as high as $1.00 at retail.

Today, food that costs the grocer 50¢ generally sells to the public at less than 60¢.

The methods we pioneered have been adopted not only by other grocers, but by merchants in other lines. There are today literally hundreds of chain stores, voluntary groups and individual merchants operating with the same methods and in the same pattern here under attack.

If the anti-trust lawyers succeed in destroying A&P, the way will be clear for the destruction of every other efficient large-scale distributor.

What Shall We Do?

We admit that the interests of the owners of A&P are of little importance.

Frankly, they could make an enormous amount of money by breaking up A&P, as the anti-trust lawyers wish, and selling off the parts.

But is this what the American people want? Do they agree with the anti-trust lawyers that our food prices are too low, and that we should be put out of the picture so other grocers can charge more?

Frankly, if this were the case, we would not want to continue in business.

But we seriously doubt that this is the case. Twelve years ago, an effort was made to tax this company and other chain stores out of business. The public rallied to our support. They said they liked our quality foods and our low prices. As a result of their opposition, the tax was defeated.

Now we are faced with this new attack through the courts. We are faced with the heavy costs and all the trouble that lawsuits involve.

But we believe this attack is a threat to millions of consumers who rely on us for quality foods at low prices; to farmers who rely on us for fast, low-cost distribution of their products; and to our loyal employees.

We feel that it is our responsibility to all these people to defend, by every legitimate means, this company and the low-price policy on which it was built.

St. Mary's Enrollment Increased By Eight

The school census for the opening week at St. Mary's school shows an increase of eight students over last year's enrollment for the first days. The 1949 enrollment is 69 for the eight grades as compared to 61 in 1948.

The enrollment follows:

Grade	1949	1948
1st grade	11	8
2nd grade	10	14
3rd grade	13	6
4th grade	5	5
5th grade	7	11
6th grade	11	10
7th grade	10	2
8th grade	2	5

Kindergarten pupils attend the public school. The students in the eight grades for the second year are divided into three groups with three teachers.

Injuries May Force Local Lineup Change

(Continued from page 1)

be shifted on defense when Bruce Shanahan will play left tackle and Bill Wallace will take over at defensive half.

Grayling Coach Bruce Smith is expected to send veterans Vic Pendrick, guard, and Jack Trudeau, quarterback, into the contest with lettermen, such as Jim Feldhauser, end or tackle, Ernie Miller, end, Elroy Horning teamed with Papendick at guard and Lee Nolan at tackle.

Bob Sunday and Jim Kitchen are working for the center job. In the backfield Bill Worden will play fullback, sharing duties with Bob Rasmussen, another letterman. Don Milliken and Warren Hatfield are in line for the starting posts at halfback. Floyd Horning, a new tackle, has looked well recently and may be a starter.

Despite their loss to Pellston, the Grayling boys are expected to field a strong team including a fast backfield.

The Charlevoix Red Rayders will trot out on the field for the season's opener in their new uniforms, gray suits with maroon numerals and helmets.

• Dr. and Mrs. F. W. Young returned home Thursday from a brief vacation trip at Crooked Lake.

Sharon Cunningham was surprised on Monday when a group of her schoolmates dropped in after school to help her celebrate her birthday.

A goodly number of Farm Bureau members enjoyed the meeting ot the Ed Potter home Thursday night. The discussion conducted by Mrs. J. L. Boss consisted of a questionnaire onthe efficiency and work of our group which made us resolve to do better. The social hour consisted of some pictures by Bernard Matchett and a few games. They meet next month at the Clyde Smith home.

• Mrs. Earl Miller left Sunday for an extended visit in Whitefish Bay, Wis., with her son-in-law and daughter, Mr. and Mrs. Edward Radle.

Kohler-Lieberman Nuptials Are Read In Church Ceremony

Martha Jane Kohler, daughter of Mr. and Mrs. Carl F. Kohler, became the bride of Robert Grant Liebermon, son of Mr. and Mrs. Grant W. Lieberman, of Saginaw at an impressive ceremony solemnized at the First Congregational church at 4 o'clock Saturday.

The Rev. Jackson E. Turner read the double ring service in the presence of 200 guests.

Baskets of white gladioli ond tapers in candelobra decorated tho sonctuary where the white prayer bench was placed. White petunias outlined the sanctuary.

Mary Ann Morris of Saginaw, sang, "Because", "I Love Thee" and "The Lord's Prayer, accompanied at the organ by Mrs. A. J. Steiter who also played a program of troditional wedding music.

Bridal Gowa

The bride, given in marriage by her father, wore a gown of white candlelight satin designed with a high neckline, sinall rolled collor, and buttoned to the waist in front with self-covered buttons. The bodice hod lace inserts whicb extended around the hip line to the back. Her fingertip veil of imported illusion fell from a cap of Chantilly lace. She carried a shower bouquet of white roses. Iler only jewelry was a single strand of pearls, a gift of the bridegroom.

Nancy Post of Ionia, was moid of honor and Mrs. Rudolf Nagle, of Saginaw, sister of the bridegroom, Nancy Heering and Ione Mosier, were bridesmaids. They wore gowns made similar to the bride's. They corried white lace fan bouquets of American Beauty roses and white baby mums.

Best Man

Mr. Nagle of Saginaw, ossisted his brother-in-law as best man and ushers were Bud Kohler of Detroit brother of the bride, Clair Albee of Midland, and Larry Woeller of Toledo, Ohio.

Mrs. Kohler selected an afternoon dress of gray crepe, a purple hat, matching accessories and a corsage of purple asters and white baby nums for her daughter's wedding. Mrs.. Lieberman, mother of the bridegroom, wore a brown crepe afternoon dress, matching accessories and a corsage of yellow baby mums.

Immediately after the ceremony a reception was held at the home of the bride's parents. The wedding cake was topped with a boat carrying a miniature bridal couple with streamers to the white satin swans on the lower tiers. The American Beauty and turquoise shades were carried out in the decorations of the cake.

Wedding Trip

The couple will reside in Saginaw following o wedding trip to Mackinac Island and the Upper Peninsula. For traveling the bride wore a red gabardine suit with navy top coat and accessories and a corsoge of white roses and gardenias.

The bride is a graduate of the Charlevoix high school and attended Alma college where she was affiliated with the Alpha Theta sorority. The bridegroom, a veteran of three years with the U. S. Marines, is a graduate of Alma college and was a member of the Zeta Sigma fraternity.

Among those from out of town who attended the wedding were Mrs. Mortha Ripley of Brookline, Mass.; Mr. ond Mrs. J. W. Kohler of Newton, Moss.; Mr. and Mra. Paul Kohler and daughter, Rika, of Toledo; Mr. ond Mrs. Williom Kohler of Buffolo, N. Y.; Mr. and Mrs. John Kohler, Nokomis, Fla.; Mr. and Mrs. Fred Swartz of Toledo.

Mr. and Mrs. Grant Liebermon, Mr. and Mrs. Robert Morris, Mr. ond Mrs. E. Henry, Mr. and Mrs. Don Woodward, Mr. and Mrs. Nagle, Sr., Mr. and Mrs. H. Colton, Mr. and Mrs. T. Emery, all of Saginaw; Sue Flannigan, Peggy Powers, Gloria Albricht and Parker Wotson of Alma.

Virginia Ranger of Birmingham; Jerry Finney of Detroit; Mr. and Mrs. E. Loop of Grond Rapids; Audrey Byers of Lansing; Mr. and Mrs. Ed Smith of Boyne City; Mr. and Mrs. William Shepard and Mrs. James McNeal, Sr. of East Jordan; Frances Rollin of Detroit; Miss Emma Bird of Seattle, Wash.; and Mrs. D. C. Nettleton of Manton.

Stork Shower Fetes Mrs. Jack Harris

Mrs. Jack Harris was honored at a stork shower given Monday evening by Mrs. Wayne Belding and Mrs. Joe Williams at the home of Mrs. Harris' mother, Mrs. Larry Swenson. Following a social evening and refreshments, Mrs. Harris was presented with several lovely gifts.

Those present were Mrs. Gaylord Howell, Mrs. Emerald Chew Mrs. S. E. Coleman, Mrs. Joe Arvilla and Mrs. Harry Stewart.

MERMASHES MADE WITH

M.V.P. Concentrates

Our M. V. P. Concentrate is the only poultry concentrate in its class that carries more pounds per ton of animal protein carriers than soy bean oil does. These animal protein carriers are: animal liver, fish liver and glandular meal, milk products, fish meal and fish solubles, homogenized liquid fish, fish scraps and fermentation solubles.

Is it any wonder that 400 carloads of mermashes (made with M. V. P.) were sold in the state in July and August.

Turkey poults do well on half mash, half pellets until 3½ weeks old. There is a Farm Bureau 34% turkey balancer in pellet form for range feeding as well as over 25% turkey starter and grower.

GENUINE PARTS and EXPERT SERVICE

Ford TRACTOR and Dearborn FARM EQUIPMENT

One thing you'll like about the Ford Tractor . . . it's simple in design and built right. Doesn't take much servicing. Yet when it needs something done here or there, it's easy to do.

For example, we can reline brakes in almost no time...don't have to pull the axle. Transmission, steering . . . everything is designed for efficient service.

With this new Ford Tractor, you won't need us often but when you do, you'll like our work. We service all Ford Tractors, and Dearborn Farm Equipment, with genuine parts.

Mrs. Griswold Tells Of Experienes in Florida Hurricane

Mrs. David Griswold, daughter of Mr. and Mrs. W. F. Meyer of this city, has written her parents of the recent hurricane which struck Florida. Their home in West Palm Beach was in the path of the destructive storm, an account of the storm follows: "Sure glad we have a roof over our heads today. We were alerted yesterday that the storm would hit around 4 p. m. and it sure did.

"It blew hard up until seven, then for nearly an hour there was a calm and outside of the damage it didn't seem like we had had a storm. But about 9 p. m. it started in again and I expected the house to come down on us any minute. I have never seen or heard the wind blow as hard as it did then.

"The lights had gone off about 4:30 p. m., so we went to bed about eight. I wanted to get to sleep so I wouldn't hear the storm but couldn't. David said he didn't know whether the house or I was shaking the most.

"You wouldn't believe the damage that has been done. We went for a ride this morning and saw hundreds of palm trees down, roads closed, light wires, telephone poles down and closing the streets. We still haven't any lights and don't know when we will get them.

"I'm on the lawn writing this. The shutters are up and the house is as dark as night. The wind blew the rain onto the porch.

"We saw houses this morning that had the roofs whipped off, another where two sides of a house came right off; downtown there are hundreds of plate glass windows out. They were boarded but it wasn't enough.

"There's no roof on our garage, two of our palm trees have no palms, and the hibiscus bushes haven't a leaf on them and all the clothes lines are down.

"I can't begin to tell you on paper what it is like but will send some pictures."

Last fall Mrs. Griswold remained in northern Michigan in order to miss the hurricane season. When she returned she was caught in the storm and with her family 'sat' it out in a motor court.

• Mrs. Guy Smith plans to leave in the near future to spend the winter in Detroit.

Road Office Starts Pension Plan Here

A pension and retirement system for county road employes has been inaugurated by the Charlevoix county road commission, following a special meeting at which the plan was discussed.

For the post year the Commission has investigated various types of systems and came to the conclusion that the state plan as used by the Municipol Employes Retirement system was the most logical for a number of reasons. About 50 employes are included in the retirement plan.

The county road personnel at the present time has many men who have been with the commission for years and thoroughly understand their jobs but in order to obtain and keep good men a fair wage scale must be paid ond protection given them as private industry proteets its employes. Social Security does not apply to governmental units.

The commission also contributes with the men in the Blue Cross or Michigan Hospital Service where the employes wish to enjoy that plan. Employes also are given a vacation leave each year.

At the present time eight other road commissions are under the Municipal Employe's Retirement system. They are Allegan, Huron, Mecosta, Midland, Muskegon, Grand Traverse, Ottawa, Washtnaw. There are also 35 cities under this plan for their city employes.

As in the past the Charlevoix county road commission believes that good employee-employer relations are reflected in the work done by the personnel. It is to be realized that during the winter months many of these men are working steadily 20 to 30 hours to keep the highways open in the blizzards and storms which sweep this area.

She has a new electrically-driven wheelchair which was given to her by her countless friends who thought it would be a wonderful gesture for the person who has become the news mouthpiece of this community.

It was a week ago thot she took her first spin to the Courier office in her new vehicle. A number of people crowded around her to offer their best wishes and inspect the new wheelchair.

A cold has kept her from driving it the last few days but she is anxious to give it a thorough test on the hills in towns. She expressed her appreciation to the generous residents who made the chair possible.

along the route will be asked to object to last year's handling of traffic. "It means a lot to the merchants in Charlevoix county and other counties to have this added business and traffic," Mr. Coleman said.

About 30 representatives from Boyne City, East Jordan and Charlevoix attended the meeting at the Argonne. All who attended were agreed that the county organization has bone much to promote the advantages of the county as a tourist resort and vacation spot.

Tha belief was ralterated that the thraa Chambers heva done much to work together on community projects since the organization was formad. Even grester success for tha county was predicted by many who ettanded.

Harry Jennings of Boyne City moved that the county take a page advertisement in the "Carefree Days in West Michigan" and recommended that the county board of supervisors be asked to pay for the promotion. He also thanked the board for preparing a county map which has been of great value to the county's thousands of visitors.

The next meeting will be held in Boyne City. Officers will be elected.

Attending from Charlevoix were Mr. Coleman, Charles Bleha, Henry Heckler, Dick Edwards, Arthur Bergeon, Robert Fochtman and Victor Spaniolo.

• Will Hampton, former publisher of the Courier and past Grand Chancellor Commander of the Knights of Pythias, was a visitor in Charlevoix and East Jordan over the week end.

Mrs. Ranger Honored At Birthday Party

Mrs. Arthur Ranger was guest of honor at a party given at the Goldman cabin on Lake Charlevoix Friday evening by Mr. Ranger to celebrate her birthday anniversary.

Seventy guests gathered for the buffet supper served at a toble centered with a large birthday cake wreathed in violets. She received many gifts and other remembrances of the occasion.

Among the out of town guests were Mr. and Mrs. Ed Loop and Mr. and Mrs. Armstrong of Grand Rapids, Virginia Ranger of Birmingham and Jerry Finney of Detroit.

City Band Surprised By Ice Cream Treat

The Charlevoix city band was surprised Monday night by a treat of ice cream and cake from George Wolf.

George who has become one of the strong boosters of the band which is rated one of the outstanding bands in Northern Michigan, heard the band every time it played during the past summer while he worked at his custard shop.

He so enjoyed the hand's unselfish interests in providing hundreds of visitors with good music that he wanted to show his appreciation for their fine playing.

Condition of Polio Victim 4, Is Improving

The condition of four-year-old Irving Drost, Jr., who is being treated for polio at Munson Hospital, Traverse City, is improved. The doctors have assured his parents, Mr. and Mrs. Irving Drost, that if he continues to improve he will be allowed to sit up next week.

The child, who had been ill for several days in Lansing, was stricken shortly after he arrived here with his parents early this month. He was taken to Munson Hospital a few days later.

Victorious Red Rayders Set Sights on Boyne City

Farmers Adopt Williamston Hunting Plan

Farmers in Norwood and Banks townships will meet at 8 p. m. Wednesday, Oct. 5, to adopt by-laws of their deer control organization, formed last week. Some 150 farmers and landowners attended the meeting.

Harold Totten was elected temporary chairman and Victor G. Spanioio, Courier editor, served as secretary. Elected to a temporary board of directors to draw up the by-laws were Mr. Totten, Conrad Klooster, George Block, Harold DeYoung, Claude Fairman, Hank Harris and Floyd Wagner.

Thirty-seven members paid their $1 dues and the others are expected to register at the by-laws meeting!! All landowners and farmers in these two townships are urged to attend.

Considerable discussion was held concerning the objectives of the organization after it adopted a modified form of the Williamston plan which has proved so worthy in other parts of the state.

Plan Explained

In brief the plan provides posting of the farms and the issuance of tickets to guests of the farmers. In other words, an issuance of a ticket by one farmer in the organization permits the hunter to hunt on all lands of the organization members. The hunter need not get more than one ticket.

The objective of the plan is to enable the farmer who is hunting on his land. While it is not as strict as individual permits which would be good only on one farm, it is designed to control the number of hunters within a certain area.

Ed Starbuck, Charlevoix county conservation officer and Otto Failing, game area manager, explained various phases of the hunting problems this year. Both emphasized that the orchardists are being victimized by deer which have been playing havoc with young trees.

Mr. Klooster pointed out that one orchardist in the area is going to take nearly a total loss on many hundreds of young trees because of the deer menace. He stressed that hunting must be secondary until this condition can be removed.

It is not the aim of the farmers to prohibit hunting on their property, Mr. Failing said, but to formulate a system to protect the herds within reasonable bounds. It has been admitted by conservation officers that there are too many deer in the area at present. That is why the section will be open Dec. 1-10 for anterless hunting by permit only.

Area A Defined

In Charlevoix and Antrim counties, which has been designated as Area A, that there are between 1200 and 1500 deer or agout 2.5 deer to the mile, according to the conservation department. Only 4500 hunters will be allowed to hunt anterless deer in this area.

The number will be controlled by state permit which have to be requested by Oct. 10 of the conservation department. If more than 4500 hunters apply, there will be a drawing Oct. 20.

Glenn Ingalls of the Charlevoix Rod and Gun club said that most sportsmen do not want to see the deer herds eliminated and are willing to go along with the conservation department in its efforts to solve the problem and to help the orchardists.

District Legion Meets

The American Legion and Auxiliaries of the Lower 11th District will meet at Mancelona Sunday, Oct. 2, for a district meeting.

A parade at 1 p. m. will be followed by a business meeting and buffet supper.

Teachers in County To Attend Annual Meeting Oct. 6--7

The regional conference of the Michigan Educational association will be held at Traverse City on Oct. 6 and 7.

Teachers from all the schools in the county along with those of several other counties will be in Traverse City for the annual two-day conference.

Among the outstanding speakers on the program will be Dr. Lee M. Thurston, state superintendent of public instruction, who will speak on the subject "Educational Progress is Adventure," at the opening session at 10 a. m. Thursday morning.

T. J. Stinnett, representing the National Educational Association, will also speak Thursday morning on "The Profession on the March" and later in the conference at an N. E. A. - M. E. A. meeting on "A Teaching Profession Through Higher Professional Standards."

Robert St. John, author, analyst and interpreter of the news, will be the principal speaker at the closing sessions on Friday. Colin Schaibly, president of the Michigan Education Association, will talk on the subject "Candle on a Hill."

Praise Bob Carey For Play Against Wolverines

Bob Carey, one of the Carey boys, almost made himself a Spartan immortal last Saturday in the closing minutes of the State-Michigan game. He almost hung on to a bad pass from Gene Glick which would have given State its first victory over Michigan in 11 years.

Carey was in the open to the side on about the 16-yard line when the pass dropped from his hands. Only a few minutes before, he enabled State to stage a scoring threat by catching two difficult passes. Once he nearly was away for a score, only to be brought down from behind.

Spartan Coach Biggie Munn praised Bob for his fine catches and his booting. Sportswriters agreed that Bob and possibly his brother Bill will be playing a lot of football for Michigan State before they graduate.

A large number of Charlevoix rooters were on hand for the game and several times a cry of "Come on you Charlevoix kid" could be heard in one section of the largest crowd ever to witness a football game in this state. Bill Carey saw action against Michigan and he is expcted to see service against Marquette this Saturday.

Hallowe'en Party Is Planned for Benefit Of Hospital Drive

The Argonne has donated its facilities to the Charlevoix Hospital fund-raising drive for one night each month, Dean Davenport, fund secretary, reported.

The first dance by the committee to raise funds for the new hospital will be held Oct. 19. It will be a hallowe'en party. Extensive plans for a good program of dancing and entertainment are being formulated.

In keeping with its aim to hold several dances and athletic events during the winter, funds from which will be turned over to the drive, the committee said plans are being made to bring an outstanding professional basketball team here for a game Dec. 3.

A benefit dance will be staged the third Wednesday of each month at the Argonne. It was announced that Irish Coleman has been added to the school activities committee which is headed by Harry E. Bingham.

Heads Hospital Again

Harry Craig was reelected president of the Charlevoix Hospital board at its meeting last week. Other officers reelected were Fred Willis, vice president; Don Campbell, treasurer and Mrs. Phila Shanahan, secretary.

Visitor Tells of Experiences In Health Work in Guatemala

(By Fran Martin)

Back from six years in Guatemala with the public health division of the Institute of Inter-American Affairs, Miss Sue E. Nickerson visited briefly last week with her sister, Mrs. Roy G. Bennett, before going to Washington, D. C., from where she will leave Oct. 12 for Brazil to continue her chosen work. This time it will mean a trip up the Amazon river into the heart of one of the wildest sections of South America.

But the thought of such a journey seems to hold no fears for this petite woman who is only 4 feet, 11 inches tall and who weighs 110 pounds.

A graduate of Butterworth Hospital in Grand Rapids and Columbia University in New York, she was with the Texas State Health department for 13 years as an interant and later atate consultant.

Good Neighbor Policy

About this time the United States instituted the "good neighbor" policy toward the countries south of the border and decided to send material aid to back up the policy. Since the people of the Central and South American countries were sorely in need of medical care, nurses and doctors were taken from the public health departments and sent to the various countries to aid them in setting up their own clinics and health services. Miss Nickerson was selected to go to Gautemala. A country approximately the size of the state of Tennessee.

When she arrived in Gautemala City in November, 1943, she found a tremendous task to be done. She had no knowledge of the language but with an interpeter with her constantly she soon mastered that obstacle and went about the job of setting up a public health service comparable to those in each of our states. Completing her plans seemed like an unsurmountable task but with persistence she stayed at the job and eventually established five health centers where an average of 135 persons are cared for daily in each, trained public health nurses to supervise the clinics and later personnel to run the clinics and established public health training schools in the hospitals for the future training of nurses. It took six years of hard work but this woman who has a seemingly unexhaustable reserve of stamina and strength has left behind her a well-organized and worth-while project.

Proof that her name has become a household word in Gautemala was given last summer when a Guatemalan exchange student at Central Michigan State college spoke at the Central Michigan workshop here and was asked if she knew Miss

Business Men To Meet Again

The much-discussed business men's group will be the principal item of consideration at the Board of Commerce meeting at 8 p. m. Wednesday, Oct. 5 at the city hall.

The odds at present favor forming the organization within the the Board of Commerce organization. At a meeting last week, which was attended by about 18 men, it was understood that there is a definite need for such a group in Charlevoix.

Irish Coleman emphasized the importance of having such an organization and said that it would get every consideration from the directors of the Board of Commerce. While there was a difference of opinion whether the business men's group should be part of the Commerce organization, it was agreed that a retail organization could prove to be the core of a more aggressive Board of Commerce.

Arthur Bergeon emphasized that the retail men's group should be appointed by the Board of Commerce directors but several differed with him on that point. Dallas Henry said the group should be a part of the Board of Commerce but should elect its own officers.

Everyone who attended the meeting was urged to take two others to the Oct. 5 meeting so that a good representation will be on hand to decide if a new organization is wanted. All retail store clerks and others interested are urged to attend.

Henry Heckler, who substituted for Lowell Merica, presided.

Mayor Is Better

The condition of Mayor Ray Hamilton is showing daily improvement at Gray hospital, Manistique. The mayor is recovering from a cerebral hemorrhage suffered Sept. 17 while enroute to Mayo clinic, Rochester, Minn., where Mrs. Hamilton was to undergo a rountine check-up. Visitors, excepting his family, are not permitted. It is not known when he will be removed to Charlevoix. Mrs. Hamilton said he has been cheered by the large number of messages from friends and associates here.

County Residents Asked to Give $1 Each for Battle Against Polio

Dread polio has struck several Charlevoix and Antrim county residents this summer. The county chapter of the National Foundation for Infantile Paralysis which comes to the financial aid of the polio victims by providing expert medical and hospital care needs money badly.

Joan Hartzell, five-year-old daughter of Mr. and Mrs. Jack Hartzell, who was taken Saturday night to Charlevoix hospital suffering from infantile paralysis, is much improved, the attending physician said. A slight paralysis in the left arm has practically disappeared.

Nearly 2,000 cases of polio have been reported in the state this summer, nine times as many as last year. So the foundation is making a special appeal for contributions throughout the county, state and nation.

Dallas Henry, vice chairman of the county chapter, said there will be no formal drive in this city, but urges all adults to contribute $1 each within the next two weeks. The money can be left at the postoffice., Dal's Barber shop, liquor store or with Rex Davis in the courthouse. Just a $1 to help other polio victims fight the dread disease.

The county chapter is spending between $80 and $100 daily on polio patients at present. One case in East Jordan is costing the chapter $50 a day for the best possible care. It stands ready to help you if polio should strike your family.

Mr. Henry knows at first hand about the foundation. Last spring his daughter, Jon, was stricken with polio in Florida. The foundation paid $1800 in expenses for her while she made her recovery..

Sewage Charge Goes in Effect Here October 1

One of the major steps to take the city out of the red will become effective Oct. 1.

Starting with that date and thereafter at three month intervals, water users in Charlevoix will be billed 18 cents per 1,000 gallons of water used to cover sewage disposal costs—something which more than 850 residents (summer and year-round(enjoyed at low cost since tha sewage plant was built nearly 15 years ago.

This 16-cent charge will be in addition to the 25-cent levy for water which is also billed to residents quarterly. There will be a separate billing for water and sewage disposal charges. This is necessary because the money obtained from sewage must be used to pay off indebtedness.

$12,000 Yearly

The sewage disposal charge will result in the city obtaining an estimated $12,000 yearly with which to pay off the indebtedness. The city has been running in the red for many years chiefly because the city failed to charge for sewage disposal, Mayor Ray Hamilton said a few weeks ago at the council meeting.

He pointed out that the water department finances threatened the financial stability of the city if it were permitted to continue the mounting deficit. More than $8,000 deficit was reported from this department alone. This year the deficit was expected to reach $10,000.

It was at this point that the council decided to follow the recommendations of a state municipal official who said the most logical step would be to invoke the sewage disposal ordinance.

Only 10 Per Cent Of City Summer Tax Still Unpaid

A total of 89.0 per cent of the city summer taxes in Charlevoix have been paid, acting city clerk Don Swinton disclosed this week. This represents $54,053 in city taxes.

Last year by this time residents had paid about 92 per cent of the city taxes, but Mr. Swinton said this year's showing was much better than was predicted by city officials in August when less than 45 per cent of the taxes were receipted.

The rush to pay taxes during the first two weeks of September was greater than any time before, leading him to believe that they neglected their tax payments for a longer time this year or else were unable to pay them.

The increased tax collections in September mean that the city financial problem will be eased for the time being. The city electric department collected $12,000 during the first 15 days this month, he said.

City to Borrow $15,000 More For Operation

Steps were taken by the city council Monday night to borrow an additional $15,000 with which to operate the city until next spring.

The decision to borrow tha money from a private lending agency, after approval is granted the city by the state Municipal Finance commission, resulted after tha council heard acting City Clerk Don Swinton and City Attorney Norman Anca explain tha city's financial crisis.

They recommended that city departments provide bi-monthly reports on their spending to the council which will keep a close check on all spending. The city clerk pointed out that many employes would have to be laid off and certain services would be curtailed this winter if the city had decided not to borrow any money.

Plan Meeting

The clerk, city attorney will confer with the finance committee later this week to formulate a letter to the Municipal Finance commission, whose permission to borrow the money, will be sought. The city was told that the banks did not care to lend any additional money unless the finance commission approved the loan.

If the loan is granted, the city will be obligated to pay it back within a year. The loan cannot be renewed but must be paid within a year after it is borrowed. The council agreed that every step should be taken by the city to forestall any layoffs of municipal employes.

Mr. Swinton told tha council that tha city has about $25,000 left of its budget with which to operate tha city through the wintar. He favors pooling all tha money of tha various departments to tide tha city over the crisis.

Several councilmen reported that the city's financial condition, while pressing at present, is not unsatisfactory over the years. They pointed out that expenditures in the last three or four years have been unusually heavy, chiefly because of mounting costs of equipment replacement and the sewage disposal deficit. Steps have been taken to relieve the deficit by charging water users 16-cent per 1,000 gallons to cover sewage disposal costs.

Grant Request

The request of Lee Allard to build an additional four feet onto his house at Garfield and Bridge streets was granted, provided that he obtains permission of his neighbor.

The council also granted request of Pete Scott and Cliff Gregory for water main extension. It means an extension of 200 feet. Aiderman Drew Young said he favored the extension if the city had enough pipe on hand.

Insurance policies on the city's fleet of vehicles were renewed with Charles A. Ham-

Charlevoix Gridders Grid For Win No. 28

A hard-driving band of Red Rayders who opened their 1940 grid season in auspicious fashion last week by walloping Grayling 45-0 set their sights on the Boyne City game this Saturday. The tilt will be at Boyne City at 3 p. m.

Fresh from their triumph over Grayling which lost its second game of the season, the local lads of Coach Ray Kipke will be out for victory 28 against a Boyne City team which defeated Pellston last week in a 7-0 contest.

The Rayders played inspired football most of the way against an out-fought underdog, scoring twice in the initial period, twice again in the second period, once in the third and finishing off their scoring plays for the day with two touchdowns in the final quarter.

Uses Three Teams

Coach Kipke used at least three teams against Grayling and what he saw them do was highly pleasing. While praising his team for their impressive preformance, he also cautioned them against thinking too much about last week's game. He is fearful that the boys may defeat themselves if they become too confident. All conference teams are pointing their sights on Charlevoix with a hope of snapping that long streak.

Last Week's Scores

Boyne City, 7; Pellston, 0.
East Jordan, 21; Harbor Springs, 0
Mancelona, 14; Gaylord, 7.
Charlevoix, 45; Grayling, 0.

This Week's Games

Harbor Springs at Gaylord
Pellston at East Jordan.
Mancelona at Grayling.
Charlevoix at Boyne City.

It was hard to pick an outstanding player among the Charlevoix team as nearly every player lookad good. Tha play of Jerry Gibbons at tackle and Jim Jolliffe, back, was worthy of tha greatest of praise. Tho linemen blocked and charged hard and mada tha work of the ball carriers a lot easier.

The game was only a few minutes old when the locals scored on a forward, lateral from Bill Barber to George Haggard to Ron Cunningham. The play went 60 yards for a touchdown. Barber added the point from place.

Charlevoix---- Convention City?

The city of Charlevoix has been host to two highly successful conventions in the last few weeks.

Persons attending the SPEBSQSA convention were liberal of their praise of the Board of Commerce, of many residents, merchants and other business people. Of the number only a few had complaints on their treatment. Perhaps there were more but we did not hear of them.

Most were quick to point out that the Barber Shoppers from Charlevoix, East Jordan and Boyne City were hospitable and anxious to show the visitors a good time. That feeling is to be commended as the city can stand a lot of it.

The SPEB Labor Day Jamboree attracted the largest crowd since the event was first staged seven years ago. Next year it promises to be even larger. We certainly hope so. It means a great deal to have several hundred additional visitors stop here for a two or three-day period.

We want to go on record as praising the local Barbershoppers, headed by John Grupa, and the other chapters in this county for doing their utmost in making the Jamboree a success in every sense of the word.

Recently some 200 judges and guests from all parts of Michigan gathered here for a two-day convention. While their activities were centered at the Belvedere, many of them visited in the community and other parts of the county. Many were lavish with their praise of Charlevoix as a vacation and relaxation headquarters. Several of them said they are going to plan to spend at least two weeks here next summer.

Most of them took time off from business sessions to commend the management and facilities of the Belvedere, the geniality of Scott Wilson and his staff, and express their amazement as to how beautiful this resort community is at this time of year.

The Board of Commerce and Irish Coleman came in for praise in making their stay such a welcome one. Several judges stopped this writer and told him what excellent treatment they had been given by Mr. Coleman, his associates and the Belvedere. At least five downstate judges went on record as favoring Charlevoix as the site of the next convention. This is also a tribute to the men who worked on the convention, particularly Circuit Judge and Mrs. Charles Brown who with Mr. Coleman asked the judges to favor the community with a return visit.

We hope that residents who have contact with state organizations will endeavor to sell their groups on coming to Charlevoix for their convention in the next year or two. This community has the best climate, virtually free of pollen, and other factors necessary to make the stay of convention people a happy time.

Let's work with the Board of Commerce to obtain more conventions.

A Big Boost For Smitty!

Stepped into Smith's Department Store the other noon and saw the strangest thing. "Sis" Davis was coming up the stairs from the basement with a bundle of wash.

"Is Smitty taking in washing these days?" I asked. "Not quite," she says. "He's just put in a new automatic washing machine, so the girls who work here can get their laundry done while they're eating lunch. Means more time to relax at night and on weekends."

I thought what a swell boss Smitty must be. Human relations between the boss and employees have certainly taken a big step forward during my lifetime.

From where I sit, people seem to be doing a better job of seeing our neighbor's viewpoint these days. Though his ideas and tastes may not be ours, we can understand his preference for a certain breakfast cereal, a favorite movie star, or for a temperate glass of beer or ale. That's the way it should be in a free country.

A&P Answers Suit By Government on Anti-Trust Count

Do the American people want A&P put out of business? This blunt question was asked in an advertisement published by the Great Atlantic & Pacific Tea Company in 2,000 newspapers last week. It was in answer to the anti-trust suit filed in federal court in New York last week calling for dissolution of the company, pointing out that the attack, if successful, would mean higher food prices.

A&P said this poses a basic question for the American people. Do they want to continue to enjoy lower prices and better living or do they want to break up A&P and have lower living standards?

The statement explained that the suit was brought under the anti-trust laws which were passed to prevent anyone from getting a monopoly and then raising prices to the public. We have never done any of these things, said A&P. Nobody has ever shown we have anything even approaching a monopoly of the food business anywhere. Nobody has ever said we charged too high prices—just the opposite. We would not have had any of this trouble if instead of lowering prices we had raised them and pocketed the difference.

A&P stated that the entire American system of efficient low-cost, low-profit distribution is threatened because if the anti-trust lawyers succeed in destroying A&P the way will be cleared for the distruction of every other efficient large scale distributor.

A&P was the first chain store in this country for more than 90 years. We have tried to build a sound business on the simple formula—give the people the most good food you can for the money. The American people have shown that they like our low price policy by coming to our stores to do their shopping.

No. 27 Was Easy - Watch Out for Boyne City

Grayling was a lot easier than anyone expected. But don't let that fool you—Red Rayders. The season has only started. And there's going to be plenty of bumps. Let's take the games one at a time. The lads of Coach Ray Kipke thrilled a good-sized crowd at the opener here last week.

The linemen blocked effectively. The boys in the backfield never forgot that it's the boys on the line that many times make their gains possible. The Rayder backs did all that was expected of them and more. The team spirit is at an all time high. The community and the school won't let the team down no matter what happens.

But last week was one story. This week's game against Boyne City which would consider its season a huge success if it could humble the boys from Charlevoix, is another story.

The Boyne City boys will be giving their all to try to stop this long streak of the Rayders. They can do it—if any of the Rayders get overconfident. Local fans are behind the Rayders all the way . . . Let's go to Boyne City this Saturday . . . Keep up the good work—Red Rayders.

Krahnke Tears Off Big Gain in Second Half As Locals Win Easily

Photo By Louis McKenzie

One of the many Charlevoix Red Rayder boys who distinguished themselves when they trounced Grayling last Friday 45-0 was Charles Krahnke, stellar end, who is shown going for a big gain in the second half. Notice the blocking he is receiving. The brand of play was uniformly good, Coach Kipke and his aides admitted.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

The Shilleigh restaurant has gone back in to the building where it was first opened in 1945 by the late J. C. Hanley. In tha fall of 1946, the restaursnt was bought by Mr. and Mrs. James Elms and moved to the building which was formerly occupied by the LaFreniere store. Recently, Mr. ond Mrs. Elms bought the "ld Shilleigh" building from Vernon LaFreniere. During the past week, the restaurant equipment was moved to the new location. Sunday, the Shilleigh opened for business. Elms intends to remain open throughout the winter.

On the whole, September has been an unpredictable month—plenty of rainy, windy days.

Corl Keubler, our conservation officer, reports the woods are coloring up. About the time for rabbit season, Beaver Island should be at its height of fall beauty.

Mr. and Mrs. Bushy Tail and fomlly have invaded the village. Squirrels are running up and down tree, much to the dclight of the children.

About 300 oid telephone poles have been repioced by new ones. A special crew brought to the Island by the Sundew is doing the replacement job. An auxillary power engine has been installed at the head light house for supplementary lighting facilities.

Burt McDonough is spending a 10-day leave at his home in the village ,from his post at the head light house.

Mrs. George Miller left Wednesday for Detroit to visit her mother who is ill.

Buddy McDonough and Larry Cull have returned from Pontiac where they have been working.

Tuesdsy evening, a cake walk and dance was heid in the parish hall. The committee in charge were Mrs. Grace Cole, Mrs. Patrick LaFreniere, Mra. Lawrence McDonough, Mrs. James LaFreniere, Mrs. Burt McDonough, Lloyd McDonough, Frank Nackerman; Willie John Gallagher, George Ricksgers and Mike Cuil.

"Bussle" LaFreniere left Monday for Detroit where he will remain. Bussie worked at the Shilleigh restaurant during the summer months.

Earle Boyle, one of the Island's eligible bacheiors, has done right well for himself. Earle has canned 120 quarts of apple souce and he is still at it. Sholl we give him the title of "Beaver Island's Canning King"?

Charlotte McDonough is back home to spend a month. Charlotte has an office job owaiting her when she returns to Detroit.

Patricia O'Donnell, one of last year's graduates, is cashier at o National Food store in Chicago.

Jerry LaFreniere celebrated his ninth birthday Thursday afternoon by inviting a group of friends to his home ofter school.

Dr. Palmer and Mrs. Marion Rice, county nurse, have had a busy week. The school children have hod the hearing test, physical examinations and "shots" for diphtheria and small pox.

Work on the new school building has been resumed.

Out ot the Antrim Iron lumber camp, Jim Carpenter and erew are turning out parts for croquet mallets. Several years ago, the large acreage owned hy the Antrim Company was bought by Zeibrath of Carey, Ohio. Zeibarth, who manufactures handles and other articles made of hardwood, has been supplying his plant in part with Beaver Island hardwood. Zeibarth was on the Island last week and gave orders to produce as many parts as possible before winter closes in to make shipping impossible.

Mrs. Ed Joseph entertained a group of young friends Sunday with an afternoon luncheon. The table, overlaid with a lace cloth, was centered with an arrangement of fall leaves and lighted tapers. Rosalie Bennett, Audrey Gatliff, Carolyn Miller and Mary Catherine Hanley were her guests.

The seniors hsve issued orders to the freshmen how they are to appear on initiation dsy, Friday, Sept. 30. There will be a mad scramble in the village to scrape together the outfits the seniors have commanded the "freshies" to wear.

Bridal Shower Honors Miss Bonnie Sutton

Bonnie Sutton, bride-elect of Richard Fochtman, was honored at a bridal shower given Friday evening by Loanne Anderson and Mrs. Ingma Pontious at the latter's home.

An umbrella decorated in pastel colors held the many lovely gifts. Two heart-shaped cakes topped with a miniature bride and groom decorated the refreshment table. Games were enjoyed by the guests.

Invited guests were Mrs. E. D. Hawley, Mrs. Ado Golden, Mra. Maurice Dixon, Mrs. Claire Mortin, Mrs. Angus Fochtman, Mrs. Frank Noble, Mrs. Harvey O'Brien, Mrs. Klaus Andersen, Mrs. Peter Timmer, Mrs. Henry Isaksen, Mrs. W. D. Wood, Mrs. Shelby Goss, Mrs. Elden Potter, Mrs. Inez Harriman, ond Solly King.

Four Generations at Local Family Dinner

Four generations were present to help Ricki Miller celebrate his third birthday anniversary at a family dinner Wednesday evening at the home of his parents, Mr. and Mrs. Robert Miller. A lighted birthday cake centered the dinner table.

Present were his great-grandmother, Mrs. Agnes Engstrom, his grandmother, Mrs. Lillian Hull, his parents, Mr. ond Mrs. Miller, his sister, Vicki and his aunt and cousin, Mrs. Charles Powell and daughter, Sandra VonDohlen.

Shirley Balch Feted At Bergmann Home

Shirley Balch, who plans to leave early in October for South Bend, Ind., to spend the winter was honored at a party given Wednesday evening by Mrs. Eugene Bergmann and Mrs. Cloire Martin at the latter's home. Guests enjoyed an evening of tripoly, followed by refreshments. Miss Balch was presented with a gift from the group.

Present were Mrs. Russell Lewis, Mrs. Shelby Goss, Mrs. George Plumm, Loanne Anderson and Bonnie Sutton.

Baptist Circle Gives Scarves to Hospital

The Margaret DuBois circle of the Baptist church have donated hand-made white dresser scarves to the Charlevoix Hospital, Miss Anne Baumgartner, superintendent of the hospital, announced. The group is the first organization to contribute articles to the hospital since the summer season.

Mrs. Arnold Copeland is president of the circle.

Many organizations in Charlevoix and surrounding area have made verious articles and done mending for the hospital in the past.

"The hospital board is always grateful for any help given," Miss Baumgartner said, "whether it is in the form of mending, items made and donated, gift of vegetogles, fruit or canned goods." If anyone desires to make such a gift they may do so.

Attend Road Meeting

A meeting of the accounting committee of the Michigon Road Commissioners association is being held in Lansing Wednesday and Thursday. Mr. and Mrs. Ralph Hamilton left Wednesday to attend the two day session.

Postmasters Talk On Postal Rules

The National Association of Postmasters from the Lower 11th district met at the Argonne Thuraday evening for a dinner and business meeting.

Alexander Worden, postmaster of Petoskey and chairman of the group, introduced the host postmaster, J. M. Foster of Charlevoix who welcomed the visitora and acted as chairman of the program.

The former Mrs. Natalie G. Marker of Elk Rapids, who recently became Mrs. Coy spoke to the group and related her experiences as postmaster for the last 30 years. Noah H. Viau, Cheboygan postmaster, gave a fine talk on organization and membership of the association.

Former Inspector Russell Heinz of Petoskey, spoke on postmasters and the kind of service the postal department expects of them. An open discussion followed relative to the postal laws and regulations. All questions were promptly answere by Inspector Heinz.

Indications were that a large number will attend the national convention in Chicago Oct. 30 through Nov. 3. The group also voted to hold a mid-winter meeting with the place to be selected by the committee in charge.

Charlevoix Golf Club Shows Season Profit

The Charlevoix golf club showed a profit of $173.89 for the year's operation of the local golf course, Charles A. Hamlin, general supervisor, reported to the council.

In noting the year's financial report, Mr. Hamlin praised Frank Poole, club professional and clubhouse manager, for his co-operation in making the showing possible. The council lauded Mr. Hamlin's work.

Total revenue for the year was $3,451 which was broken down into $2,961 from daily play and $490 from local season tickets. A new Jeep was purchased this year and its cost was amortized over a five-year period.

Why Do They Want to Put A&P Out of Business?

The answer is to be found in the formal complaint "they" have filed with the court.

By "they" we mean, of course, the anti-trust lawyers from Washington who are out to destroy A&P.

They say . . . and these are the anti-trust lawyers' own words . . . that we "have regularly undersold competing retailers."

To this charge we plead guilty:

We confess that for the past 90 years we have constantly stepped up the efficiency of our operations in order to give our customers more and more good food for their money.

The American people have seen nothing wrong in this. By their ever-increasing patronage for 90 years they have shown that they like this low-price policy.

Apparently the people still see nothing wrong in this today. All during the past week – since the anti-trust lawyers made their charges – we have been deluged with phone calls and letters from men and women in all walks of life who want us to know they are opposed to this effort to put A&P out of business.

An enormous number of customers are telling our store managers and clerks that they want to continue to enjoy our low prices for quality foods.

Farmers and other suppliers are asking what they can do to preserve this efficient outlet for their products.

Our 110,000 employees are asking us to protect their jobs and pensions.

Labor leaders are wiring us their opposition to this threat to labor's living standards.

If all these people will be hurt, why then do the anti-trust lawyers want to put A&P out of business?

Low Prices Don't Hurt Anyone

The anti-trust lawyers say because we are able to sell food cheaper than other grocers, we make it impossible for those grocers to compete with us.

If this were true, we should have all the food business in the United States by this time.

Just the opposite is true. In 1933 we had 11.6 per cent of the nation's food business. Now, according to the anti-trust lawyers, our share has decreased to 6.4 per cent in 1948. Anyone can see we have nothing even approaching a monopoly.

As a matter of fact, there are about 30,000 more individual grocers in business today than there were ten years ago.

There are about 275 more food chains in business today than there were ten years ago.

In other words, we have more competitors in the food field and do a smaller share of the nation's food business than before.

Where is this alleged destruction of other grocers? Where is there any evidence of their inability to compete with us?

Do You Want Higher Prices?

As anyone can see, the only purpose that would be served by putting A&P out of business would be to raise food prices.

Who would this benefit?

We were the first merchants to set the pattern for low-cost, low-profit distribution. Our example and our competition has led other grocers to keep their prices down.

Remove A&P from the picture and food prices are bound to go up.

Remove A&P from the picture and the way will be cleared for the destruction of every other efficient large-scale distributor.

Is this what the American people want?

Is this in the public interest?

Sewage Disposal Rates Become Effective October 1

The city of Charlevoix, starting October 1, is starting to bill its water users 16 cents per 1,000 gallons of water used as a separate sewage disposal billing. The water billing will be by itself.

For nearly 16 years, the city has been furnishing sewage disposal at little cost to the residents in this city. Meantime, the city fell behind in its finances. This factor was responsible to a great extent for the city running further and further behind. In other cities, residents have paid an equitable price for the privilege of having a modern sewage disposal plant.

A few weeks ago, after months and months of consideration, the city Council asked a representative of the State Municipal Commission to appear and give his recommendations on the city's financial dilemma.

Familiar with the ordinance passed by the city Council coincident with the construction of the sewage disposal plant in 1934 and 1935, the representative recommended that the city at once invoke the ordinance which was in operation only a few months before it was virtually discarded.

He said that this was the only logical way in which the city could make certain of meeting its commitments. After his report was studied for several days, the Council agreed unanimously that it invoke the 1934 ordinance providing for a levy of 16 cents per 1,000 gallons of water used by local residents.

This action was taken only after full consideration of what the consequences might be if the city was unable to pay its bills in coming months.

It was brought out by the Council that more than $8,000 was lost last year in the operation of the city water department, chiefly because the 25-cent levy per 1,000 gallons of water used, was not large enough to enable the department to pay its way.

It was also admitted that the deficit for the water department would be at least $10,000 this year.

To put a stop to this deficit, the city Council acted in what it believes to be the only logical way. The Council believes that residents will not object to paying for their sewage disposal service when they understand that failure to invoke the 16-cent levy is undermining the stability of the city's finances.

The billing starts Oetober 1.

There will be a billing each three months.

If the sewage disposal charge is not paid within 30 days after billing, a five percent penalty will be added.

If the sewage disposal charge is not paid within 90 days after billing, it will be added to the real estate tax on the water user's property.

Residents not having sewers available to them will not be charged for sewage disposal.

However, if sewers are available to them, even though they are not used, the residents will be billed for sewage disposal.

The sections of the city ordinance relative to sewage disposal follows:

Ordinance No. 181

Section 7. The rates for services furnished by said (sewage disposal) system shall be levied up on each lot or parcel of land, building or premises having any connection with said system on the basis of the quantity of water used thereon or therein as the same is measured by the City of Charlevoix water meter there in use, and shall be collected at the same time and in the same manner as provided for the payment of water bills. The City of Charlevoix may classify the users in each class as it may deem reasonable. Such classes and rates are hereby fixed as follows:

Charges per 1,000 gallons, payable quarterly ---------- $ .16

Minimum charge per quarter ---------- $1.00

The City of Charlevoix shall pay out of the appropriate general funds of the City of Charlevoix the reasonable cost and value of the services rendered to the City of Charlevoix by such system on the basis of the foregoing schedule of rates and amounts of water used by the several departments of the City of Charlevoix. Charges shall constitute a lien on the property served by such connections, and if not paid within ninety days shall be collected in the same manner as general city taxes.

Seetion 8. The rates herehy fixed are estimated to be sufficient to provide for the payment of the interest upon and the principal of all such bonds as and when the same beeome due and payable, to ereate a bond and interest redemption fund therefore, to provide for the payment of the expenses of administration and operation and sueh expenses for maintenance of said system as are necessary to preserve the same in good repair and working order, to build up a reasonable reserve for depreciation thereof and to build up a reserve for reasonable and proper improvements, betterments and extensions thereto other than those necessary to maintain the same in good repair and working order. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby convenanted and agreed at all times to fix and maintain such rates for services furnished by said system as shall be suffieient to provide for the foregoing.

Seetion 9. The Council may make such rules and regulations governing the operation of said system and the collection of the service rates as it shall deem neeessary. The Superintendent of the Electric Light and Water plants may make such further by-laws, not inconsistent with the rules and regulations of the Counell, as he may deem neeessary for the management and protection of the system. Such rules, regulations and by-laws shall have the same force and effeet as ordinances.

Nickerson. Her answer was "Know Miss Nickerson? Everybody in my country knows Miss Nickerson."

When Miss Nickerson left Guatemala earlier this summer, clinics and health centers were in the process of being set up outside the metropolitan area in a country which knows every type of terrain and in which the raising of coffee and bananas, weaving of fabrics and the making of leather and silver goods are the main industries.

Going to Brazil

After two months at the Washington office of the Institute of Inter - American Affairs, Miss Nickerson, a native of Kinksley, visited in northern Michigan before tackling the new job in South America.

When she leaves Washington next month she will go via Pan-American airlines to Belem, Brazil, where she will then board a launch, the main type of transportation on the river, to the first of 25 public health stations already set up along the river. There she will join other nurses and doctors in the field which reaches approximately two thirds the length of the world's longest river into the very heart of the jungle.

Hot Climate

One thinks of the district so close to the equator as being unbearably hot and humid but Miss Nickerson said that one soon acclimates himself to the temperature. Even though the days are hot, she continued, the nights in the tropics are cool and after dark one needs a sweater or jacket.

Not even the language of the country, which is Portuguese, is worrying her for she learned to speak Spanish fluently in Central America and the languages are much alike.

Miss Nickerson will spend a year in South America and plans to return for another visit next summer.

Charlevoix Gridders Out for Win No. 28

(Continued from page one)

ment. Chuck Krahnke, end, scored the second on an off tackle play. Barber missed the try for point.

In the second quarter, Jolliffe went over from the sevan on a line plunge. Greyling could not seem to gain through the line and the winners forced them to punt time and again. Bill Worden of Greyling was the best ground gainer for the losers.

The fourth score was made by Barber on a quarterback sneak which fooled the entire Grayling team from the three yard line. He missed a try for extra point. During the first half, Rasmussen stood out defensively for the losers with Ed Klein and Gibbons for the winners. Jolliffe made the longest run of the half with a 20 yard jaunt. Score at the half was 25-0.

Locals Block Punt

Charlevoix kicked off at the start of the last half but Grayling was unable to gain against the local reserves. Later on in the period, Klein and Tom Hamlin blocked a Grayling punt but the losers recovered.

Bill Wallace replaced Barber at quarter and shortly after made a touchdown from the six yard line. Charlevoix again missed the try for extra point. Coach Kipke substituted freely at this point and the reserves distinguished themselves by throwing Grayling for repeated losses. Following an exchange of punts in the final period, Krahnke scored from the 10 yard marker. Again the point was missed.

The final score resulted after the Rayders blocked a punt and recovered on about the 10 yard line. Dale Suomela finally went over the six yard stripe to make it 44-0. Suomela plunged over for the final extra point.

Knights of Pythias Vote to Contribute $50 to Polio Fund

Pine Lake lodge, Knights of Pythias in Charlevoix, continued its long list of charitable projects by voting Monday to contribute $50 to the emergency polio fund.

A large attendance marked the start of the fall and winter activities for the lodge. The lodge has been in the forefront of the drive to raise funds for the new hospital. One of its members, Herb Schofield, is head of the hospital activities committee.

The lodge is enthusiastic about the possibility of a new Castle hall of its own and the Pythian recreation center which is to be established at Burt Lake, near Indian River.

Attending Monday night's potluck dinner were S. W. Jarvis, Sault Ste. Marie, Grand vice chancellor and a delegation from Red Cross lodge there; H. B. Johnson, director of progress of the order; Harold Miller, who was recently elected Grand outer guard. A delegation of the Traverse City lodge was headed by two of its oldest members, Carl Erickson and Mack Craw, both of whom have been members for 60 years. Other delegations attended from East Jordan and Petoskey.

Another meeting is planned for next Monday night. All members are urged to attend as the lodge aims to be the active chapter in Northern Michigan, according to Charles Hampton, lodge correspondent.

Boy Scouts Enjoy First Outing of Fall

For the first Boy Scout meeting this fall, 20 Scouts were taken on an outing last week by Scoutmaster Gaylord Howell and his assistants, Pat Moran and Bernie Ward.

They went to Horton's Bay where they enjoyed hot dogs cooked over an open fire and hot cocoa. Games were played. Lee Joseph conducted a short business meeting. Committee members present were Frank Oleksy, Art Ranger and Herb Campbell.

An outstanding program is being planned for the coming year. Thirty-two Scouts are registered. The committee hopes to obtain every eligible boy enrolled for a winter of fun. The Scouts meet each Wednesday at 7:30 p. m. at the city hall.

Adults wishing to assist in the Scout program are asked to call Mr. Oleksy.

• Mrs. Eva Smith spent from Wednesday to Friday in Bridgeman visiting her daughter and son-in-law, Mr. and Mrs. Frank Ostrom.

Moore's Team Takes Weekly Bowling High

Walt Moore's bowling team rolled the highest three-game total last week in the city bowling league, knocking down 2464 pins. Walt Moore's was in good form with a three-game total of 950 for best single game among the six competing teams.

George Wolf grabbed singles honors with a high game of 219. Individual high was three games was L. Heise who knocked down 068 pins.

The weekly average of city bowlers follows: D. Hull, 171; R. Klein, 168; H. Supernaw, 166; L. Barnett, 159; G. Wolf, 158; H. Cunningham, 155; L. Heise, 155; Al Weatter, 153; T. Grace, 149; B. Matzinger, 149; A. Nettleton, 149; W. Moore, 149; V. Mathews, 146; B. Henley, 146.

Unbeaten E. Jordan Threatens To Halt Rayder Streak

Supervisors To Adopt Final 1950 Budget

The final budget for Charlevoix county operations in 1950 will be adopted at the fall session of the board of supervisors, opening at 9:30 a. m., Oct. 10 at the courthouse.

This year's budget of $107,485 which was exceedad is expected to ba trimmed as tha board endeavors to find ways of cutting corners in county oparations. It appears certain that the budget will overshadow other items of busines coming to tha board for its consideration.

The county, like other governmental units, are faced with smaller incomes during the next 12 months, and it is a foregone conclusion, one supervisor told the Courier recently that new economies are going to be a "must item" for the board when it convenes for its week of meetings.

Cuts In Budgat

Several supervisors have expressed the belief that some of the expenditures could have been avoided this year but for various reasons, were not. They point out that the county finds itself in a condition that it must follow close economy from now on. It has been explained that income to the county will be somewhat reduced in the next 12 months so that expenses will have to be trimmed wherever possible to keep pace with dropping income.

Reports of the various county departments will be given. It is considered likely that a request from the welfare office for additional funds to meet the expected increase in welfare load, will be submitted to the supervisors.

Welfare expenses normally show an increase in the fall when residents are faced with cold weather which means fuel supplies and opening of school which means added expenses. To date welfare expenses have been kept to the barest minimum but an increase in the rolls is considered inevitable.

Township and city clerks in the county will submit reports. Arthur Bergeon of Charlevoix is chairman of the board.

Clarke Bergeon Is NU Band Member

A third Charlevoix student has left the Charlevoix band to gain a chair in a college or University band. He is Clarke Bergeon, clarinet player, who has been accepted as a member of the Northwestern University marching band at Evanston, Ill, He enrolled there recently as a freshman student.

He has written his parents, Mr. and Mrs. Walter Bergeon, of his acceptance and aiso said that plans were being made to fly the band via chartered Constellations to the Ohio State game.

The other local boys who made good in bands are Bob Shanahan and Bob Bartlett. Shanahan is starting his second year with the University of Michigan at Ann Arbor. He will be playing the trombone this year. Last season he played the bass.

Bartlett, who is starting his second year at Central Michigan, Mt. Pleasant, is also starting his second year as drummer with the college band.

All three played with the Charlevoix high school band and more recently with the Charlevoix city band under the direction of C. A. Odmark.

• A. L. Westol of Traverse City and A. G. Lyzenga of Kalkaska, both state auditors, are at the courthouse this week for their regular county audit.

Plans Discussed By District Scouters

The September round table of the northern district Scenic trails counell, Boy Scouts was conducted at the Charlevoix high school Thursday evening.

The meeting was attended by district officers, field representatives, district committeemen and other adult leaders from Traverse City, Petoskey, Gaylord, Alba, Mancelona, Harbor Springs and Charlevoix.

Col. George Bohn of the executive board introduced the district officers for the coming year. These officers are Dr. Grant Born, chairman; Capt. Herbert Paddock of Charlevoix, vice chairman; and Sheldon Smith, district commissioner. Commendatory mention was made of the constructive work that has been done by Captain Paddock in the development of the scout movement in this district.

After the dinner meeting a special forum was conducted by Pop Karner, chief executive of the council to explain the new Explorer Scout grouping for scouts who have reached the age of 14. Active Charlevoix participants in this forum were Rev, Gaylord Howell, scoutmaster; Dr. Fred Young, institutional representative and George Wolf, senior Scout leader.

Other meetings were held for the Cub Scout leaders, commissioners and members of the executive staffs, to discuss special problems and to plan programs for the year. Reports were presented to these groups by Russell Porter, field representative.

Arrangements for the meeting were handled by Uno Suomela.

Moore's Team Boosts Bowling Loop Lead

Walt Moore's team continues to hold sway in the city bowling league with six wins and three losses. The team rolled high three game total last week knocking down 2528 pins, and rolling the best single game with 959.

K. Cellner rolled the highest individual singles game with 235 and the best three-game total of 584.

Averages of the league members are R. Klein, 175; D. Hull, 174; A. Weatter, 164; H. Supernaw, 161; G. Wolf, 159; W. Moore, 158; L. Barnett, 158; K. Cellner, 157; A. Netleeon, 150; M. Mathews, 150; L. Hospital Fund Group To Use WaySide Site

The WaySide will be used for the next few months as the site of the new hospital benefit parties and dances, Herb Schofield, chairman of the activties committee, reported.

It is expected that a number of events including church suppers, games parties and dances will be held there throughout the winter. Arrangements are being made to stage as many events as possible to raise money for the new hospital building fund.

The first benefit dance by the new hospital committee is set for Oct. 19 at the Argonne. The party will be in the form of a Hallowe'en event.

Nurse Visits Island Schools

School children enrolled at the St. James and Peaine schools on Beaver Island have been receiving attention the last two weeks from Mrs. Marian Rice, of District Health Unit 3, who returned Friday from a two weeks visit on the island.

In cooperation with Dr. Russell Palmer, island physician, 98 physicial examinations were given, 43 diphtheria immunizations and 52 small pox vaccinatons administrated to children of school age.

Ten infants and pre-school age children were given triple-vaccine innoculations and small pox vaccinations.

Mrs. Rice examined 69 children with the audiometer and found 31 of the group with defective hearing.

Of the 90 children given the visual with the Massachusetts vision-testing equipment, 21 were found to have defective vision that had not been corrected.

Arrangements are now being made through the health unit for further screening of the children

Coast Guardsman Hurt In Mishap, Improving Here

The condition of Robert H. Daniels, 31, electrician's mate first class (Tel), who suffered a fractured back in an accident at Beaver Island late Thursday, is reported improved at Charlevoix hospital where he was taken by ambulance plane from the Coast Guard airbase at Traverse City early Friday.

Daniels, a Coast Guard telephone linesman, was injured when the front wheel of a truck passed over his body after he had fallen from the vehicle.

The accident occurred about ten miles out of St. James where the crew was making repairs on the Beaver Island telephone line. He was given emergency treatment at the Beaver Island Coast Guard station until Dr| Robert S. McClintock arrived there aboard the Charlevoix picket boat in command of C. O. Joseph Etienne.

Rough seas prevented them from returning Daniels to Charlevoix with them. The Coast Guard plane made the trip here early Friday.

County Costs Show Increase

The per capita cost of Charlevoix county was $28.08 for 1948, according to a report from Auditor General Murl K. Aten. The cost for each of the 13,031 persons in the county based on the 1940 census, was $5.61 higher than the $22.47 per capita cost in 1947.

Welfare and medical costs were $6.91 (including all county expenses for welfare, medical assistance, social welfare, county hospital, health unit and state institutional charges), maintenance and construction of highways, $15.67; administrative and operation expenses, $5.49 and miscellaneous county governmental functions, .01.

The total county revenue from all sources in 1948 was $378,737 of which $190,975 was derived from other than state aid. State aid accounted for 63.94 per cent of the total and county revenue, 36.06 per cent.

Money from the various activities came from several sources. Fees, licenses and permits brought in $8,052; court costs and fines, $3,786; taxes, $93,202; general refunds and reimbursements, $22,495; welfare and medical assistance, $7,157; state aid—highway, $164,791; welfare and medical assistance, $22,970; miscellaneous revenue, $56,281.

Charlevoix county tax collections totaled 87.75 per cent of the assessment roll. Delinquent taxes totaled $11,237, and collected taxes totaled $80,464. The county tax levy was $91,702 for 1948 on an equalized valuation of $11,012,085.

Many Contribute to Goldman Myer Fund

The Courier regrets it made an error in the Sept. 14 issue in which it carried a news article about the Goldman fund. The story stated that A. D. Goldman, summer resident, made the contributions.

The facts are that the Lenore Goldman Myer fund is made possible through the generosity of charitable residents as well as Mr. Goldman. During the last nine years, more than $10,000 has been used by the committee for needy cases in the community.

The fund depends chiefly on the generosity of public-minded individuals. The local committee is composed of Mr. and Mrs. Robert Bridge, Mr. and Mrs. William Myers and Mr. and Mrs. Arthur Ranger.

Who's Who In Charlevoix

Farming, Fishing Vie With School Work for Mr. Bennett

Educator, fisherman, farmer and doting grandfather — that's Roy G. Bennett, superintendent of the Charlevoix public schools since 1945.

Born in Grand Traverse county he attended the Buckley and Traverse City high schools, graduating from the latter in 1916. After a year at Michigan State College, he joined the armed forces during World War 1.

Following the war he worked as a cost clerk in the Dort automobile plant and in a furniture factory before reentering college at Central State Teachers College. He receivd his Bachelor of Arts degree from there and his Master of Arts degree from the Graduate school at the University of Michigan after superintendencies at Palo and Muir in Ionia county.

Headed Manton Schools

He was superintendent of the Manton schools for 11 years before coming to Charlevoix in December, 1945.

He is a member of the Kiwanis, the Masonic lodge of Manton, the M. E. A. and the N. E. A.

The teaching profession seems to "run" in the Bennett famdy for Mrs. Bennett, the former Elsie Nickerson, is a elementary school teacher and their two sons are also teachers. Bill is superintendent of the Alba schools and Bob, teaches business in the Alpena high school.

The grandchildren are Bill's daughter, Janice Sue, who is two and Bob's new son, William Marcus, who made his arrival Sept. 26.

And if you're told that Mr. Bennett's out of town on a vacation trip start looking along the north shore of Lake Superior in what is claimed to be uranium country—but he won't be looking for the precious ore—just fish. Or if he can't be found there, try the family farm in Grand Traverse county. He also considers himself quite a farmer.

Bob Carey Presented Football at State

Bob Carey, whose performance at end last week for Michigan State against Marquette, was termed one of the best ever turned in by a MSC end, was presented with the football used in the game by Spartan Capt. Hal Vogler.

The football was presented in recognition of his outstanding play and is seldom given to a sophomore. The ceremony was held after the game. In the games against Michigan and Marquette, the former Charlevoix high school star has played exceptional football, particularly when it is considered that State is loaded with talent.

His twin brother, Bill, who has not had the opportunity to play as much is still considered one of the better ends on the MSC squad. As the season grows older, he is likely to see much more action.

Mayor Transferred to Charlevoix Hospital

Mayor Ray S. Hamilton is now a patient at the Charlevoix hospital, having been transferred here Monday via ambulance from the Gray General hospital in Manistique. His condition is satisfactory. He has shown great improvement since he was stricken Sept. 17.

For the time being, however, he is required to rest most of the time and is not being allowed visitors. The mayor was brought back by Bob Hamilton, Mrs. Albert Cook and Jim Goodfellow. Mrs. Hamilton returned here with them.

Teams Rated Even In Big Contest of Year

The Red Rayders face the most serious threat to their victory string—now at 28 games—here Friday afternoon when they tangle with the avenging East Jordan gridders.

The game holds the spotlight in the Northern C conference for several reasons. These two teams battled it out to a scoreless tie last year as they tied for the conference championship. Both are unbeaten to date.

Word from East Jordan is to the effect that the Charlevoix streak is going to be broken this week if the Jordanites have anything to say about it. East Jordan has triumphed over Harbor Springs 21-0 and last week defeated Pellston 38-6.

Meanwhile, the Rayders are working hard at an offanse which looked good at times against Boyne City when it defeated their county rival 13-6 and then again appeared off-stride. Coach Ray Kipke has told his charges that they will have to play a whale of a game against East Jordan if the locals ara to win victory No. 29.

East Jordan walloped Pellston on a one-sided score. The Pellston team the week before defeated Boyne City by only a touchdown. Latest reports say that the Red Rayders will have to find a way of stopping hard-running Don Cutler, around whom the East Jordan attack is built, scored five touchdowns against Pellston.

Scora Easily

After scoring with ease in the early minutes of the game with Boyne City, the Rayders permitted the losers to tie the score early in the third period. The locals put on the steam shortly after and scored the winning touchdown and extra point.

The first touchdown by the Rayders was scored via the air when Chuck Fairbanks snagged a pass from Bill Barber after four minutes of play. Barber nussed the try for extra pnint. Don Hardy, still nursing a bad ankle, played a bang-up game and displayed a lot of hard drivng.

Playing good games for Boyne City wera Lyle West and Shaler, both of whom made saveral nice gains. Twice in the first half it appeared as though the wily West was go-

Polio Outbreak Closes School For Beginners

No definite date has been set for the re-opening of kindergarten classes in Charlevoix, School Supt. Roy G. Bennett disclosed Wednesday.

The kindergarten classes were ordered closed here by school and health authorities last Friday when the second case of infantile paralysis was reported among the school beginners. Thera are 72 kindergarten pupils.

Lorraine Heise, 5, daughter of Edward Heise, Jr., and Jean Hartzell, 5, daughter of Mr. and Mrs. Jack Hartzell, are reported improving in Munson hospital, Traverse City. Billy Gengle, 17-month-old son of Mr. and Mrs. Frank Gengle, who is suffering a mild case of polio, was taken to Munson hospital for examination but was returned to his home here. He is improving, his family reported.

Taken to Traverse

Lorraine was taken to Traverse City last week. Her condition was described as satisfactory, She shows weakness in left arm. Her father said that she is coming along nicely.

Jean was taken to the hospital Monday, after being ill for a week, for physiotherapy treatment. She also showed weakness in her left arm. Her physician said that ha believes the treatment will speed har recovary.

Her sister, Sally, who was ill last week, did not have polio, the family said. Billy Gengle appears to have the mildest case of polio.

Dr. A. F. Litzenberger, district health director and Mr. Bennett said that the kindergarten was closed for an indefinite time as a precautionary measure. The decision was made after all factors were considered, they said. "We believe we have acted in the best interest of the parents and children," Mr. Bennett said.

Highway Discrimination Must End

Charlevoix and other cities along US-31, one of the chief highways in Michigan, are being discriminated against.

If the practice is not stopped, the merchants here and in the other communities stand to lose considerable money. As was explained by Irish Coleman to the county chambers of Commerce recently deer hunters who traveled US-31 last year were told to go to the end of the line at the straits forming on US-27.

Word has traveled fast throughout the southern part of Michigan and Illinois and Indiana that hunters should avoid US-31 because they will be penalized with several hours of waiting in line as US-27 traffic has a so-called priority.

To date the practice has been discussed and condemned by several groups but little outside of letters to the state highway department has been done. We need concerted action on the part of every Chamber of Commerce from Benton Harbor to the straits on US-31 to flood state authorities with requests that the traffic on US-31 be given equal treatment with that of other highways.

The cities along US-31 pay as much taxes, obey the same laws and are members of the same state as those on US-27. This practice, if not halted, will hurt merchants at a time when they need all the business they can possibly obtain.

The Courier will lend every bit of its energy to fighting this costly practice of penalizing US-31 traffic. We only have six weeks in which to call attention to this practice. Let's enlist the support of Sen. Frank Andrews and Rep. Louis E. Anderson and others in our sector to carry this fight to state authorities.

All of us here know that towns along this highway are being discriminated against. Let's do more than talk about it. Let's call upon State Highway Commissioner Charles Ziegler, State Police Commissioner Don Leonard and others to right this wrong.

Williamston Plan Should Help

A group of Norwood, Banks and Marion township farmers recently met to organize a deer hunting control plan.

This group of 150 farmers voted to adopt a modified version of the Williamston plan, a form of voluntary regulations adopted by several other groups in the state, designed to regulate the number of deer killed and the number of hunters in a certain area.

The plan provides that the farmers in the organization post their property and issue tickets to their friends or visitors who wish to hunt on their farms. If a hunter has a permit to hunt on one farm within the organization, he automatically is permitted to hunt on the farms of other organization members.

Conservation officers have been quick to point out that this bill provides elasticity in permitting hunters to hunt in a fairly large area. Yet at the same time, the individual farmer knows generally who is hunting on his land.

The deer situation in Charlevoix and Antrim counties is particularly bothersome to orchardists who have suffered a considerable monetary loss as their young trees have been greatly harmed by the large number of deer roaming the area.

It is hoped that antlerless season, Dec. 1-10 by special state permit, will cut the number of does to a point where they will be less of a menace to orchardists. The does far outnumber the bucks in this area, according to the conservation department.

While Northern Michigan has long been recognized as a haven for hunters, it must be remembered that the welfare of the farmers who depend on their farms for a living should come first.

Most fair-minded sportsmen and farmers do not want to see the deer herd eliminated. Nothing would be gained by that. Much would be lost. The Williamston plan, or the modified form adopted here, is aimed to control the deer hunting rather than to stifle it.

The conservation department hopes, too, that the antlerless season will do a great deal toward reducing the surplus of deer. That is why its efforts have been aimed to help the farmers and hunters combat the deer situation in this area.

Here's hoping that the deer control plan works out favorably for hunter and farmer alike.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for Michigan Press Association

Everyone knows—except the city union organizer—that it costs less to live in a Michigan small town.

The worker's dollar goes farther.

That is why a lower hourly wage rate can buy just as much as a higher hourly wage rate in the big town. The worker usually has less distance to travel to and from work; he finds rents to be lower. He can purchase a homesite for less money. Even the carpenter's bill will be less. Foodstuffs are more reasonably priced, too.

And, as any manufacturer will tell you, lower labor cost is needed in a small town if the company is to compete with the low unit cost of goods produced in the city by big-volume mass production methods. Only a big plant can afford big machines.

It has been the experience of many Michigan small towns that industry prospers, and payrolls grow for workers, where a differential in labor cost prevails. Where union organizers induce the workers to demand city wages, production costs get out of hand. The plant often has to close.

These observations grow out of the "Michigan Mirror" survey of new industry in Michigan small towns, of which this is the concluding report. Belding lost a hosiery mill for just this reason. Baldwin's new industry to make bases and crates for Gibson refrigerators and General Electric stoves and deep freezes has been closed repeatedly because of excessive labor demands. A Muskegon firm proposed to open a foundry in Baldwin. When the labor situation at the Packing Material Company came to a head, the Muskegon division located elsewhere.

At Oscoda a community progress club sponsored a "building bee' to provide a plant for the Oscoda Door Manufacturing Co.

At Kaleva in Manistee county is a prime example of American free enterprise. Like the maker of the better mouse trap, William Makinen developed a bait that caught fish. His home workshop has grown into an assembly line plant employing 70 persons at peak production. Seven salesmen were on the road last spring. The season's production by August 1 was 2,000,000 baits!

The Kaleva story is one of economic opportunity through individual enterprise and willingness to risk individual savings.

Other Michigan small town reports in capsule form:

Montague—Chamber of Commerce raised $5,000 for new foundry. Foundry employs 30 men. Machine shop may eventually employ 40.

Elk Rapids—Elk Rapids Packing Company began operations July 12, 1948. This year approximately 4,000,000 pounds of sour cherries and 200,000 pounds of sweet cherries were canned. Peak employment was 220 persons. Robinson Metal Products, employing five persons, produces a plywood paddleboard for water sports.

Birmingham — Asphalt pavement mix plant of Allied Chemical & Dye Corp., NYC. General offices and warehouse of Great Lakes Tractor & Equipment Co

Escanaba—Branch of Harnischfeger Corp., Milwaukee, producing electric welders, truck cranes and sugar cane loaders; 200 employees. Wells Crate & Lumber company, 50 workers. Fence Company of America, rustic fences, pre-fab cabins, 75 workers. Jacobson Furniture Co. 40 workers. Escanaba Glove Co., branch of Chicago firm, 40 workers. Delta Furniture Co., radio cabinets, 30 workers. Insulation Manufacturers Corp., 15 workers.

Ontonagon—New industry produces cement block called "Brikcrete".

Bellevue—Cheney Limestone Company, extracting lime, crushing for agricultural lime, road chips. Nine employees. Rickman Roofing Company, five to 12 men

Vicksburg — Viking Products Company, air line equipment for welding machines, 20 workers and $1,500 weekly payroll. KuMaK Corp., punch press operations for automobile industry. Bendix caused summer layoff.

Greenville—Gibson 1949 wage figure is 269.03 per cent higher than comparative week of 1940. Federal Mogul also way ahead of pre-war.

Midland—Dow Chemical Company is still expanding.

Grand Haven—Nine new local industries, none of them branch plants! A few examples: Michigan Plastic Products, toys, aquarium-automotive-refrigerator parts. Electrical Assemblies, Inc., transformers, cord sets, relay saddles. Royal Oak Industries, contractor's and mason's levels.

These examples indicate the opportunity still exists for new industry in Michigan small towns. New industry brings new payrolls. Everyone benefits—merchants, professional men, farmers and workers themselves.

Barnard 4-H Club Opens Fall Activity

Barnard 4-H club started its fall activities Monday evening. Officers were elected for the coming term. Dawson Way was reelected president; Rheta Boss, vice president; Nita Brumm, secretary; Dick Jolliffe, treasurer; and Joan Brumm, publicity.

The president appointed a committee headed by Rheta Boss to arrange a bake sale. Others in the committee are Joyce and Pat Murray, Betty Warner, Joyce Fiedler, Joan and Nita Brumm and Pat Jablinsky.

There were many ideas presented concerning social activities for the coming winter. A Hallowe'en party will be the next one. If arrangements can be made there may be a square dance with the high school kids of surrounding 4-H clubs as invited guests.

The winter projects have not been started yet.

Next Monday, Oct. 10, there will be a meeting and bake sale. All club members are urged to attend.

Flag Presented

A Christian flag has been presented to the local chapter of the Order of the Eastern Star by the Past Matrons club. The flag was given in memory of Dr. F. F. McMillan and H. R. Fowler who served many years as worthy patron and associate patron of the chapter. Mrs. Charles Bellinger made the presentation at a recent meeting.

Enlists In Army

Earhlean Stephens, son of Mr. and Mrs. John Stephens, enlisted in the army for three years at Detroit last week. He spent several days here with his parents before leaving Sunday for Fort Riley, Kan., to start his training.

Bride-Elect Honored At Kitchen Shower

Barhara Sweet, whose marrage to Don North will take place on Thanksgiving Day, was honored at a kitchen shower given Thursday evening by Mrs. Walter Henley, Jr., and Mrs. Earl Crandall at the latter's home.

Games were enjoyed by the guests with Mrs. Jeff Novotny, Mrs. Keith Reynolds, Mrs. Earl Kroll and Miss Sweet winning the prizes. The refreshment table was tastefully decorated with an arrangement of asters and favors. Miss Sweet was presented with many gifts.

Other guests were Mrs. C. S. Webster, Mrs. Jack Reed and daughter, Colleen, Mrs. A. T. Bennett and daughter, Donna, Mrs. Walter Henley, Sr., Mrs. Grant Crandall, Mrs. Kenneth Sweet, Marion Seymour, Mrs. Louis Bourissau, Mrs. Uno Suomela, Mrs. Clarence Goldstick, Mrs. Don Meggison, Mrs. Leonard Burns and Mrs. Herriek.

Events Reported by Courier Correspondents

Barnard News

By Mrs. Clyde Smith

Mrs. Earl Johnson has received word from her daughter, Phyllis that she had arrived at Atlanta, Ga., last Monday and was lucky to have found a room with cooking priveleges the first day there. Phyllis was married to Lowell Lee, son of Mr. and Mrs. Robert Lee of Charlotte, Mich, Sept. 11 while he was home on furlough while enroute from Fort Riley, Kan., to a new station in Georgia.

Mr. and Mrs. Clayton Smith spent the week end in the Upper Peninsula where they were successful in getting some partridge.

The W. S. C. S. will meet next week Thursday, Oct. 13 with Mrs. Jasper Warner and Mrs. Roberts as hostesses.

We notice quite a few farmers making improvements during the lull in harvesting activities.

The Three M's met with Mr. and Mrs. Sanford Matchett on Monday evening after a vacation during the busy months.

Elaine Poole of Charlevoix spent the week end with her friend, Marion Warner. Other guests at the Warner home were Gordon Warner and friends, Donna Towns and James Neymeiyer, all of Grand Rapids.

Listening on the radio Saturday we heard a gentleman describing the wonderful color of Wisconsin woodlands. We think they can't compete with Michigan's colorful landscape just now, at least to be more beautiful would be almost impossible.

Clark Community

Mrs. William Parsons

"Whoopee"—we're geting a new road built and its going to really be appreciated.

Mr. and Mrs. Claude Fairman had as a guest last week the former's aunt, Miss Libby Fairman of Caro, Mich.

Mr. and Mrs. Newton Pierce and children of Three Rivers, visited the latter's sister's family, Mr. and Mrs. William Parsons over the week end. Don Pierce of Williamsburg, Ohio, who has spent the past two months at the Parsons home, accompanied them back to Three Rivers on his journey home.

Mr. and Mrs. Frank Matchett were Sunday evening visitors at the Albert Beek home.

Mr. and Mrs. Datus Dean called on Mrs. Albert Harwood and Lester Sunday.

Leads Discussion

Ellsworth—Paul Woll of Eastport, owner of several resort cottages there, has been named chairman of the panel discussion on "Housekeeping cottages" at 3 p. m., Thursday at the annual convention of the West Michigan Tourist and Resort association at the Rowe hotel at Grand Rapids.

Dr. and Mrs. H. J. Beuker of East Jordan were Sunday evening callers at the John Timmer home.

Mr. and Mrs. Lloyd Banford and son of Lansing were week end guests at the Elmer Klooster home.

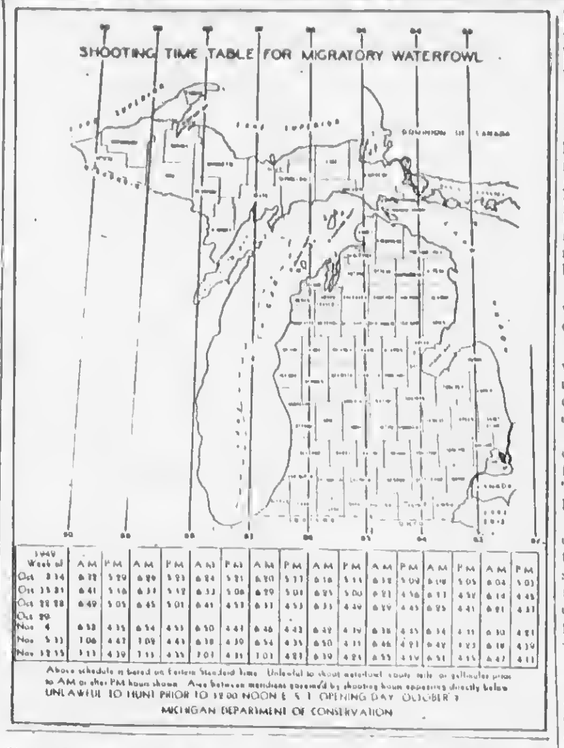
Echo Farmers Form Township Hunt Club

Ellsworth—Thirty-one farmers in Echo township met at the town hall on September 20 and organized the Echo Township Hunting club.

Officers elected were: president Raymond Murphy; secretary, LeRoy Beal; directors, Dorton Gibbard, Ernest Sommerville and Otto Bolser. A large block of land owned by members will be posted against hunting deer without permission, as a conservation measure.

The vicinity has been over-run by hunters the past few years. Much damage has been done to property in the area, which caused the farmers to take this action. All farmers in the vicinity will be asked to join the association.

The profession of acting was confined to men in ancient Greece.



Gridder at Ellsworth Injures Leg In Game

Ellsworth—During the last few minutes of a six man football game here Saturday, John Best, son of Mr. and Mrs. Merton Best of Ellsworth route 1, suffered a fractured left leg, breaking two bones.

He is recuperating in Charlevoix hospital. To add "insult to injury" the local team lost to Vanderbilt by a 14-6 score. Ellsworth will play at Elk Rapids next Saturday.

Home Redecorating Is Discussion Topic

The Marion Center Extension group discussed interior and exterior redecorating at its meeting Friday at the home of Mrs. Charles Mascho.

Mrs. Sybil Waysma and Mrs. Betty Straw led the discussion. Lunch was served by the chairman and hostess, Mrs. Mascho. The next meeting will be held at the home of Mrs. Sophia Withers in about a month. Upholstery for the home will be the topic.

Mrs. Russell Lewis Honored At Shower

Mrs. Glenn Ingalls and Mrs. Eugene Bergmann entertained with a stork shower Wednesday evening honoring Mrs. Russell Lewis. Guests gathered at the Ingalls home for an evening of games and refreshments served at a table decorated in pink and blue. The many gifts were presented to the honored guests in a bassinet which was also a gift.

Present were Mrs. Lola Lewis, Beth and Lorna Lewis, Mrs. Eugene C. Lewis, Mrs. William Bergmann, Mrs. Richard Bergmann, Mrs. Charles Bergmann, Mrs. Joe Williams and Mrs. Harvey Hamilton, of this city and Mrs. Sam Sanborn, Mrs. Raymond Groesser, Mrs. Don Lee and Mrs. Harvey Dobson, all of Traverse City.

About half of Michigan's 36,350 miles of streams are believed to be trout waters.

Stork Shower Honors Mrs. J. Rosenbloom

A stork shower honoring Mrs. Jerry Rosenbloom was given Friday evening by Mrs. Sarah McClanaghan and Mrs. Ernest Warner at the latter's home.

Pink and white gladioli flanked by lighted tapers in the same shades decorated the refreshment table. The pastel color scheme was carrid out in the decorations of the table which held the many gifts. Games, a social hour and refreshments were enjoyed by 20 guests.

Pythian Ladies Hold Card Party Here

Fourteen tables of cards were in play at the card party given Thursday evening by the Pythian Sisters at the K. P. hall. Party arrangements were made by Mrs. Glenn Ingalls and Mrs. E. E. Stroud. Winners were: tripoly, Mrs. Robert Livingston; bridge, Mrs. Frank Olcksy; pedro, Mrs. Elizabeth Peters; pinochle, Mrs. W. H. Wallace; door prize, Mrs. Cornelius Gviken.

Late in the evening refreshments were served.

Bonnie Sutton Feted At Bridal Shower

A large green cornucopia held the many gifts presented to Bonnie Sutton, bride-elect of Richard Fochtman, at a bridal shower given by LoAnn Anderson at her home Monday evening. Preceding the presentation of the gifts, games were enjoyed with Mrs. Angus Fochtman and Mrs. C. S. Webster winning the prizes. Refreshments were served late in the evening.

Invited guests were Mrs. Fochtman, Mrs. Webster, Mrs. Lola Lewis, Mrs. Russell Lewis, Mrs. Eugene Bergmann, Mrs. Robert Fochtman, Mrs. Harry Powers, Mrs. Shelby Goss, Mrs. Bud Webster.

Mrs. Ada Golden, Mrs. Claire Martin, Mrs. Ingma Pontious, Mrs. George Plumm, Mrs. Klaus Anderson, Shirley Balch, Ana Stutt and Mrs. William Lusk.

Donald Brown Named Ferris Frosh Head

Donald W. Brown of Charlevoix, a freshman in the Ferris Institute College of Commerce, has been named president of the freshman class in the electronics just held. The other officers of the class include; vice president, Iura Lonise Lange of Owosso; secretary, Shirley Marten, Monroe, treasurer, Shirley Ann Balbruith, Pontiac.

These officers are already at work on class activities about the campus.

The first big event coming up will be the Ferris Homecoming on Oct. 8, with a big bon fire, tug of war and snake dance on Friday evening to open the activities.

On Saturday afternoon will come the big parade and the football game between Detroit Tech and Ferris Bulldogs at the high school stadium.

A large number of alumni are expected at the Homecoming as this will be the last before the school is taken over by the state next July. There is to be no change in the school but all departments are to be enlarged.

Health Code

Paul Woll received word from Art Knowles of Central Lake, chairman of supervisors that he and the rest of committee representing the Upper Torch Lake association, the Chain of Lakes Council and the Northwest Antrim County association should be present at the board of supervisors meeting in Bellaire in October to discuss and draft such a code for Antrim county. Mr. Coleman of the Health Department will accompany Mr. Woll at this meeting.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

October dawned bright and beautiful on Beaver Island. Even the lake, on a rampage throughout the month of September, was placid and blue.

Fishermen's nets have been heavy with perch caught in the harbor. As much as 600 pounds of perch have been brought in with one lift.

The sounds of ax and saw can be heard reechoing through the woods. Island wood choppers are busy felling trees to be cut up for block wood. Trucks are passing through the village making deliveries of chunks of hardwood that will be sending out heat units within a short time.

The Beaver Island Games club held its first meeting of the fall season Tuesday night at the Dairy Bar.

Mielke's mill was forced to close down Monday due to the breakage of a vital part of the engine. The engine, made 85 years ago, was formerly owned by the Israelites and was bought twenty years ago by Mielke and moved to the Island from High Island. It is hoped the part can be repaired and work at the mill will be resumed in a short time.

Mrs. C. E. Webtser, who has spent the summer with her daughter and son-in-law, Mr. and Mrs. Arthur Miller, left for her home in Lansing Wednesday. She was accompanied by Mrs. Miller, who will spend a short time in Lansing before visting her sons in Detroit and Toledo.

Lila Lee Connaghan returned to her home from Grand Rapids.

Mr. and Mrs. George Ricksgers left during the week for Pontiac to attend the wedding of their son, Henry. The wedding was an event of Saturday, Oct. 1.

Vernon LaFreniere has traded in his touring car for a pick-up truck.

Mr. and Mrs. David Wilson, Fernlale, have returned to their Island home for two weeks. This past summer, the Wilsons bought the farm formerly owned by Art Miller.

Father Wencesles, O.F.M., provencial of Our Lady of Consolation Province, visited the Island during the past week.

Sunday morning, Mrs. James Elms was taken to Little Traverse hospital by plane. She was accompanied by her sister, Mrs. Lloyd McDonough and Mrs. Walter Wojan. Mrs. McDonough and Mrs. Wojan returned Sunday afternoon, but Mrs. Ebns remained for observation.

St. James Hi Freshmen are initiated.

"Vive la senior class" echoed and reechoed through the village of St. James Friday as the freshmen paid homage to their upper classmen, the seniors.

The "freshies" dressed in character costumes and creating a queer looking parade, were ordered to start out early in the morning to call for a designated senior's books. Loaded down with dictionaries, encyclopedias, etc., the freshmen were ordered by the seniors to bow down on both knees with head touching the ground saying "Viva la senior class". The seniors, of course, went out of their way to cross the path of the freshmen throughout the day.

In the Parish Hall at 8 p. m., the freshmen, still in costume, were given the final acid test. Taken one by one, they were called before the court, made up of seven seinors and given the "works". One of the most amusing penalties was a boxing match on skates between Patrick LaFreniere and Bob O'Donnell. Patrick, dressed as Little Red Riding Hood and Bob as Cinderella, presented a hilarious pair as they pounced and stumbled around. Bob was declared winner of the bout.

The other freshmen were dressed follows: Grace Gatliff, Rip Van Winkle; Ellen Nackerman, Prince Charming; Gretchen Barkley, Simple Simon; Grace Mario McCann, Old Black Joe; Bernadette Malloy, Jiggs; Jerry Hanley, Colonial Dame; Gilbert High, Fairy God-Mother.

The two new members of the senior class, Dick and Bill Barkley proved their worth by fulfilling penalties rolling a clothes pin with their nose from the back of the hall to the stage and peeling onions with a spoon.

Following the initiation, a supervised dance finished off a never-to-be forgotten day.

Dr. and Mrs. Russell Palmer left the Island Monday for two week's vacation on the mainland.

Members of the Altar Society of Holy Cross church met in the Parish Hall Sunday afternoon. Plans for the fall and winter seasons were discussed. A feather party is scheduled during deer season.

William Boyle has returned to his home on the Island to recuperate from his recent illness.

Both Aristotle and Demosthenes regarded torture as the surest means of obtaining evidence.

Beef Sale

Plans are now complete for the Fourth Annual Feeder Calf Sale Oct. 13 sponsored by the Northern Michigan Beef Breeders Association at their sale yards in Gaylord.

Over 500 head of Hereford, Angus and Shorthorn cattle have been consigned. These cattle will range in weight from 325 to 800 pounds. There are both steer and heifer calves and yearlings in all beef breeds plus a few good commercial cows and heifers suitable to go into commercial breeding herds.

These cattle are consigned by members of the Northern Michigan Beef Breeders Association and have been bred and fed on the good grass lands of the region.

All cattle will be put in lots of uniform weight, sex, breed and grade. This will enable a buyer to come in and purchase pens of 8 or 10 cattle of uniform quality and size.

Cattle have been consigned from Alpena, Alcona, Presque Isle, Cheboygan, Shippewa, Emmet, Charlevoix, Antrim, Montmorency, Otsego and Grand Traverse counties.

The purpose of this sale is to promote the breeding of higher quality beef cattle in the area and provide a market outlet for feeder cattle in packages that will be attractive to cattle feeders in lower Michigan, Northern Ohio and Indiana.

There will be a pre-sale banquet and program of entertainment on Wednesday evening prior to the sale on Thursday, Oct. 13 which will start at 12:30 p. m.

Make Your Farm Home Beautiful

Joseph Cox, Landscape Specialist from Michigan State College will be in Charlevoix county on Friday, Oct. 7. All people, whether they live on farms or in town, are very welcome to discuss their landscaping program with Mr. Cox. The program which has been set up will include a meeting in the basement of the Boyne City Library on Friday afternoon, Oct. 7, starting at 1:30 p. m. More than likely there will he a tour arranged after assembly at the Library. Thus, all folks should be on time.

Corn Field Day

For the past several years the Extension Service has been carrying on high bred corn trials in Otsego county. Different Hybreds have been planted and harvest will be made next week. Everyone is invited to come to the Ray Moorehead Farm at Gaylord on Wednesday, Oct. 12 at 2:00 p. m. to attend this field day. Visitors will be able to observe the various Hy-breds and tests and there will be an opportunity for discussion of corn product problems.

Marion Center Grange Holds Booster Night

Forty-three members of the Marion Center Grange enjoyed a variety program of motion pictures, music and talks Friday night at the Grange hall.

Bob Straw, Grange master, presided. He turned the meeting over to Jennie Martinchak, lecturer. A trio composed of Marjorie Erber, Marian West and Mary Melin, sang, "Careless Hands". Joyce McGhan played a selection on the piano.

Ellsworth Besemer showed a film depicting the values of farm youth organizations and an entertainment movie featuring the "Hoosier Hot Shots." Victor G. Spanfolo, Courier editor, spoke briefly. A Grange lunch was served following the program.

Study Clubs Begin Programs for Year

Charlevoix's two study clubs opened their activities for the 1949-50 season with luncheons on Monday.

The Shakespeare club met at the Nautical for a luncheon followed by a business meeting at which Mrs. Robert Wexstaff, the club's new president, presided. The program for the year was announced and discussed. Other officers are vice president, Mrs. Karl Erber and the secretary-treasurer, Mrs. S. E. Coleman.

Twenty members of the Dickens club met at Shady Corner for a dessert luncheon. The club program was read and discussed. The new club officers are president, Mrs. Arthur Wexstaff; vice-president, Mrs. Carl Kohler; secreeary-treasurer, Mrs. Roy G. Bennett; librarian, Mrs. Harvey Campbell.

Dock Repairs Made Here by Bridge Firm

Repairs at the Municipal dock were completed last week by the Lamb-Luedtke Co., builder of the new bridge, at no expense to the city.

Terms of the agreement were that the bridge builder would restore the dock to its former state at no expense to the city.

New spiles were driven and the dock area surfaced as well. Meantime, last week also witnessed the driving of spiles on the north side of Round Lake, near the railroad bridge. Trees were felled and placed back of the spiles to stop the dropping of soil into the channel.

Scott Wilson Leases Harbor Springs Hotel

Scott L. Wilson, manager of the Belvedere Hotel for the last four seasons, has purchased the lease of the Wequetonsing Hotel near Harbor Springs from L. G. Davis, who has operated the business since 1922. Wilson has gone to Wequetonsing to take over his newly-acquired business and to make plans for the 1950 season.

His interest includes the furnishings of the hotel and the remainder of the lease on the 60-room building and land which is leased by the Wequetonssing Resort Association.

Davis plans to retire from the hotel business.

Teams Rated Even In Big Contest of Year

(Continued from page one)

ing to shake loose for long runs only to trip over one of his mates. Shaler mada 20 yards on each of two plays in the first quarter.

When the first half ended, the ball was on the one yard line where it appeared that Boyne City was going to tie the score.

The threat resulted when a Charlevoix boot was short to their own 25. Shaler took it around end for 19 and a couple of plays later West slipped through tackle to the one yard line. Shortly after, the half ended.

Boyne City Scores

The Boyne City score resulted from a Rayder fumble on Charlevoix's 16, a few plays after West ripped off a 41 yard gain. After this gain. Boyne City kicked over the goal line and a couple of plays later, Erickson camped on a fumble. Shaler picked up seven. Tackle Jerry Gibbons and Ed Klein threw West for a three yard loss. Then on last down Wright threw a pass to Shaler to the left side which was good for six points. The try for point for wide.

Hardy received tha Boyna City kick off and brought it back to his 41. Two plays later Fairbanks caught a pass from Barber for a first down on tha losers 42. An unnecessary roughness panally gave Charlavoix another first down. Hardy picked up 15 on another sweep.

Jim Jolliffe got seven through center and Barber picked up two more. Jolliffe rammed off tackle for necessary yardage on the three yard line. Seconds later, he went over the goal line on a right end run. Ron Cunningham ran the ball over for the last point, making it 13-6.

Boyne City appeared in its best form to date, Coach Art Gillespie said. Coach Kipke also praised the Boyne City team for playing a good game.

Outstanding lineman was Ed Klein. Jerry Gibbons, Tom Hamlin, Jim Bowman, Alan Louiselle and Fairbanks also played good line games. Chuck Krahnke who played some at full and end, Jolliffe, Barber and Cunningham played good ball.

Rayders Play Hearts Out To Tie East Jordan

The Red Rayders paid a costly price for that tie game with East Jordan.

The victory streak stands at 23 after a haartbraaking contest for both teams which played their hearts out last Fridey here in what was described by many grid fans as one of tha best games in years. The scora was 13-13.

Marring the tie game was the injury to Jerry Gibbons, 205-pound Rayder tackle, who suffered a fractured right ankle in the first half. He is recovering in Charlevoix hospital but will be lost to the Rayders the rest of the season.

Good Gama

Gibbons played a bang-up game all the time he was in there, knifing through the East Jordan line to spill the ball carriers time and again with a loss or no gain. It was noticeable Jordan ran a large number of their plays through his position when he was taken out.

The Red Rayders traval to Gaylord this Friday for thair fourth contast. Gaylord hes been playing poor ball this year, losing to Mancelona 14 to 7, Harbor Springs, 6 to 0 and last week to Pellston 6 to 0.

There is bound to be a considerable let-down by tho Rayders after playing such a rugged game against their rivals from East Jordan. On the record Charlevoix should win handily but conditions might be right for an upset.

From a statistical standpoint, East Jordan had the edge. The Rayders scored 14 first downs to 17 for East Jordan. Outstanding among the visitors were Don Cutler who was a threat every time he carried the ball, Joe Hammond and Bud Sommerville.

This Week's Games

Pellston at Harbor Springs.
Charlevoix at Gaylord.
Grayling at East Jordan.
Mancelona at Boyne City.

Picking stars for the locals is difficult. Big Ed Klein and Gibbons played great games. But tha others were outstanding in a bruising and tirng struggle. Don Hardy, Bill Barber, Jim Jolliffe and Ron Cunningham also played inspired football.

Early in the second quarter, Charlevoix recovered an East Jordan fumble on its own 40 which the locals turned into the first touchdown. Cunningham on a double lateral got a first down and seconds later caught a pass from Barber to the right side and was tackled on the East Jordan 13. Hardy took six around left end, Barber picked up a scant yard and then Hardy got a first down to the three yard line after officials measured it.

Hardy Scores

Barber on a sneak got less than two and flardy chipped in with another foot or so. On third down, Hardy lugged it over tackle for the score. Barber's kick was good to make it 7-0.

East Jordan scored its first touchdown in tha third stanza. Cutler and Hammond alternated in handling the ball with Cutler ripping off sevaral good gains. Cutlar was knocked out of bounds on the one-yard line and Boring went over for the score. A pass in trying for the extra point was no good. Tha scora was 7-6.

Sommerville set up Jordan's second score with a 27 yard run to the 11-yard marker soon after the final quarter opened. On the first play, Cutler cut through the line, reversed his field and scored. This time Cutler ran the ball over for the point to make it East Jordan 13, Charlevoix, 7.

This was the anxious time for the locals and their loyal

LaBlance Cannery Needs More Money For Operations

The need for additional capital to help finance operations of the LaBlance Cish cannery here was outlined by Ormiston Bergeon at the local Business Men's association last week.

He reviewed the operations of the company and showed that more than $30,000 worth of fish were sold in a year's time and and that the company is in good financial condition, but does need additional money to enlarge operations.

Among the things under consideration by the firm is packing its smoked fish into smaller cans, similar in size and weight to those used in packing tuna fish.

It is working on the problem of utilizing its waste in fish and animal food products.

The company sold originally $24,000 worth of stock and the firm's product has met with favor in the food industry. As Bergeon described the company, it has been operating "on too much of a shoestring" and efforts are being made to provide more capital.

The company has employed as high as 14 persons.

Harold Totten Heads Hunting Control Group

Harold Totten was named president of the Norwood-Banks Hunt association at an organization meeting at the Farm Union hall Wednesday evening with 125 interested landowners and hunters present. Other officers elected were: George Light, vice president; Kenneth Empey, secretary and Conrad Klooster, treasurer. The officers will serve as an executive board.

A constituton and by-laws wera adopted by the group. Under the plan every member, who is a land owner n the area, will have a hunting permit allowing him to hunt on any of the land postad by the Association. All land-owner-members will hava two guest tickets which he will issue on a day to day basis.

The organizaton has adopted as its objective the perpetuation and control of wild life, including small game as well as deer.

I. H. Bartlett and A. G. Gazley of the games dlvision, who represented the Conservation department spoke on the development of deer herds in the area. The group also decided to go along with the Conservation department on the hunting of does. The issuing of hunting tickets during the doe hunting season will be left to the individual permit holder.

Approvmately 8,000 acres of land owned by about 75 members will be in the area where the controlled hunting will be enforced. The north boundary will be about two miles south of Charlevoix at the George Block farm. It will extend east about a mile into Marion township and south into Banks township to take in the three northern tiers of sectons. The southern boundary will then go west to Lake Michigan which, which will also be the Western boundary of the area.

AAA Reports Terms For Potato Loans

A potato loan program to supplement the price support program by providing needed harvest time financing has been announced by the U.S. department of Agriculture, according to LeRoy Hardy, chairman of the Charlevoix County AAA Committee, who said that the loan would be available to both eligible growers and eligible dealers.

The loan rate, which is approximately 75% of the September bulk-at-farm support price level, will be 70 cents per cwt., and will be available on U. S. No. 2 (1⅞ inches diameter), or better quality potatoes.

Loans will be granted only on potatoes suitable for storage and properly stored in approved permanent storage facilities.

Participation in the loan program is wholly voluntary and will not affect eligibility for the regular price support protection.

Legion Women Obtain Gifts For Veterans in Hospitals

Photo By Louis McKenzie

Mrs. Charles Cellner, center, and Mrs. John Zeitler, Sr. right, of the American Auxiliary gift committee meet at the home of Mrs. Harry Walstad, president of the local organization, to pack the gifts for mailing to the Veterans gift shops before October 15.

• • •

Members of the Leslie T. Shapton Unit No. 226, American Legion Auxiliary, have been busy recently purchasing and packaging gifts to be sent to the gift shops at the Veterans Hospitals at Dearborn and Fort Custer.

Beginning Nov. 15, these gifts along with others sent from 258 other units, will be made available without charge to disabled veterans in the two hospitals. These disabled men and women who have little or no funds may select Christmas gifts of all kinds including toys and games for children, to send home to their immediate families.

Fifth Year

This is the fifth year the shops have been in operation. The work begins in each unit, which is asked to furnish gifts for two imaginary families. The gifts must not cost more than $5.00 or less than one dollar and can be most anything one would select as a gift. This year the Charlevoix unit has sent four bath towels with matching wash clothes, four dish towels with matching dish-clothes, four pairs of men's hose, three sets girl's underwear, one girl's scarf, two women's aprons with handkerchiefs, one boy's wool slipover and one girl's wool cardigan.

The gifts were purchased with funds received through the Poppy sale. The remainder of the funds are used for child welfare. Gift wrappings, ribbons, seals, and boxes, etc, are included in the package.

The gifts sent by the local unit were displayed at Levinson's store where they had been purchased.

Colorful Packages

The gift shops in the two hospitals rival gift shops any place for they each boast of a decorated Christmas tree, colorful garlands and other decorations and Christmas music. For those veterans unable to visit the shop, gifts are taken to their bedsides on colorfully decorated hospital carts. Auxiliary volunteers operate the shops, gift wrap the articles selected by the veterans, wrap and mail the packages.

In 1948, 1,520 veterans at the V. A. hospitals in Dearborn and Fort Custer selected 2,482 gifts which were then gift-wrapped and shipped in 1,798 packages to

Business Men Elect Officers

The newly-organized Charlevoix Business Men's association has taken under consideration the possibility of keeping a restaurant open all night during the deer hunting eason.

The group will meet next Friday at the city hall to make a definite decision on the matter after discussing it with several restaurant owners. The opinion of restaurant operators is sought.

frish Coleman, speaking about the decision of tha state police to rescind last year's practica of having tha deer hunters on US-31 go to tha end of the lina on US-27, said that Charlevoix could perform a valable servica to the many hunters using US-31.

Officers of the organization who were elected are Fred Koehler, president; H. O. "Skip" Krahnke, vice president; Henry C. Heckler, secretary and Maury Foster, treasurer.

The value of the business men's group in providing much-needed support for the Board of Commerce was discussed at length. Most agreed that there are many services which the group can perform for the community and themselves. Some 30 men attended the meeting.

Plans for the annual Board of Commerce dinner at the Way-Side with net proceeds from the dinner going to the new hospital fund, were outlined by Mr. Coleman. It is expected that Cong. Charles Potter of Cheboygan will be the speaker. No date has been set.

Attend Funeral

Funeral services for H. L. Hewitt, 64, of route 2 Petoskey were held at the Stone Funeral home in Petoskey at 2 p. m. Monday with burial in the Greenwood cemetery. His brother, Alonzo Hewitt and his sister, Mrs. Henry Wagner, both of Charlevoix, attended the service.

• Mr. and Mrs. Louis Gravelin accompanied by Mr. and Mrs. Bruno Fryczynski of Petoskey spent Sunday at the Soo.

Chest Workers Getting Ready For Campaign

Generous Charlevoix will be asked to answer the humanitarian cause of the Community Chest including the United Welfare fund the week of Oct. 17.

Tha budget for tha Charlevoix Community Chest is $4,515.61 or about $300 mora than ralsed last year.

Mrs. Kit Carson, city drive chairman, announced that a meeting of captains and workers will be held at 8 p. m., Oct. 17 at the city hall where they will receive final nstructions and their campaign working kits.

The drive is actually scheduled to get underway Oct. 21 with the customary door-to-door solicitation. It marks the first time that the United Fund whose goal is $750 is a participating agency. The Chest will raise money for local organizations and activities and the United Fund is for the state and national groups.

Surplus Usad

Last year's surplus of funds was used in making up this year's budget, resulting in a decrease in the amount of money to be raised here. The budget would have been in excess of $5,400 if the surplus had not been utilized.

The budget for East Jordan is $4,528. Of that amount, $3,796 will he used there to support Betty Robertson's health program and Dan DeVine's recreation program.

Support of the Community Chest will mean funds for the USO, the arthritis and rhemuatism Foundation and the American Cancer society, in addition to assisting the hospital, Boy Scouts, Girl Scouts, community nurse and Santa Claus Anonymous.

Plan Activity For Fund Drive

Policy decisions were discussed by the new hospital fund committee last week at the WaySide.

While no decisions were reached, it was generally agreed that money will be refunded to donors if the hospital is not constructed. The committee expressed the belief that individual donations should not be used for promotional activities.

It was reported that nearly $35,000 has been pledged or contributed for the new hospital building. New pledge cards will be printed, Dean Davenport, committee secretary said.

A report on activities to raise funds for the building fund was supplied by Herb Schofield, activities charman. He said that the first project will be the night club party at the Argonne Oct. 19 and the second will be a hallowe'en party at the WaySide Oct. 29 sponsored by the St. Mary's Men's club.

Schofield said that several large dinners including the annual Board of Commerce dinner next month are under consideration. While he was not certain as to which group of women will serve, he said several organizations may be asked to assist in the venture.

Games parties during the winter and dances are being scheduled.

Nine Rescued By Coast Guard As Boat Goes Aground

The Charlevoix Coast Guard, commanded by Joseph Etienne was called early Saturday morning to remove seven Sea Scouts and two others in the crew of an ex-PT boat, the Margaret, from the craft after it had gone aground on the west shoal of Skillagalee late Friday night. A member of the crew had gone ashore in an outboard motor boat early Saturday to summon aid.

The Charlevoix crew removed the Sea Scouts and continued pumping operations throughout the day in an effort to release the boat. They were joined Saturday afternoon by the Beaver Island crew and boat and at nightfall by the Mackinaw. After all efforts failed to pull the craft from the rocks where it was resting in four feet of water, the Coast Guard returned to Charlevoix and the other boats returned to their various stations.

Besides the seven Sea Scouts, James Graham, Ronald Stevenson, Frank Taylor, Donald Pefter, Fred Rowan, Jerry Johnson and James Miller all of Cedarville were Chief Champlin of the Soo Coast Guard station, a machanist mate and passenger on the boat and Dr. Robert Jewell of Pickford, who was in charge of the boat at the time of the accident. He was taking the boat from the Soo to Holland for is owner, Dr. E. S. Carr, of Fort Custer.

Tuesday Dr. Jewell said that the Lamb-Luedtke Co. of Frankfort had been asked to examine the stranded boat prior to making arrangements to salvage the craft.

Smaller Budget For County Is Most Likely

A final budget for 1950 operations in Charlevoix county was scheduled to be adopted this afternoon by the board of supervisors at its October session.

It was hoped that all of tha business matters could be taken cara of today so that the board could adjourn, Arthur Bergeon, board chairman said.

While the finance committee has not reported an exact budget, it is understood that the budget will be under this year's of $107,000.

Mr. Bergeon in opening the week's session last Monday spoke to the supervisors about the need for economy in every phase of county spending to cope with its falling income. He stressed the fact that the budget was exceeded this year and that county expenditures next year must be kept within the budget.

Routine reports were given by various county officers. A full report of the budget and a discussion of it will be carried in next week's Courier.

If the supervisors are ahle to complete their work today so that no Friday or Saturday session is needed, it will mean the saving of nearly $500.

Business Booming For Hospital Here

Business is booming for the Charlevoix hospital.

The report for September as supplied by Florine Krahnke, hospital receptionist, shows that 101 adults were admitted to the hospital last month. Twenty-three brths were also recorded.

Last month was the largest since early summer when the town had hundreds of visitors. The month's record compares with that of September, 1948 when 88 persons were admitted and 19 births were reported.

The daily average for the month was 22 patients in addition to the infants in the nursery.

Road Project

The Charlevoix County Road Commission has reported the completion of two projects in the county. They are 2.6 miles of 20-foot non-skid surfacing on a county road, 3½ miles east of US-131 near Boyne Falls and 2.52 miles of non-skid surfacing on a county road from M-66 in East Jordan west. The cost of the projects was $25,234. 75.

• Mr and Mrs. Leslie Everts and daughter, Donna spent the week end in Jackson with relatives.

Holland Boat Plant Wants To Move Here

The possibility that Charlevoix may obtain a small boat plant to locate here loomed at the meeting of the city council Monday nigh.

After hearing Les Kaunitz of Holland, pertner in tha firm wanting to mova its plant hera, outline what assistanca his company naads, William O. Goss, president pro-tem, asked the industrial committea of John Knight, Bill Heering and Hap Davy to meet with the business men's group to determine what can be done. The group meets Friday night at the city hall.

Because of his great expense in moving here, he asked that the city provide low-cost utility rates, tax exemptions and $3,500 which would he used to help the company advertise his boats and this community. No definite decision was made pending the report from the industrial committee.

Will Hira 8 Men

At the outset, he plans to hire eight men in productve work in a plant site located in the building owned by his faher, Fred Kaunitz. Representatives of business and council members expressed the belief that the plant would be an asset to Charlevoix. Several men said that every effort will be made to raise the money.

The boat company has been in production for two years and has advertised on a national basis to the extent of $15,000 to $20,000 a year. The company has a number of orders for boats for which cash deposits have been made.

In operations at Holland, he said that 24 men were employed building boats. Mr. Kauntiz added that the company hopes to employ at least 20 men when the operations move into high gear.

The council granted a request from Frank Oleksy who is building a home at Newman and Lake streets, for water. The council agreed to it reluctantly because it had decided previously not to grant any more requests for water until next sprng. They reversed themselves because a new teacher is scheduled to move into the home as soon as it is completed.

A public hearing on making an amendment to the city zoning ordinance will be held at 8 p. m. Nov. 7. The property involved in the hearing is on the south side of Petoskey avenue, east of the golf links. Drew Young requested a change from residential two to commercial two to permit building of cabins there.

Willis Cross appealed to the council to enforce the zoning ordinance. He said that Bruce Henley who operates Vic's Potato Chip business at the rear of his home on Hurlbut street, is in violation of the ordinance. The council said that Mr. Henley will be warned that continued presence of his operations at that location will result in a criminal warrant.

Bills totaling $12,308.78 were ordered paid by the council.

Night Games Would Attract More People

Several hundred persons in the Charlevoix area missed one of the best football games in years when the Red Rayders and East Jordan battled to a tie. Why did they miss it?

Simply because they were working and could not leave their jobs to attend a football game in the middle of the afternoon One can't deny that the large turnout would have been larger had the game been played under the lights.

The community and school should pool their energy toward obtaining a lighted field. This is one of the most rabid athletic communities it has been the pleasure of the writer to live in. Athletics have meant a lot to this town and its reputation on an athletic front is known far and wide in the state.

In many other communities, it has become established to hold athletic events at night when almost all persons who are so inclined, may attend the games. The schools and the towns have been aided by night games, particularly football, by increased revenue to help other sports and more business for the merchants.

Only a small number of games are played in the afternoon these days in many parts of the state and midwest. Attendance is much larger at night games. Too, they provide relaxation for growing numbers of interested fans.

Along with a lighted field comes bleachers for those who attend the games. The police department had a busy time indeed attempting to keep children and adults from getting too close to the playing field. The police were on the move to prevent some person from becoming injured in the event the players ran along the sidelines. Adequate bleachers are something that are vital to well-attended football games.

One well-known resident and sport fan here ventured the prediction that the attendance would be doubled at the football games if there were lights and plenty of bleacher seats for those who want to see the games.

From this day forward, the Courier will work on this project. It will lend its active support to the board of education and the community toward providing lights and bleachers so that more people may enjoy the athletic events which have become so much a part of the community's interest.

This Is Good News For Charlevoix

The news that deer hunters driving north on US-31 will be given equal treatment in crossing the straits is welcomed by Charlevoix and other communities along the highway.

Letters and telegrams of protest to the state highway department, state police, Governor Williams and other state officials by Chambers of Commerce in many of the US-31 cities, by interested merchants, residents and newspapers apparently convinced officials in Lansing that it was rank discrimination.

The practice last year of telling hunters who traveled on US-31 to line up at the rear of the hunters on US-27 did not sit well with the hunters or the towns on this side of the state. After all no logical reason exists why one highway motorist should be given preference over another.

But it was only through the efforts of a great many people that the officials said they would act to end the discrimination. Now it will also take some effort to publicize the fact that US-31 is a good highway to travel and that no unfair waiting is in store for hunters who go north along the west Michigan shore.

Residents who have friends in southern Michigan or parts of Illinois and Indiana could help pass the word along that US-31 is the way to come north. The Chambers of Commerce will do their part in spreading the word. Now that the hunters on US-31 will not be discriminated against, it's to our interest to advertise the fact.

Check Fire Hazards Is Prevention Plea

Housewives in Charlevoix and Antrim counties were asked to carefully check cooking and heating equopment to prevent home fires.

In observance of Fire Prevention Week, State Police Commissioner Don Leonard pointed out that, according to past experiences house fires will clam a heavy toll of lives in the next few months.

Last year 164 persons lost their lives in Michigan fires, with the majority of deaths occurring in homes. Most of the victims were children. There were 15,000 dwelling fires with a loss of $7,000,000. More than half of these resulted from cooking and heating equipment.

The greatest number of deaths was due to the use of a petroleum liquid, such as kerosene, to start stove or furnace fires. "With the arrival of colder weather heating equipment again comes into use. All such equipment should be checked and every defect repaired. Take every precaution to protect your home."

Keepers

Lansing—Any length pan fish is "keeper" size the conservation department points out to fishermen still not clear on the new fishing regulations which went into effect late last month. Conservation officers and other department field men and telling anglers that the removal of the six-inch size limit applies to bluegills, sunfish, perch, rock and calico bass. Size limits on pike-perch (walleyes) have not been removed, but reduced from 14 to 13 inches. The 14-inch minimum length on northern pike continues, as does the 10-inch size limit on large and small mouth black bass.

Trio Pleads Guilty To Stealing Auto

Three young men pleaded guilty to a charge of unlawfully driving away an automobile belonging to Jesse Lawton on Sept. 18 before Judge Charles L. Brown in circuit court here Friday. Their cases were referred to the Probation Department and they will be sentenced later.

The trio included Fabian Wabanimkee, 19, and David Washegeshik, 22, both of Beaver Island, and Sam Meangwie, 28, of Cross Village. Bonds from $500 to a $1000 were not furnished and the trio remained in the Charlevoix county jail.

Two law cases and one divorce case were also on the court calendar.

Military Rites Held For Guy Gordon, 60

Military funeral rites for Guy Gordon, 60, Big Point Sable light keeper and former Beaver Island resident, were held at Ludington on Oct. 4. Burial was in a Ludington cemetery. He died unexpectedly at his home Sept. 29.

Born on Beaver Island on Nov. 22, 1888, Mr. Gordon joined the lighthouse service in 1925. He had been stationed at the lighthouse near Ludington for two and a half years prior to his death and before that had been at Lansing Shoals and White Shoals.

He is survived by his wife, the former Beatrice Graham, whom he married in 1922; a daughter, Mrs. Homer Neverden of Seulchoix light station; three grandchildren; five brothers and three children.

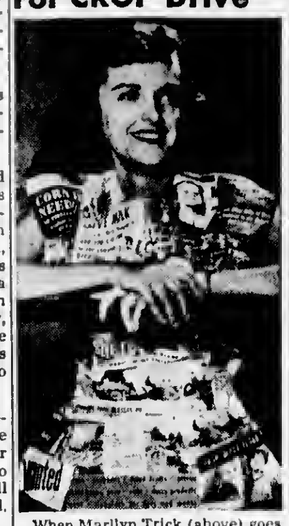
Walking Want Ad For CROP Drive



When Marilyn Trick (above) goes out after contributions for the Christian Rural Overseas Program (CROP), she literally becomes a walking want ad. She wears this blouse made from CROP pamphlets and newspaper advertisements.

Marilyn is ono of more than 100,000 volunteers who will solicit farm commodities for shipment overseas in the CROP harvest drive to be launched soon in 33 states, including this one.

During harvest last year, CROP volunteers assembled over 2,000 carloads of foodstuffs which were shipped to 22 foreign countries. Goals have been increased this year. The campaign is sponsored by Catholic Rural Life, Church World Service (22 denominations) and Lutheran World Relief.

Henley Boys Report Big Catch of Perch

The perch are really biting in Lake Michigan these days and as proof of that statement is the fact that Bruce Henley and his brother, Walt, Jr., caught their limit, 100, in a short time Monday afternoon.

The boys fished from their outboard motor boat anchored about three quarters of a mile out in Lake Michigan where the water was about 90 feet deep. The fish averaged a pound a piece.

Former Band Member Journies to Coast

John Publow, former Charlevoix resident, has returned from a trip to the west coast with the Lansing Sexton high school. The band, one of the best marching bands in the state and directed by Harold Bergen, was taken to San Francisco to play at the Knight Templar Conclave there last month. The trip was sponsored by a Lansing organization.

John, the son of Mrs. Earl Publow, played cornet in the Charlevoix high school band under C. A. Odmark for two years before transferring to Lansing in 1948.

Perfect Background for a Lady!

Sometimes, we think a lady never looks so lovely as when she's seated at the wheel of a Cadillac car.

First of all—she looks serene . . . . . . for she knows she is driving the world's most distinguished motor car.

She looks confident, too . . . . . . for she knows she is driving a mechanical masterpiece—a car that is as dependable and safe as human ingenuity can make it.

She looks rested and at ease . . . . . . for there is no strain at all to her driving. The big motor moves the car as if by automatic propulsion—steering is virtually a response to her wish—and the brake pedal calls for little more than the weight of a foot.

And, finally, she looks—as we said —so lovely . . . . . . for here is the perfect background for a lady. If she has chosen the model and the color and upholstery with care—as the fullest complement to her personality—she is the spot-lighted high-light in a gorgeous picture!

★ ★ ★

This message, of course, is addressed to a man—to a man with a lovely lady whom he delights to see at her best—and whom he wants surrounded, wherever she drives, with every safeguard an automobile can provide.

Come in, Sir—and see us. You are looking for a Cadillac!

From where I sit ... by Joe Marsh

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the redio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks *can* be. Doc showed his respect for how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.

From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've coma a long way on the right road . . . the road to a better America, that is!

AAA Report Terms For Potato Loans

(Continued from page one)

To obtain a loan, a grower must be certified hy the County AAA Committee as eligible to participate in 1949 potato price support operations and his certificate of eligibility must be in full force and effect. The eligibility certificate includes a provision that the producer must have remained within his acreage goal and a requirement that only the better grades of potatoes be offered for sale in commercial markets.

Mr. Hardy said that borrowers must agree to repay loans fully either in cash or from the application of the net proceeds from commercial sales of loan potatoes, and also the net proceeds from sales of any potatoes to CCC, until the indebtedness is satisfied.

All loans on 1949 late-crop potatoes will be made through the County AAA Committee where the potatoes are stored. Loans will be available from Sept. 15 to Dec. 14, the last date on which applications can be accepted. The loans will mature on demand but not later than April 30, 1950, and will bear interest at the rate of 3 percent per annun.

Membership cards for the northern Michigan Concert Series to be held in Petoskey this fall and winter will be mailed within the next ten days or two weeks, C. A. Odmark, local director of the association, has announced. The cards were not mailed earlier because of a delay in confirming the dates of the concert numbers. The concerts will include the following numbers: Nov. 11, DePaur Infantry Chorus, Dec. 5, Szymon Goldberg, violinist; Jan. 18, Oscar Natzka, basso; Feb. 21, Alex Templeton, pianist.

Treat the family. Take them to the weekly games party at 8:15 p. m. Tuesday at WaySide.

Local Items

• Cpl. John Eccleston arrived early Tuesday morning from Newfoundland to spend a 30-day furlough with his mother, Mrs. Anna Eccleston, and other relatives. This is his first furlough since December when he was sent to Bermuda where he spent the winter. Last spring he was transferred to Newfoundland with the A. A. F. tower control division

• Mr. and Mrs. Prescott Adams and daughter, Sally arrived last Wednesday from Uvalde, Tex., to spend a month with their parents, Mr. and Mrs. Harry Marshall and Mrs. L. P. Adams. They also plan to visit in southern Michigan before returning.

• Phyllis Roberts, who is in Yokohoma, Japan, as a civilian stenographer with the army, surprised her mother, Mrs. Bertha Roberts with a telephone call Saturday. This is the second time Miss Roberts has called her family since gong to Japan last February.

• Mr. and Mrs. Josh Mitchell of Ypsilanti spent last week end with the latter's parents, Mr. and Mrs. Stanley Jancha.

Pickle Crop Called One of Best In Years

The second largest pickle crop in Charlevoix county in the last 10 years was reported this year by Howard Brumm, mnnager for the H. J. Heinz Co., here.

He pointed out that the crop would have been the largest, if it had not heen for the extremely hot weather the last week in August and early September. The only other crop in the last decade to surpass this year's pickle production was last year.

Mr. Brumin said that several farmers had outstanding pickle crops this year. Included among the group was Mrs. William Jolliffe who realized about $175 from a half acre.

● HERE'S WHAT YOU DO—Fill in the correct brand name for any of the 54 advertising slogans on the official entry blank. They're easy, well-known slogans such as: "Breakfast of Champions" . . . "The Pause that Refreshes." Look for slogan clues at Kroger Stores. Then write a last line to this jingle:

"Live Better for Less" is the slogan to know,
It tells me that all Kroger prices are low.
I find all the brands that I like on display

(Fill in the last line and make it rhyme with "display" For example "And that's why I shop at my Kroger each day")

Send the dated end from a Kroger Hot-Dated Coffee bag or the tear-off strip from a Kroger Coffee can, and the printed portion of the label containing the brand name you identified. Mail to: *Kroger Contest, Box R.R., Chicago 77, Illinois.*

Unique Clock Owned By Ellsworth Woman

Ellsworth — A unique clock owned by Mrs. Edward Bradford, wife of a local farmer, is one of her most prized possessions. It nearly has perpetual motion. She says, "people call it a 400 day clock, as it will run that long after winding, but I wind it every Christmas Day, so I won't forget when I last wound it."

Another unusual feature of the clock is the pendulum which moves in a semi-circle and not side to side as in an ordinary clock. The four balls and the fixture which make up the pendulum are brass and hang suspended from the working mechanism by a slender steel thread. The action is so sensitive that it is nearly impossible to stop by hand as it continues to move slightly after being touched. A class case covers the mechanism. The clock, made in Germany, was given to Mrs. Bradford about 25 years ago by an aunt, Mrs. Dora Merrow of Central Lake.

• Mary Gengle of Grand Rapids is spending several days with her parents, Mr. and Mrs. Joseph Gengle, while her father is a patient at the Charlevoix hospital. Her brother, Edward who spent several days here, reurned to Detroit Tuesday.

A Courier Classified Ad will sell it

Want Ads Bring Quick Results to Al Smith

Typical of the quick response to Courier want-ads is the experience of Al Smith of route 1, Charlevoix.

He advertised a baby carriage and play pen in last week's paper. Less than 24 hours later, he had sold it and received several other calls from residents wanting to buy the item advertised.

If you have anything to buy, sell or trade, use the want-ads. They cost little and bring quick results. Everyone reads the Courier want-ads.

CARD OF THANKS

To my neighbors and friends in Charlevoix:

I want to thank all the people of Charlevoix for the many cards and gifts during my stay at the hospital. I am feeling a lot better and sure hope to be home soon. My mother and daddy told me to thank you for your kindness, generosity and helpfulness during these times of sickness.

Jean Hartzell.

CARD OF THANKS

I wish to express my sincere thanks to all my friends for their many acts of kindness and to the Sunday School for the beautiful plant that was sent to me during my recent illness.

Isabelle Kerr.

Here's what ANOTHER Farmer says about the... Ford TRACTOR

TALKS ABOUT ECONOMY

IN THE Ford TRACTOR YOU GET

1 POWER FOR THE JOB ..ASK FOR A DEMONSTRATION

See how the Ford Tractor handles a 12" or 14" two-bottom plow. Remember the Ford Tractor gets weight and traction from the plow itself!

2 REMARKABLE ECONOMY FOR HEAVY & LIGHT LOADS

The Ford Tractor doesn't depend on excess weight for traction to handle heavy jobs. It's fast on the fast moving jobs such as cultivating.

3 QUALITY...THAT MEANS YEARS OF HARD USE

This tractor is built by the Ford Motor Company—and that alone says plenty about precision manufacturing and workmanship.

4 GOOD SERVICE ASSURED ...FOR LIFE OF TRACTOR

We aim to give the best service we can. That's important now. Also it will help get a "right price" when you trade in your Ford Tractor.

UP TO MONTHS TO PAY • ASK FOR A FREE DEMONSTRATION

Bonnie Sutton Becomes Bride of Dick Fochtman In Double Ring Ceremony

Bonnie Sutton, daughter of Albert W. Sutton, of Grand Rapids became the bride of Richard A. Fochtman, son of Mr. and Mrs. Angus L. Fochtman, at a double ring service solemnized at the First Congregational church at 3:30 p. m. Saturday. The Rev. Jackson E. Turner read the ceremony before an altar decorated with baskets of white gladioli and chrysanthemums and tapers in seven-brance candleabra in the presence of 100 guests.

Preceeding the service the Charlevoices sang "At Dawning" and "O Promise Me". Mrs. A. J. Stelter, at the organ, played the traditional wedding march.

Bridal Gown

For her wedding the bride selected a gown of white satin styled with a sweetheart neckline, long sleeves which came to points over the hands and a cathedral length train. Her fingertip veil of illusion and imported lace fell from a tiara of seed pearls and she carried a bouquet of white mums and asters. Her only jewelry was a double strand of pearls a gift of the bridegroom.

LoAnne Anderson as maid of honor wore a gown of pink marquisette over taffeta and a headdress of white mums. She carried a bouquet of yellow and white mums.

Robert Fralick of Detrolt, served the bridegroom as best man and ushers were Edward Fochtman of Evanston, Ill., Robert Fochtman and William E. Fochtman, brothers of the bridegroom and Clair S. Webster, Jr., cousin of the bridegroom.

Mrs. John Sutton, aunt of the bride, wore a gray suit and matching accessories for her niece's wedding. Mrs. Fochtman, mother of the bridegroom wore a royal blue dress with silver nailhead trim, and navy accessories. Both had corsages of yellow and white mums.

A reception for 75 guests was held at 313 Michigan avenue. A tiered wedding cake graced the refreshment table which was decorated with white mums and tapers. Mrs. John Sutton presided at the punch bowl and Mrs. Ingma Pontious cut the cake.

The couple left on a two weeks wedding trp through the Upper Peninsula and Wisconsin. For traveling the bride wore a gray gabardine suit and navy accessories. They plan to make their home at 308 Clinton street.

Both are graduates of the Charlevoix high school. The bridegroom attended Michigan State College and is now employed as bookkeeper at the Charlevoix Oil Co.

Among those from away who attended the wedding were Mr. and Mrs. John Sutton of Roscommon; Mr. and Mrs. Donald Knaff of Ypsilanti; Mr. and Mrs. Charles Noonan of Empire; Mr. and Mrs. Edwin Gregory, Mrs. Clarence Maisch, Mr. and Mrs Earl Grove, of Traverse City; W. Economy ratio: 19 to 1!

Imagine—19 miles per gallon, from a 135-HP Eight! Come in—see how Packard does it!

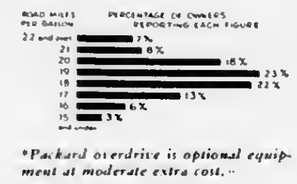
As every driver knows, gas mileage varies with speed, traffic and driver habits.

So, to give you a *complete* picture of Packard gasoline economy, we've made a nation-wide survey among over 1,000 owners of the new 135-HP Packard Eight, equipped with overdrive,* and we've charted their reports.

Notice, now, that the most *frequently-mentioned* figure is 19 highway miles per gallon—and that 33% of the owners are getting even *more* than 19!

That's the *operating economy* you get from Packard "free-breathing" engine design—along with a delightful new kind of silent smoothness . . . a sensational brand of "safety-sprint" reserve power . . . and a greater measure of trouble-free durability than you've ever known before! Sample it soon!

GAS MILEAGE REPORT—based on current reports from over 1,000 owners of the new 135-HP Packard Eight, equipped with overdrive.*



*Packard overdrive is optional equipment at moderate extra cost.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Indian summer is at its height of beauty on Beaver Island. The brillant coloring of the maples, beech and birch intersperced with the green of cedars and spruce is a breath taking sight. One would have to go a long way to find a lovlier panorama of color as one finds in the area around Barney's Lake.

'Twas like the good ole summer time this past week and too beautiful to stay indoors. The school children had a few free days to enjoy the golden days October is bringing to the Island. The teacher's meeting in Traverse City necessitated a trip to the mainland for Sister Gilbert, Sister Rose, Sister Rose Alma and Sister Leonora. They left on Tuesday's boat.

Mr. and Mrs. Lloyd McDonough and Mr. and Mrs. Vernon LaFreniere left Monday for a vacation to the copper country of the Upper Peninsula. Before returning to the Island, they will visit with friends in Grand Rapids and attend to the usual business of laying in stock for the coming winter.

Earle Boyle's canning spree has run him out of containers. Apple sauce to Earle is like spinach to Pop-Eye, so with bushels of apples yet to be canned, don't throw away that empty jar—save it for Earle.

By the way, that bit of notority Earle rated in the Courier has produced a bit of enthusiasm among the fairer sex. One anxious lady made a special trip from Grand Rapids to meet the Island's Canning King. There'a no telling where this apple sauce is going to lead—maybe to the altar, huh!

Francis Ricksgers is home from sailing for the rest of the season.

Matt Melville's boat is tied up so he came back to his little cabin in the woods on Trail Road.

Mrs. Peter Gallagher and Mrs. Lester Gallagher, Charlevoix, are visiting Mel Gallagher.

Mr. and Mrs. Maynard Carpenter, Grand Rapids, visited Maynard's father, Jim Carpenter who is operating a saw mill on the Island.

Mrs. James W. Gallagher, daughters Janet, and Eleanor and son Brian left Tuesday to spend the holidays on the mainland.

Grace Marie McCann took advantage of the free days to visit her uncle and aunt, Dr. and Mrs. Charles McCann in Bay City.

Mr. and Mrs. Paul Hendron, Hammond, Ind., have come to the Island to stay until the steel strike ends. The Hendrons bought the cabin formerly owned by Marguerite Cole Stevens.

Mr. and Mrs. Clifford White, Muskegon, are vacationing on the Island and are the guests of Mrs. White's parents, Mr. and Mrs. James O'Donnell.

Lillian Connaghan returned to the Island from Grand Rapids.

Well sir", declared Ole Timer, "I never in my born days saw John Ricksgers move so fast as he did last week when Martin's cow got in his basket of groceries." It seems as though John had stopped in the Beachcomber for a little refreshments after shopping and left his horse and wagon tied to a nearby tree. The cows, seeing an opportunity to have a picnic—it was a wonderful day for a picnic, too—made away with two loaves of bread that were in the back of his wagon and were starting on a package of fish when John rushed up. John saved the fish but there was nary a slice of bread left.

Mrs. James Elms returned from Little Traverse hospital Friday.

Mrs. Erma Voories, South Bend and Mrs. Ray Overmeyer, Mishawaka, arrived Friday to spend a week or two at their cottage.

Beaver's flying cadets who have earned their pilot's license are Joe Dillingham, Chuck Kleinheintz, James Elms, Lester Gallagher and Bob Ricksgers.

Mr. and Mrs. Gus Mielke received a lovely bouquet of yellow roses from their daughter, who could not attend the golden wedding celebration. The roses were used as a centerpiece on the dinner table which was overlaid with another.

Saturday afternoon five planes flew to the Island from Muskegon with eleven passengers. They stayed overnight at the King Strang Hotel and departed around noon Sunday.

Mrs. Tess Hintz has been very ill during the past week. In the absence of Dr. Palmer, it was necessary to send to Charlevoix for Dr. L. E. Grate Sunday. Mrs. Charles Teter, daughter of Mrs. Vesty McDonough, arrived Saturday to assist in the care of Mrs. Hintz.

Duck season opened Friday noon. About dawn, one could hear the bang of distant shots—eager Beavers out "warming up" for the kill.

Gus Mielkes Mark 50th Anniversary

St. James—Mr. and Mrs. Gus Mielke quietly celebrated their golden wedding anniversary Sunday. Due to the ill health of Mrs. Mielke, only a few members of the family were invited to the anniversary dinner which was held in the Mielke home.

Mr. and Mrs. Mielke were married in South Haven Oct. 9, 1899. Mrs. Mielke was the former Mary Allers and was one of ten children of Mr. and Mrs. Charles Allers, who made their home in South Haven at that time. Mr. Mielke was born in Germany and came to this country at the age of ten.

Mr and Mrs. Mielke moved to Beaver Island in 1903. For a while, Mr. Mielke was associated with John Roen in the boat building business. In 1917 he started in business for himself operating a saw mill and boat shop. He has operated the saw mill since that time and for the past twenty-four years, has been employed as county road foreman.

Although Mrs. Mielke has been a shut in for some time, her busy fingers, always turning out beautiful pieces of handwork, has kept her interested. Her contributions to the fancy work booth at the church bazaar are always works of art.

Mr. and Mrs. Mielke were the recipents of many good wishes and lovely gifts from their many friends and relatives. Invited as guests at the dinner were their daughter and son-in-law, Mr. and Mrs. Rolland McCann, Mr. and Mrs. James H. Gallagher, Mr. and Mrs. Herman Pischner and Mr. and Mrs. Erwin Belfy of Charlevoix.

Mrs. Mielke's mother, who is in her 92nd year and who makes her home with her daughter, Mrs. Clayton Parker, Kalamazoo, was unable to attend.

The sackbut was an early form of trombone, according to the encyclopaedia Britannica.

Oh, What a Thriller! Both Teams Shine in 13 - 13 Contest

What a thriller that East Jordan game was. It was too bad that Charlevoix could not have made that extra point on the second score. But that's football. The extra large crowd was treated to a rugged, determined brand of football by the Red Rayders and the East Jordanites. The uphill battle to tie the score with the clock ticking away in the last period was wonderful. Every one of the players deserves a big hand for the performance. That rugged line of ours fought an outstanding battle. The loss of Jerry Gibbons at tackle will be felt.

He hated to leave the field despite his brokn ankle. His playing days for Charlevoix may be over but he won't be forgotten.

For us that game last week was on a par with college games. For excitement, thrills and hard, clean action—that game had them all. Hats off to Ray Kipke, his squad and his coaching assistants. They did all they could. That slashing play of the East Jordan backfield was nearly enough to end the locals' winning streak. We'll have to wait until next year's East Jordan game to see who is the better team. What a rivalry—two ties in two years. East Jordan and Charlevoix's streaks are still intact.

But let's not forget the game with Gaylord. Loser of all its games so far this year, we hope the letdown for the Rayders is not enough to let Gaylord score an upset.

Clean, Hard Play Marks Thrilling Tie Contest

In one of the most rugged battles played by East Jordan and Charlevoix in recent years, the two teams played to a 13-13 deadlock. The above photo shows a shot of the hard charging Rayder attack. The ball carrier is hidden in the melee, left of center. No. 28 is Joe Hammond of East Jordan and No. 48 is Ron Cunningham who is getting ready to block out his man.

District W.C.T.U. Chooses Officers At Annual Meeting

The theme of the Lower 11th district meeting of the W. C. T. U. held in Boyne City Friday was "Love and Spirit of the Living God."

Maj. Gertrude Bishop of the Grand Rapids Salvation Army post was the principal speaker at the one-day meeting. A member of the Salvation Army for 40 years she related her experiences in the underworld of New York and told of the work accomplished by the organization. At the evening session she told of the work the Salvation Army had been called upon to do since the repeal of the 18th Amendment. She also showed a movie, "Skid Row in Chicago", which showed the work being done by the Salvation Army, the police and others. She also addressed the Y. T. C. banquet at 6 o'clock.

White ribboners were urged to write to their Congressmen to ask them to back the Bryson bill when it appears before Congress early next year.

District officers named were president Mrs. Bessie Leismer of Petoskey; vice president, Mrs. Gladys Funk of Charlevoix; secretary, Mrs. Maggie Robers of East Jordan; recording secretary, Mrs. Mynie Williams of Mancalona, treasurer, Mrs. Esther Dunlop of Kalkaska who succeeds Mrs. Mattehell Wright of Mancelona who resigned after serving nine years in the office. The other officers were re-elected.

Rev. H. C. Alexander of Boyne City was convention host. The offering for the meeting was $40.00.

Kalkaska has been named as the 1950 convention city.

Those who attended from Charlevoix were Mrs. Funk, Mrs. Floyd Bartholomew and Mrs. Ernest Hewe who lead the devotions at the afternoon session.

Bonnie Barber Feted At Bridal Shower

Bonnie Barber, bride-elect of Frederick E. Kete of Saginaw, was guest of honor at a bridal shower given Friday evening by Mrs. Gerald Left. A miniature bridal party of dolls decorated the table which was lighted with yellow and white tapers. During the evening games were played with Mrs. Agnes Fairbanks, Mrs. Frank Rasselt and Fran Sommerville of East Jordan, winning the prizes.

Miss Barber received many gifts.

Other guests were Mrs. Elmer Barber, Mrs. George Bergmann, Mrs. Edgar Smith, Mrs. Wesley Ryder, Mrs. Leroy Plum, Mrs. Edward Lagerman, Mrs. Marguerite Sipple, Annabelle Cunningham, all of this city, and Mrs. Leo Sommerville and Mrs. Alice Sommerville of East Jordan.

Competitor Defends A&P In Law Suit

An independent grocer's paid advertisement condemning the anti-trust suit to dissolve The Great Atlantic & Pacific Tea Co. was reprinted last week in A&P ads in more than 2,000 newspapers through the country.

The A&P competitor, C. Whit Blount of the Waynesboro, (Ga.) Groceteria, upholds the food chain, and voices opposition to the anti-trust charges in a message published by the Waynesboro True Citizen.

Meanwhile, other competitors expressed support of A&P in newspaper advertisements in New York, Massachusetts and Louisiana.

Blount's three-column ad admits that "The A&P Co., is definitely our strongest competitor," that its operations "hold the cost price down on food," but in so doing "makes our suppliers hold their costs down to the same competitive level.

"Well, what's wrong with this?" Blount asks.

He adds, "we don't believe the government, or any individual should try to break up a firm that is doing a good, clean, efficient job of serving the people of this country."

Rayders Play Hearts Out to Tie East Jordan

(Continued from page one)

supporters who feared the winning streek wes going to be stettered. Receiving the kickoff, the locals came straight up the fleid, using e wide mixture ot reverses and pass plays. Twice the etteck wes nearty stelled when Charlevoix recovered its own fumbles, one by Jolliffe end the other in sight of the goal by Feirbenks.

Jolliffe and Hardy made some good gains before Fairbanks caught a pass and ran to the East Jordan 14. Hitting the line, Barber and Hardy kept tha attack going with Barber making its first dawn on the three yard line. Hardy got a yard and on the next play Fairbanks grabbed a fumble which made it possible for Barber to ram off tackle on the next play for the touchdown. His kick was wide. The score was tied at 13 all.

Seconds before the game ended, Krahnke intercepted a pass and was almost loose but officials ruled a penalty against East Jordan as the game ended.

Customers' Corner
Who wants to put A&P out of business?
Not our customers. Many thousands of them are writing and phoning us and telling our clerks and managers that they want to continue to enjoy quality A&P foods at low A&P prices.
Not our suppliers. Farmers and manufacturers alike are telling us that they want to protect this efficient outlet for their products.
Not our 110,000 employees. They want to keep the high wages, good working conditions and security they enjoy with A&P.
Not labor. Union leaders are wiring us to ask what they can do to defeat this threat to labor's living standards.
All these people are telling us they don't want the anti-trust lawyers to put A&P out of business.

Rayders Try For 30th Win In Harbor Tilt

The still unbeaten Red Rayders play their last home game of the season this Friday against a resurgent Harbor Springs outfit which has shown great improvement in its last two games.

The Charlevoix team came back with a vengeance egainst Grayling lest week to scora three touchdowns in the last half to stay undefeated, eftar Grayling hed outplayed the locels badly in tha first helf.

Harbor Springs surprised the experts with a clean 12-0 victory over Pellston last week. Harbor like every teám the Rayders face this year have one thing in mind — stop the Charlevoix streak which has now reached 29 victories.

Good Defense

Charlevoix in last week's game had to stave off three enemy drives in the first two periods. Grayling was able to make plenty of yardage but when it got deep into Charlevoix territory, lost the ball on downs or a fumble.

The Rayders took advantage of a break early in the second half to score the first marker. J. Coon, Grayling half, fell on a bad pass from center on fourth down which gave the Rayders the hall on the Grayling 20. Jim Jolliffe who played a great game got 11 on the first play and six on the second before ramming center for the touchdown. Bill Barber kicked the extra point for a 7-0 score.

Last Week's Results

Charlevoix 20, Gaylord 0.
East pordan 34, Grayling 7.
Harbor Springs 12, Pellston 0.
Boyne City 6, Mancelona 0.

This Week's Games

Pellston at Mancelona.
Grayling at Gaylord.
Harbor Springs at Charlevoix.
East Jordan at Boyne City.

A Greyling threat to score was stopped later in the third stanza when Ed Klein threw C. Yearnd, Grayling left half, for a four yard loss on third down and Tucker Hamlin knocked down a last down pass on the 11 yard line.

Jolliffe sparked the second touchdown drive, reeling off several drives from 15 to 25 yards apeice. From the Rayders 15, Charlevoix worked the ball down deep into the losers' territory. Jolliffe picked up 68 yards to set up the score. He went over from the seven yard line to make it 13-0 and Barber made the conversion for 14-0.

Final Touchdown

Play in the last four minutes was at a furious pace. Chuck Fairbanks intercepted a pass at midfield and Barber flipped a pass to Ron Cunningham to the 25. A moment later Barber could not locate a receiver and ran the ball for a first down to the 15 yard line. Here W. Hopkins of Grayling intereccpted Barber's pass only to have Barber intercept the ball two plays later on Grayling's 15. Barber scampered to the 1 yard line on the next play before taking it over the goal line for the last score. His boot for extra point was wide. Score 20-0.

The winners, showing the effects of their grueling games with East Jordan and Boyne City, flashed good form in the second half, after appearing ragged in the opening two periods.

Al Louiselle played in Jerry Gibbon's tackle slot and B. Ward took Louiselle's spot. Hamlin, Klein, Fairbanks and Krahnke played outstanding games while Jolliffe's play was superior in the backfield. J. Fleming and C. Yearn played brilliant games for the losers.

Grayling started the game as if it were going to chase the Rayders off the field. After receiving the kickoff, the losers had worked the ball to Charlevoix's 25 where the Rayders held for downs. It appeared that the Rayders had the defensive punch necessary to stall an offensive drive once it became dangerous.

County Polio Fund Receives $4,850

A check for $4,850 to help pay expenses of polio patients in Charlevoix county has been received by the county chapter, Dallas Henry, vice chairman, disclosed at a meeting of the Kiwanis club Monday night.

This check represents more than the total amount contributed in this county since polio fund campaigns were started several years ago, Mr. Henry said. He pointed out that 11 persons have contracted polio this year in the county. One case of polio in the county is costing the chapter $60 a day.

He related how the Foundation gives immediate financial assistance to polio sufferers, making it possible for them to receive the best possible medical and hospital care.

A film, "Highway to Alaska" was shown. Angus Fochtman was program chairman. C. B. Meggison, club president, presided.

Court to Hear 5 Crime Cases

Five criminal cases are listed on the October docket for circuit court which convenes Monday, Oct. 24 here.

The criminal cases are: the delayed motion for new trial for Lawrence Nevils, Edward Goodman of Detroit, charged with carrying a concealed weapon, James Doyle on a statutory rape charge, Fabian Wabanimkee, David Washagesie and Sam Meangwie, charged with auto theft, and Douglas H. Peck and Robert Zalsman, charged with breaking and entering in the night.

Four chancery cases are on the docket as well as 14 issues of facts and law and three divorce actions.

Jurors for the October term are:

Charles Taylor, Bay township; Clyde DeLay, Boyne Valley, Bradford Foster, Charlevoix, B. J. Ellis, Evangeline, Edward Davis, Hayes; Ira Boyer, Eveline; Joe Sevenski, Hudson; Sam Kelly, Marion; Arthur Edson, Melrose; Joseph Stutzman, Norwood; John Ricksgers, Peaine; Thomas Gatliff, St. James; Warren Frank, South Arm; Armand Mayrand, Wilson.

Also Ed Hartnell, Boyde Heaton, Mary Charon, Elwood Cyr; all of Boyne City; Donald Meggison, Mrs. A. J. Usher, Walter Taylor, all of Charlevoix; Henry Drenth, Oscar Light and William, all of East Jordan.

Frank J. Smith Dies After Long Illness

Funeral services for Frank J. Smith, 83, retired florist and landscape gardener, were held at the See Funeral home Monday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery. He died at his home late Friday evening following a long illness.

Born near Homer, March 20, 1866, was married to **Mary M.** Richards on August 16, 1885, at Galiaen and came to northern Michigan the following December. He was employed at the old Blair greenhouse when he first came to Charlevoix and later as bridge tender at the Pere Marquette bridge when it was turned by hand.

Prior to his retirement several years ago he was employed on the Belvedere Club grounds as a gardener, ten years by the club and 19 by private families. Until this year he tended his own garden and greenhouse.

Besides his wife he is survived by five sons, Lester and Carl of Jackson and Otto, Earl and Chester of this city; five daughters, Mrs. Harrison Barnhart and Mrs. Carl Holland of Jackson, Mrs. Lewis Brant and Mrs. Shirley Peary of Charlevoix and Mrs. O. O. Mahoney of Seymour, Ind.; a brother, Charles E. Smith of Palestine, Tex.; twenty grandchildren and 28 great grandchildren.

Mrs. Palmer Injured

Mrs. R. E. Palmer, wife of Dr. Palmer of Beaver Island, suffered a fractured right wrist when she fell Tuesday afternoon on the flagstone outside of their Charlevoix home. She was taken to Munson hospital. The Palmers were vacationing here for two weeks before returning to the island.

The Chest Deserves Support

It is only once a year that the citizens of Charlevoix are called upon to make contributions to the United Fund and the Community Chest.

The drive will begin Friday, Oct. 21. This year the United Fund and Community Chest are combined, saving us the annuyance of many separate campaigns.

The community's quota is $4515. If each individual decides how much he would give if he were approached for each separate need, he will then be guided as to the amount to contribute.

Did you ever stop to think why Charlevoix is such a fine city. Charlevoix is a fine city because each of us do our part. It is a fine city because of the summer guests who come to our shores each year, enriching life for all of us.

Every individual owes something to the cummunity. This is one project in which all of us may work together for the common good of all.

When you give to this drive, you are helping to make it possible for the Girl Scouts, Boy Scouts, Santa Claus Anonymous and other charitable organizations to carry out their splendid activities.

Workers and captains will make an effort to contact everyone. In the exent that you are missed, take your contribution voluntarily to the worker or captain in your district. The workers and captains are giving their time in addition to their contributions.

Let courtesy and friendliness prevail in our city. Let us give generously, cheerfully and promptly.

Charlevoix can be the first city in Northern Michigan to go over the top. It depends on all of us. Let's do our best.

County Fair Warned To Stand On Own Feet

The Charlevoix county fair board was given financial assistance by the board of supervisors to cover the $1410 deficit incurred on this year's fair.

The fair board was also put on notice that henceforth the fair must stand or fall on its own merits and that no future aid will be given.

While the supervisors felt sympathetic to the fair board's problems this year, it was plainly evident that the fair must at least break even next year if the fair is to be continued.

As one supervisor put it: "We have enough expenses in this county without having to make up the deficit of the fair board. We simply don't have enough money to be in a position to cover their losses.

Supervisors Prune County Health Fund

By a vote of 15 to 6, the county board of supervisors decided to cut county health funds from $6515 for 1949 to $5212 for next year. The amount is forty cents per capita instead of the fifty cents which is being spent this year.

The health and welfare issues provided much of the discussion during the five-day session with tempers flaring at several points. William F. Bashaw, of the health committee, denied on the floor that he was against the health appropriation. He said that he has always supported the health department and will continue to do so.

Supervisor Charles Robinson, Boyne City teacher, spoke in favor of the health department and appealed for continued support. A group of women from Charlevoix and East Jordan including Mrs. Gerald Gibbons and Mrs. Gordon Freedman appeared before the board, appealing for the full appropriation.

Several supervisors, explaining their stand on the issue, said they hoped that the cut would not seriously affect future operations, appealing to Dr. A. F. Litzenberger and his aides to cut corners on a number of their expenditures.

Ironton Ferry Shows Small Profit for Year

Operation of the Ironton Ferry this year resulted in receipts totaling $4905 as compared with expenditures of $4656, it was reported at the supervisors meeting last week.

Supervisors appropriated $1000 for next year which matched this year's appropriation. This year marked the first that the ferry has made a charge for transporting cars across the south arm of Lake Charlevoix.

Operation of a free ferry cost the county so much money that it finally decided at the January session of supervisors to make a toll charge.

Harvest Auction

Ellsworth—The Banks Township PTA will sponsor a Harvest auction sale Wednesday, Oct. 26 at Community Hall. The public is cordially invited to attend.

Dole Cases Must Give Up Their Cars

Welfare clients in Charlevoix county will have to give up their cars, if they have any, to qualify for relief assistance.

This ruling was ordered put into effect by the county board of supervisors last week when it adopted a $30,000 appropriation for the 1950 year for the welfare department. The board also granted $9000 to finance welfare operations for the remainder of the year. The board was told by Roy Gregory, welfare director, that his department is $2200 in the red at present.

Most supervisors agreed that if a welfare client needed relief, he or she could ill afford to own a car. It was not immediately clear how many welfare clients own autos in this county.

The board also instructed Mr. Gregory and his staff to greatly reduce the number and amount of cash grants, believing that the department can exercise more control over welfare expenses if persons on relief are given orders rather than money for most expenditures.

Mr. Gregory told the board that he was willing to abide by its recommendations in attempting to reduce the relief load. He pointed out that there are no able bodied men on relief a present. A total of ill cases were on record in September but that only 79 received financial aid. The average grant was $31.33.

• Mrs. W. S. Kibbe left last week to spend the winter in Cadillac with her son, Warren Kibbe and family.

Group Ponders Holland Boat Firm Request

Initial steps to raise the $3500 for the Holland boat concern which wants to locate here, were taken Friday by the newly-organized business men's association.

A committee, consisting of H. O. "Skip" Krahnke and George Wolf, was named to determine if persons in this community are willing to show the boat concern that it wants the plan hereby subscribing $50 or $100 each.

The group will report back to the association at its next meeting—Friday Oct. 21 at 8 p. m. at city hall—with its findings. Reports by Irish Coleman and Mr. Krahnke were given showing that the company is in good financial condition, that its product has been sold for two years and that the chances for success, if located here are bright.

The reason for the plant wanting to move from Holland was explained to the group. The boats were being made in the basement of a furniture factory in Holland permitting too little space for the manufacture of boats. One reason Les Kaunitz, a partner and designer of the boat, is interested in Charlevoix is because his father, Fred Kaunitz lives here. The elder Mr. Kaunitz' property will be used if the plant moves here.

Other Cities

It was brought out that several other cities have made overtures to have Mr. Kannitz move his plan to their cities. The company is also asking the city to waive its taxes on the Kaunitz property for 7½ years as well as give the company a lower power rate.

Dick Edwards and Clarence Raback were named to a committee to work out plans for a Farmers Day as suggested by Mr. Coleman.

The organization went on record to help Bruce Henley, owner of Vie's Potato Chips, find a new location for his business. A survey will be made to determine if there are any suitable locations.

Kindergarten Will Reopen Monday

Kindergarten classes here will be resumed Monday, Oct. 24, according to Dr. A. F. Litzenberger, district health director, and School Supt. Roy G. Bennett.

Classes were ordered closed Sept. 30 as a precautionary measure against further incidence of polio. Dr. Litzenberger said school and health authorities agree that there has been no further outbreak of polio among the school beginners.

Prior to the closing of kindergarten classes, two youngsters had contracted polio. At the time it was thought best to suspend classes to ally fears of anxious parents who believed that several others might be taken ill with polio if school was held.

School Band Upholds High Standards, Ranks As One Of Best In Michigan

The strains of "Red and White Forever" have been heard on the autumn air almost daily since school opened in September as band director, C. A. Odmark, has been putting his Charlevoix high school marching band through their paces in preparation for their performances at the home games.

This week the band will present another half-time show which will include the visiting team's school song, the Charlevoix school song and new formations they have been working on for the game.

Leading the marching band will be the following majorettes in their elever new white uniforms; Betty Gill, Pat Jablinsky, Kathryn Clark and Betty Warner.

In the band are: fluetes, Barbara Bice and Barbara Smith; oboe, Becky Badger; clarinets, Dwight Smith, Sue Miles, Carolyn Smith, Leona Scott, Dorothy Allers, Milford Saunders, Jack Niswander, Clara Miles, Janet Krulik, Debby Bergeon, Leola Scott and Joyce Fiedler.

Bass clarinet, Roger Sweet; alto saxophone, Joyce Paul, Vjola Anderson, Amy Lou Kipke, and Victor Gibbons; tenor saxophone, June Guild and Dick Niswander; baritone saxophone, Marilyn Blissett.

Cornets: Doris Nielsen, Charles Krahnke, Douglas Way, Marilyn Bulow, Joan Mathews, Jon Henry, Charles Donaldson and Betty Warner; horns, Lorna Lewis, Betty Gill, Jean Swanson and Nancy Ikens.

Baritones, Bill Barker, Jack Paul and Larry Burns; trombones, Tom Bleha and Nita Brumm; basses, Bruce Shanahan, Art Taylor and Don Gill; percussions, Bobby Richards, Marilyn Ikens, Armand Peters, Joyce McGhan; Theresa Zeitler and Shirley Wakefield.

The above list are those in the concert band. A few changes are made in the marching band.

Charlevoix's band, which has rated highly in the state for the last few years, is a young band this year with many of the personnel being drawn from the early high school classes. Mr. Odmark plans to keep the band at his present number until more uniforms can be obtained. At present he has fourteen in the junior band, made up of eighth and ninth grade students who are trying hard for a berth in the senior band. In the beginners band are 33 musicians made up predominately of seventh grade students and some eighth graders. These youngsters are working hard and are making the older band members look to their laurels.

One new instrument, the oboe, played by Becky Badger, has been added to the band this year.

The band will be heard in their first concert program sometime in December.

County Budget for '50 Is Set At $114,000

The uperations budget for Charlevoix county for 1950 will be $114,458.35, or about $7,000 more than this year's budget.

The budget increase was held down by cutting several appropriations including the county health fund to $5,212 from $6,500.

Biggest appropriation was $30,000 for the welfare department and a $9,000 deficiency appropration to permit the office to operate for the balance of this year. Roy Gregory, welfare head originally requested $45,000 plus $0,000 for this year's fund.

The 1050 appropriation for welfare is the same amount as designated this year, not counting the $9,000 that was allocated for the remainder of the year.

The final county budget will probably mean that the county will spend about $22,000 more than it will raise in taxes next year. The 1950 taxes will bring in $02,842 plus $23,210 for the sinking fund which can't be spent for any other purpose.

Supervisors privately hope that economy practiced by various county officers during the next fiscal year will actually reduce the defcit to about $10,000. The equalization of valuations is $11,605,370.

The 1950 budget includes approval of the following expenditures: Board of supervisors, $4300, an increase of $500; bonds and insurance, $1800, a cut of $400; circuit court, $3000, a jump of $1000; coroners, $400, no change; agricultural extension, $2350, a cut of $50.

County clerk, $5800, an increase of $400; county general fund, $175, a cut of $175; tax allocation board, $150, a raise of $25; county treasurer's office, $5800; court house and grounds, $3500, a raise of $500; welfare, $30,000, no increase; health, $5212, a cut of $1303; elections, $2000, jump of $1000; Ironton ferry, $1000; no difference.

Justice courts, $700, a cut of $100; probate court and juvenile welfare, $5500, no change; prosecuting attorney office, $3200, no change; register of deeds, $5800 up $300; school superintendent's office, $900, a cut of $2100; sheriff's department, $9000, no change.

State institutions, $8000, up a $1000; veterans affairs, $1000, cut $1200; Whiting Park, $1000, up $250. No appropriation was made to the Michigan Children's Aid which received $100 last year and the soldiers and sailors relief which was given $450 last year.

Other appropriations included $750 for advertising, $100 for apiary inspection; county fair, $1410; Charlevoix hospital, $1000; supervisors dues, $10 and county roads, $11,000. The road money was appropriated at the April session to permit the county to take advantage of federal grants; Howard Stephens of Hayes township was chairman of the finance committee.

Workers Plan To Start Chest Drive Oct. 21

Sometime between Oct. 21 and Nov. 4, a cummunity Chest solicitor will call at every home and business place in Charlevoix to raise a quota of $4,515.71 to care for Charlevoix's needs and those of the United Health and Welfare Fund.

Mrs. Kit Carson met at the City Hall Monday evening with her ward cepteins and their workers to giva them last minute instructions and supplies for tha drive which will start Friday.

Captains and their workers are: North side, Mrs. Charles Bellinger, captain; Mrs. Henry Partridge, Mrs. Robert McClintock, Mrs. Clair Webster and Mrs. Herbert Campbell; Mrs. Versal Seymour, captain, Mrs. H. E. Paddock, Mrs. Arthur Ranger, Mrs. George Bergmann, Mrs. Fred Willis and Kay Fitch.

Valley: Mrs. Ernest J. Wissel, captain; Mrs. Leslie Ball, Mrs. Melvin Plum, Janet Livingston, Mrs. George Roff and Mrs. Emerald Chew.

South Side Workers

South side; Mrs. Walker Miles, captain; Mrs. Leo Allard, Mrs. Roy Ranger, Mrs. Joe Williams, Mrs. Peter Timmer and Mrs. Leo Carey; Mrs. Fenton R. Bulow, captain, Mrs. Harold Withers, and Mrs. Howard North; Mrs. Emil Pischner, captain, Mrs. A. M. Allard, Mrs. William Fessenden, Mrs. Edward Lagerman, Mrs. Robert Miller.

The business section will be solicited the first week of the drive with the cooperation of the businessmen.

The names of contributors will be listed in the Courier each week of the drive.

Funds from the drive will go to the following organizations: Girl Scouts, $550; Boy Scouts, $850; Community nurse, $850; Santa Claus Anonymous, $50; Charlevoix hospital, $2,000; Emergency fund, $300; United Health and Welfare Fund which will care for outside agencies, $732.25; campaign expenses, $5. The entire quota for the drive is $5,407.25 but with a surplus of $891.54 from the 1948 drive which was applied to this year's amount, it will be necessary to raise only $4,515.71.

The Infantile Paralysis Fund, the American Red Cross and the American Cancer Society will hold their own fund-raising drives at later dates.

Wardens Are Chosen For Hunting Control

Twenty-two wardens were appointed by the Norwood-Banks Hunt association at a special meeting.

The wardens are: Kenneth Sweet, Chafles Wells, Carrol Fiedler, Paul Schantz, Charles Weisler, Claude Fairman, Floyd Wagner, Percy Empey, Henry Harris, Dick Potter, Hiram Klooster.

Also Sam Campbell, Guy Stutzman, Robert Daugherty, Fred Loper, Ifill Jolliffe, Harold DeYoung, Doyle Richardson, L. Essenberg. Pete Burns, Albert Klooster and Art DeVries.

Wardens met Friday night to get their territory assignments and hunting posters which are to be distributed to the membership this week.

Membership hunting permits and guests hunting permits will be mailed direct to the members the latter part of the week, according to the secretary, Kenneth Empey. Only one membership hunting permit will be mailed to each member. Families entitled to more than one membership hunting permit should apply to the secretary for additional permits.

Does Charlevoix Want Industry?

Nearly every resident in Charlevoix is aware of the need for new industry in this community.

In nearly every business place, a person enters, he hears talk of the need. So it is safe to say that the problem of adding employment to the city is well recognized.

Last week the newly-revived businessmen's group announced in the Courier that a meeting would be held with a city council committee to determine the possibility of obtaining the Holland boat firm as a local small plant.

Yet with the announcement in last week's paper plus the spreading of the news from those who attended the council meeting, a mere handful of 18 interested persons attended the meeting.

As one councilman put it bluntly: "It looks to me that the merchants and others who stand to gain from having additional employment, are not interested enough to attend this meeting to see if something can be done.

The apparent apathy on the part of many business people who are quick to admit that business here needs revitalizing, indicated to many at the meeting that it is hoped that someone else—a "let George do it" attitude is prevailing.

The writer does not presume to know if the Holland boat firm is the best thing for Charlevoix but it is certain that at present it is the only opportunity which shows the possibility of giving work to eight to ten men in a matter of weeks.

At least the smallest thing the businessmen could have done would have been to attend the meeting. That cost nothing except time of the individual merchants. The feeling was that some 50 business people failed to attend the meeting.

If any plant moves to Charlevoix, it will not come because of the interest shown by a great number of merchants who by their lack of attention, have done the cause an injustice.

There will be another meeting Friday night at the city hall. It's of great interest to all of us that a good-sized turnout of business people and others interested in the welfare of the town to attend.

Let the business people including clerks, and others whose livelihood depends on increased employment, turn out for these important meetings.

Charlevoix Man Named Admiral's Aide For Coming Joint Service Maneuvers

Adm. W. H. P. Blandy, USN, maneuver commander for joint Army, Navy and Air Force exercises in the vicinity of Puerto Rico early next year, has announced that Colonel Airle B. Cooper of Charlevoix will serve as assistant Chief, Communications Section on the joint maneuver staff. Air Force and Navy officers of equivalent rank and in equal numbers make up the complete staff.

Colonel Cooper attended grade and high schools at Charlevoix, before entering Western State at Kalamazoo. He entered the U. S. Military Academy at West Point, graduating in 1929.

He later attended various service schools including the Chemical Warfare School at Edgewood Arsenal; the Signal School at Fort Mammouth, N. J., and the American Telegraph and Telephone School at Newark, N. J.

During World War II, Col. Cooper served with the Newfoundland Base Command; with the Marianas-Boning Command and at other stations in the Pacific area. He was awarded the Legion of Merit ;the Bronze Star and the Air Medal in addition to the Asiatic Theater medal with four stars.

Eight of the last nine years, Col. Cooper has spent overseas, and his present assignment should take him to the Puerto Rican and Caribbean area before he returns to his permanent station at For Mammouth.

He has already reported to Admiral Blandy at Norfolk, Va., for planning phases of the huge exercise that has been given the designation "Portrex" More than 80,000 men of all three services will participate in what will be the largest joint exercise ever conducted by military forces in this hemisphere.

Bonnie Lou Barber Speaks Vows At Church Ceremony

White chrysanthemums and ferns banked the altar of St. Mary's Cathedral, Ssginaw for the wedding of Bonnie Lou Barber, daughter of Mr. and Mrs. Elmer Barber of this city, and Frederick E. Keie, son of Mr. and Mrs. Frederick J. Keie of Saginaw at 11 o'clock Saturday morning.

The Rev. Msgr. Vogt read the double ring service in the presence of more than two hundred guests. Robert Hinken, soloist, sang Schubert's "Ave Maria" and "The Lord's Prayer" accompanied by William Kemp, organist.

Given in marriage by her father, the bride wore a gown of ivory skinner satin designed with a partially rolled Queen Anne collar and a scrolled sequin-trimmed bodice. Self-covered buttons trimmed the back to the hipline and the long pointed sleeves and the full skirt ended in a cathedral length train. Her veil of bridal illusion fell from a sweetheart poke bonnet which was trimmed with orange blossoms. Her shower bouquet wss of ivory pompoms snd pink roses.

Eveline Sipple of Lansing, as maid of honor, wore a powder blue taffeta gown designed with a portrait neckline and a full skirt. Her matching turban had a shoulder length veil and she carried a bouquet of ivory pompoms and pink carnations.

Al Slaski of Saginaw, was best man and William Barber of Charlevoix, brother of the bride, and Robert Myczhawiak of Saginaw were ushers.

Mrs. Barber selected a forest green satin dress, gray accessories and a corsage of ivory pompoms for her daughter's wedding. Mrs. Keie, mother of the bridegroom, wore a taupe crepe dress, black accessories and a corsage of white pompoms.

Immediately after the ceremony a wedding dinner was held at the Chanticler in Saginaw for the bridal party and their immediate families. Bouquets of white pompoms decorated the bride's table.

A reception for 250 guests was held at Columbus Hall Saturday evening. The refreshment table featured a tiered wedding cake with each tier being held by plastic columns. The cake was tastefully decorated with pink roses and wedding bells.

After a wedding trip to Florida the couple will return to Saginaw to make its home at 625 Owen street. For traveling the bride wore a gray tweed suit with forest green accessories.

The bride is a graduate of the Charlevoix high school and the bridegroom a graduate of Saginaw high school.

Among those who attended the wedding were Mr. and Mrs. Elmer Barber and family, Mrs. Gerald Left, Sara Coleman, Donna Rose, Ione Mosier, Mrs. Herbert Moore, Mrs. Jerome Whitley, and Ronald Lyons of Charlevoix; Audrey Byers and Marie Sipple of Lansing; Emersld Howe of Detroit; Mrs. Alice Somerville of East Jordan and Mr. ond Mrs. Frank Seehase of Houghton Lake snd Joan Stevens of Grand Rapids.

Evangelistic Meetings at the Baptist church beginning on Sunday evening, October 23rd, and lasting through November 6th, every night but Saturday evening. Special music every night. Evengelist, Rev. L. L. Lewis.

You ought to be driving a '49 PONTIAC

A Product of General Motors

Here's Where the Best Begins!

Most people look no further after they've had a good look at a 1949 Pontiac—they know that the *best* begins here!

Here is the *best* in beauty—with a "Silver Streak" personality all its own. Here is the *best* in performance—thanks to Pontiac's great engines, straight eight or six. Here is the *best* in comfort, luxurious detail and appointments.

And here is the *best* in real economy—a sensible price to begin with and the famous Pontiac record of rolling out miles and miles and miles with only routine servicing.

The *best* begins right in our showroom—come in and see!

THERE'S MORE COMFORT IN A PONTIAC!

It's so much nicer to ride in a Pontiac—there's loads of head- and leg-room, the doors are wide for easy entrance and exit. Every mile is smooth and comfortable.

Vision Tests Given To Local Students

All students in the Charlevoix public schools are being given the Massachesetts vision test by Mrs. Dorothy McRae and Mrs. Kathryn Smith, who received special training as technicians so that they might give the tests.

In this way children with eye strain or defective vision are screened, and parents advised to give them further examinations treatment if it should prove necessary.

Before the program is completed approximately the complete enrollment including 458 in the elementary and 361 in the junior and senior high schools, will have been examined.

Local VFW Donates $165 In Polio Drive

In a move to help the lagging polio emergency drive, the Veterans of Foreign Wars post here contributed $165 to the fund.

Dallas Henry, vice chairman of the fund in Charlevoix county, pointed out that donations have been slowing down in recent days. He stressed the fact that the need is greater now than ever before.

Charlevoix county has reported at least 10 cases of polio. One person died from polio here this fall. Mr. Henry appealed to all residents to donate at least $1 to the emergency fund to help replenish the depleted funds resuling from an abnormal incidence of polio this summer and fall.

Honor Mrs. Novotny For Rebekah Work

The annual I. O. O. F. grand lodge and the Rebekah Assembly was held in Grand Rapids Oct. 17-19.

Among those who attended were Mrs. Anna Howard, Mrs. George Cook, Mrs. E. E. Stroud, and Mr. and Mrs. Frank Novotny who attended from the local Rebekah lodge. Mrs. Novotny was presented with the decoration of chivalry for outstanding work in the lodge.

Lee Sneathen, delegate from the Pine Lake lodge at Maple Grove and Ed Davis of Boyne City attended the I. O. O. F. sessions.

Problem of a Child Is Discussion Topic

The first meeting of the Tri-County chapter of the Michigan society for Mental Hygiene will be held Oct. 20 at 8 p. m. at the Petoskey high school auditorium.

The topic will be "Problems of Being a Child" and an appropriate film will be shown. The speaker will be Dr. Harrison Sadler, associate professor of psychiatry at Wayne University.

The chapter was formed by a group of people from Charlevoix, Emmet and Cheboygan counties to initiate mental health programs and activities in Northern Michigan. The public is invited to any of the meetings.

Girl Scout News

Troop 3

The meeting of Girl Scout troop 3 was called to order by our leader, Mrs. Lowell Meriea.

Officers were elected with Caroline Stoel being named treasurer and Brenda Brown, secretary.

After a business discussion we played a game and a good night circle held at 5 p. m.

Brenda Brown.

Troop 7

Brownie troop 7 met in the basement of the Congregational church Wednesday. Susie Duerr was elected treasurer and Anne Ratigan, secretary. We then played a game.

Sharon Swanson and Wanda Russell will have the program for the next meeting.

Anne Ratigan.

NOTICE

Notice is hereby given that at the regular meeting of the Common Council ofthe City of Charlevoix to be held at 8:00 p. m., on November 7, 1949, at the City Hall, the Council will hold a public hearing upon and take under consideration a proposed amendment to the Zoning Ordinance, being Ordinance No. 203, as amended, wherein it is proposed to exclude from Residential District II and include in Commercial District II the following lands situated and being in the City of Charlevoix, County of Charlevoix, and State of Michigan, viz:

"Lots 1, 2, 3, 4, 5 and 6 of Block 6 of Lindsay Park Addition to the City of Charlevoix."

By order of the Council.

HUGH MAYNE,
Charlevoix City Clerk.

100 Attend Party For Vernon Cooks

Some 100 persons attended a farewell party, sponsored by the Maple Grove Grange and Pine Lake lodge, I. O. O. F. for Mr. and Mrs. Vernon Cook and family who have returned to Boston, Mass.

Mr. Cook is well-known in this community as he was noble grand of the Odd Fellows lodge. The program included entertainment and dancing. The Cooks were presented a gift. Bouquets of fall flowers decorated the tables.

Windstorm Damage

Last week's windstorm blocked traffic for at least two hours on the Boyne City road, near Camp Q-Gull, when a good sized tree fell across the road. The county highway crews removed the tree so traffic could proceed. A huge poplar tree at the rear of the Charlevoix ..... fell causing $100 damage to the building. Fortunately, it missed the main building when it was blown down.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

The largest single haul of Bear beef this season went across onday on the North Shore. urty head of cattle belonging James W. Gallagher went oard. The boat, with its cargo livestock, had a rough crossg. Strong wind out of the u'west gave Captain Dick Lyis a battle, but after five hours struggle, the North Shore safetied up in Charlevoix. From ports, not a single animal was injured.

The business of selling cattle over, Mr. and Mrs. Gallagher drove to Grand Rapids for a medical check-up and to visit relatives.

Mr. and Mrs. Dave Wilson crossed on the boat to Charlevoix Monday. They have returned to their home in Ferndale after a week's vacation.

This past week holds a record for accidents and sickness on the Island.

Monday noon, James McCann was taken by plane to the mainland after getting a piece of glass in his eye. James was placing bottles of beverages in the Beachcomber's cooler when one of the bottles exploded, shooting glass and liquid in all directions. A piece of glass lodged in James' eye. James received medical attention in Little Traverse hospital.

Mrs. Tess Hintz was taken to Charlevoix hospital Monday. The same day, Mrs. Ray Cull, niece of Mrs. Hintz, was admitted to the hospital for surgery. Mrs. Hintz is improving and Mrs. Cull recovery was retarded due to a spell of bronchitis.

Dr. Palmer returned to the Island Tuesday minus the missus. The reason, Mrs. Palmer slipped on the wet leaves as she was entering her Charlevoix home Monday and the fall resulted in a broken wrist. She was taken by Dr. Palmer to Munson hospital where she remained for the rest of the week. It was a bad break, according to Dr. Palmer.

And Wilfred O'Brien is limping. He was sharpening a chain saw and to save a few steps, he attempted to step across the saw but he didn't make it. His pants leg caught in a saw tooth, pulled him back and his left leg was badly cut by the sharpened saw. Mrs. O'Brien's first aid treatment in the absence of Dr. Palmer has Wilfred on the mend. A few days after the saw accident, Mrs. O'Brien sprained her ankle.

Mrs. Arthur Miller returned from a happy vacation in Detroit, Toledo and Lansing. Mrs. Miller visited her sons and she said, "I was not only treated as a queen for one day, but the whole two weeks, I was with Arthur, Jr., and Bill."

Mrs. George Miller returned to the Island on the same plane as her mother-in-law from a visit with her mother in Detroit.

Mrs. Evelyn Varden, who came to the Island some months ago to take care of her father, the late Jerry Palmer, left Wednesday for a vacation in New Orleans. She plans to return to the Island in six weeks.

Alex Peterson is back on the Island. He is making his home with his brother Pete "the Swede."

Fred Spalding was in Charlevoix for a few days during the week.

Archie LaFreniere, Jr., flew to Charlevoix with his son and daughter, Alvin and Loretta, and were the guests of Mr. and Mrs. Glenn See. Glenn, Jr., returned with the LaFreniers to spend the week end on the Island.

Vernon LaFreniere has returned from his vacation.

The Lloyd McDonoughs have a new Dodge truck.

Mr. and Mrs. Amos Hammond, Ind., arrived Tuesday for a couple of weeks vacation in their attractive cabin which was completed this past summer. This cabin is another one of Barney Mooney's jobs.

A rustling, motor-like noise overhead—a glance skyward and what a thrill! A large flock of geese flew over the Island in shifting formation but heading straight south.

The Island's most beautiful small woodland creatures are the jet black squirrels. Having never seen one before, this reporter was amazed at the glossy black coat sported by these small animals.

Small games season opened Saturday. Hunters were up bright and early and Mr. and Mrs. Busytail's family was greatly reduced by nightfall. Squirrel fried, baked or stewed was being prepared in practically every kitchen in the village. Mighty good eatin' too.

Saturday was Mrs. Tess Hintz's birthday, so her sisters, Mrs. Vesty McDonough and Mrs. Mike Cull went to Charlevoix to cheer her up.

Ricky Elms' fifth birthday was celebrated Sunday.

Sunday was Barry Joseph's eleventh birthday. His mother, Mrs. Ed Joseph invited a group of his school mates to their home Sunday afternoon to help celebrate the occasion.

Saturday night, a most beautiful display of northern lights illuminated the sky.

Al Smith Is Elected Barnard Grange Head

Al Smith is the new master of the Barnard Grange. Officers were elected last Friday at the Grange hall. He succeeds William Parsons.

Other officers are: W. J. McKay, Overseer, Joan Brumm, lecturer; Neva Smith, chaplain; Lloyd Cummings, steward; Clyde Warner, treasurer; Charles Welsler, assistant stewart; Henrietta Wiesler, lady assistant steward; Sara Cummings, Ceres; Ilah McKay, Flora; Rose Ager, Pomona; and John Rosequist, gate keeper.

The officers will be installed Nov. 11. The group sponsored a public chicken dinner benefit held Wednesday night at the Grange. A large crowd attended.

Firm Offers Speedy Pickup of Laundry

Porter's Laundromat and Storkland Diaper service of Petoskey are joining efforts to provide complete laundry service to Charlevoix residents.

Laundry will be picked up and delivered on a speedy basis. Their specialty is family wet wash, although they provide other laundry service.

Kroger Manager Here Enters Sales Contest

Forest Skiver, Kroger manager here, has entered a company-wide sales contest. First prize in the contest is an all-expense nine-day trip to Florida and Cuba. He is competing against 83 other store managers in this area.

A total of 50 Kroger store managers and their wives will leave Jan. 3 for Florida and Cuba. While in Cuba, they will tour Havana and sugar plantations. All employes in the winning stores will receive awards. They will have a choice of more than 200 prizes.

Sgt. Gilson Clarke Serving In Japan

M/Sgt. Gilson E. Clarke, son of Mrs. H. G. Clarke and brother of Mrs. Walter Bergeon, is now with the army in Japan. After serving as ROTC instructor at Howe Military Academy, Ind., for the last three years, he was asigned to overseas duty in August and left for his new post.

He made the trip to Japan via air and is now serving as first sergeant of E company on the Eta Jima School Command, which was formerly a Japanese Naval school.

His wife and two daughters plan to join him in the near future.

Bobby Mayne Marks Tenth Birthday

Bobby Mayne, daughter of Mr. and Mrs. Hugh Mayne and her cousin, Don Smith, son of Mr. and Mrs. John L. Smith of Petoskey, who were born on the same day, celebrated their tenth birthday anniversaries at a family party Sunday at the home of their grandparents, Mr. and Mrs. William F. Smith.

Present for the refreshments which included a large lighted birthday cake were their parents, their respective brothers and grandparents and Mr. and Mrs. H. E. Bingham and two children.

HOLE DIGGER, MODERN STYLE—A Michigan Bell pole-hole digging truck. On the rear is a huge corkscrew-like drill. Where soil conditions permit, it bores down into the ground and digs a clean, deep hole in a few minutes. Then a derrick on the truck hoists the pole and lowers it into the hole. This is one of many modern, time-saving devices Michigan Bell is using to help speed more telephone service to rural areas.

FAMILY AFFAIRS—Throughout Michigan Bell there are many instances of two or more kinsfolk employed by the company. In Detroit, for example, a mother and her three daughters work at a Long Distance switchboard. In Pontiac there are more than 100 employees included in mother-daughter, brother-sister, father-son, aunt-niece, sister-brother-cousin, and in-law combinations. In some cases, working for the telephone company has become almost a family tradition.

TAILOR-MADE FOR THE FARMER—The telephone saves time for all who use it. But it's particularly valuable to the farmer. He often lives some distance from markets, suppliers, stores, friends and neighbors. One telephone call, to buy, sell or order something, or talk to an acquaintance, may save many miles of driving . . . many minutes or hours of time which can be devoted to the farm. When you think of the work it does, the cost of the telephone is really mighty small.

Be Wary of Harbor Springs --- They May Spring Upset

Each week's game seem to be getting tougher. Harbor Springs will bring a team here which has been showing great improvement each week recently. The coaches say Harbor may have the stuff to spring an upset on our Red Rayders. This is no time for overconfidenee.

Last week's performance against Gaylord was good and bad. It was good in the second half which enabled Coach Kipke's boys to keep their streak spotless, except for those two East Jordan ties. But it looked for a long while—most of the first half—that Charlevoix's vaunted streak was to be snapped. Gaylord, according to its coach, played the best game in the last two years. This from a team which has lost all of its games. It just goes to show you—one never knows when a team is going to catch fire. Each game will be harder to win. Let's keep going Red Rayders!

Butler-Hanson Nuptials Exchanged In Candlelight Double-Ring Ceremony

In a candlelight service solemnized at the First Congregational church at 7 o'clock Sunday evening, Ruth Butler, daughter of Mr. and Mrs. Percy Butler, became the bride of Allen Hanson, son of Mr. and Mrs. Walter Hanson of Brimley, Mich. Baskets of white gladioli, tapers in candleabra and ferns decorated the altar before which Rev. Jackson E. Turner read the double ring service.

Preceding the ceremony, Mrs. A. J. Stelter, organist, and C. A. Odmark, violinist, played a program of traditional wedding music and the wedding marches. Joyce Butler, sister of the bride, sang "Because" and "Ah, Sweet Mystery of Life."

The bride, escorted to the altar by her father, chose a gown of white satin styled with an illusion neckline outlined in a small bertha trimmed with seed pearls, and a full skirt which ended in a cathedral length train. Her fingertip veil of illusion fell from a seed pearl tiara and she carried a bouquet of white roses, bebe mums and ivy. Her only jewelry was a single strand of pearls, a gift of the bridegroom.

Joyce Butler, as maid of honor, wore a light blue satin gown designed with a double-fold off-the-shoulder bertha framing the illusion neckline, full skirts and matching gauntlets. Her headdress was of yellow bebe mums and she carried a bouquet of yellow, bronze and white mums.

Sharon Butler, sister of the bride, and Ruth Hanson, Sault Ste. Marie, sister of the bridegroom, as bridesmaids wore gowns identical to the maid of honor's in a deeper shade of blue. Their headdresses were of yellow and white mums and their bouquets of flowers were in the same shades.

Walter Hanson, of Brimley, served his brother as best man, Ted Melin of Petoskey, and Phil Martin were groomsmen and Roy Hoopler of Rapid City, and Lester Lightfoot of Sault Ste. Marie were ushers.

Mrs. Butler wore a brown crepe dress with gold sequin trim, brown accessories and a corsage of yellow roses for her daughter's wedding. Mrs. Hanson, mother of the bridegroom, wore a gray suit, black accessories and a corsage of yellow roses.

Immediately after the ceremony a reception for 100 guests was held in the church parlors. The three tiered wedding cake was topped with a miniature bridal couple and wedding bells. Miniature white swans encircled the base of the cake.

The couple left on a wedding trip to northern Michigan and will reside at 1226 Emmet street in Petoskey when they return. For traveling the bride wore a winter green suit and gold and brown accessories.

Both attended the Northeastern School of Commerce in Bay City.

Among those from away who attended the wedding were Mr. and Mrs. Lester Lightfoot and Ruth Hanson of Sault Ste. Marie; Mr. and Mrs. Walter Hanson, Alvin Hanson, Erna Lou Hanson and Walter Hanson, Jr., of Brimley; Shirla Hopkins of Canada.

Mr. and Mrs. Victor Bobb, of Largo, Fla., Mr. and Mrs. Will Weckerle of Clearwater, Fla.; Gerald Hanson of Flint; Mr. and Mrs. J. D. Somners and Mrs. Joan Merchant of Cass City; Sally Miller of Lansing.

Mr. and Mrs. Howard Stolt, Ida Kimmer, Mrs. Maud Keener, Mrs. Claudia Butler and Ethel Butler of Petoskey; Mr. and Mrs. William Hoopfer, Kenneth Hoopfer and Harry Warner of Elk Rapids; Mrs. Loran Larson and Mr. and Mrs. Oral Hoopfer of Frankfort.

Wesley Ringler, Mr. and Mrs. Frank Hoopfer, Mr. and Mrs. Glenn Hoopfer, Mr. and Mrs. Fred Schuler, Mr. and Mrs. Roy Hoopfer of Rapid City; Mr. and Mrs. Dale Stilson of Williamsburg.

PRODUCTIVITY — MAINSPRING OF OUR STANDARD OF LIVING

Americans produce so well that it takes only about 8 hours of work to earn $10 worth of goods. In England it takes 19 hours, and in Russia 81 hours to get the same result.

By working together, labor supplying the effort, management the know-how and the tools, and banks the credit, we can increase our productivity even more and spread the extra benefits to all.

Bad Luck Strikes Norwood Family At Family Gathering

The Paul Schantz family at Norwood are crossing their fingers and hoping their streak of hard luck is over after an exciting week end during a family gathering.

It all started when their son-in-law and daughter, Mr. and Mrs. Gerald Reed and daughter, Sherry of Windsor, Ont., purchased a new Austin last week and decided to come home.

Mr. and Mrs. Richard Rinal and two children of Toledo and Mrs. Arthur Crain and two children, of Traverse City, also came for a visit.

Sunday morning when the children were playing about the farm Ricky Rinal, 15 months old, swallowed some kerosene.

In the excitement Mr. Reed and the Rinals took Ricky in the new car and started for the Charlevoix hospital. Enroute the Reed car coming into town on US-31 struck a car driven by John Baker which had come out on to the highway at M-66. Both cars were badly damaged although the occupants were not severely injured.

Bob Kelley who lived nearby rushed the Rinals and their child to the hospital where he was treated and remained until Tuesday.

Then Tuesday morning Mrs. Schantz looked out of the window and saw what she thought was cement dust coming from the top of their car but a few minutes later she looked again and saw it was smoke—the upholstery in the top was burning. The inside of the car was badly burned from the fire caused by a short circuit in a wire to the side light.

The family disbanded Wednesday morning and the Schantzs are hoping bad luck has left them too.

"The cost of my operation could have wiped out our savings

...If Blue Cross hadn't stepped in and covered $655 of my hospital and surgical bill!"

CASE #049127-101

Mr. _____, a Blue Cross Hospital and Surgical Plan member, was confined to the hospital for 12 days—in general surgery. His hospital bill came to $437.70. Patient paid only $51.00 (chiefly because a private room was used part of the time). Blue Cross covered the rest, and in addition paid $267.50 for surgical services —a total of $654.20.

How about you and your family? Are you protected against unexpected hospital and medical bills?

Figures show that one out of every four breadwinners will have to pay hospital or medical bills this year—his own or for members of his family. That's why you and your family cannot afford to be *without* BLUE CROSS—*Michigan's only truly non-profit prepayment health-care plans. No other health-care plans offer so much for so little—just a few cents a day!*

The BLUE CROSS *Hospital Plan* provides up to 120 days of hospital care in any of the 175 participating hospitals in Michigan, NO CASH LIMIT on the benefits covered.

The BLUE CROSS *Medical-Surgical Plans* pay liberal amounts for operations, and pay for your doctor's visits to the hospital in non-surgical cases.

Talk over with your employer how your company can make Blue Cross available to you. Or ask your friends who are already BLUE CROSS members. BLUE CROSS is available to employed people, *without* physical examination or health statement, through the Group Enrollment Plan. Rural residents may join through their local Farm Bureau or Grange.

Rayders Try For 30th Win In Harbor Tilt

(Continued from poge one)

A fumble by Yearnd on Charlevoix's 10 robbed his team of o chance to push deeper. This time Barber stepped in and fell on the loose ball. Fleming made the longest run—44 yards—and failed to score because Jolliffe caught up with him and nabbed him on Charlevoix's 18. The Rayders took over o few plays later to end the threat.

Chest Leader Gets Letter from H. Ford

Leaders ond workers in the Charlevoix Community Chest, whose annual fund-raising drive opens Friday were urged to do their utmost by Henry Ford II, chairmon of the Community Chests of Americo.

In a personol letter to Mrs. Kit Carson, chairman of the local drive, Mr. Ford said in part: "I understand you have announced your goal of $4515 for the 1940 campaign. I wish you and the 40 people who will be working with you every success in the effort.

"As I study the work of the Community Chest of this country, I om more and more impressed that the organizations which comprise them form o powerful, constructive force that is helping us to build better communities. This is not just charity. It is a job of creative citizenship.

"Let's not overlook the fact that uniting the financial campaigns of all vital organizations is a great public service. It is the common sense way of doing this job of citizenship.

"Good luck to you all in Charlevoix." Signed Henry Ford II.

OF CONGERS, NEW YORK

We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play.

Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls.

These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

FRUITS & VEGETABLES

Sept. 20th, '49

Gentlemen:

The Great Atlantic and Pacific Tea Co.,
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,
Niles M. Davies
Emma Davies

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done . . . to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

Rayders Rated Favorites In Pellston Game

The Red Rayders will be out for victory 31 this Friday against Pellston in their next to last game of the 1949 grid season.

The Rayders are heavy favorites on tha basis of thair work this season. Pellston, beaten four rimes already, fell before Mencelona last week 19 to 0 while the locals were winning over Herber Springs 26 to 12.

Harbor Springs more than lived up to expectations against Charlevoix, scoring both of its touchdowns in the last quarter on aerials. In faci the visitors played their best game of the season against the locals.

Starts Out Fast

The contest started out at a fast pace with the locals pushing across a touchdown in the first two minutes. Charlevoix kicked ofl and Harbor Springs fumbled after two plays with Bill Barber, Rayder quarterback, recovering on the Harbor 25. Seven plays later, Barber cracked center for a score. He also converted from placement.

Don Hardy and Jim Jolliffe made some nice gains along with Barber on this drive for a score. The locals came within three yards of scoring again when the half sounded. Some nice runs and a pass from Barber to Cunningham put the ball in scoring position on the three yard line but the whistle blew, ending the first half.

Early in the third period, Chuck Fairbanks snagged a pass from Barber and scooted about 35 yards to chalk up the second score. Barber failed in his try for the extra point. Score 13-0.

A few moments later the losers came back to score in a drive which started on their own nine-yard line. Smith of Harbor broke away for 48 yards on second down, being tackled from behind by Ron Cunningham on the Charlevoix 21 yard line.

Losers Score

Kormash caught a pass and ran to the 10 yard line. A running play gave the losers four and then Johnston faded back and flipped a pass to Smith in the end zone. Davenport's kick was no good, making it 13-6.

Two nifty Rayder aerials set up the third score for Charlevoix. A forward lateral from Barber to Chuck Krahnke to Cunningham was good for 14 yards. Hardy made 10 through the line and Barber passed to Cunningham again who was tackled on the Harbor 24. Barber went nine yards on the next play and Hardy chipped in to make it first and goal to go from the nine yard mark.

Hardy went to tha two yard line and on the next play, Barber recovered a loose ball in the backfield and was downed on tha three yard line. He crashed over for tha score but failed to convert, making it

"The Rayder's last score was a fine thing to watch. Barber flipped a pass to Cunningham on the Charlevoix 40 yard line and ran 60 yards down the sidelines to register his team's last touchdown. Barber converted, making it 26-6.

Passes Click

Harbor's passing accounted for the last score. After the kickoff was brought back to Harbor 45, Haven took a pass and went to the Charlevoix 25 and then Johnston passed to Smith who stepped over for the marker. The pass for the extra point was no good. The final score was 26 to 12.

Kiwanis to Choose Child Home Group

The Kiwanis club will select a committee to work with service club committees in Boyne City and East Jordan to locate a suitable home in each of the cities for delinquent or unattended children.

Probate Judge Floyd Supp outlined the plan Monday night as set up by the board of supervisors at its recent meeting. The homes will be given a $100 retainer annually, he said. This will help solve a juvenile problem which faces counties not having a juvenile detension home.

Club President C. B. Meggison said he will appoint the committee at the next meeting.

Dr. R. S. McClintock distributed blood donor cards to members and urged them to give a pint of blood when the Red Cross mobile unit comes to Charlevoix next month. He said that 120 donors are needed in this county.

The value of rehabilitation among disabled persons was discussed by Roger Moon of Traverse City, member of the rehabilitation bureau of the Vocational Education department. He showed a film explaining how the state and federal government operates to return these disables persons to normal, useful activities.

Donors Needed To Give Blood Here Nov. 2

A blood collection center where blood tn be made into plasma may be adopted will be set up at the Community room of the Charlevoix city hall on Wednesday, Nov. 2, Mrs. Roy G. Bennett, Charlevoix county chairman has announced.

The center will be in charge of Mrs. Robert Wexstaff, local chairman, who will also be in charge of recruiting donors for the plasma program. The hours will be from 1 until 3 and from 5 to 7 p. m.

Tha project is part of a statewide free blood plasma program. All tha blood donated here will be processed in the Michigan Department of Health laboratories and returned to Charlevoix county. It will be available free from cost to any and all who might need it.

Healthy persons between the ages ol 21 and 60 will be asked to give a pint of their blood at that time.

According to figures mado available by the Charlevoix hospual, 60 units (pints) of blood plasma have been administered at the local hospital each year during the last three years. That does not include the plasma given to people of this county who were hospitalized elsewhere.

If the people of this community are to continue to have this plasma for emergencies, they must donate their blood while the facilities of the Michigan Department of Health are available to them. In this program you receive in plasma only what you give in whole blood. If the Charlevoix hospital is to have plasma lor you and your family, it is up to you to give and give now.

For registration cards or other information call Mrs. Robert Wexstaff.

Ex-Local Resident Expires in Indiana

Funeral services for W. J. Schwab, 64, former resident who died unexpectedly Oct. 11 at Kendallville, Ind., were held at Avilla, Ind., Oct. 14. Burial was in Avilla cemetery.

Born in Pennsylvania he grew to manhood there and latter lived in Indiana, where he was employed by the Wabash railroad. He lived in or near Charlevoix from 1933 untd 1943 when he returned to Indiana. He had lived in Kendallville for about a year before his death. He was active in fraternal organizations and was a member of the Masonic Order and the Eastern Star of Avilla.

He is survived by his wife, the former Nettie Hawley, whom he married in 1916, three step-daughters, Mrs. Ralph Klein of Charlevoix, Mrs. Donald Wilson of Kendallville and Mrs. Marion Treesh of Fort Wayne, Ind., and ten grandchildren.

Mrs. Klein went to Indiana to attend the funeral services. On her return she was accompanied by her mother, Mrs. Schwab, who will make an extended visit here.

New City Garage Is Completed

One of the city's newest assets is its new garage on May street where trucks and other equipment can be kepl inside for repairs or storage. City Supt. Angus Leitch, right, and Leo Allard, street superintendent, are shown in the front of the garage.

Hallowe'en Party Planned Friday

All the youngsters in the community of school age, from the kindergarten through the twelfth grade, will be the guests of the Kiwanis at the annual Hallowe'en party Friday.

Children in the public schools will leave the elementary school at 9:30 a. m., Friday and form behind the Charlevoix high school band for a parade down Antrim street to Bridge and then to the theatre for the free movie. After the performance the youngsters will be given a treat and will go home for lunch or return to school.

On Friday evening the older youngsters in junior and senior high school will attend the evening performance and receive a treat.

This is the twelfth year the Kiwanis has sponsored the Hallowe'en party for the youngsters ol Charlevoix in an effort to give them a 'safe and sane' Hallowe'en without the usual tricks and often damages. "Through the years our efforts have paid off and we are happy to continue the practice" was the opinion of the committee in charge of the party composed of H. E. Bingham, chairman, M. A. Levinson and H. I. Ochs.

Prison Terms Given to Four

Judge Charles L. Brnwn, presiding at the regular October term uf circuit court, sentenced four men and placed a fifth on probation Monday.

Fabian Wabanimkee, 19, of Beaver Island and Sam Meangwie, 20, of Cross Village were sentenced to 18 months to two years and David Wasbagesie, 22, alsu of Beaver Island received a one to two year sentence for unlawfully driving away an automobile belonging to Jess Lawton on Sept. 18.

Don Harrington, 24, of Walloon Lake, who was arrested in 1947 on a breaking and entering charge and whu was placed on probation at that time, was sentenced to one to 15 years on the original charge after his probation was revoked earlier this month following his arrest Oct. 12 on another charge. At that time he pleaded guilty in Boyne City justice court to furnishing liquor to minors and was fined $50 and court costs of $4.15.

The four will be taken to southern Michigan prison at Jackson.

Edward Goodman, 18, of Detroit, who had pleaded guilty to a charge of carrying a concealed weapon, was ordered to pay a $25.00 fine, $375.00 court costs and was placed on special probation in Detroit.

Judge Brown will return later in tbe week to clear the court calendar.

County School Men Meet at East Jordan

John S. Haitema, assistant superintendent of public instruction and William Hawley of the vocational division of tht department, were the principal speakers at the bi-annual meeting of county school officers at East Jordan high school Thursday.

A question and answer period pertaining to school law and school administration made up the pregram. Mrs. Walter Bergeon, county school superintendent, presided at the meeting and E. E. Wade, superintendent of the East Jordan schools, gave the invocation. Forty school representatives from the school districts in the county were present for the business session and the dinner.

Tempers Flare As City Opens Fuel Oil Bids

Tempers flared at a stormy session of the city council Monday night when City Supt. Angus Leitch and Alderman John Knight became embroiled in an argument on the quality of fuel oil used by the city.

Opening of the eight bids for tha city's purchese of 70,000 gallons of fuel oil, touched off tha heated discussion. Tha bids were finally tabled for two weeks on motion of Knight to permit him to send a sample of tha oil now used to the University of Michigan for spacification analysis.

Roosevelt Oil Co., present supplier, had the low bid of .0855 cents a gallon including freight for dehvery here. Other bids were Bay Refinery of Saginaw, .0963; Pure Oil ol Midland, .1164; J. B. Throot, .0970 and Standard Oil, .1235; Theisen-Clemens, .1055; Leonard Refinary, .095; Osceola Retinery, 095. Speedway Petroleum who was asked to bid failed to do so.

Knight said he was not sure that the companies were bidding on the same oil specifications, although Leitch insisted that the companies bid on the same specifications. Knight demanded to know how it happened that there was so much difference in several of the bids.

He said this was behind his reasoning in wanting a sampla of the oil now being used for analysis. Laitch assured him that he could obtain his sample, but said that tha present oil has been wholly satisfactory.

Leitch told Knight that the latter has a personal grudge against the superintendent and told him that he was not going to put up with his lack of consideration. Knight insisted there was nothing personal in his demands for a sample.

Leitch told the council it could fire him if it so desired but that "I am all through taking any back-talk from Knight." At this point, W. E. Goss, mayor pro tem managed to bring the meeting back to order.

City Payroll

Alderman Drew Young raised the question of trimming the number of city employees. Leitch said that only seven men are working in the streets department as compared with 12 this summer.

Leitch was instructed to determine the cost of installing sewer on the Fred Kaunitz property in event the Holland boat firm moves to Charlevoix. Leitch will also determine what is the lowest possible power rate that the city can give the firm. He will report at the next meeting.

Bdls totaling $5,874.70 were ordered paid.

Sam Freedman Gives $500 to Hospital

Samuel Freedman, who has been spending his summers in the Charlevoix area for more than 30 years, has given to the local hospital $500 with which to purchase needed laboratory equipment.

Mr. Freedman who has been hospitalized here several times, said he was unpressed with the facilities and services of hospital personnel. He sad he was interested in making the hospital a better institution and hopes that the added equipment will help it toward that end.

The Womens Auxiliary of the Episcopal church will hold a bake goods and rummage sale at Brown motors, Saturday, Oct. 29.

Business Men Hear Report On LaBlanc

The largest turnout since the local business men's group reorganized a few weeks ago attended the meeting last Friday. Some 41 interested persons attended.

A report of the industrial committee headed by H. O. Krahnke and George Wolf, disclosed that the inquiry into the LaBlance rannery here showed that it is a good business trying to operate on too little capital.

Mr. Wolf said thal tha oannery is an assat to the communiiy in that it affords a number of peopla employmant in tha off-season and that the officers of tha cannary showed the committae a convincing projaction of tha firm's business.

Restaurant owners here, following a meeting early last week, informed the group that arrangements will be made to accommodate hunters stopping here during deer season. At least one restaurant will be open until 3 a. m. daily and reopen at 5 a. m.

Coleman Speaks

Irish Coleman said that he will inform various agencies and downstate newspapers that Charlevoix will endeavor to accommodate deer hunters on meals and gasoline on nearly a 24-hour basis.

Henry C. Heckler, group vice president, praised the cooperation of the restaurant operators in this matter.

Harold Miller, nwner of Miller Industries, reported on his operations, adding that his employes are turning out a million pieces of wood turning a month. He related that his operations are beng hampered by lack of working space. He suggested that Charlevoix could possibly become a site of a tile and brick plant because of the large supply of clay and shale in this area.

Mr. Coleman urged the organization to do its utmost in promoting a possible lakeshore drive from Charlevoix to Norwood. That is possibly the only direction in which we can grow, he said.

Back Edgerton For State Post

District sportsmen are supporting the candidacy of Dr. A. E. Edgerton of Kalkaska, a devoted conservationist and father of the Kalkaska trout festival, for the Michigan Conservation commission. A vacancy resulted through the death of A. B. Champion of Cass City.

Sportsmen here are attempting to line up support in northwestern Michigan for the appointment of Dr. Edgerton. Glenn Ingalls, district representative of the district M. U. C. C., said the appointment of Dr. Edgerton wuuld give this section of the state the representation it needs.

Dr. Edgerton is said to have been the driving force behind the success of the Kalkaska trout festival. He is widely-known throughout northern Michigan and has been a civic leader in his community for many years.

Boyne City Resident Heads Area M.U.C.C.

William Underhill of Boyne City was elected president of the district M. U. C. C. at a recent meeting. Other officers are: Del Clough of Ellsworth and Glenn Ingalls of Charlevoix, district field representative.

Ellsworth will be host to the January meeting.

The group decided to push the candidacy of a district man for the vacancy on the state conservation commission resulting from the death of Andrew B. Thompson.

Brill Trio Headlines Benefit Party Nov. 2

The Brill Trio will return to the Argonne for the second hospital benefit party Wednesday, Nov. 2.

The popular trio, featuruig Roy at the Hammond electric organ, Bob Mdler, vocalist and Wells Hathoway at the drums, are well known in northern Michigan, having played a long engagement at the Argonne this summer.

Dancing starts at 9 p. m. and two floor shows will be presented. A large turnout is expected.

Courier Panned For Lauding Carey Boys

A story about the Carey boys at Michigan State college which appeared in the Charlevoix Courier several weeks ago evoked comment in the columns of the Los Angeles Daily News.

A columnist, Matt Weinstock, took exception lo the story about Bob Carey and his Michigan game exploits. Mr. Weinstock had this to say: "The Trojans (USC) and Bruins (California) are in the football doghouse this week on account of what happened last Saturday.

"It has to be stated, however, that the sports writers are facing facts like little men, indulging not in what might have been sentiment, as did the Charlevoix, Mich., Courier, Sept. 29 as follows:

"Bob Carey, one of the Carey boys, almost made himself one of the Spartan immortals in the closing minutes of the Michigan-Michigan State game. He almost hung onto one of Gene Glick's bad passes which would have given State a touchdown and victory over Michigan."

The Courier appreciates the comments of the Los Angeles writer but hegs to differ with him on how to write lor a weekly paper.

To Mark Girl Scout Events This Week End

Girl Scout week, Oct. 30 through Nov. 5, will be observed by the Girl Scouts in Charlevoix with several special events.

On Sunday, Oct. 30, Girl Scouts and their leaders will attend the Baptist church as a group. The service will be at 11 a. m.

At 4 p. m. Monday a spacial fly-up ceremony and a program in honor of the birthday of Jullietta Low, founder of tha Girl Scouts, will be held in tha high school gym. This is the first time in the history of Charlevoix Scouting that a whole troop will fly-up with their leader.

The Senior Girl Scout troop 1, under the direction of their leaders, Mrs. Lester Smith and Mrs. Orlin Cunningham, will present a skit in honor of Julliette Low's birthday anniversary. This will be followed by a fly-up ceremony when twenty-five Brownies will receive their Brownie wings from Mrs. Robert Kelley, leader of troop 5. After the fly-up they will receive their Girl Scout pins from Mrs. Charles Bleha, president of the Charlevoix Girl Scout council.

Girls who will fly up are: Margot Davenport, Nancy Wallace, Angela Schroeder, DeeAnn Genett, Nancy Taylor, Donna Guild, Marilyn Neff, Marlene Boss, Beth Lewis, Patricia Bulow, Roberta Mayne, Judy Stokan, Kathleen Fessenden, Janna Merica, Linda Stroud, Lucille Stephens, Judy Cunningham, Ruth Ann Smith, Carol Duerr, Suzanne Grate, Clarice Gregory, all of troop 5 whose leaders have been Mrs. Kelley, who will continue as their leader and Mrs. Edward Swanson.

Vera Towsley, Ellen Towsley and Bernice Houghton of troop 7 whose leaders have been Mrs. Franklin Curtis and Mrs. Fay Davis, and Vivki McClure, a transfer from Calumet.

Parents an dfriends are invited to attend the program which is being arranged by Mrs. Howard North and Mrs. Robert McClintock. Refreshments will be served after the program.

School Open House Set Here for Nov. 10

The first Open House at the Charlevoix public schools will be held Thursday, Nov. 10, Supt. Roy G. Bennett has announced.

The theme, "Know your school" will be continued in this year's program with talk by members of the faculty, a film and a discussion period included on the program.

The rooms in the elementary will be open for inspection from 7 to 8:30 p. m. with the teachers in their rooms for consultation with parents.

Notified of Death

Mrs. Reno W. Hamilton received word last week of the death of her father, Charles L. Wright, 80, of Gary, Ind. He died after a short illness.

Local Chest Drive Passes $1,200 Mark

The Community Chest drive in Charlevoix passed the 25 per cent mark, Mrs. Kit Carson, drive chairman reported this week. A total of $1261 of the $4516 goal has been subscribed.

While explaining that thare is a lot of work to be done before loaders and workers can rest assured that the drive is a success, Mrs. Carson said thet early contributions are gratifying. The drive will continue for two weaks.

The amount subscribed to the 49 drive to care for Charlevoix's needs and those of the United Health and Welfare fund does not include any reports from the workers who are canvassing the homes. The hulk of the canvassing of business places has been completed.

Funds from the driva will go to the following organizations: Girl Scouts, $550; Boy Scouts, $850; community nurse, $850; Santa Claus Anonymous, $50; Charlevoix hospital, $2,000; Emergency fund, $300; and the United fund, $732.25.

Where Were You, Mr. Merchant?

Apparently many of the so-called Main street merchants are not interested enough in new industry to attend a meeting.

While more than 40 persons turned out last Friday at the weekly meeting of the Charlevoix Business Men's association, twice as many as two weeks ago, only a small number of Main street merchants or their representatives were in attendance.

To be more specific, a survey showed that 18 merchants either had something more important to do or failed to evince enough interest to attend a business meeting. This does not include other persons who might stand to gain if new industry moved here. This 18 figure represents merchants who have stores on Main street.

Despite the absence or lack of interest on the part of the many merchants, efforts will be continued to be made to interest new industry to locate here. But the effectiveness of any such appeal is greatly weakened by the glaring lack of support on the part of many merchants.

One member of the group expressed his views concerning this fact in this manner: "It's like as if I were hitch-hiking a ride and came upon a fellow with a flat tire. In talking to him I told him that I would ride with him as soon as he finished fixing his flat tire."

In other words, the hitch-hiker did not want to help fix his tire but he graciously offered to help himself to a free ride. Is that the situation here? Many think so.

It's heart-breaking to many hard-working people here who are doing their utmost to encourage this boat plant and others to move here, and then find that they don't have the active support of every merchant, whose welfare is affected immediately by the gain or loss of employment.

It is not fair to expect a small group to carry the brunt of the load in any civic enterprise. The group needs the active support of every person in Charlevoix who wants this town to prosper.

The question resolves itself to this simple statement:

Do you want Charlevoix to prosper? If the answer is yes, then you should be at the busines men's meeting Friday night at the city hall.

Letter To the Editor

Dear Editor:

You in your editorial columns are always talking about attracting new business to Charlevoix. The people on the street are always talking about the need for something to be done to pep up business this winter.

Well, let me tell you and the others in this backward town the town has made it impossible for several people to operate here. The latest is Vic's Potato Chips, operated by Bruce Henley.

He is a local fellow who has lived here and in the surrounding area most of his young life. Because a neighbor complained to the council that the odor was bad a few times, the city was required to enforce the urdinance on zoning. The result was that he had to close his doors. Maybe I can't use wurds like you newspaper fellows can, but this action stinks.

No, I don't blame the city council. They have to enforce the laws. As to the strength of the complaint, I do know that several other neighbors did not complain. They reported no offensive odor.

Anyhow, the business that Bruce worked hard to build up to the point whereby he could earn his living and help his father earn a living, is all gone. He had to sell out for a few paltry dollars.

One of this new group of businessmen who formed a group said that they were going to help him but were too late, as he had sold his business. Bruce bought a lot of local potatoes and gave part time employment to a couple of girls in the summer. This is not the first time that Charlevoix has done this, it happened with several others in recent years.

Bruce is going to have to move out of town, not because he wants to but because he can't earn a living here. Whether you like it or not, he has been denied an opportunity to earn a honest living—something the U. S. Constitution has plenty to say about.

If this is the way that Charlevoix treats its young fellows trying to earn a living, I pity the future of our town. I have lived here many years and have seen this happen before. That does not make it right. Maybe some other town where Bruce moves to will give him a break.

—A Fair-Minded Citizen.

Dear Editor:

I was startled and much surprised to hear the finances for the Charlevoix County Health Unit was cut.

I wonder if the people of Charlevoix county realize what a wondeful asset this health unit is to our county. Have the parents and people who are not parents taken a little time and interest to know something about what this unit means, not only to the children, but to everyone in your home? So many think of the beauty of the scenery, those lovely roads, the good fishing, etc., and do not think or know what a healthy and sanitary county Charlevoix county is and the marked improvement every year in the health of our county. This is all due to our very active Charlevoix county Health Unit.

I have worked among our summer people and hear the praise and worthy comments about our health unit. Good sanitary condition and healthy children in a community are the first drawing cards for people coming to a community with their families.

I was in the Boyne City school before we had a health unit in our county. We have struggled with epidemics. At one time 606 pupils were innoculated against diphtheria, not another case in our community since. That is only a small part of what has been done since the county health unit came to our county. The pre-school and school children have been immunized and vaccinated against communicable diseases, so epidemics are very rare.

The eyes, ears and dental work for the children have made a marked improvement for better health in our children.

Everything to make for a better county in health and strong healthy children has been done by our county health unit.

Get acquainted with our health unit and you will know and understand what it means to live in a county like Charlevoix. I can say 100% plus is received for every penny paid in the unit. It is not for today or tomorrow, but for time to come when we will see healthier, finer children, men and women on the streets of Charlevoix county.

It is not economy, as I see it to take from a health unit as fine as we have in our lovely Charlevoix county.

Caroline Geiken, R. N.,
Boyne City School Nurse.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Henley

Small game season on Beaver Island has been lively and exciting this year with squirrel hunting at the top of the list. There seems to be no end to the squirrels, although they are thinned out now. Duck and rabbit are coming in for attention. It is reported most of the rabbits took to the south end of the Island while the squirrels took to the village.

A special election was held Tuesday for the transfer of $2500 from the general fund of St. James township to the Harbor improvement fund. The vote was 54 pro, 11 con.

Mr. and Mrs. Lloyd McDonough returned Tuesday from their combined vacation and business trip. Enroute to the Island, they visited Mr. and Mrs. David Pike and family in Montague.

James McCann returned the first of the week from Little Traverse hospital with his injured eye as good as new.

Members of the Third Order of St. Francis met at the home of Mrs. Elizabeth Boyle Tuesday evening. The study of the life of St. Francis of Assisi was begun with Mrs. Irene LaFreniere reading the first chapter.

Mrs. Loraine Palmer left on Wednesday's boat for a few days on the mainland.

Mrs. Johnny Andy Gallagher is in Chicago visiting her sisters. Grandmother Gallagher is holding down the fort with Johnny's assistance.

The Shilleigh restaurant is gay with Autumn decorations and any number of Hallowe'en novelties.

Mrs. Patrick LaFreniere entertained her daughter, Margaret Ann, with a party to celebrate her 12th birthday Tuesday evening. Games were played and refreshments served. Invited were Rosemary McDonough, Roselie Bennet, Mary Catherine Hanley, Carolyn Miller, Loretta LaFreniere, Thelma Schmidt, Mary Bonner and Carlene Left.

In Chicago recently to visit Mr. and Mrs. Paul Heflin were Mr. and Mrs. Francis Stebbins. A card from the foursome said they were homesick for Beaver Island. Anyway, they dined in a spot that specialized in green noodles which was Irish enough to make them feel close to the Emerald Isle of America.

During the week, several Island boys returned from sailing. Charles McCauley, Don and Pat Burke, Jack Burke, Sheldon Martin and his father, John.

Mrs. Russell Palmer returned to the Island Saturday via McPhillip's Flying Service from Munson hospital, Traverse City.

Mrs. Ray Cull flew to the Island Sunday afternoon accompanied by her aunt, Mrs. Grace Cole. Mrs. Cull is getting along nicely after her recent operation.

Carolyn Miller's birthday was celebrated Sunday afternoon. A number of her schoolmates were invited for games, fun and refreshments.

Patricia Ramsey spent the week end with her parents. She is a freshman at Central Michigan College.

A number of hunters came to the Island during the week. Ray Moilne and party of seven from Eaton Rapids occupied Pat LaFreniere's cabin at the south end of the Island.

Mr. and Mrs. Karl Erber, Mr. and Mrs. Glenn See, Mr. and Mrs. Bill Meyer and Kay. Fitch of Charlevoix spent five days at the Erber's log cabin on Sand Bay.

Mr. and Mrs. Lloyd Chapman, Hammond, Ind., were here for a week.

"Steve" Stevenson and party from South Bend are occupying Steve's cabin on Sand Bay.

Mrs. Nellie Olsen, Grand Rapids, recently vacationed in her cabin at the head of the Island.

Mr. and Mrs. Tom Walsh and daughter, Mary, Grand Rapids, arrived Thursday for a short vacation.

Vernon LaFreniere has the easiest time getting a feed of squirrel than anyone in the village. His rat terrier catches a squirrel, snaps the neck, brings it to the back porch and then scratches the door to let them know.

• Mrs. Ida Lovig returned to Chicago Monday after spending a week with her brother-in-law and sister, Mr. and Mrs. Floyd Ikens.

Many prizes will ha awarded at the games party next Tuesday at tha WaySide. Maka it a weakly habit to attend avery Tuesday at 8 p. m. Benefit for the naw hospital fund.

Fact to remember: When you look at a car, *any* car, you only see about 40% of what you're paying for.

That's why—when experienced buyers come in to look at a Packard—we often invite them to take a "road's-eye view." We like to show and describe hidden values such as these:

Double-solid-panel body construction—over a frame that looks husky enough to be a battleship's backbone!

Special alloys that make the engine almost "wear-proof." Fact: In high-speed, 25,000-mile endurance runs, Packard cylinder wear is less than the thickness of this newspaper page!

Extra ball and roller bearings—more than you'll find in any other car in Packard's price class. Like the jewels in a fine watch, these costly bearings guard vital parts against wear.

The list goes on and on, and on—and it covers all the *big* reasons for Packard's superior safety and comfort . . . and Packard's amazing economy.

And how *consistent* has Packard quality been—in the hidden features, as well as the on-the-surface features? *Answer:* Of all the Packards built—in the last 50 years—over 50% are still in service!

Directors Named For Farm Bureau

A board of directors was elected at the annual meeting of the Charlevoix county Farm Bureau last Thursday night.

Members of the board are: David J. Smith of Hayes, George Block of McGeagh, George Nelson of South Arm, Hiram Block of Eveline, Joseph Lew of Star, Harold Clarke of Loeb, John Rosequist of Barnard, O. M. Sounders of Ironton, Arvin Buchfinck of Marion and Milford McElroy of Phelps.

Reports were given by Mr. Rosquist, Rowley Williams, Leo Berg, Joe Lew, George Block, Charles H. Mascho and Clinton Blanchard. Mrs. Leo Berg was named director for the women's group. A director for Norwood is yet to be appointed.

Stanley Powell, state Farm Bureau counsel, explained many of the main objectives of Farm Bureau programs, stressing the conflict on the 15-mill limitation on taxes, the sales tax diversion amendment and the progress of rural school consolidation.

Mr. and Mrs. Rosquist and Mr. and Mrs. Frank Matchett will represent the county at the state convention Nov. 8-11.

The following resolutions were adopted: That a study should be made to the possibility of limiting the U. S. government in levying taxes, that labor unions should be limited to local bargaining rather than on a national scale and that the purchaser be liable under the sales tax declaration rather than the seller.

John Clarke Heads Marion Center Grange

John Clarke was elected president of the Marion Center Grange last Friday.

Other officers are: Bob Straw, overseer; Jennie Martinchek, lecturer; Clarence Himebauch, steward; Mamie Straw, chaplain; Earl Balch, assistant steward; Emma Gibelyou, treasurer; Wilhemina Himebauch, secretary; Joe Martinchek, gatekeeper; Lucy Himebauch, Ceres; Mildred Himebauch, Flora; Lucille Himebauch, Pomona; Mary Balch, lady assistant steward.

HERE'S WHAT YOU DO—Fill in the correct brand name for any of the 54 advertising slogans on the official entry blank. They're easy, well-known slogans such as: "Breakfast of Champions" . . . "The Pause that Refreshes". Look for slogan clues at Kroger Stores. Then write a last line to this jingle:

"Live Better for Less" is the slogan to know,
It tells me that all Kroger prices are low.
I find all the brands that I like on display,

(Fill in the last line and make it rhyme with "display." For example: "And that's why I shop at my Kroger each day.")

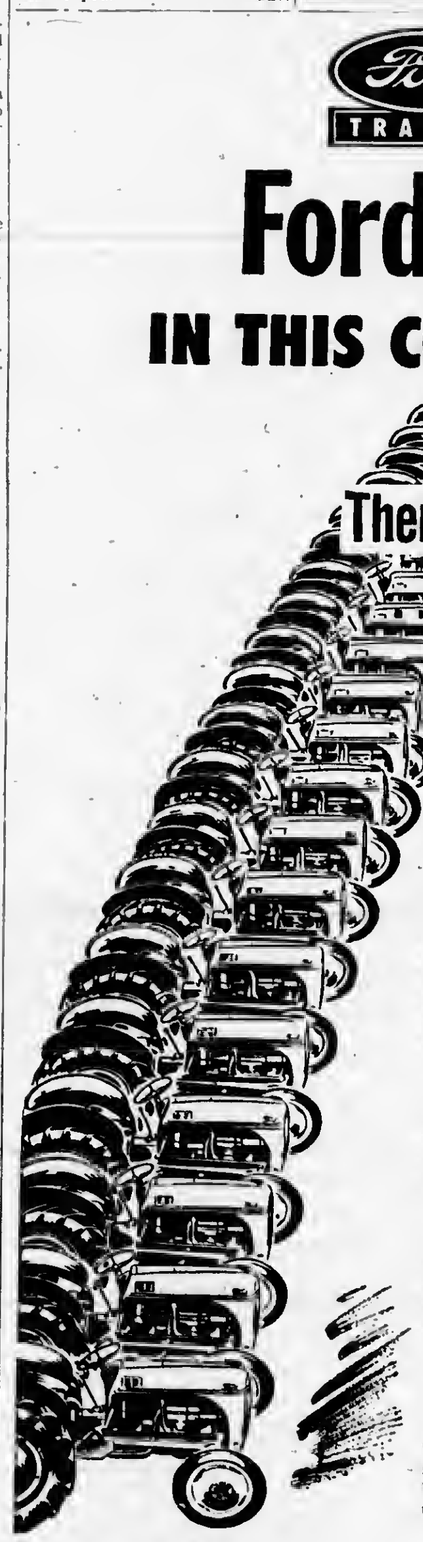
Ford TRACTOR

Ford Tractors IN THIS COMMUNITY!!!



There must be reasons and here they are

POWER

Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow. This power is available through a four-speed forward transmission.

ECONOMY

Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built-in weight in the tractor itself. This saves you money on both light and heavy jobs!

LONG LIFE

Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerances are very close . . . and the Ford Motor Company knows how to keep them that way!

EASY HANDLING

Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automotive type steering and duo-servo brakes make the Ford Tractor an easy Tractor to handle.

CONVENIENT SERVICING

The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.

Mulch Gives Berries Winter Protection

An extra blanket for strawberries is as smart as an extra blanket for your own bed. Mulching strawberries protects plants from winter injury, smothers weeds and retards time of blossoming. Mulching should he done after the first hard frost but before temperatures drop below 20 degrees Fahrenheit. Investigations have shown that any delay into colder weather results in root and crown injury and a reduced crop next season.

Straw, marsh hay or even second-grade alfalfa hay may be used for mulch. Sawdust and leaves tend to pack too much in mulching for satisfactory results. Completely cover the planting to a depth of three inches. This will require two to three tons of straw per acre. The material should be as free of seed as possible. Scattering the mulch thinly over open ground for a few days before it is used will destroy or lose many of the weed seeds that may be present.

In the spring, mulch should be opened up over the plants as soon as growth begins. The material can be left between the rows and worked up under growing plants to help keep fruit clean and to conserve moisture.

No mulch is needed on raspberries. The canes of boysenberries and dewberries, however, will need winter protection. These may be left on the ground and covered with a layer of soil or mulching material.

Apple Pie Contest

Apple pie and dessert baking contests are being planned by various committees and communities in Northern Mchigan as a means of better utilizing the generous crop of apples whieh nature has given us, according to Edna Deo, home demonstration agent, Traverse City. Mrs. Deo is chairman of the apple pie and dessert baking contest being held in connection with the Northern Michigan Potato and Apple Show at Traverse City on November 9.

In order to select candidates for the contest and in order to promote the hetter use of apples, local commitees and communities in the region are staging contests from October 24 to Nov. 5. These contests are held in connection with local organizations, schools, as community pie socials to raise money for various funds and in other ways.

Ages in the local contest are usually divided as follows: Boys and girls up to and including eighteen years of age are included in one class while men and women nineteen years and older are judged in a separate class so far as the pie bakers are concerned. Contest committees using the "Brown Betty", "Baked Apple" and "any other apple dessert" classes have let all ages compete against each other.

Pies are judged on the basis of appearance, 20%; crust texture and flavoring, 40%; and the flavor and consistency of the filling, 40%. Committees or individuals interested in local pie contests should contact their county agricultural agent.

Chemical Trouble for Chickweed

Here's good reading for strawberry growers as it concerns the control of chickweed. Chickweed is an annual. Its seed germinates in early September and it resists frost and cold weather.

The chemical which experiments at the college have shown will control chickweed is IPC. It was used two years on the college plots and did not injure the berries, and did give good control of the chickweed. It is marketed under the name, IPC as a 50 percent wettable material. The recommended rate of application is 15 pounds of the 50 per cent wettable powder in 75 to 100 gallons of water per acre. IPC should be applied to the strawberry patch anytime in September, October or November.

Winds Her Clock Once a Year

Mrs. Edward Brandford, wife of an Ellsworth farmer, is shown admiring one of her most prized possessions, a clock with nearly perpetual motion. Some people call it the "400 day clock." Mrs. Bradford winds it every Christmas Day so she won't forget when she wound it last. Another unusual feature is the pendulum which moves in a semi-circle instead of the usual side-to-side manner.

Boyne City Orders Grid Field Lights

Boyne City may become the first school in the Northern Michigan Class C conference to light their football field for night games according to an announcement made last week.

In the first step toward lighting Brotherston field, the approval of the Boyne City board of education has been received and a committee named to engage an architect to draw up plans for project which has the backing of the local business men.

Bleachers will be installed at the field at the same time.

It is hoped the project will be completed for the 1950 season.

Nora Elzinga Feted At Bridal Showers

Nora Elzinga, daughter of Mr. and Mrs. Martin Elzinga, whose marriage to Jerry Buttliere will take place Nov. 19, was honored at two bridal showers given last week.

Mrs. Glenn Snider and Mrs. Edward Boss were hostesses Tuesday evening at a linen shower in honor of the bride-elect. Seventeen guests enjoyed games followed by refreshments served at a table centered with a wedding cake topped with a miniature bridal couple. Late in the evening she opened the many lovely gifts.

On Friday evening Mrs. Jessie Short entertained twenty-five guests at a kitchen shower honoring Miss Elzinga. Games were played with Mrs. Marie Burkle and Mrs. Anne Ferguson of Petoskey, Mrs. Rose Elzinga of Ellsworth, Geraldine Walton of East Jordan and Clara Miles and Mrs. Martin Elzinga of this city, winning the prizes.

Refreshments were served from a table decorated with an arrangement of autumn leaves and flowers. The bride-elect was presented with many lovely gifts.

Big Perch Catch

Another fine string of perch caught in Lake Michigan were brought in last week by Henry Supernaw, Elmer Gibson and Joe Hyland. The trio brought in 150 fish which averaged one-half pound in weight and measured 10 to 11 inches in length.

Aerials Help Rayders Achieve Their 30th Win

The 1949 edition of the Charlevoix Red Rayders head into the final stages of their schedule, facing Pellston in the next to the last game of the season. The locals outfought a scrappy Harbor Springs outfit to win its 30th game in not too difficult fashion.

Bill Barber played a whale of a game on offense, passing for two scores and doing some nifty running to lead his mates to a 26-12 victory. The other boys, Don Hardy, Ron Cunningham, Jim Jolliffe in the backfield and Chuck Krahnke, Al Louiselle, Tucker Hamlin, Jim Bowman, B. Ward, Ed Klein and Chuck Fairbanks, were out there playing their hearts out to make the triumph possible.

Let's watch the overconfidence in these last two games as we don't want Pellston or Mancelona to upset the Rayders. According to performances in the past, they should not be too tough but every team faced by the Rayders this year has put up a real good battle.

Barber Rips Off Long Gain Against Harbor Springs

Photo By Louis McKenzie

Bill Barber, Charlevoix quarterback, who played the best game of his high school career against Harbor Springs, is shown breaking loose for 28 yards, one of several jaunts he made in leading the Red Rayders to a 26-12 victory over Harbor Springs. His passing and running were high points in the game.

Like to Sing? Join Snow Belt Chorus

If you like to sing—it makes no difference if you are not polished at singing—there is a place for you in the Snow Belt Chorus, directed by Loton Willson of East Jordan.

The chorus meets Oct. 27 (tonight) at East Jordan. The chorus is composed of a group of men from all parts of the county who like to sing. Many of them are not members of the barber shop chapters in the county. It's not necessary, Bob Miles, president of the chorus, announced.

Remember the only thing required to join the chorus is a desire to sing. If you are interested, attend tonight's meeting at East Jordan.

Charlevoix Chest Campaign Lagging Short of Goal

Rayders Tie E. Jordan for League Title

The Charlevoix Red Rayders were putting away their football uniforms until next year, after completing another season of play without tasting defeat. They share the league Class C title with East Jordan again—each team going undefeated and their records marred only by that 14-13 tie.

The Rayders closed the books on 1949 last Friday by defeating Mancelona 27-0, a team which East Jordan had humbled recently by a 66-0 score.

Played on a wet field in near freezing temperatures, the Rayders won the game without unduly tiring themselves. Fullback Don Hardy got things going early in the opening period when he plunged over the Mancelona goal on a short gain to give the lads of Coach Kipke a 6-0 lead. Bill Barber converted to add a point.

The longest run by a Rayder was accomplished by End Chuck Fairbanks who snagged an enemy pass on his own seven when Mancelona threatened and galloped 93 yards to score the second marker. Barber again converted. It stood 14-0 at the half.

Passes set the stage for the touchdown in the third period when Barber flipped a pass to Ron Cunningham, good for 31 yards, and a touchdown. This time Barber's attempt for the point was wide.

A short line buck by Hardy completed the day's scoring in the fourth period. Barber's kick was good and the score stood 27-0.

The game marked the thirty-fourth game that the Rayders have gone without defeat. Not since the Harbor Springs game in 1944 has the team coached by Ray Kipke tasted defeat. The only blot on that outstanding record were the ties with East Jordan.

The play of Bill Barber, Don Hardy, Ray Cunningham and Jim Jolliffe in the backfield has been instrumental in the Rayders extending their streak. The line play of Jerry Gibbons who was hurt early in the season was missed in the later contests.

Playing good games in the forward wall for the local were Chuck Fairbanks, Chuck Krahnke, ends, Al Louiselle and Ed Klein, tackles, Bernie Ward and Tucker Hamlin, guards, and J. Bowman, center.

Volleyball Meeting Planned for Tonight

An important meeting of tentative sponsors of teams in the city volleyball league will be held at 8 p.m. today (Nov. 10) at the city hall.

Sponsors include Campbell and Supernaw, Glenn See, Russel's Grocery, Edwards' Food Mart, Freedman Artcraft, Charlevoix County Bank, Michigan Cleaners, Karl's Super Service, Walt Moore's, Krahnke's Auto-Electric and Northern Auto.

Persons interesting in playing volley ball who have not signed up are urged to leave their names at the Michigan Cleaners. There is no age limit. Plans call for each team to play a game each week with a playoff among the top four teams for the city championship.

Services Held for Former Resident

Funeral services for James Block, 57, former Charlevoix resident who was killed in an auto accident at Alpena Tuesday, were held at the See Funeral Home here Friday with the Rev. G. D. Howell officiating. Burial was in the Brookside cemetery. He was instantly killed when he lost control of his car near Alpena where he had made his home for the last ten years.

Born near Atwood Sept. 22, 1892, Mr. Block was reared in this community, attended the Charlevoix schools and except for a brief sojourn in Flint resided here until 1935 when he went to Traverse City. He was associated with the Traverse City Livestock Commission and in 1939 went to Alpena to become manager of the Alpena commission.

He is survived by two sons, James Jr., of Grand Rapids and John, of Fenton; two daughters, Mrs. Paul Zuck, of Flint and Mrs. Thomas Bennie, of San Francisco; nine grandchildren; three brothers, Milton, George and Henry, all of Charlevoix and one sister, Mrs. Harold Jacobs, of Flint.

Plans Ready For Open House

Charlevoix will observe National Education Week with an open house at the Charlevoix public schools on Thursday, Nov. 10. Supt. Roy G. Bennett announced. This will be the first of a series of such programs to be held during the 1949-50 school year.

"It's the aim of these open house programs," Mr. Bennett said, "to acquaint the parents with the teachers and the workings of our schools. Through this means we endeavor to place before the parents and others interested in the school system the current problems pertaining to the school and to the pupils."

A Michigan Education association film, "The Sixth Chair", will be a feature of the program to be presented in the school gym at 8:30 p. m. Thursday. Also on the program will be an address of welcome, music under the direction of C. A. Odmark, a presentation of current local school problems to be followed by a discussion period during which the visitors will be asked to participate.

The classrooms will be open from 7 until 8:30 p. m. During this time teachers will be in their respective rooms for conferences with the parents.

The program for the open house which continue with the theme "Know your school" is being planned by Frances Milner, elementary school principal, H. E. Bingham, high school principal and Supt. Bennett.

Following the formal program refreshments will be served by a committee under the direction of Holley Johnson, Gradye Patterson and Ray Kipke.

Former Local Man Succumbs in Flint

Funeral services for William Driggett, 56, former Charlevoix resident who died in Flint Friday, were held in Flint at 1 p. m. Tuesday with burial in a Flint cemetery.

Born in Charlevoix, Mr. Driggett had gone to Flint about 25 years ago to make his home.

He is survived by his wife; two sons; one daughter; several grandchildren; two sisters, Mrs. Victor C. Breece and Mrs. Howard Bennett, of Flint; a brother, George of Milwaukee and two half-brothers, James of Charlevoix and Russell of Rapid City.

Benefit Party Set Nov. 12 at Marion

The Marion Center Grange is sponsoring a games party at the Grange hall at 8:30 Saturday evening, Nov. 12, with the proceeds to go to the Liston family who lost their home in a fire recently.

Prizes for the 20 games to be played will be donated by members. Everyone is invited to attend.

'Buy at Home' Drive Will Be Launched Here

A heated discussinn on "What's Wrong with Charlevoix Merchants" enlivened the weekly meeting of the local business men's association Friday night.

The next meeting will not be held until after deer hunting season—possibly the first week in December.

Several members spoke frankly and said that "it's about time that many merchants make a greater effort to get people in do their shopping at local stores instead of encouraging them to shop in other cities.

Some of the reasons given for shopping in other nearby cities included greater variety, lower prices and better quality. Arthur and Walter Bergeon disputed this and said that on the basis of enmparable merchandise, prices are lower on most thing here than in Petoskey.

H. Campbell maintained that many of the Bridge street merchants will have to carry larger stocks and keep their prices competitive if they are going to induce local people to shop here.

The group agreed to spark the effort to decorate the streets, encourage merchants in have their Christmas displays in windows by Thanksgiving weekend when the Christmas season will officially be opened here.

The committee to supervise this work is made up of Henry Heckler, Fred Koehler, Dallas Henry and Victor Spaniolo.

Plans to erect a large billboard at the northern limits of the city urging residents to shop at home and save money, were discussed. Named to this committee were Bill Matzinger, Kit Carson, Walt Bergeon and John Connolly.

Judge Floyd Supp said that most resilents have a high price complex about Charlevoix which they impact to vistors and others who stop here. He suggested that the downtown district be better lighted, particularly Bridge street.

The judge added that the only way in which the merchants can combat this complex is by an aggressive brand of advertising. Others pointed out that retailers should do more price advertising.

Stan Evers Lands At German AAF Base

Stanley A. Evers, son of Mrs. Hazel Evers, of Charlevoix, has arrived at Furstenfeldbruck Air Force Base in Germany.

Before entering the Air Force in June, 1941, Sgt. Evers attended Charlevoix High School and was employed by the Michigan Bell Telephone Company. During the war he served in Egypt, Lihya, Tunis and Sicily winning the Air Medal with 8 Oak Leaf Clusters. After flying 55 combat missions he returned to the States in 1943 to become a gunnery instructor.

After serving at Stateside bases since the end of the war he was posted to the European Command in October of this year for duty with the 36th Fighter Wing at Furstenfeldbruck, near Munich, Germany.

Long Illness Claims Mrs. Rose Pamper

Funeral services for Mrs. Rose Pamper, wife of Frank Pamper, were held at the See Funeral Home Saturday with the Rev. W. D. Wood officiating. Burial was in the Brookside cemetery. She died Thursday at the Charlevoix Convalescent Home following a long illness.

Born in Bohenia, the former Rose B. Pelek came to this country as a young woman. She lived in Chicago, coming to Charlevoix during the summer as a cook with summer residents. She and her husband came here to make their home in 1929.

Besides her husband she is survived by one brother in Austria.

Banquet Speaker

Charles Potter

Expect Crowd At Chamber Fete Here Friday

The annual Board of Commerce banquet at 6:30 p. m. Friday at the Wayside will be highlighted by an address by Rep. Charles Potter of Cheboygan, who represents this district in Congress.

Mr. Potter, recognized as one of the promising young Republicans in Washington, is well-known to Charlevoix residents, having appeared here several times in recent years.

He is expected to provide his listeners with a timely message. He will touch on some of the problems facing northern Michigan as well as the nation. Mr. Potter has long been instrumental in trying to make it easier for smaller industry to operate in this section of the state.

A PRESENTATION of an award will be made to some member of the Board of Commerce who has done an outstanding job in the last year, will be made.

The Charlevoices will sing two selections. Rev. W. D. Wood will give the invocation and C. D. Odmark will direct group singing of "God Bless America" and one or two others. Irish Coleman will make the address of welcome.

A large turnout is expected. The dinner is being served by a group headed by Mrs. P. R. Ross and Mrs. Arthur Ranger.

School Board Named in New County Setup

Charlevoix county's first County Board of Education was elected at a meeting of secretaries and directors of school boards in the county at a meetin Boyne City Monday evening.

A new statute provides for a County Boerd of Educetion end a County Superintendent of Schools who is eppointed by this Board of Educetion rather then the former Commissioner who was elected on a party ticket. The inient of the legislation is to increase and improve service to the schools of the county without increesing cost to he county.

The Board of Education as named by 14 of the 19 school representatives in the county are: Karl Festerling, Charlevoix rounty 4-H agent, and Howard Brumm, Charlevoix businesswho were elected to six year terms Howard Porter, East Jordan businessman and Mrs. Hazel Evers, Hayes township officer and former school teacher, who will serve four year terms and James H. Gallagher, treasurer of the St. James school district and former supervisor of St. James township on Beaver Island, who was named to a two year term.

The first meeting of the new board will be held Nov. 21 at which time they will elect a president and vice president and appoint the present commisstoner of schools, Mrs. Walter Bergeon, of Charlevoix, as County Superintendent of schools to hold that offire until June 30, 1951.

Mrs. Floyd Ikens Installed As Worthy Matron of Charlevoix Eastern Star

Mrs. Floyd Ikens was installed as worthy matron of the Charlevoix chapter No. 72, Orderof the Eastern Star, at an impressive service at the Masonic Temple Friday evening.

Mrs. Joseph Arvilla, retiring matron, opened the service with a farewell and thanked her officers for their assistance during the past year. She was presented with the Past Matron's jewel by Mrs. Ray Faulkner, who read a poem welcoming her into the Past Matron's Club.

Mrs. Ikens was escorted to the East by Mr. Ikens and Mrs. Chas Bellinger, installing marshall. Five of Mrs. Iken's granddaughters, Marilyn and Kay Ikens, Madelyn Rabach, Donna and Judy Ikens, dressed in gowns in the Star Point colors and carrying matching flowers assembled and presented her with a bouquet and each recited an appropriate verse.

Leland H. Barker was installed as worthy patron. Other officers installed were: associate matron, Mrs Ronald Abfalter; associate patron, J. Lawrence Feindl; secretary, Mrs. Laverne Heise; treasurer, Mrs. Harry Ladil; conductress, Mrs. Russell Curtis; associate conductress Mrs. Harry Gebeau.

Appointive officers installed were: chaplain, Mrs. A. C. Mort; marshall, Mrs. Lawrence Korth organist, Mrs. Joseph Smith; star points, Adah, Mrs. James Hiller; Ruth, Mrs. Leland Barker; Esther, Mrrs. Charles Levinson; Martha, Mrrs. John Cross; Electa, Mrs. Clarence Goldstick; warder, Mrs. S. O. Sorenson; sentinel, Mrs. Glenn Ingalls.

Other installing officers were: Mrs. Frank Courier, installing officer; Mrs. Clair Webster, installing organist and Mrs. Harry Walstad, installing chaplain.

Mrs. Ikens and Mrs. Arvilla were presented with gifts by their officers families and friends.

At the close of the service a short program of vocal selections was presented by the Charlevoices after which refreshments were served to 175 members and guests. The refreshment tables were decorated with the chapter colors, autumn flowers and lighted tapers. The refreshment committee included Mrs. Harold Bedford, Mrs. Herbert Cox, Mrs. Harry Glossenger, Mrs. M. A. Levinson, Mrs. Melvin Plum and Mrs. McLean.

Sees Sister After 39 Years Absence

John Knudsen, Charlevoix area resident, and his sister, Mary, whom he had not seen in 39 years had a memorable reunion in Philadelphia, Pa., recently.

Mr. and Mrs. Knudsen and their daughter, Rena, returned a few days ago from the eastern city. Mary Knudsen left Charlevoix in 1910 and no word had been received by her brother here since, despite many efforts tu locate her.

She was located in September through an acquaintance of her daughter, Lillian. Others present for the reunion were a sister, Fannie of Detroit, a brother, Harry and his wife of California, her son, John, of New York and her daughter and family of Philadelphia.

Mary Knudsen has lived in Philadelphia for 24 years. Her brother, Harry, at one-time lived only two blocks away but did not know of his sister's whereabouts.

Zoning Change Is Delayed by City Council

Objections to the re-zoning of an area on the south side of Petoskey avenue, east of the golf links, Monday night resulted in the city council deferring until Dec. 5 any decision on the issue.

At that time, the council will continue the hearing on the proposed change from a residentiel two to e commercial two as requested by Councilmen Drew Young.

Residents near the property where Young plans to erect some cabins, objected, pointing out that they did not want their property values lessened by cabins. Young countered by saying that cabins have already been moved to the section and no objection was raised at that time.

He demended to know why the objections were voiced against his proposed plans and not against the owner of cabins almost opposite the property in question.

Judge Floyd Supp urged the city to junk the zoning ordinance in favor of a new one which would better answer the needs of the community. He said he would help draw up the new ordinance. As for the area in question, he said that it should be larger.

The council also approved the purchase of 70,000 gallons of fuel oil from the Roosevelt Oil company which was the low bidder among nine oil firms with a bid of 8.55 cents a gallon. Councilman John Knight cast the dissenting vote. Knight said he was unable to obtain a check on the oil sent to Ann Arbor for analysis.

The council also asked the police department to begin checking the issuance of building permits along with City Supt. Angus Leitch and demanded that persons starting new construction without permits be cited for ordinance violation.

The council authorized the purchase of a smoke mask for the fire department and ordered a street light installed on Carpenter street, west of State street.

Fairbanks Bakery Purchase Revealed

Mr. and Mrs. William McIntosh and their son, John, are the new owners of the Fairbanks bakery.

Details of the purchase were announced this week by the new owners, who moved here from Williamston. The elder McIntosh has been a baker for more than 35 years. His son graduated in September from a five-month bakers institute school, ranked as the best baking school in the nation.

They will live above the bakery. Mr. and Mrs. Ron Fairbanks and family will move to Grand Rapids, after living here for 16 years. Mr. Fairbanks owns a bakery there which he bought last January.

Drive Lacks $700 of Goal, Leaders Say

The Community Chest drive is lagging in Charlevoix.

A total of $3,760 hes been raised in two weeks of solicitation toward a goal of $4,500. Mrs. Kit Carson revealed. This meens that more then $700 must still he raised if the yoer's budget for worthy causes is to be met.

The drive has been extended a few more days in the hope that the campaign can still make its quota. Mrs. Carson heard reports that many residents have not been home when workers called.

Persons wishing to give may call any of the following captains: Irene Seymour, 591J; Alice Bellinger, 113, Sylvia Miles 601; Ruth Bubow, 176; Dolores Pischner, 701 and Peggy Wissel, 806. Gifts may he mailed to Mrs. Carson.

"Our community chest can go over the top if we give," Mrs. Carson said. "We cennot abdicate our conscience to our community. Let's all be boosters for the community chest. We cen swell the $10 column in the Courier to burstng."

A group of small Sunday school children last week in one of our local churches refrained from buying gum and candy and with their pennies and nickels contributed $2 to the Community chest. They hope that their money will help train a "seeing eye dog" for some blind person. Reports from all captains and workers are not complete. A list of contributors will be published in next weeks Courier.

Let's Try To Buy It In Charlevoix First

A long overdue effort to encourage Charlevoix residents to do their shopping at home stores is being launched by the Business Men's association.

The group will attempt to influence the merchants to do the best possible selling job in order to get the housewives to look for an item in local stores before going out-of-town.

The Courier will do everything in its power to support this plan. Residents will be urged to try to get an article before going elsewhere. Little do most people realize that every dollar spent out of town is gone for good with no benefit for any local merchant or resident.

The dollars that you spend in local stores stay in Charlevoix, or should stay here to buy an item from someone else. That dollar travels a busy circuit and brings benefit to all who obtain part of it. When the shopping dollar goes out of town, it's gone forever from local circulation.

The merchants who were represented at last week's meeting agreed that store stocks will have to be larger and that residents must be given every inducement to do their trading at home. The psychology that they can get it cheaper in some other town has been overemphasized, many merchants believe.

We must face the facts that a steady stream of dollars have been pouring out of this town. The answer to this is not easily obtained. There are many answers.

The business group will make a sincere endeavor to determine why it is that so many people fail to do their shopping here but do it elsewhere. Many merchants argue that on a basis of comparable merchandise, local prices are reasonable. Many housewives disagree with this belief.

It's fair to expect that local residents should at least try to buy their merchandise here before shoppping elsewhere. They must try to buy it here first of all. The job of selling the people of Charlevoix on the idea of trading at home, if prices, quality and selection are comparable with other cities, will not be done overnight.

The psychology that merchandise can be bought cheaper elsewhere has dominated the thinking of local people for many years. It will be a long hard job at best. But a start must be made.

Above all, the merchants must band togother for unity of purpose, all doing their utmost to keep their prices as low as possible as an encouragement for people to shop at home. The merchants must cooperate to the fullest extent, something they have not done on a wholesale scale in years.

Every merchant must do his part. Otherwise he and others will continue to suffer the pains of seeing business which naturally belongs here, be drained away to other cities.

Girl Scout News

The Mariner Scouts of Troop 1 meet at the city hall every Wednesday evening from 7:30 to 8:30. Officers named were: president, Nancy Ikens; vice president, Leona Scott; secretary, Donna Summerville; treasurer, Amy Kipke. Ther are 16 girls in the troop.

Mrs. McCall Harvests Late Crop of Beans

At this time of year most people have net only harvested but threshed their crop of beans, but in the case of Mrs. Marie McCall, of 110 E. Hurlbut avenue it's different.

Recently she picked green beans from her garden and had them for a meal in spite of the fact that in most places the frost had killed most crops.

Letter To the Editor

Dear Editor:

There are many people in Charlevoix who believe the local and business folk should unite for the good of the entire community, which has just been evidenced by our recent misfortune. The heart of Charlevoix is a great one and has just been opened to us in it's fullest measure. For this we are humbly grateful. In these cases there are alway some articles that cannot be used due to size or duplication. Ours is no exception, and since we do have a number of articles of apparel which we cannot use and since the Kiwanis Club was one of many to extend assistance and offers the earliest opportunity to put these articles back in circulation for the use they were intended, emergency asistance, we have taken this means of putting them to work. Each article whethe or not adaptable to our needs was equally appreciated as the intent was the same in each case. We hope this action will meet with the approval of every one concerned and hope to do our part in making Charlevoix a united community.

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream or else!

From where I sit, whether it should have cream or tomatoes is simply a matter of taste. This is plain to anyone who doesn't come from clam chowder country.

What a great world this would be if we could all see that most prejudices are matters of taste only. Some like hot coffee. Some like it iced. Some people like a temperate glass of beer. Others prefer ice-cold lemonade. My grandmother used to say, "Prejudice that sees only what it pleases, cannot see very plain."

"Certainly saved me a lot of worry—and Money!

When I had that operation Blue Cross covered $1,800 in hospital bills—plus $170 to my doctor!"

CASE #36-P49713-96

Mr. _____, Blue Cross Hospital and Surgical Plan subscriber, was hospitalized 60 days as a surgery patient—the bill for drugs and dressings alone came to $1,146.85. Total hospital bill: $1,821.35. Blue Cross covered it in full, and also paid $170 in surgical fees.

CHANCES ARE 1 in 10 you will go to a hospital this year.

Crushing hospital and medical bills can wipe out hard won savings. Knowing this, the mother of the family will often delay needed surgical care, fearing to strain the family budget. But with BLUE CROSS Protection, necessary surgical care and hospitalization can be had when needed without financial worry. There's a big reason why you and your family need BLUE CROSS—Michigan's non profit, health care plan—sponsored and directed by Michigan doctors and hospitals themselves.

No other health-care plan offers so much for so little!

Because BLUE CROSS pays out in benefits an average of 85 cents out of every dollar received from subscribers, BLUE CROSS can offer such unique advantages as the same benefits for enrolled dependents as for the subscriber . . . no physical examination or health statement . . . no age limit. And the cost to you is only a few cents per day!

Speak to your employer—ask him to find out how your company can make Blue Cross available to you!

More than 1,600,000 Michigan people are protected by BLUE CROSS against unexpected hospital and medical bills. If you would like to join BLUE CROSS, too, talk the matter over with your employer. Ask him to get all the facts about the BLUE CROSS Group Enrollment Plan. Write or call BLUE CROSS, 234 State Street, Detroit 26 (WO 2-9010).

Farmers Advised To Tell Grade Loss

To protect themselves from loss in settlement value, farmers are advised to report immediately to the county Production Committee when any commodity under price supporting loan is in danger of going out of condition.

"Since the farmer is responsible for maintaining the grade and quality of the commodity under loan, his eventual return depends upon the condition at the time of delivery to the Commodity Credit Corporation, "LeRoy Hardy, chairman of the county PMA committee, points out.

Where it is found that a commodity in danger of going out of condition cannot be satisfactorily conditioned, the county committee is authorized to call for immediate shipping instructions from CCC.

"To protect the farmer, samples will be taken at the time shipping instructions are requested, if shipping instructions cannot be furnished in time to prevent serious damage to the commodity," Hardy says. "Final settlement with the producer will then be made for the quantity delivered, based on the grade established from these samples."

If a producer fails to notify the county committee before a commodity has deteriorated to such an extent that it will fall below any grade for which loan or settlement values have been established, Mr. Hardy said that the settlement value will be the support rate for the grade and quality of the commodity placed under loan, less the difference between (1) the market price for this grade and quality and (2) the market price of the commodity delivered, as determined by CCC.

The same procedure for determining settlement value of off grade commodities may be applied to purchase agreements when authority to accept deliveries is given by CCC.

Isn't America A Wonderful Country!

All over the world today there are people teaching bitterness and hate.

Here in America we have learned to live together in friendship.

For us here at A&P, it has been a wonderful and thrilling experience to get from those with whom we compete day after day such astounding evidence of friendship and respect.

The things that have happened since the anti-trust lawyers from Washington brought suit to destroy A&P have amazed us.

While we sincerely believed that we had earned the friendship of millions of consumers for whom we have provided better food at lower prices, and the friendship of millions of farm families for whom we have provided a better market for their produce, we were not prepared for the avalanche of offers of support.

But most of all, we have to confess that we had underestimated the fine sportsmanship of many of our competitors all over the country.

Can anyone believe that these competitors would rush to our defense if, as the anti-trust lawyers allege, we had been trying to put them out of business?

We and they have fought hard for business.

There are nearly 350,000 individual grocers competing with us. They have a larger share of the nation's grocery business today than they had ten years ago or twenty years ago.

Many of them do as good a job as we do, and they make it plenty tough for us.

Now, day after day, these same competitors are letting us know that they are in our corner.

All we can say is, thank you from the bottom of our hearts.

Isn't America A Wonderful Country!

Who hollered for Uncle?

Who wants him to break up A&P?

COULD IT BE INDEPENDENT GROCERS? Doesn't seem likely. In ten years America's independent storekeapers almost tripled their business. In 1938 they did just under 5½ billion dollars worth of food business. Last yeer the lodependent storakeepers handled ovar 15 billion dollars worth of food.

WHOLESALE GROCERS? Hardly. For many of them ara directly or indirectly engaged in or supporting soma form of voluntary or cooperative chain to metcb chain economies.

THE EMPLOYEES? That would be funny—except that some folks probably believe it. Actually, less than 25 years ago many food chain stores could have paid all expenses—rent, heat, light, wages, etc.—out of the money a store manager alone gets paid now. And the store manager of 25 years ago would have been happy to get what a clerk gets today.

PRODUCERS? Well, take farmers. Certainly part of their prosperity must be attributed to the markets that big chains create for them. The big chains buy the entire pack of many a cennery. Those canneries pack the farmers' crops. What would the farmar do with his highly perishable crop if the food chains ware elimlnated as big volume buyers?

COMPETING CHAINS, MAYBE? No. Practically every chain in the grocery business had more sales last year then the year before. One chain that we know a lot about increased its food business 21% last year and is up 19% in the first eight months of this year.

THEN IT CERTAINLY MUST BE THE PEOPLE! Like fun. If the people hated food chain stores, would they have spent 9½ billion dollers in them last year? Folks like the low prices and high standards of chains—and the better the chains are run, the better folks like them.

Does This Sound as Though We Need Help?

Thorofare Super Markets came into existence 10 years ago. The food chains Thorofare replaced were doing about three million dollars worth of business a year. Housawives liked our policies well enough to boost their purchases in our 90 stores to about 30 million dollars a year.

We call that a vote of confidence. And we're going to keep right on proving that as long as we stick to good brands and better-than-average selections at rock-bottom prices, we can compete with anybody in the business. And keep right on growing, too!

★ ★ ★

We don't believe any chain will be punished for being efficiant, or for pleasing housewives so well that it is forced to grow.

We, too, believe that it is a storekeeper's duty to bring the public the best food at the lowest possible prices, and hope to see the chain store way of doing business vindicated.

And as long as the producers, the employees, the customers, the wholesale grocers, the independents and the competing chains thrive so well, we will continue to think it's a good way to do business.

We Don't Want the A&P Put Out of Business

The owner of the undersigned store is an independent merchant in this community. We run our own store, set our own prices, maintain our own policy.

We consider the Great Atlantic & Pacific Tea Co. as a chain store. Because they are a chain they give us stiff competition. The competition offered by the A&P keeps us on our toes.

The Department of Justice has brought a suit against the A&P claiming that the A&P is a monopoly.

Whether it is or not we are in no position to judge.

What we do know is that the A&P doesn't do all of the grocery business in this area. We are here and ready to serve local customers.

WE DON'T WANT TO SEE THE A&P PUT OUT OF BUSINESS.

The A&P is keeping food prices down. We in turn keep our prices downt and that helps us to sell more goods.

I Welcome A&P Competition BECAUSE

• • • • like myself, many hundreds of independent grocers got their start with the TEA COMPANY.

• • • • The great A&P is not detrimental to the progress of the grocery business. On the contrary, A&P has always been beneficial to any open-minded businessman who believes in FREE ENTERPRISE. Founded on the principle of FAIR PLAY and FAIR PRICES, A&P developed from a humble start to its present commanding position in the field of retail merchandising.

• • • • My experience as a former employee of the TEA COMPANY has served me well. I attribute my success to the ideas and methods tried, tested and proven by the A&P stores—at a great cost.

• • • • A&P upholds the rights and privileges of a good worker. I know this from personal experience. A&P is ever on the lookout to promote sincere and ambitious employees to trustworthy and important positions and has never crossed the efforts of any employee to enter into business for himself. A&P helped me to start in business... IS THAT AN ACT OF A COMPANY MONOPOLIZING THE GROCERY BUSINESS? NO!

A&P taught me to serve the public BETTER—MORE ECONOMICAL and MORE EFFICIENT, thanks to the start given me by B. F. VINSON.

• • • • During the depression of the thirties, A&P paid higher wages than any other chain. A&P has striven to keep up the standard of living in this country. I shudder to think what would happen to its 110,000 employees if it was forced out of business.

• • • • I am not afraid of A&P competition—I welcome it. It's democratic—it's the American Way.

We Agree With A&P

Yes, we want our A&P competitors to stay in business on their present scale because we know what it would mean to the American people without them.

We are only one store and are striving to serve our community with good food at low prices, but the A&P is a nationwide organization serving the American people everywhere with good food at low prices.

Destroying the A&P would mean eliminating competition nationally in the food field which every poor man knows consumes the major portion of his salary.

We congratulate the A&P for a job well done. Keep up the fight.

We welcome any fair competition which helps us bring lower food prices to the consumer.

A COMPETITOR'S OPINION of The Great Atlantic & Pacific Tea Co.

The self-styled "trust busters" of the government recentlymade headlines as a result of a move to destroy the A&P.

Frankly, we don't like it.

A&P is charged with having control of SOME of the production and processing ends of the food business. As a result, they can offer foods at low prices.

So What...

And if monopoly of the food business is charged, that sure hands us a laff. We...at P.P.M. are growing like wildfire. Seems like we're able to sell better foods at better prices.

Your increasing patronage of our stores is positive proof that A&P has no monopoly on the food business.

Let's get down to good old American horse sense. A&P is doing a good job of serving the people of this country. They're no bogey men. We are for them 100% in this controversy.

Potato and Apple Show

Exhibitors from thirty - one counties of Northern Michigan displayed over 500 samples of selected potatoes, apples and legume seeds at the Northern Michigan Potato and Apple Show to be held in Traverse City high school, Nov. 8 and 9, according to Ed Rebman county agricultural agent.

Special feature of the show was be a display of apple grading, packaging and utilization. This display was being provided as a part of the Consumers Education Program of Michigan State College Extension Service.

A special display over fifty feet long prepared by the Farm Crops Department of Michigan State College featured potato production problems including varieties, diseases and cultural practices.

Other features of the show included judging contests for 4-H club members, FFA and veterans enrolled in the Veterans Institute.

Discussion meetings for potato and apple growers were held on November 9th.

Commercial exhibits showing new materials will add additional interest.

Achieves 853 Bushel Potato Yield Through Good Cultural Methods

Michigan State College farm crops authorities assemble the entries for the premier potato growers award and have certified a yield of 853.8 bushels an acre for Edwin Parmeter, Rockford. This yield of certified Katahdin variety was made on a ten acre field.

Parmeter plowed under a mammoth clover crop in the fall of 1948 and planted rye with 300 pounds of nitrogen fertilizer to the acre. Before plowing under the rye on May 10th in the spring of 1949 he broadcast 1,000 pounds to the acre of 3-12-12 fertilizer on the good Isabella sandy loam soil.

Parmeter planted 45 bushels to the acre of whole seed on May 15, planting on the furrow, spacthe rows 34 inches apart and the seed potatoes 9 inches apart in the rows. During the growing season he irrigated the field six times in critical periods, giving the plants a total of about six inches of moisture. He sprayed consistently to prevent disease and insect damage.

Parmeter started his potato production in 4-H club work while farming with his father more than 20 years ago.

Test New Crops for Mchigen Conditions

Crops labeled "new" and "amazing" may not always promise the farmer as much as the ads say. Occasionally one of these new crops prove desirable for Michigan growing conditions but sometimes they fall short of the claims made.

One of the functions of the Michigan Agricultural Experiment Station is the testing of crops to determine their value for use in the state. Each year many varieties are grown and the results tabulated. Differences in climate, length of day, and other factors influence yield.

Before buying seed of so called "new" crops, it's wise for farmers to check with the county agricultural agent who can give information derived from experiment station tests.

Sorority Planning Party in Near Future

Michigan Epsilon Tau chapter of Beta Sigma Phi has been holding their regular meetings every second and fourth Tuesday since September.

At the first meeting at the home of the vice president, Ione Mosier, five members having completed required course of study passed the examination for the Ritual of Jewells Degrees, and will receive jeweled sorority pins. Other regular meetings have been held at the home of Marjorie Webster. Carol Schofield and Marguerite Powell.

Special meetings have been held on several Tuesdays at the office of the county road commission. Fall activities have included the planning of a skit which was presented for the Charlevoix hospital benefit dance which was held at the Argonne, Oct. 19. Several sorority members were present and took part in the entertainment.

Plans are being formulated for a party to be held in the near future and for the other regularly scheduled events as prescribed by the International office.

Members are asked to be present at the regular meetings, in order that the regular course of study may be completed.

Stem rust loss for 1949 in Michigan's wheat crop has been estimated as one-tenth of one percent—the lowest of any year since the control program began n 1918.

Report Deer Kill In Many Counties

Lansing—Sportsmen who would like to mull over last season's deer hunting data before planning that upstate jaunt in November can get their "scorecards" from the conservation department's game division. The general gun season again starts Nov. 15 and ends Nov. 30.

According to computations based on hunters' report cards, last year's deer hunter found ample company as well as plenty of deer in Roscommon county. Close to 20,000 buck seekers, about 39 per square mile, compiled the biggest kill—4,536 animals. However the percentage of sportsmen successful was only 21.8.

In Ontonagon county, where there were only 9,481 hunters or about seven per square miles, the kill was almost as great. The 4,457 deer taken meant a hunters' success ratio of 47 per cent or nearly one hunter in every two getting venison. Montmorency county also passed the 4,000 deer kill mark. Seven other counties over the 3,000 mark were Geogebic, Iron, Marquette, Alcona, Crawford, Ogemaw and Oscoda.

Success in the more distant, more lightly hunted upper peninsula counties averaged higher at 40 per cent compared to 22 per cent for the northern lower peninsula. But on a production basis the northern lower peninsula counties still were leading last season with a computed take of more than 57,000.

V. F. W. Plans Dinner Here on Thursday

BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Islanders are preparing for the on-coming deer season. Cabins are being scrubbed for occupancy—and it looks as though they will all be filled from the number of reservations being made with Captain Dick Lyons For entertainment, a feather party is being planned for the evening of November 19, and, of course, there will be the Hunter's Ball.

The Beaver Island Game Club have elected officers for the coming year. President, Vernon LaFreniere; Vice-president, Lawrence McDonough; Secretary, Jack Cull; Treasurer, Gene Connaghan; Director, Joe Dillingham.

Henry Allen arrived Tuesday with materials to begin construction of a group of cabins. The first will be built on the lots adjoining the Allen's cabin, facing the harbor. The cabins will be completely modern and furnished with such conveniences as electheaters and hot plates.

George Miller is building a cabin on back beach for Mr. and Mrs. Kraft of Detroit.

Mrs. Russell Palmer returned to Traverse City Monday to have the cast removed from her arm. She returned to the Island Friday

Capt. and Mrs. Forest Pratt and Mrs. Steve Dubell are occupying "Isle View", the cabin built by Vernon LaFreniere on back beach. It has been a number of years since Capt. and Mrs. Pratt have visited the Island and they are having a wonderful time renewing friendships and visiting among their relatives.

Leo Lowe and party, all from Holland, are taking a "breathing spell" away from business at the Lowe's cabin at the head the Island.

Last week lumber steadily left the Island via the North Shore. Due to the incessant wind—some say it's the windiestfall they can remember—few days have been favorable for loading lumber in a month or more.

The variety of hunting offered on the Island this fall has satisfied every hny's dream. Recently the lads have been coming home with geese and enough rabbits for a feast.

Beaver Islanders awoke Friday morning to find the first blanket of snow this season 'Twas a thin blanket, though, and did not remain long. Nevertheless the children were delighted as always with the first showing of snow.

The most exciting issue of the mail order catalogues have arrived. Youngtsers are already making out their lists and framing letters to Santa.

McDonough's have received a large part of their Chrismas order and the store is arrayed with many attractive gift suggestions.

Mr. and Mrs. Lloyd Mc Donough honored their daughter, Joy, on the occasion of her birthday Friday. Fifty friends of the honored were invited to the McDonough home in the evening for dancing and card games. During the evening refreshments were served with Mrs. Irene LaFreniere and Mrs. Walter Wojan assisting Mrs. McDonough.

Mrs. Herman Pischner has returned to her home after three weeks visiting relatives and friends on the mainland. Her itinerary included a trip to St. Ignace to visit her daughter, a visit with her mother in Kalamazoo, tea with Mr. and Mrs. R. Nicolen at Paw Paw a visit with Mr. and Mrs. Ward Bennett at Empire, In Charlevoix she divided her time between the Emile Pischner and LeRoy Allers families. Sounds like a wonderful vacation.

Capt. Don Green arrived Friday to visit his father, John W. Greene, and his sister and brother-in-law, Mr. and Mrs. Johnny Andy Gallagher.

The Beachcomber tavern is sporting a new blue roof.

Members of the Altar Society met Sunday afternoon in the Parish Hall. Committees for the baked goods, lunch and fancy work booths were organized—this being part of the plans in connection with the feather party.

Part - Time Labor Survey To Start

Information on the number of persons who are unable to obtain sufficient work will be developed in the Census Bureau's current population survey in November, District Supervisor Donald P. Watkins announced at Boyne City, Michigan.

The current population survey interviews each month a representative cross-section of 25,000 households throughout the country, including a number in the Charlevoix area, Mr. Watkins said. The study to be made in November is one of a special series designed to determine the impact of reduced hours upon the nation's employment situation. According to a similar study conducted in August, about 2½ million persons were working short hours because of slack work, layoffs, and similar economic factors.

This month, special questions will again be addressed to all persons who worked only part-time during the survey week. These questions, which will supplement the regular questions on employment and unemployment, are designed to find out why persons working part-time are on a limited work schedule and whether they would prefer full-time work.

The survey will be conducted in the Charlevoix area during the week of Nov. 14 to 19, Supervisor Watkins emphasized that all individual information furnished the Census Bureau is treated in absolute confidence and that only statistical summaries are published.

Student Seeks Coat He Left In Man's Car

A Central Michigan college student who left his top-coat in a car owned by a man from Charlevoix while hitching a ride between Mt. Pleasant to Lansing is seeking the name of the man in an effort to recover his coat.

The student, Erwin F. Meiers, said the man told him he worked in Lansing and spent the week ends with his wife and family who lived in or near Charlevoix. He also said the man told him he was married to a girl whose father was or had been a minister at Grand Ledge.

Meiers said he had not given his benefactor his name so said the man would have no way of tracing him and returning his coat.

If you know who this man might be, call the Courier and leave his name.

Potato Grades

The U. S. Department of Agriculture has announced that shipments of potatoes from Michigan, Wisconsin, Minnesota, and North Dakota will be limited to U. S. Commercial or better grade and to 1 7-8 inches and larger during the period Oct. 31, 1949 - June 30, 1950. An exception to this regulation is that Irish Cobblers which fall below U. S. Commercial grade only because of hollow heart may still be shipped.

1950 Auto Licenses Go on Sale Dec. 1

Auto license plates for 1950 will be placed on sale at the county clerk's ffice about Dec. 1, County Clerk F. R. Bulow announced.

Persons leaving before Dec. 1 for their winter vacations may have their plates mailed to them if they leave their titles with the clerk.

Your Credit Is Valuable
PROTECT IT!

It has been our policy in the past to extend credit without specifying the length of time in which we expected payment. For the mos part this policy has worked out well, because most person realize that as a retail outlet we are not in a position to act as banker for everyone.

However, recent events have forced us to place a limit on our credit policy. Henceforth, we shall expect settlement of all bills within 30 days from date of purchase.

We have given this matter considerable thought before making this decision. We have come to the conclusion that such a 30-day policy will maintain healthy business conditions and stay within the realm of cordial customer relationship.

Your credit is a valuable asset, and it is good sense to protect it by using it wisely.

Broadcast to Kick-off Drive For Hospital

A two-week drive to raise funds for the new hospital in Charlevoix will be opened with a kick-off broadcast over WMBN at 4 p. m., Dec. 1 in the high school gymnasium.

During the hour's program of local entertainment and talks by local civic leaders, persons listening to the broadcast will be urged to call in their pledges to the gymnasium or to the radio station. Pledges and their donors will be read over the air.

The broadcast will feature the Remnants, the Charlevoices and the high school band. Mayor Fortune, W. E. Goss, Kit Carson, drive chairman and Robert Bridge, solicitation chairman, will speak briefly. Station WMBN is donating the time for the broadcast. Residents are urged to attend the broadcast at the gymnasium.

Max Ansbaugh, popular master of ceremonies, and Mert Carter will keep the broadcast moving along.

Harvest Dinner

A harvest dinner will be served from 6 p. m. to 8 p. m. at the Wayside, the night of the broadcast. Herb Schofield, activities chairman, announced. Mrs. P. R. Ross and Mrs. Arthur Ranger will have charge of dinner arrangements.

A campaign worker will be sent to the homes of those persons calling the broadcast to have a pledge card filled out. It is not necessary to make a cash contribution. A pledge to do so is enough at present.

Hospital officials pointed out that pledges of contribution can be placed over a five-year period, enabling the donor to make his gift in monthly or yearly payments if he so desires.

It was also explained that all contributions will be returned to the giver if the hospital is not built. Individual gifts will be placed in a special acount in the banks and no funds will be used for any other activity except for construction of the hospital.

Special activities of the hospital fund are being financed by dances, dinners and other events. So far this fall several hundred dollars have been turned over to the fund from these special events.

To Sell Donated Items For Hospital Benefit

The Charlevoix Hospital building fund with office in the Earl A. Young building on Bridge St. is being made available for the sale of donated goods with proceeds to go to the hospital fund. The items may be either donated or sold with profit to the donor and the hospital.

Charles H. Hampton, secretary of the building fund committee, will be in the office every afternoon from 2 till 5 p. m. Further information may be had from Mr. Hampton.

No clothing will be accepted. Articles such as china, glassware and knicknacks are requested. If the response is good the project will be continued until June.

Dick Donaldson Earns Sergeant Promotion

Dick Donaldson, who is stationed at the Moses Lake Army Air Base, has been promoted to sergeant from corporal, according to a recent release in the base paper, the Pioneer. He has also earned a position on the base basketball team.

Dick, the son of Mr. and Mrs. Bruce Donaldson played for the Charlevoix Rayders while in high school here. He has been in the service for 18 months.

Independent Cagers To Offer Season Tickets for Games

A new plan will be tried this year by the local independent basketball team to reduce financial losses. An effort will be made to sell 100 season tickets at $3 each.

Ten outstanding games will be played, most of them on Saturday nights. This will cut the cost of the tickets to 30 cents per game. The tickets will be transferable.

All children under 12 who can't afford to pay will be admitted free provided they sit in a special section, unless accompanied by their parents.

The schedule of games will be made up from the following teams, St. James Athletic club, Muskegon, Mt. Pleasant, Traverse City, Ludington, Cadillac, Saginaw, Midland Athletic club, St. Ignace, West Branch, Grayling, the Arkansas Travelers (a girls' team), the Clark Twins (five sets of twins) and the Sioux Indians.

Tickets will be available at the House of David game. If 100 season tickets are not sold all money will be refunded, John Knight said.

County M.E.A. Names Group Committees

The Charlevoix county M. E. A. organization held its first meeting of the 1949-50 school year at East Jordan Wednesday evening with 85 members present for the dinner and business sessions which followed.

Each superintendent introduced his new teachers to the group. Max Novak spoke briefly on the unified membership plan in an effort to increase the membership of the county, state and national organizaions.

C. A. Odmark, of Charlevoix, president of the group named his committees for the year after which the members joined informal discussion groups.

Mrs. Walter Bergeon, county superintendent of schools, was named to the legislature and finance committee Leonard Burns, Mrs. Gordon Moeller and Mr. Odmark to the program planning committee; William Billings to the publicity committee H. E. Bingham, chairman and Betty Clarke to the professional problems committee; and Mrs. Jeanette Abfalter to the special problems committee.

Leonard Burns is treasurer of the group; Max Novak, M. E. A. representative and Mrs. Dorothy McRea, class room teachers delegate.

Pythian Sisters Fete Visiting Deputy

The Pythian Sisters were hosts to their district deputy, Mrs. Janet Udell, of Grand Rapids, at a regular meeting and initiation held at the K. P. hall Thursday evening. Mrs. Udell was accompanied by Mrs. Maude Barnaby, of Grand Rapids, past grand chief, and Mrs. Georgine Deedone, of Muskegon.

A social hour and refreshments followed the business session. Mrs. Emma Bogart and Mrs. Robert Livingston were in charge of the refreshments.

K. of P. games parties change to Monday night at the Way-Side, 8 p. m. every Monday. If you need a ride stop at Williams store and a car will give you a lift. Hospital benefit.

Junior Red Cross Gets $55 in Drive

A successful Junior Red Cross membership drive has been completed in the Charlevoix public schools with a total of $55.62 being raised for the organization. Of that amount $30.69 was raised in the elementary school which takes in the kindergarten through the sixth grade and $24.03 in the Junior and Senior high schools. The drive has been in charge of Mrs. Harry Ladd, junior Red Cross chairman, who has been assisted by the teachers in the schools.

The elementary students have also packed twelve overseas boxes which will be shipped by Mrs. Ladd to the area headquarters at St. Louis, Mo., and from there sent to the needy children of the world.

The children also contributed the items packed in the boxes which included such things as toilet articles, comb, toothbrush, toothpaste, washcloth, soap as well as three small scratch pads, three pencils, box of crayons, pair ankle sox, barrets, a small toy, a ball, a small doll, a compass.

After the holidays the children plan to fill more overseas boxes. In each box is a card giving the grade and the name of the school which contributed the items. Often the youngsters receive letters from the children who are the recipients of their gifts.

East Jordan Man to Head County School Education Board

Howard Porter of East Jordan was named president of the newly elected Charlevoix County Board of Education at an organization meeting held in Charlevoix Monday evening. Howard Brumm was named vice-president and Mrs. Walter Bergeon, newly-appointed county superintendent of schools, became secretary.

Ross Renwick of Walloon Lake was named to the six year term to replace Karl Festerling who failed to qualify for the office because he is not a taxpayer. Other members of the board are Mrs. Hazel Evers of Charlevoix and James H. Gallagher of St. James.

Plans were made by the group to attend the Regional Conference of County Boards of Education at Central Michigan College at Mt. Pleasant Dec. 5. The conference is being sponsored by the Michigan Department of Public Instruction, the State Association of County Superintendents and Central Michigan College.

Legion Auxiliary

The American Legion Auxiliary met Monday evening at the home of their former president, Mrs. John Johnson in Petoskey.

A business session was followed by a social hour and refreshments. Ten members were present.

MSC-ND Movies May Be Shown At Grid Bust

The 1949 Red Rayder football squad will be guests at the annual football banquet Dec. 15 at the Wayside at which Coach Clarence "Biggie" Munn of Michigan State College, will be the principal speaker.

Coach Munn who has spent part of his summers near Charlevoix, is expected to bring with him two or three football players on his Spartan team. The

CLARENCE (BIGGIE) MUNN

Carey boys, Bill and Bob may accompany him if their class schedules permit.

Mambers of the Knights of Pythias, sponsor of the banquet, proceeds of which will be turned over to the new hospital fund have been working with Schools Supt. Roy G. Bennett in making arrangements for the appearance of Coach Munn.

It is not definitely known whether pictures of one of the recent Michigan State fooball games will be shown. It has been hoped that it will be possible to show the colored movies of the MSC-Notre Dame game after the banquet, in that event they will be shown at the high school gymnasium.

Congregators Elect Officers on Dec. 6

Congregators held their first meeting of the year on Nov. 16, at the Congregational church.

A film strip, "To Secure These Rights", was shown, followed by a discussion of the Civil Rights Commission's program. Refreshments of coffee and doughnuts were served by Mr. and Mrs. Robert Miles and Mr. and Mrs. Versal Seymour.

Election of officers is scheduled for the next meeting on Wednesday, Dec. 6. Important work for Santa Claus Anonymous is on the program. All members are asked to be present, and to come prepared with materials for the work. Anyone who has articles to contribute may contact Bill Supernaw, at the post office.

Senior Class Play, 'Don't Take My Penny' To Be Presented at School December 7-8

Rehearsals for the three act comedy, "Don't Take My Penny", are being held daily in preparation for the presentation of the annual Senior play at the high school auditorium **December 7** and 8. Miss Holley Johnson is directing the play which is written by Anne Coulter Martens and being given by special arrangement with the Dramatic Publishing Co. of Chicago.

The play tells the story of what happens to a normal family and its friends when a talent scout comes to town to find an unknown actress to play the part of Dimity West, the leading character in a book written by Harrison Day (Don Gill).

Penny Pringle, (Mary Lagerman) a teen ager, knows she will be chosen and immediately starts training for the role, assisted by her best friend, Joanna (Theresa Zeitler). Their boy friends, Kerry (Roger Sweet) and Greg (Jack Dodge) with whom they are to enter a tennis tournament get their heads together to discourage the Hollywood aspirations and are aided in their plans by Gram (Sue Miles) who manages to keep the slightly balmy Pringle family on an even keel.

The maid, Sally, (Ann Gill) a former child star who has been 'planted' in the Pringle home to be discovered at the proper time for the coveted role, spoils the plans of her publicity agent, Norman Porter (Tom Hamlin) when she falls in love with Mark Pringle, whose one ambiton is to own a chicken farm.

Mavis (Patsy Rose) Penny's older sister, who works hard at her minor position at the radio station, finds herself in an unexpected role as the plot unfolds. Mrs. Pringle (Marilyn Ikens) who with her lectures tells others how to run their families and Mr. Pringle (Michael Bergeon), who is too busy with his office to pay attention to his family, are brought up with a start by Gram in the last act.

Frederic Jon, Bruce Barker) his models, Claire (Betty Hosler), Elsie (June Guild) and Lucile (Lorna Lewis) and Mouse (Tom Harrington) the delivery boy, all add to the excitement of the play.

Hardy's Basket Gives Charlevoix 39-37 Edge

A basket by Don Hardy in the final seconds gave Charlevoix its opening victory of the season over Gaylord here Tuesday night in a thrilling contest. The final score was 39-37.

Hard-fought all the way, the Red Rayders came back stronger in the second half to snatch victory when it seemed they were going to duplicate last year's cage start with a loss.

The break came with Hardy near the basket with six seconds left in the game, after Ron Cunningham had knotted the count with a free throw at 37 all. Both teams missed free throws which could have meant victory in the final minutes.

The contest saw Chuck Fairbanks, Charlevoix's outstanding center, leave the game with three minutes to go on personals. Hopkins and Metzger of Gaylord were ejected earlier for the same reason.

Fairbanks paced his mates to victory with 16 points for high point man of the game with Duffield of Gaylord racking up 15 for runner-up honors. Hardy chipped in with eight points to help his team's cause. Scour of Gaylord also had eight.

Showing improved form in the last two periods, Charlevoix at one time in the last quarter had a six point lead. The Gaylord lads came right back and closed the margin in the final minutes. The score at the half was 12 all.

Tie Score

The score was knotted twice in the first half. Gaylord went ahead in the second half for a few minutes before the local attack started to roll.

The locals went ahead midway in the third period 22-21 when Fairbanks sank two free tosses. Bill Wallace sank a beauty from the side and Hardy chipped in a gift toss to make it 25-21. Duffield narrowed the gap with a jump shot.

D. Smith connected from the side. Fairbanks sank two fouls to make it 29-23 before coming through with two field goals while Gaylord picked up five points more. When Jim Bowman replaced Donaldson with four minutes to go the score stood at 34-28 for Charlevoix.

Duffield was the big gun again, sinking three free throws just before Fairbanks pushed in a rebound. Scheur cashed in on a jump shot after Fairbanks left the game. Duffield made two free shots to make it 35-36 in the locals' favor.

House of David To Play Here

(See picture on page 4)

The world famous House of David basketball team will lift the curtain on the independent cage season here Dec. 6 at 8:30 when the bearded men tangle with the Charlevoix Independents.

The House of David features a giant center, "Meese" Ludka who stands seven foot three inches in his stocking feet and a midget forward and clown, Bobby Reth. Other members of the cast make them a truly remarkable team of hardwood magicians who have played 2,000 games throughout the world.

The local team will be built around Capt. Chick Gallagher, Johnny Swanson, Bill Lusk and Don Meggison. This outfit will be bolstered by Louis Brown, Ace Zogophos and Dana Potts, both of Petoskey, Dan Devine and Monk Cihak of East Jordan, Don Carey and Chuck Saxton of Alma.

Independent Team

Others on the independent team are Moe Plumm, Tuck Thompson, Herb Moore, "Itch" Bennett, Les Gallagher, Tony Gengle, "Big" Bergmann, Claire Martin, Jim Niswander, L. McKenzie, Charles Bergmann and Joe Abbey.

The Independents will be further strengthened by Ross Case and Pat Martin during the holidays. It is possible that Bill Carey may play during the holiday vacation.

The game will be played for the benefit of the new hospital building fund, and if properly supported an effort will be made to stage additinnal games, John Knight said.

Hamilton Re-Elected Red Cross Chairman

Ralph Hamiltnn was re-elected chairman of the American county chapter of the American Red Cross at the organization's annual meeting in Boyne City last Wedesday. George Ferris of East Jordan was named vice chairman.

Other officers and directors named were secretary, Mrs. Don Haig of Boyne City; treasurer, Miss Ethel Crowell of East Jordan; directors, Mrs. Guy Watson and Mrs. Joseph Clark of East Jordan, Mrs. Ross Alexander of Ironton, Loton Willson and Gilbert Lindsay of Boyne City, Mrs. Roy G. Bennett and Rev. W. D. Wood of Charlevoix.

Mrs. John Hartlep of Boyne City will continue as executive secretary and Frances Martin as public information chairman. Mrs. Roy G. Bennett was named permanent county blood chairman and Mrs. Charles Hamlin production chairman.

Dorothy Septrion, district field representative, was also present at the meeting at which reports for the last year were given and plans made for the next year.

Many Thanks Due to Congressman Potter

The decision of the federal government to locate its headquarters for the lamprey research on the Great Lakes in Charlevoix is indeed welcomed by the community.

The project, financed by a $350,000 initial appropriation, is expected to last for several years, chiefly because eradication of the deadly sea lamprey will be no easy task, according to fish experts.

The project should provide some employment to Charlevoix. Progress of the research project will be watched closely and the community will be the recipient of much "hard-to-buy" publicity. Newspapers throughout the nation will be quick to use news copy about the eel liquidation attempts.

Little effort will be spared to find means of greatly reducing the number of eel which have grown to staggering proportions in the last few years. It takes nearly six years for the eel to grow full-sized.

Preliminary experiments with control mechanisms, conducted by the Michigan Department of Conservation Institute for Fisheries, include such methods as organic poison, rotenone, electric shocking devices, dredging, screening and trapping.

Charlevoix owes plenty of thanks to its Rep. Charles E. Potter of Cheboygan whose efforts were mainly responsible for having the project centered here. It was he who succeeded in influencing federal officials to have the headquarters in Charlevoix the Beautiful.

The publicity and advertising given to the project will be used far and wide in the nation with Charlevoix coming in for a lion's share of the publicity.

Let's give Mr. Potter a special vote of thanks for all he has done to have the project centered here. Charlevoix is grateful for this chance to play its part in ridding the lakes of the greatest menace to commercial fishing.

Your Family's Share of U. S. Debt. Is $7,000

Did you know that your family's share of the federal debt of $250 billion is $7,000?

That is what Congressman Charles E. Potter, who represents this district, said in his address here recently. That $7,000 is quite a debt when you consider that most of us would be financially stripped to pay such an amount.

And yet the federal government is making no effort to follow the suggestions of the Hoover commission in trimming the employe rolls in the federal government. Potter related that the annual deficit is running about $5 billion with no signs of a letup.

If every farmer in the United States sold his entire holdings on the farm, the 30 billions of dollars would last the federal government seven months. Potter called upon all residents in his district to give this government financing some thought.

The only way in which the government will cut its spending is when the majority of the people set up such a clamor that the Washington regime can't help but heed the demands.

Sharply critical of the deficit financing which the government is forced to use, Potter said that higher taxes, if adopted, will do more to hurt the nation's economy than anything else. High taxes do much harm in eliminating the private initiative, the congressman said.

What congress needs is more men like Potter who are not afraid to tell the people what is in store for them if the federal spending is not curtailed.

K. of P. games parties change to Monday night at the Way-Side. 8 p. m. every Monday. If you need a ride stop at Williams store and a car will give you a lift. Hospital benefit.

Letter To the Editor

Charlevoix, Mich.
Nov. 17, 1949

Dear Editor:

I read in Nov. 10 Courier about buying in Charlevoix. Why doesn't the Courier ask the housewives for a few reasons. When the summer people tell that they are going out side to buy the things they need and will stop coming here if it isn't stopped. How do they expect people to live and buy here, with men and women only working 5½ to 7 months a year at 85c per hour, when outside pays $1 for the same kind of work. Work and better wages and year around and then the merchants cut down just a little and all will be better off in town.

Charlevoix doesn't need to have a big sign at the end of the street what it needs is work and wages and a little cut in prices and the folks will trade here and also will advertise this place plenty wherever they go or wherever they write.

Thank You
Mrs. Frank Cook

Banks PTA Donates $500 to Garage Fund

Banks PTA met Tuesday evening at the school. Group singing and prayer were led by Rev. Wayne Lemmen, accompanied by Mrs. Charles D. Edson. Mrs. Grant A. Hastings very capably gave a reading, "Ma's Monday Morn".

Mrs. Norton Pearl of East port, who has been active in the work of the American Legion auxiliary, told of her trip to Europe two years ago. Mrs. Pearl said the people of Europe need our help badly and it is to our benefit to help them. During the business meeting the PTA voted to give $500 to the bus garage building fund. The December meeting will be in the form of a Christmas program put on by the school children. Donations of home made candy or money will be solicited for the treats for the children that evening.

Mrs. Marvin Elzinga was named as chairman of the committee to fill the packages.

Elzinga-Buttliere Nuptials Are Read In First Baptist Church Services

In an impressive candlelight service solemnized at eight o'clock Saturday evening at First Baptist church, Nora Elzinga became the bride of Jerome A. Buttliere, S. A. (A. N.), U. S. Coast Guard. The Rev. L. L. Lewis read the double ring ceremony before an altar decorated with baskets of yellow and white mums and palms in the presence of one hundred and twenty five guests.

The bride is the daughter of Mr. and Mrs. Martin Elzinga and the bridegroom is the son of Mr. and Mrs. Anthony Buttliere, of Chicago.

Preceeding the ceremony Bard Miles lighted the candles. Soloists were Clara Miles who sang "I Love You Truly" and Suzanne Miles who sang "The Lord's Prayer" accompanied at the piano by Mrs. Walker Miles who also played the traditional wedding marches.

Chooses White Satin

The bride, given in marriage by her father, selected a gown of white satin for her wedding. It was designed with a sweetheart neckline, long sleeves and a full skirt. Her fingertip veil fell from a crown of lace and she carried a bouquet of white mums and carnations.

Patsy Davis, as maid of honor, wore a yellow gown and Shirley Krulik, as bridesmaid, wore a pastel plaid gown. They carried bouquets of yellow mums.

Gerritt Elzinga and Harrison Elzinga, uncles of the bride, served as best man and groomsman, repectively with James and Richard Elzinga, brothers of the bride, acting as ushers.

Lora Belle Elzinga, sister of the bride, and Sylvia Lee Miles, dressed in floor-length gowns of blue organdy and carrying baskets of white mums were flower girls. Thomas Elzinga, brother of the bride, carried the rings to the altar on a pink satin pillow.

Aqua Gown

Mrs. Elzinga chose an aqua gown with gold accents, black accessories and a corsage of pink carnations for her daughter's wedding.

Immediately after the ceremony a reception was held in the church parlors. A five tiered wedding cake graced the refreshment table.

The couple will return to Charlevoix to make its home following a wedding trip to Chicago. For traveling the bride wore a red suit, gray topcoat, black accessories and a corsage of white mums and carnations.

The bride attended the Charlevoix high school. The bridegroom is stationed here with the U. S. Coast Guard, having served in the southwest Pacific in 1945 and 1946.

Among those from away who attended the wedding were Norbert Buttliere and Anthony Buttliere Jr., of Chicago; Mr. and Mrs. Grant Ferguson and son of Bay Shore; Mr. and Mrs. Lawrence Elzinga of East Jordan; Mrs. Violet Knowrack and Tony Zokas of Grand Rapids; Mr. and Mrs. Lester Tripp, Miss Curtis and Mrs. Stuble, of Burgess and Miss Mary Priee, of Petoskey.

From where I sit ... by Joe Marsh

Watch Out For The Symptoms!

Laughed out loud when I heard adults they're ten times as bad—and can be mighty "contagious."

Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

From where I sit, we should all watch out for the "symptoms"—little things like criticising a person's preference for a friendly glass of temperate beer or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

While we talked, I come to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

Christmas Seals are Distributed in Area

Residents in Charlevoix and Antrim counties began receiving 1949 Tuberculosis Christmas seals this week from the state association headquarters in Lansing

Last year Christmas seals purchases in Charlevoix county amounted to $888.25 and in Antrim county $761.49. With this money a steady advance was made in community case-finding in sanitarium programs to aid the sick, in research to improve the present program, in legislation for further protection from this communicable disease, and in a host of auxiliary services to guard the health and help victims of this disease.

Thirty people in Michigan die from tuberculosis each week. The state association urges all residents to buy TB stamps and use them on mailings of letters and packages.

PMA Vote Deadline Is Set for Dec. 22

Township ballots containing the names of candidates for election as PMA (formerly AAA) committeemen and as delegates to the county PMA convention are being mailed to all eligible farmer-voters in Charlevoix county, according to LeRoy Hardy, chairman of the present Charlevoix County PMA committee.

The mailing is expected to be completed by Nov. 25 and farmers who receive ballots will have until Dec. 22 in which to mark their ballots and return them, either by mail or in person, to the county PMA office.

All ballots received in the county PMA office through December 22 will be counted on Dec. 23 by an impartial 3-man election board.

The names of nominees for the following positions will appear on the official ballots: chairman of community PMA committee; first and second alternates to community PMA committee; delegate and alternate delegate to the county PMA convention.

Persons elected on the community PMA committee will take office on Jan. 1, 1950 and will serve throughout the transition year.

Elected delegates to the county PMA convention will meet in the county PMA office on Dec. 30 for the purpose of nominating and electing a county committee of three members and two alternates to serve during 1950.

Any farmer will be elegible to vote in the community PMA committee elections who has an interest in a farm either as owner, operator, or tenant if a payment or grant of conservation materials or services is or will be made to the farm under the agricultural conservation program for 1949, or if such a payment or grant was made to the farm under the program during any one of the preceding three years and there is being carried out on the farm now an authorized conservation practice, or if such farmer is eligible for a price support loan or purchase agreement or other price support measure or if such farmer is eligible for a payment under the Sugar act program; or if such farmer now has a contract with the federal crop insurance program.

Any farmer who does not receive a ballot through the mail and believes he is eligible to vote should call or contact the county PMA office for clarification of his status.

Reduced prices on cook books and stationery, Friday, Nov. 25 at the Charlecote Book Shop, 101 Park ave.

Ex-Barnard Resident Dies From Accident

Funeral services were held in Kingsley, Mich. last Friday for Mrs. Ed Ultz, the former Iva Bogart of Flint, who died Nov. 16, from injuries suffered in an accident. She was 61 years old.

She was born at Barnard March 26, 1888, the daughter of Rodney and Catherine Bogart, old-time residents of the community. She was one of ten children, four of whom proceded her in death.

Besides her husband, she leaves four brothers, Ed Bogart of this city, Will Bogart of Lansing, Ray Bogart of Kingsley, Rev Amos Bogart of Jackson and a sister, Mrs. Effie Box of Central Lake. Another sister, Cynthia Von Renner of Mayfield, died last July.

Those attending the funeral from Charlevoix were Mrs. Ed Bogart, Carl Bogart and Mrs. Emma Bogart.

The Mariner Scouts met Thursday and went to the south pier to learn how the lighthouse was operated. Joseph Etienne, commanding officer of the Coast Guard, has given the group information on buoys and other aids to navigation which they plan to study. Later on they will visit the lighthouse depot and see the buoys as they are brought in for the winter.

Amy Kipke, treasurer, announced that the troop has $83.14 in their treasury.

Donna Somerville, scribe

The Girl Scouts of troop 2 met and held a business meeting. Plans were made to have Miss Paterson, the home-making teacher, attend the next meeting and show us different stitches.

Carol Paul, scribe

Parents of Girl Scouts are reminded that orders for Girl Scout gifts must be in by Dec. 10 for Christmas delivery. For information call 841.

Troop 6, an intermediate troop of Girl Scouts, has been organized with Mrs. Gladys Paterson and Mrs. Laverne Heise as leaders. The girls met Wednesday at the home of Mrs. Paterson on West Park ave.

Your Child

A WEEKLY COLUMN

conducted by Claud C. Ruch

Educational Director, Childcraft Advisory Service in Chicago

In a recent column, we discussed the child who has a temper tantrum because he has been bossed and ordered around until he starts to scream and kick and cry, out of sheer exasperation.

Such outbursts of intense anger are common among very young children, who are usually extremely sensitive to their environment.

But, when your child has a sudden fit of temper that necessarily mean that you need to have [illegible]. Nor does it necessarily mean that he is "bad" or "[illegible]".

It may simply mean that he doesn't feel well, or that he is tired, or that he is [illegible] that his coat hangs too tight.

Children up to four years of age are apt to [illegible] efforts that [illegible] his stride. Loud sounds, [illegible] noises of heavy traffic, angry voices, the excitement of being in crowded places or among strange persons may unnerve them to the point where they become hysterical.

Very small children frequently become violently angry out of a sense of frustration. Their ability to work their way out of the simplest difficulty is so limited that almost every effort and activity produce overwhelming problems.

For example, a little two-year-old may be blissfully pulling his toy wagon along the floor when suddenly, the wheel gets caught in the rug or door jamb. After a few frantic but futile tugs, he may start to scream with indignation. If he has an understanding mother, she will show him how to untangle the wagon, wash his face with cool water, and return to her tasks as though nothing had happened.

The mother who doesn't realize the cause of a child's disturbance will further aggravate the situation by punishing or scolding him for losing his temper.

Name Band Members For Annual Concert

Ten members of the Charlevoix high school band have been selected by their director, C. A. Odmark, to play with the select band when the organization composed of players from ten northern Michigan bands present their annual concert in Traverse City Feb. 25. Teddy Bear Returns From Mountain Trip

Jimmie, a five-year-old teddy bear who got lost among the real bears in the Rocky Mountains, gets a welcome-home squeeze from six-year-old Judy Wolfe of Royal Oak. The balding bear disappeared when the

Wolfe family was out west on vacation last summer. To stop the tears that came at night with Jimmie gone, Judy's father appealed to Automobile Club of Michigan, whose sleuths combined with those of the Rocky Mountain Motor Club to track the bear to a motor court in Denver where the Wolfes had stayed over night. There they found Jimmie in the lap of the motor court operator's young daughter, being rocked to sleep. Jimmie accompanied a representative of the Rocky Mountain Club all the way back to Royal Oak—and into Judy's thankful arms.

we have so much to thank you for . . .

THROUGHOUT this great country, people are taking time out from their labors to express thanks through prayer and thanksgiving.

And along with these personal expressions of gratitude, we would like to add a special message of thanks to all our friends, both old and new.

THANKS to all of you who have bought new Chevrolet cars and trucks from us. We appreciate your choice, and know you will find true driving enjoyment in the extra-value Chevrolet offers. THANKS to those of you who have placed orders and are waiting delivery. Your patience and your loyalty to the Chevrolet standard will find a sure reward in the complete satisfaction your new Chevrolet will bring you. THANKS to our many service customers, for the confidence you have shown in our service methods. We are proud of the fact that you like the way we take care of your car. We are happy that you keep coming back to us when it needs attention, because we want your car to give you perfect satisfaction.

THANKS to everyone who has made this one of the greatest years in Chevrolet history . . . in new car sales, in new truck sales, in service. Your preference has proved again that Chevrolet is the car America likes best, and we thank you for it.

Joe Martinchek Is Named as Director

Joseph Martinchek, Charlevoix area farmer was elected a director of the Gaylord Production Credit association at the annual meeting in Gaylord. He succeeds Charles Shepard of Boyne City.

Mr. Shepard whs a director since the organization was organized in 1933 and felt that he should not be a candidate for re-election. Arnold W. Ostrander is president and A. J. Townsend, secretary-treasurer.

Reports showed that the government investment in tha association has been reduced to $5,000. It was pointed out that it will not be long before the group will be entirely farm-owned.

Big drug doses may be bad for cattle

Giving excessive dosages of drugs and concoctions to dairy cattle sometimes causes more trouble than benefit, cautions Dr. B. J. Killham, extension veterinarian at Michigan State College.

A little medicine or a few minerals may assist the naturol powers of dairy cows in getting them back to health, but it does not follow thot more will prove even better.

Instances in which misguided use of drugs has caused trouble are far too numerous, continues Killham. Owners of good herds follow the rule of not administering drugs, special minerals, or so-called conditioners unless their contents and effects are adequately known and specifically indicated.

Old bull proven valuable to ABA

Fathering 3,002 calves is quite a feat for any bull, but accomplishing this in the "twilight of life" makes Piebe all the greater. Lakefield Fobes Piebe was one of the famous Holstein sires used at the Michigan Artificial Breeders Cooperative laboratory on the Michigan State College farm.

We say "was" because he went the way of many good old bulls--to the butcher. At 10 years of age, he became weak in his hind legs and had trouble getting around. But he was still being used to father calves throughout the entire state of Michigan by the "mail-order service" to his very last week of existence.

Piebe come to the ABA service at the age of 13 years. Animal authorities say that is equivolent to about 75 years of age for man. In 45 months he sired nearly 4,000 calves, although he was down to a single tooth which made a special diet necessary because he couldn't chew hay.

But at the ago 10--equivalent to 100 years in human beings--the old bull was retired.

He was a proved sire. Records on 24 of his daughters showed an average production of 496 lbs. of butterfat a year, which was 82 pounds more butterfat than their mothers had averaged.

Piebe came to the laboratory from the Carroll J. Hart farm at Clayton. He was originally bred by Lakefield Farms, Clarkston, and was used in several good Michigan Holstein herds.

What is the Michigan farmer thinking about these days?

The Michigan Farm Bureau and the Michigan State Grange held annual conventions in recent weeks.

These state-wide organizations yield a powerful influence among farm people. When the leaders speak and resolutions are finally adopted, the result is somewhat of a Gallup poll taken at the grass roots on a representative basis.

While approving present federal support program for agricultural commodity prices, the Farm Bureau delegates were highly critical of federal subsidies. Generally speaking, the farmer would like to see these abandoned. He fears the ultimate result of a regimented farm economy under the Brannan Plan.

On state issues Farm Bureau delegates urged a two-cent a gallon increase in the present three-cent gasoline tax to finance better roads. They urged Governor Williams to include a road program in the forthcoming special session early in 1950.

Construction of toll superhighways, state financing of prestrike votes by unions, socialized medicine, colored oleomargarine, billboard cohstruction on highways, and dual control over state fairgrounds all were opposed by Bureau delegates. President of the Michigan Farm Bureau is Carl E. Buskirk of Paw Paw was re-elected to serve his fifth consecutive term.

W. G. Armstrong, master of the Michigan State Grange, sounded the keynote before the Grange annual convention recently when he declared that constitutional diversion of Sales Tax revenue back to home governments left the state of Michigan with one of three choices: To shift some of the cost of public services back to home governments, to cut sharply into state of Michigan services such as for colleges and hospitals, and to levy new taxes to avert an inevitable deficit.

The levying of a new state tax would be a further step towards inflation by adding further cost to commodities and surpluses. Economists are already pointing out that the grant of company-paid pensions by the U. S. Steel Corporation, Ford Motor Company and other big industrial concerns will have the equivalent effect of another round of wage increases as far as production costs are concerned.

City consumers may be complaining about food prices. They know that farm prices have dropped 13 percent for the first nine months of 1949 compared with the same period last year.

While non-farm income was up approximately one billion dollars in September, farm income was down one billion six hundred million.

The Michigan farmer knows that farmers generally has shouldered nearly all the price decline so far, while wages to store help and other middleman agencies have continued to go up. Farmers get only 48 cents of the consumer food dollar today as compared with a high of 55 cents 18 months ago.

Before the war the farm share of the food dollar was around 40 cents. In the low depression years farmers received only 32 cents.

The economic squeeze facing the farmer is that the cost of farm operation is apt to remain steady and possibly increase during the next few years, while prices for farm commodities steadily decline. Lower profits thus appear to be inevitable.

You can't blame the Michigan farmer for wondering what is ahead and perhaps favoring some kind of government planning and controls whereby the postwar slump in farm economy, following World War I, may still be averted.

The Michigan farmer also is concerned over our steady path to inflation through constant deficit financing. This apprehension may be summed up by the following illustration:

If the 3,900,000 farmers who own and operate their own farms were to convert their land, livestock and equipment into cash, the net result would be 25 billion dollars cash, only enough to operate the United States government for seven months!

That doesn't make sense to a man close to the ground as a dirt farmer.

Let's keep our retail dollars at home. Do your shopping here.

240 Expected

Some 240 persons are expected to attend the dinner which will be served by the Knights of Pythias and Pythian Sisters. Originally, it was feared that Munn could not make this engagement as he was scheduled to speak elsewhere in the state.

Munn, one of the most popular coaches in the midwest, is rated a good after dinner speaker and has an outstanding message for the boys. Long active with boys' groups, he is a Silver Beaver in Boy Scouting, highest award for adult scout activities.

For the first time in recent years, women will be permitted to attend the grid banquet. In the past it has been a stag affair.

Coach Ray Kipke, his aides and the football players will be introduced, all arrangements have not been completed for the program by Hap Cunningham, chairman of the event.

Death Claims Two Belvedere Members

Two prominent members of the Belvedere Club here have died recently. They are Leland S. Bisbee, of Jackson who died Wednesday, and Louis C. Sherwood of Detroit who died Nov. 8.

Mr. Bisbee, 58, was a prominent Jackson attorney and had been a Belvedere Club resident since 1930. He was a director of several well-known firms in southern Michigan.

Funeral services were held in Jackson Friday.

Among his survivors are his wife, Irene; two sons, Lelaond Jr. and George and several grandchildren.

Mr. Sherwood, a Detroit businessman, had been a resident of the Belvedere Club for many years. Besides his wife he leaves a daughter, Mrs. M. A. Cudlip and two grandchildren.

Irene Warner Says Wedding Vows in Farm Home Rites

The wedding of Irene Belle Warner and Raymond Nadeau was solemnized at the farm home of the bride's parents, Mr. and Mrs. Charles Warner Saturday at 8 p. m.

The single ring service was read by Rev. Howard Moore before an altar framed by an archway of evergreens and a lighted cross.

The couple was attended by the bride's sister, Lucille Anderson and Richard Nadeau, brother of the groom. She was given in marriage by her eldest brother, Clyde.

Margaret Blossie sang "I Love You Truly" and "Because". During the ceremony she played the wedding march. As the couple knelt before the altar, she sang the Lord's Prayer by Malotte. The bride chose a suit of gray crepe with green accessories. Her corsage was pink and white carnations.

The bridesmaid wore a slate blue suit with white accessories and a corsage of white and yellow carnations. Mrs. Warner, mother of the bride, wore a black and gold dress, with a corsage of red carnations, Mrs. Hopkins, mother of the groom wore a wine colored dress with pink and white carnations.

The reception was held at the Grange Hall, at which the three layer wedding cake, made by the bride's aunt, and ice cream were served. They will make their home in Detroit.

Guests from out of town were the groom's mother, Mrs. Hopkins of Wayne, Richard Nadeau, and Mr. and Mrs. Milford Pulver and daughter, Linda, Mr. and Mrs. Dixon Warner of Dearborn, Mr. and Mrs. Everet Warner and son Ivan of Pontiac, Mr. and Mrs. Giles Warner, Mr. and Mrs. Bud Thompson, Mr. and Mrs. Gary DeBoer and Gordon Warner and Donna Towns of Grand Rapids. Mr. and Mrs. George Anderson of Lansing, Mr. and Mrs. Ernie Warner and Mrs. Harry Warner and son Fred of Elk Rapids, Mr. and Mrs. Roy Zimmerman, Mr. and Mrs. Jack Kinert of Petoskey.

Christian Science Thanksgiving Rites

A traditional Thanksgiving service was held Thursday in the Christian Science church here. Following the service, members of the congregation expressed their gratitude for healings and other help which they have received during the past year.

Among the citations from Science and Health with Key to the Scriptures" by Mary Baker Eddy was the following: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

Hospital Fund Drive Hits $40,000 Mark

The campaign to raise enough money to build a new community hospital here was given added impetus last Thursday when a total of $3,650 was raised from the kick-off broadcast and the harvest dinner, opening day features of the two-week drive.

As it stands now, nearly $40,000 has been raised toward the $250,000 total. Drive Chairman Kit Carson estimates that $125,000 should be raised locally with the expectations that federal funds will be available to match that amount.

Local officials are working with state and federal agencies in clearing agencies in clearing details for the expected assistance. Although there has been no definite statement, that matching funds will be made available, officials have been told that there is likely to be some financial assistance if certain regulations are met.

The radio show proved a big hit over station WMBN, Petoskey. Scores of people from various parts of northern Michigan called the radio station and the gymnasium where the program was held, to pledge their contributions. Among the contributions were three annonymous donations for $500 each.

But the small donetions were received in large numbers. Telephones were unable to hendle tha donation calls at severel points of the hour-teng broadcast. Herb Schefield, activities chairman, who supervised arrangements, was enthusiastic ehout tha results. The program showed that there are many hundreds of peopla in this area whe want to de their utmost to assure the community of a new, modern hospital, he said.

Seated on the stage platform for the broadcast were Mr. Carson, Dr. Gilbert Saltonstall, Wm. Heering, alderman, who represented the city, Robert Bridge, solicitation chairman and Victor Spaniolo.

A large turnout was reported at the Weyside for the Harvest dinner. Comments were unanimous that the dinner served by the groups, supervised by Mrs. Arthur Renger and Mrs. P. R. Ross, was one of the very best ever served here.

Charles H. Hampton, drive secretary, expressed the community's appreciation to the women for their wholehearted cooperation in preparing and serving tho dinner. Assisting groups were the Mary Brewster circle, The Tuesday evening study club and the Shakespeare club.

Co-Op Reports Good Business

The volume of business of the Charlevoix Co-op this year was slightly under that of 1948, it was disclosed at the annual meeting of the common stockholders Monday night. However, actual tonnage was greater than last year but lower prices generally prevailed.

L. E. McGhan and Eldon Jones were re-elected to two year terms as directors. Leo Berg was elected to succeed Peter Winnick. Lawrence Straw was named to fill the unexpired term of Leonard Babel. One hundred and twenty tockholders attended the meeting.

A total of $10,000 in savings was returned to patrons with $3,500 of it as cash dividends on capital stock and $6,500 returned in form of capital stock. The directors decided Tuesday to retire the 1945 issue of stock. This amounts to about $10,000, Fred Willis, Co-op manager said.

"As a whole, the Co-op's business year was a highly successful one. Mr. Willis pointed out that the marketing of poultry for producers had a marked influence on prices paid to local farmers.

Mr. McGhan was re-elected president, Kenneth Sweet, vice-president, and Rowley Williams, secretary-treasurer hy the directors.

Health Director Asks Residents to Aid TB Seal Drive

Dr. A. F. Litzenburger, District Health department director, this week urged residents in this area to join in the fight against tuberculosis by being generous in the purchase of 1949 Christmas seals.

"Each individual should real ize," he said, "that he is helping his county fight tuberculosis when he buys the small, gaily colored Christmas stamps. We cannot afford not to support this campaign against tuberculosis.

Dr. Litzenburger warned, that tuberculosis unlike other communicable diseases whose symptoms are more easily recognized, has a long symptomless onset, and many people may have tthe disease and spread it to others before they know they are ill. Periodic checking, by means of the tuberculin test, examinations, and chest X-rays, is the only way that early tubereulosis ean be discovered and brought under treatment.

"Everone can work with the association and display his approval of the work being done by his generous purchase of TB Christmas Seals this year," Dr. Litzengurger asserted.

Harbor Springs Cagers Meet Locals Friday

Playing an improved brand of ball, the Red Rayders captured their second victory in two starts last Friday at Pellston. The final score was 36-25.

The local cagers faca e husy week, playing Harber Springs Friday here end Boyne City naxt Tuesdey. Harber Springs has dropped heth contests but Boyna City heat Grayling after lesing the epener to East Jorden.

A large number of fans from Charlevoix accompanied the team. In fact several Pellston residents were outspoken, against local fans because they were unahle to get into their own gym "because so many Charlevoix fans were there."

Tie for Heners

Bill Wallace and Chuck Fairbanks paced their team to the triumph, each getting nine points. Emerson was the big gun for the losers, also with nine points. Pellston could not cope with the playing of the Rayders. It appeared that the offense was built around Emerson. He sank only four haskets out of 21 attempts.

Meantime Charlevoix jumped off to a lead early in the game and managed to keep it throughout the contest. Only in the final quarter were the winners outscored. In that stanza, Pellston racked up four field goals to two field goals and two free tosses for Charlevoix.

At the end of the first quarter, the score stood at 11-3; at the helf, 19-8 and at the three-quarter mark, 30-17. Few feuls ware called by the officiels in comparison with the opening game against Geylord when Charlevoix hed 21 personals and Geylord, 19.

In the Pellston game, Charlevoix had nine personals called and Pellston 12. Coaches reported that the officiating was not as close as it was in the first game.

In the reserve game, the Charlevoix seconds also racked up their second win by the score of 34-13. G. Left paced the winners with 10 points. Ball of the losers was high for his team with

Name Winnick Head Of Milk Producers

The Charlevoix county Milk Producers Association met Wednesday at the Marion Center Grange Hall for a dinner meeting, election of officers and a business session.

Peter Winnick was elected president of the association to succeed Harold Totten. Others, elected were vice-president, Aaron Brock; secretary-treasurer, Leo Berg; directors, Franklin Cellner and Robert Straw. The officers also serve on the board of directors.

At the business session Robert Straw gave a detailed report on the state milk producers meeting held at Lansing last month; H. H. Varney, field representative of the state association, reported on the activities of the state group and Robert T. Coleman, sanitarian, stressed the necessity of clean milk houses and clipping of cows.

The primary purpose of the local association is to get milk in the summer to supplement the local supply.

Benefit Game Draws Throng

A large crowd turned out Tuesday night to see the House of David basketball team defeat the Charlevoix Independents, 30 to 24 in a game marked by exhibitions and comedy.

Some 650 fans got their money's worth when they saw Moose Ludka, supposedly the world's tallest cager, and Bobby Roth, a slick ballhandler and comedy artist, perform for the bearded men against the local team.

The local team, despite lack of practice together, showed signs of good ballhandling and might have given their opponents plenty to worry about, had they been able to drill together as a unit.

Ace Zographos of Petoskey poured in eleven points to capture high point honors. Hevener for the winners had nine points and Scott had 10 points.

The net proceeds of the game, expected to be about $250, will be turned over to the new hospital fund.

North District Leads Fight on Law Changes

The city's controversial zoning ordinance will not be changed at present, the city council decided Monday night.

By a vote of 3 to 2, the council, on a motion by Alderman William Heering, paid heed to the objections of the residents on Petoskey avenue to the request of Alderman Drew Young to have a certain area near the golf course re-zoned.

Supervisor George Haggard, appearing for a group of residents objecting to the proposed change in zoning, said most people in the north section of the city want it left as residential.

Supp Speaks

Judge Floyd Supp pointed out that the north section is a desirable residential section and that weakening of the ordinance might permit some undesirable commercial buildings. He said that he had no objection to good cabins. It is for cabins that Mr. Young wanted the zoning ordinance changed.

The discussion on the zoning ordinance was continued after a lapse of four weeks when a number of residents appeared in objection of any zoning change. Mr. Young pointed out that he could see no valid reason for objecting to his proposed cabins when there are cabins in the area already.

Mr. Young and Hap Davy voted to change tha erdinance and W. E. Goss, John Knight and Heering voted against any chenga.

Haggard reported that he did not object to cabins but would object to commercial property and trailer sites.

The council approved a resolution of applichtion to the Michigan Municipal commission asking permission to borrow $20,000 for operations during the next 12 months. Heering made this motion and it was adopted unanimously.

The resolution was necessary to comply with state laws for cities seeking to borrow money. After the state gives its permission, steps can be taken to obtain the loan from private agencies with interest rates to be determined by bids. It will not be over four per cent.

Bills totaling $8,939.10 were ordered paid.

Rites Held Tuesday For Local Woman

Funeral services for Mrs. Lillian Pfister, 86, resident of Charevoix for more than 50 years, were held at St. Mary's church Tuesday. Father Leo Malinowski officiated at the Requiem mass. Burial was in St. Mary's cemetery. Mrs. Pfister died early Sunday morning at the home of her daughter, Mrs. Dolph Young, after several years of failing health.

Born in Sheboygan, Wisconsin, the former Lillian Stahlmaan, she was married to Adam Pfister and they lived in Chicago and Sheboygan before coming to Charlevoix more than 50 years ago. Mr. Pfister, who operated a restaurant and later a popcorn business here, died about 13 years ago. Mrs. Pfister was a member of St. Mary's church and a member of St. Mary's Altar Society.

Besides her daughter, Mrs. Young, she is survived by one grand-daughter, Mrs. Barbara Johnson, of Detroit and a half-sister, Miss Fredricka Eble, of Sheboygan, Wis.

LoAnne Andersen, Marjorie Webster, Edith Olach, Mrs. Carol Schofield and Miss Mosier were the candidates for initiation.

A dinner at Wag's followed the service. Yellow bebe mums decorated the table at which places for nine were laid.

The sorority will meet with Miss Andersen Dec. 13.

Letter To the Editor

I have noted several articles about old settlers of Charlevoix, and having been asked to do so by several readers, I take this liberty of writing to you about my grandfather, Robert Miller, who went to Charlevoix from 'York State' after the Civil War in which he served.

He was one of the early builders of "Charlevoix the Beautiful," which name he always used when speaking of the home he loved.

He built the first hotel in Charlevoix, called the Bridge Street House, which stood on the lake side of Bridge Street, and was a commercial hotel for several years. My mother—known long ago as Aggie Miller—was born in this hotel in 1868.

Many of the maple trees which now line the streets, were laid out according to plans which grandfather helped make.

He served as Justice of the Peace for several years, and wrote many poems and articles of interest for the paper of that day, some of which may be in your files. A poem of fishing called Sucker Time was reprinted in more recent years.

He was an active member of the G. A. R. of Charlevoix Post of Charlevoix, and also one of those who worked assiduously arranging celebrations and parades for holidays and special occasions.

His love for Charlevoix was great, and he was loved and respected by all, many of the younger folks of his day calling him "Uncle Robert."

He now rests in one of the plots to be laid out in the cemetary quite near the main entrance.

There was a "Charlevoix Ladies Cornet Band," about the year 1885, my mother was a member of this band, and I remember her speaking of it having been organized by a very fine musician and teacher of that day, Professor Enos. Also, my father, Bert Jarvis organized the "Charlevoix Boys Band" about the year 1894. I believe some of the older musicians there will remember it. I believe my cousin there, Mr. Earl Miller, will remember it.

Should you find material in this letter of sufficient interest for an article, I shall be pleased and appreciative.

Rita Jarvis
Fort Lee, N. J.

To the Man Who Is Worried About His Friends ...

Occasionally, we encounter a man who hesitates to buy a Cadillac for fear his friends might think him ostentatious.

For all such people, we have the most reassuring news: *The experience of Cadillac owners would indicate that your fears are without foundation.*

True, the world has long since recognized that a Cadillac car is a fine and distinguished possession—but most people understand that quality is not a luxury, and that distinction is the offspring of goodness.

The facts in support of Cadillac's practicality are so convincing that the mere recital of just a few should be sufficient reassurance for the most hesitant buyer.

Take, for instance, the matter of cost. There are *eight other makes of cars* which actually have certain models that are priced above the lowest-priced Cadillac.

There is long life, for example: Four Cadillacs, of the 1942 Series, ran a total of 2,597,000 miles in a test recently concluded by a great tire manufacturer—almost 650,000 miles per car. All four were then sold into private service—and are still going strong!

Then there is economy. Innumerable tests show that the 1949 Cadillac actually approaches the lowest-priced popular cars in gasoline economy.

And, finally, there are the *dependability* records—which prove that the car's *freedom from the need of repairs* is just as unusual as its performance and beauty!

Yes—if you are ready for a Cadillac, come in. You will never make a more sensible purchase—or one of which your friends will more heartily approve.

ULTRA (meaning the last word)
MATIC (meaning fully automatic)

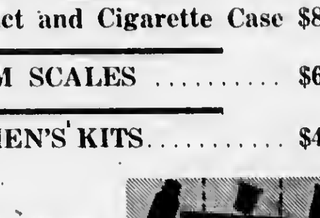
--there's never been anything like

Packard Ultramatic Drive

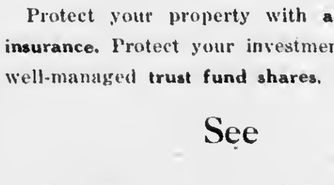
IMPARTIAL, independent technical observers gave us the idea for the name . . .

They reviewed the basic principles of this new Packard automatic drive . . . heard about the 16-year development and test program behind it. They drove it themselves . . . compared its performance with that of other leading types of drives. Then, out of their own experience, they told us:

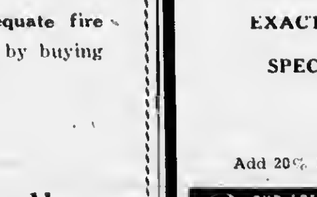
"The best way to describe this Packard drive is to say it's the *last word* in *automatic, no-shift control!*"



New simplicity: Naturally, there's no clutch pedal . . . and no gear-shifting. And that's only the *first* hint of the convenience of Packard Ultramatic Drive!



New smoothness, new quietness. No jerking or "clunking," because there's no gear-shifting *anywhere*. No "racing engine" sensation, because there's no slippage at cruising speeds.



New economy: Ultramatic Drive saves gas—because there's no slippage at cruising speeds. And thanks to its advanced design, it requires no complicated maintenance.

New safety: No chance of involuntary "down-shifts," which might cause a prolonged skid on slippery pavement. Smooth, gradual engine braking power, when wanted.

More responsive: No lag, at traffic speeds or highway speeds, waiting for gears to shift. For instant bursts of safety-sprint acceleration—just "tramp down."

More positive, more flexible: Your choice of high-range, or low-range operation. Easy shift from forward to reverse without clashing. Yes, you can rock the car to show!
